The Minister stated that he was returning the documents under separate cover with a view to the preparation and submission of the scheme in a form which will enable its examination in detail. He was of opinion that the difficulty could be overcome if the latter responsibility be taken by the Secretary of the Bray Branch of the Red Cross and pointed out that to provide rooms for Nurse Lynch outside the Centre would increase considerably the cost of the Maternity & Child Welfare Scheme in Bray. Read and referred to Dr. Raverty, M.O.Health.

Read.
Report dated 23/7/42 from Dr.Beckett intimating that he received a letter from the same source on 15/7/42 and replied pointing out that under the conditions of appointment Nurse Lynch is required to discharge all duties arising in connection with Maternity & Child Welfare and such other duties as may be assigned in connection with School Medical Service and other Public Health Services and such duties as may be required by the Council and it would appear, therefore, that the work he had asked her to do was comprehended in the above. He had no objection to Nurse Lynch receiving extra remuneration for the work and consulted the Town Clerk on the subject; he was sure that if Nurse Lynch wrote to the Council, putting her case before them, it would receive sympathetic consideration. Dr. Beckett pointed out in his report that this letter represented his views on the matter. Read and referred to next Finance Committee.

3164 Various Councillors complained of the delay in delivering the milk to the recipients under the Free Milk Scheme and the Town Clerk was directed to take the matter up with the Contractors and point out necessity to put on another delivery cart for this purpose during summer months or at least during July and August.

60 Recommendation of Council that County Manager be asked to circulate copy of his orders to Council in summary form.
The County Manager pointed out that it was no longer obligatory to send copies of minutes of proceedings to the Department of Local Government except when sanction was necessary. He stated he was anxious to meet the Council in this matter but, in view of the demand for economy in use of paper, cost of circulating of these orders etc., and the extra work which would be placed on the clerical staff, and also because of the fact that these Order Books were open for inspection at any time during the usual office hours, he suggested that the recommendation might be reconsidered.
