Postal Address _____

Phone Number _____

Address of House/Premises/Site to be connected. *Plan or sketch to enable location to be identified should be submitted*

No. of connections required _____

Purpose for which
Supply is required DOMESTIC AGRICULTURAL

BUSINESS (State Type) _____

Details of Planning Permission: Reg No. _____ Date _____

Please note that all planning fees and contributions must be paid before the connection can be made.

Did Planning Permission require contribution towards the cost of provision of a water supply in the area to serve your development? YES/NO

If "YES" has contribution been paid?
If "YES" date of payment

YES/NO

(All existing and proposed buildings and developments, which are to be served by this water connection and for which planning permission is required under the Planning Acts, must be shown to have full planning permission as otherwise a connection will not be given).

The service pipe from the public main shall be fitted with a stopcock or shut off valve by the applicant and shall be situated within the applicant's property and shall be additional to and independent of any stopcock or shut off valve fitted by the Council. The applicant's own stopcock or shut off valve shall be used by the applicant to shut off their supply and not the Council's stopcock or shut off valve.

I hereby accept that the supply shall be subject to all bye-laws made by Wicklow County Council, and I undertake to pay to the County Council for such supply of water, the charge fixed therefore, under the above mentioned Acts.

I accept that the supply may be discontinued by the council at any time without notice (due to shortage of water, breakage of equipment, or any other reason) and without compensation to me.

Dated this _____ day of _____ 200.
