report recommending acceptance of
tenders for ensuing year as follows:-
Dear Sir

I attach Schedule of Tenders received.
Very few tenders were received this year.
I recommend the tender of Messrs W. Lacey
the only one received for Joint Boxes & Cut Outs.
The prices are about 25% higher than last year.

For Meters four tenders were received.
Three of these are from Ring firms and
the prices and conditions are identical,
while none of the firms can promise
delivery except for war work.

The remaining and lowest tender is from
the Colonial Apparatus by our present
Contractors. Some time since I sent this
firm an order which they could not
accept without a Class B Certificate, which
we cannot give. Further we have had
trouble with some of the meters supplied by
them. As it is doubtful whether we shall
require meters owing to Service Cables being
unobtainable I do not think it is worth
while accepting any of these offers.

If meters are urgently required it will be a

Matter of buying them on the best terms obtainable from any firm in a position to supply.

Lamps. Recommended Cryseco Ltd. who are almost honest and whose lamps have given every satisfaction in the past.

Oils. Recommended Messrs G. C. Wakefield. Their price for Diesel Oil which we use principally is honest and quite satisfactory. No other tender recommended. On the motion of Councillor Langdon seconded by Councillor Mackey the Electrical Engineer's report was adopted.

3670 Dividends on Council's Investments were received and lodged as follows:
Belfast 3½% (1940) Stock £ 9. 0. 0
