17 October 1874

Gentlemen

I am commanded by the Lords Commissioners of Her Magestys Treasury to acknowledge the receipt of the letter of the Town Clerk of Wicklow dated the 6 October with reference to the leasing of certain Corporate property

I am instructed to observe that it appears to their Lordships desirable that some professional opinion should be obtained with reference to the grant of Leases of Corporate property and that they have reason to believe that this is the practice usually adopted.

I am to add that, on reference to the letter from this Department dated 8th May last, you will perceive that it is stated, that although their Lordships are not prepared to give a general Authority for the grant of leases for a longer period than 75 years, they are willing to entertain any Specific proposals for that purpose

I am Gentlemen
Yours to Servant

Resolved That the following letter be written to the Directors

Gentlemen

As Commissioners of the Borough of Wicklow we desire to express decisively the views of the Inhabitants on the Contemplated removal of the Railway Station to the Point indicated in the Parliamentary Plans without the Company first giving back the large portion of the Town Estate already granted to the Railway Company for the express purpose of the convenience of the Inhabitants, would be such a breach of good faith on the Company's part as demands active opposition from this Board in Parliament

The Commissioners therefore request that the Directors shall reconsider the proposed alteration on the ground aforesaid, and in deference to the interests of Wicklow, whose property has been almost Gratuitously given for Railway purposes, the Commissioners wait your early reply in time to offer opposition should the present

Alteration be preserved Clerk of Works
