## BRAY URBAN DISTRICT COUNCIL

Minutes of Special Meeting of Bray Urban District Council held in Town Hall, Bray, on Tuesday, 27th October, 1959, at 7.30 p.m.

Present—Councillors: Messrs. T. Byrne (Presiding Chairman), E. Byrne, P. Dempsey, H. B. Hipwell, Mrs. M. Ledwidge, Mrs. C. Magennety, J. O'Toole, T.D., M. O'Toole and D. Sayers.

Officials—Messrs. M. Flannery, County Manager; D. F. McCarthy, Town Clerk, and M. Healy, Town Engineer.

Apologies for inability to attend were received from the Chairman, Clr. Stuart and Clr. C. Doyle.

### 248.—ASSISTANT COMMISSIONER W. QUINN.

The Town Clerk read a letter from the above, thanking the Council for the good wishes expressed at the previous Meeting.

### 249.—SCHEMES FOR ECONOMIC DEVELOPMENT.

In response to requests from the Members, the County Manager outlined the position regarding the above, stating that the Minister sought suggestions for schemes of development which had economic merit and that most Local Authorities in the country had discussed schemes of development which were not confined strictly to the ambit of their duties. Schemes to be submitted might fall under two headings.

#### (1) Local Authority Projects.

#### (2) Industrial Projects which might be undertaken

(a) by Private Enterprises.

(b) by the State or Semi-State bodies.

The County Manager went on to point out that over the past decade the Road Works, Housing Schemes, Sewerage and Water Works carried out on the Council land were a firm foundation for any economic development in the town of Bray. He then gave a brief resume of the proposals of Bray Enterprises Ltd., mentioning that it was understood that Bórd Fáilte were getting engineering advice on the feasibility of the main Bray Enterprises project, i.e., the Swimming Pool on the Esplanade. He then touched on some Council projects which were ancillary to any development by Bray Enterprises, i.e., the re-alignment of Ravenswell Road and Development in Dock Terrace, Harbour Area. He also mentioned that the Council had in mind the purchasing of lands on Bray Head. This, he suggested, might be a very suitable proposal to put forward to the Department. Another proposal which might receive approval was the carrying seawards of the town sewerage, which at present was discharged within the Harbour.

While the Council had a few sites for industries at their disposal, the question of compulsory purchase of industrial sites might be gone into.

The Council then took up consideration of the memo submitted to them by The Bray Industrial Development Association.

(1) On the proposition of Clr. Sayers, seconded by Clr. H. B. Hipwell, the Council approved item (1), i.e.:

- Production of fibre glass.
- Assembly of light cars and other vehicles with fibre glass bodies.
- Rubber tyre factory.
- A pre. packaging plant or a tin processing factory.
- Production of nylon yarn.
- Central heating equipment.

(2) The Council accepted the recommendation that where private firms proposed schemes of tourist amenities with the aid of a Bórd Fáilte Grant and a subvention from rates that the State be asked to make the subvention instead of it being made directly from rates.

(3) The Council approved of a suggestion for a Municipal Entertainment centre at the northern end of the Esplanade.

(4) The Council approved of a suggestion for a scheme for the construction of protective works to prevent flooding by the River Dargle also for the conservation of the Harbour to prevent further deterioration, and to ensure its development for use by Pleasure Craft.

It was agreed that the sewerage extension might form part of this scheme.

Having heard from the Town Engineer, it was decided to omit from this scheme a proposal to dredge the River Dargle.

(5) The Minister be asked to introduce legislation to permit Local Authorities to acquire potential industrial sites by compulsion, and to develop same. The Council asked that the above scheme submitted by The Bray Industrial Development Association, together with the Council Scheme mentioned by the County Manager, i.e., the purchase of land on Bray Head and the road widening schemes at the approaches to the Harbour, be submitted to the Department of Local Government.

### 250.—PURCHASE OF PROPERTY ON THE "ISLAND," STRAND ROAD, BRAY.

The Town Clerk stated that he had been in negotiation with

- Mr. D. Bateman, Owner of "Garryowen," Strand Rd., Bray.
- Mr. Nightingale, Owner of St. Anne's, Strand Rd., Bray, and
- Miss Devitt, Owner of Fontenoy Cottage, Strand Rd., Bray.

"Garryowen" had become vacant during the past week and it has been offered to the Council by Mr. Bateman for a sum of £500. It was expected that the other two houses, which were in a ruinous condition, could be purchased for approximately £100, and that taking Legal Costs, etc., into consideration, the three houses might be acquired for about £700.

After a discussion on the matter it was decided, on the proposition of Clr. E. Byrne, seconded by Clr. T. Byrne, that the properties be acquired at the figures mentioned and the excess expenditure to be incurred was voted.

#### 251.—LEASING OF OFFICE FIELD.

The Town Clerk read a letter from the Meath Estates offering to let the Office Field on the Vevay Road to the Council on an eleven months' grazing Agreement for a rent of £50 per annum. The Meath Estates to be responsible for the rates thereon. A further condition was that the Council would erect a gate and fence at the O'Byrne Lane side of the field. The entrance to the field is to be only from the O'Byrne Lane side. Re. the three other fences, the Council is to be responsible for such damage to same as had occurred during their occupation. Clr. E. Byrne urged the acceptance of the offer and stated that the field, if acquired, might be administered by a Committee of the Council or by the Council as a whole acting in Committee, together with representatives from the local G.A.A. Club, Soccer Club, Grotto Committee and Vincent de Paul Conference.

The Town Engineer stated that the repairs to the fences and the erection of the gate might be expected to cost approximately £50. Clr. Hipwell urged and the Meeting agreed that no entrance fee would be charged to the field. Clr. Dempsey thought that the Council should endeavour to obtain a guarantee of renewal from the Earl of Meath.

Finally, on the proposition of Clr. E. Byrne, seconded by Clr. Sayers, it was agreed to accept the offer of the Meath Estates, and further, that the field be administered by the Council as a whole acting as a Committee empowered in co-operation with the above mentioned bodies—the excess expenditure involved to be also voted.

#### 252.—TOWN AND REGIONAL PLANNING ACTS.

##### CONVERSION OF NOS. 1 AND 2 MEATH ROAD TO AN HOTEL.

Application from Dr. J. F. O'Connell, 40 Mount Pleasant Square, Rathmines, Dublin, for approval in principal to the conversion of Nos. 1 and 2 Meath Road into a fifteen bedroomed hotel. Report from Town Engineer recommending approval in principal to be granted, subject to the subsequent submission for approval of the necessary plans and specifications.

Order—Report of Town Engineer adopted.

#### 253.—TOWN AND REGIONAL PLANNING ACTS.

#### 255.—PLOT OF LAND SOUTH OF LEDWIDGE CRESCENT.

An application was received from Mr. K. Doyle to let or lease a plot of land about three-quarters of an acre in extent, immediately south of Ledwidge Crescent. The Town Engineer reported that in view of the peculiar circumstances, i.e., the land would be of no great use to the Council and it cut off Mr. Doyle from access to land owned by him in the vicinity, that his application be granted.

The Council agreed in principle to grant a letting or lease to Mr. Doyle, and asked the Officials to work out the details of the proposed letting for consideration by the Council at the next Meeting.

#### 256.—ASSOCIATION OF MUNICIPAL AUTHORITIES—MEMBERSHIP

The Council considered at some length a letter from Mr. de Barra, enclosing a copy of the rules of the above Association, one of which was that "Delegates shall be appointed for the period ending with the appointing Council's term of office." It was eventually decided to leave the matter to be dealt with by the Council to be elected next year.

#### 257.—BUS-STOPS AT MAIN STREET AND QUINSBORO ROAD.

- (1) That the bus-stop on the Main Street opposite Redmond's Shop be transferred to a point opposite the Public Conveniences near the Courthouse.
- (2) That the bus-stop opposite the "Tradewinds" Cafe be moved further east.

#### 258.—PUTLAND ROAD BRIDGE.

Report from the Town Engineer informed the Council that C.I.E. proposed to fit a temporary steel bridge on the Putland Road as it was their intention to service Bray as soon as possible entirely by double-decker buses, and they proposed to have the bus terminus at the boat-house. The Town Engineer recommended that the bus terminus be sited at the northern end of the Esplanade near the Fitzwilliam Hotel, stating that the double decker bus terminus established there this Summer had been very successful from many points of view. He further recommended that the County Council, who control the Putland Road, should endeavour to get some agreement from the C.I.E. that the Company would, within the space of say, three years, widen the present bridge.

The Members of the Council unanimously agreed with the Town Engineer's report and recommendation.

#### 260.—PUBLIC LIGHTING.

On the proposition of Clr. Sayers, seconded by Clr. Hipwell, it was agreed to place extra lights as follows:—

- (1) Raheen Park—£10 plus an annual charge of £5 13s. 6d.
- (2) Mount Pleasant, Upper Dargle Road—£24 plus an annual charge of £5 13s. 6d.

Recommendation from the Town Engineer that the light on Pole No. 646 Newcourt Ave., be transferred to Pole No. 645 was agreed.

It was decided that consideration would be given at the next Meeting to the question of putting an extra light at the back entrance to the River Walk near the Seapoint Road and also on the Dargle Road.

#### 261.—S.D.A. ACTS.

**268.—EXTERNAL TRADE—RESOLUTION FROM NAAS U.D.C.**

A Memorandum from Ballinasloe Urban Council urging reasons why the Canal system should not be abandoned was approved.

**270.—TELEVISION AERIALS—COUNCIL HOUSES.**

#### 271.—BUS TERMINUS—STRAND ROAD.

The Town Clerk informed the Meeting that he had received communications from the residents of the southern end of Strand Road and the Putland/Newcourt Road areas protesting against a proposed change of the bus terminus from the Boathouse to a point on the northern end of the Esplanade. The local Branch of O.N.E. had also protested against the proposed change. He stated he had also received a Memorial from a number of residents at the northern end of the Esplanade who concurred wholeheartedly with the Council's proposal. Following a lengthy discussion on the whole matter it was agreed that the terminus should remain at the southern end but that Coras Iompair Eireann be asked to establish a second terminus on the northern end during the months of June, July, August and September and that the fare from Dublin to this terminus be 1s. 5d.

#### 272.—WAGE INCREASE—COUNCIL EMPLOYEES.

The Town Clerk informed the Meeting that he had received applications from The Workers Union of Ireland, Irish Transport and General Workers' Union, and Municipal Employees Trade Union, for an increase of wages for Council employees. He also informed the Meeting that at present claims for increase in wages were being examined by local firms. It was decided, on the proposition of Mr. S. Sayers, seconded by Mr. T. Byrne, to appoint a Committee to go into the claim made and to meet the Union Delegates if necessary. The following Committee was appointed, viz., Mr. G. H. G. Stuart, Chairman, Mr. D. Sayers, Mr. E. Byrne, Mr. P. Savage, Mrs. M. Ledwidge, and Mr. B. Hipwell.

#### 273.—SHELTER AT SOUTHERN END OF ESPLANADE.

Mr. D. Fitzgerald, Architect, submitted two sketch plans for a shelter at the southern end of the Esplanade. The Members approved of one of the Plans but asked that Mr. Fitzgerald and the Town Engineer endeavour to obviate as far as possible the danger of undue expense which might be caused by having too much glass in the building. The use of removable panels was suggested.

#### 274.—ARDEE STREET—PURCHASE OF HOUSES.

On the proposition of Mr. Hipwell, seconded by Mr. E. Byrne, it was resolved that the sanction of the Minister be sought to the raising of a Loan by the Council with their Treasurer, the Hibernian Bank Ltd., in above matter—the loan to be in the sum of £1,000 for a ten year period.

#### 275.—PUBLIC LIGHTING.

On the proposition of Mr. Hipwell, seconded by Mr. D. Sayers, the quotation from the E.S. Board for an extra light on the roadway leading from Seapoint Road to the River Walk was accepted.

The recommendation of the Town Engineer for the erection of an extra light in the Lr. Dargle Road area and the switching of three lights in that area was also approved. The necessary excess expenditure involved was also voted.

#### 276.—DEMOLITION ORDER—CLARE COTTAGE.

The County Manager informed the Meeting that as a result of their recommendation at the October Monthly Meeting the Engineer and Medical Officer of Health had examined the above building. It was found to be unfit for human habitation. The owner, however, had

submitted a Plan for reconstruction of the building. After some discussion the Members agreed that an endeavour be made to purchase the building.

#### 277.—S.D.A. ACTS—TRANSFER OF INTEREST IN "DERRYKEAN," CUALA ROAD.

In regard to the application of Mr. John Carvill to transfer his interest in "Derrykean," Cuala Road, to Mr. James J. Burke, the Manager informed the Meeting that as was customary, an up-to-date Income Tax Assessment was sought from Mr. Burke. However, what he had submitted was an Income Tax Assessment on his wife, who was not the applicant. The application was therefore refused.

#### 278.—TOWN PLANNING ACTS—BUNGALOW AT KING EDWARD ROAD FOR MR. B. LAWLESS.

Application from Mr. B. Lawless to erect a bungalow at King Edward Road. Report from Town Engineer that the proposed floor area for the bungalow was only approx. 700 sq. ft. and that it was not desirable for a bungalow of this nature to be erected adjacent to highly valued property. Furthermore, the site area for the bungalow was only 1/2 an acre, whereas the general area of sites on this road was two acres. The Engineer recommended that the application of this type in close proximity to highly rated properties would injuriously affect the amenities of these properties and result in a depreciation of property values on the King Edward Road. The Engineer further reported that the building line for further buildings on the north side of King Edward Road had been set at 100 feet from the centre line of King Edward Road and that that the proposed bungalow was sited only 70 feet from the centre of the road.

Order: Recommend refusal of permission.

#### 279.—TOWN PLANNING ACTS—FACTORY BUILDING FOR MR. D. J. COUGHLAN AT THE HARBOUR.

Application from Mr. D. J. Coughlan, for erection of a factory building at the Harbour. Report from Town Engineer that no Specification had been submitted and there was no reference to internal or external finishes. Neither was their provision for ventilation or windows in the plans submitted.

Order: Recommend refusal of permission having regard to above.

Factory at Harbour: Arising out of above Town Planning application, it was brought to the notice of the members that the applicant held the site (known locally as Wallace's Yard) on a lease dated 17/12/56 from the Council. In the Lease there was a Covenant that industrial buildings to the value of not less than £6,000 be erected by 1st January, 1959. At the Meeting of 10th February, 1959, the Council granted an extension of the period from 1st January, 1959, to 1st Jan., 1960. In the opinion of the Town Engineer the cost of the buildings proposed to be erected would not be more than £2,000. After some discussion on the matter it was decided to inform Mr. Coughlan of this and ask for a surrender of the Lease.

The Town Clerk also read reports from Mr. Healy, Town Engineer, and Mr. O'Byrne, County Engineer, both strongly recommending that the second terminus be established and both giving their opinion that the congestion at the Boathouse, which has been a source of annoyance for several years, would worsen in the coming Summer as a great number of passengers formerly coming to Bray via the Harcourt Street Line would now travel by bus. It was further stated that the complaint of passengers being set down at the northern end could be easily remedied by the fare adjustment previously suggested by the Council. The alleged difficulty of diverting passengers on the return journey was in fact, disappearing towards the end of last Summer as the facilities at the northern end became apparent to passengers. Regarding objection No. (3) this would not apply in future years as buses returning to Dublin from the northern terminus would travel via Strand Road and Putland Road. The Council, after a lengthy discussion, directed the Town Clerk to inform the Company that the Council strongly adhered to their previous recommendations and felt that they were reasonable and in the best interests of all concerned. It was pointed out during the discussion that the public roadway was not a private preserve of Coras Iompair Éireann and a duty was cast on the Council and its Engineer to ensure a free passage of all types of traffic and also the maximum convenience and safety of pedestrians. It was further decided that the Garda Authorities be consulted in the matter.

#### 286.—TIDY TOWNS COMPETITION.

The Council decided to enter for the Tidy Towns Competition in 1960. In the course of discussion on last year's results when Bray received 53 marks out of a possible 100, mention was made of the number of derelict sites in the town. The County Manager stated that he would have a report from the Engineer on the general position for the next meeting.

#### 287.—PUTLAND ROAD BRIDGE—CLOSING OF ROAD.

The Council decided that they would raise no objection to the closing of the western end of Putland Road from 15th February to 14th March to facilitate repairs to Putland Road Bridge.

#### 288.—WAGES INCREASE—OUTDOOR EMPLOYEES.

The Town Clerk stated that the Committee appointed to examine the above matter had met on Saturday, 9th January, and had recommended that an increase of 12s. 6d. per week be granted to Council's outdoor staff with retrospective effect to 16th November, 1959. The Council accepted the recommendation of the sub-Committee and authorised the necessary excess expenditure.

#### 289.—CLERICAL OFFICER—ADJUSTMENT OF SALARY SCALE.

The Council agreed to an adjustment on the above scale, the effect of which would be to grant an increase to Miss O'Carroll, senior Clerical Officer, of £17 10s. 0d. per annum with retrospective effect to 1st January, 1958, and authorised the necessary excess expenditure.

#### 290.—WATER RENTS—POUNDAGE.

The Town Clerk informed the Meeting that Mr. Murray, Rate Collector, collected water charges and rents at 1½% poundage. His annual warrant was approximately £1200. Mr. Murray had applied for an increase and it had been ascertained that his rate was much lower than that paid in other Urban areas.

The Sub-Committee dealing with wages examined the matter on 9th January and recommended that the rate be increased to 3½ per cent. The Council accepted the recommendation of the Sub-Committee and approved the necessary excess expenditure.

#### 291.—OFFICE FIELD.

The Town Clerk informed the Meeting that the Office Field had now been taken over from the Meath Estate. It was decided that the Council as a whole, acting in Committee, would hold a Special Meeting to deal with this matter at the conclusion of the Monthly Meeting in February.

#### 292.—CLADDAGH COTTAGE, STRAND ROAD.

The Town Clerk informed the meeting that the above house had been reported on by the County Medical Officer of Health and the Town Engineer as being unfit for human habitation. The owner's Solicitor had indicated that the owner, Mrs. Rice, would be prepared to sell the property to the Council. The Meeting granted permission to enter negotiations for its purchase and for the purchase of the plot of ground immediately adjoining the house.

#### 293.—SMALL DWELLINGS (Acq.) ACTS — CARVILL TO MRS. P. BURKE, DERRYKEEN, CUALA GROVE.

The Council considered an application by Mrs. P. Burke, 1 Quinsboro' Road, Bray, to take over the interest in "Derrykeen," Cuala Grove. The house was at present held by Mr. J. Carvill to whom a loan of £1,520 had been issued in 1953. The County Manager informed the Meeting that he had considered this application most carefully and did not think that it was one which should be acceded to. He had, for instance, found that it was only with extreme difficulty that the Rate Collector managed to collect the rates on 1 Quinsboro' Road during the past three years. Last year the rates had only been paid on a threat of prosecution. The year before last, resort had to be had to the Courts by the Collector and to date in the current year, no rates had been paid although in addition to the statutory demand, the Rate Collector had applied for them on three occasions.

The Council concurred with the Manager's viewpoint and recommended that the application be refused.

#### 294.—TOWN PLANNING ACTS — EXTENSION TO KITCHEN AT SELBY, WESTFIELD PARK.

Application from Mr. J. Landers, Selby, Westfield Park, for permission to make extension to kitchen and bedroom. Report from Town Engineer recommended that permission be granted.

Order: Recommend permission be granted.

#### 295.—TOWN PLANNING ACTS—REPAIR AND EXTENSION TO SHED AT 5 O'BYRNE ROAD.

Application from Mr. H. Long, 5 O'Byrne Road, to repair and extend existing shed. Report from Town Engineer recommended that permission be granted.

Order: Recommend permission be granted.

#### 296.—TELEVISION AERIALS—COUNCIL HOUSES.

An application was received from Mr. William R. Murphy, 21 Maitland Street, for permission to affix three stay wires of his Television Aerial to the boundary wall at the rear of 23 Maitland Street, a house occupied by Mrs. Byrne, a tenant of the Council. The Meeting was informed that the applicant had had the stay wires connected to Mrs. Byrne's chimney without seeking permission from the Council. Recently when the Town Engineer wished to carry out repairs to the chimney it was only with the utmost difficulty that Mr. Murphy was persuaded to remove the stay wires to allow the repairs to be carried out. Several members of the Council indicated that Mrs. Byrne had been to them
