(Proposer) (2nd February, 2021).

"That this Council undertakes a process to become a 'Trauma informed' organisation." Trauma is a widespread, harmful public health problem that impacts on every facet of society. Trauma can result from events and circumstances people experience throughout the course of their lives that are physically or emotionally harmful and have lasting adverse effect on an individual's mental, physical, social, or emotional wellbeing. When we talk about trauma-informed services, we mean systems that recognise not just the signs and symptoms of trauma, but the widespread impact of trauma in our society and respond by addressing trauma through policies and practices. Services should be delivered in a way that address people's experiences of trauma and actively seek to prevent re-traumatising people who use services.

4 Notice of motion in the names of Councillors Paul O'Brien (Proposer), Anne Ferris and Gail Dunne (18th February, 2021).

"That this Council writes to the minister responsible for local government & planning with the following proposal;

That as part of the conditions for planning applications for new housing estates, developers must install Automated External Defibrillators (AED's). We are also calling on the minister to instigate a review in order to install AED's in all existing residential developments across Ireland.

70% of cardiac arrests happen at home, every minute that there is a delay in acting reduces the person's chance of survival by 10%. Having the AED close at hand provides a vital link in the chain of survival and offers the person, adult, baby, or child the best chance of surviving a cardiac arrest".

5 Notice of motion in the names of councillors Mags Crean (Proposer), Peir Leonard, Joe Behan, Tom Fortune, Mary Kavanagh and Rory O'Connor (18th February, 2021).

Damaged or diseased trees or those that pose an immediate safety risk to be exempt from said notice period. That a register of trees be kept by each Municipal District with trees for inclusion to be agreed by Municipal District Cllrs and staff. That the motion, if passed, be forwarded to the Climate Change & Biodiversity SPC for inclusion in the upcoming Tree Strategy".
