That we, the Bray Urban District Council, desire to draw the attention of the several Irish Railway Companies to the great loss which Irish Trotting Races and Health Resorts sustain owing to the failure of said Companies to issue Excursion Tickets during the summer months to such places from all stations on their lines, and we urge on them the necessity for the issue of such tickets; we consider it a highly unsatisfactory state of affairs that at present such people can travel to English Trotting Places at a much cheaper rate than to those of their own Country, with the result that a great many of them go to England and elsewhere for their holidays who would otherwise spend them in Ireland.
