## COUNTY OF WICKLOW.

### SPECIFICATION

OF

WORK TO BE DONE IN THE REPAIR AND MAINTENANCE

for                      years of                      perches of the  
Road  
between  
and

#### IMMEDIATE REPAIRS, GENERAL DIRECTIONS AND CONDITIONS.

1—Immediately after the ensuing Assizes the surface is to be cleaned, holes and ruts filled with good material, stagnant water drained off, dangerous holes and grips fenced, the road made safe and convenient for traffic within one month, and afterwards repaired as specified from time to time, or continuously, as may be necessary, and maintained constantly in good order during the contract, clean, hard, and even, at all seasons.

The Contractor will observe that the County Surveyor will give no notice of inspection, but will expect to find the road in perfect and thorough repair at any time he or his assistant may happen to visit it.

The Grand Jury shall have the power of cancelling the contract at any Assizes should the County Surveyor report that the road has not been kept in a satisfactory manner.

The Contractor is to procure a copy of this Specification, and produce it when required by the County Surveyor or his assistant.

All the work herein specified is to be executed in a judicious, effective, and workmanlike manner in every particular necessary for the repair, constant maintenance in good order, and improvement of the road, according to the true intent and meaning of this Specification, and to the entire satisfaction of the County Surveyor.

In addition to the provisions of this Specification the Contractor is at once to carry into effect any instructions of the County Surveyor or his assistant.

#### WIDTH OF WORKING WAY.

2—The width of the working way of the road shall be equal to the present working way; but in no case less than 18 feet, except where walls, fences or grips interfere. The width to be extended or reduced as the County Surveyor may direct. In towns and villages the metalled surface is to extend to the paved channels, footpaths, fences or buildings, as the case may be, and over all open spaces.

#### SIDES.

3—The sides to be formed of sods or clay, at least two feet wide, and kept to the height of 5 inches over the watertables. These sides are to be kept neatly, edged with spade and line, and the working way defined by parallel lines, straight or regularly curved, according to the course of the road.

Where the sides are ravelled or broken, the width to be increased with stones, sods, and clay.

#### WEEDS, HEDGES, TREES, ETC.

4—The spaces between the margins of the working way and the boundaries to be kept clear of weeds, loose stones, brambles, and all rubbish whatsoever.

The Contractor shall also cause injurious or obstructive hedges and trees to be cut or plashed.

#### DRAINAGE.

5—Watertables, outlets, side, back, and catch drains to be kept, at all times, clear of mud, grass, weeds, or other obstructions to the free discharge of the water, and new ones formed where necessary.

Gulleys to be cleaned out and repaired when required. This drainage and the edging above described to be thoroughly done three times a year—in February, beginning of April, and October, and at all other times as may be required.

#### MAINTENANCE AND IMPROVEMENT OF SURFACE.

6—The roadway and watertables shall be scraped and cleaned, so as to be at all times free from mud and dirt, especially before spreading stones.

The surface of the working way is to have a rounding from the centre to the sides of one inch per yard. Where the road has not at present this form it is to be brought to it by the application of materials, and by picking up and re-forming the surface.

The surface is to be made even by picking and levelling ribs, ruts, and inequalities.

All stones appearing over the surface of more than 2½ inches in any dimension to be picked up and the holes carefully filled with fine metalling.

Every hollow, worn or weak place, to be repaired with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust. They are to be spread alternately at short intervals on each side of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 2 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road.

Before spreading the materials the old surface to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

Particular care must be taken to have the covering-flags of gulleys and the arch-stones of bridges well metalled over.

In no case will drills or small patches be allowed. All loose and rolling stones to be picked off.

Nine-tenths of the quantity of stones as given below to be spread during the late Autumn, Winter, and Spring, and one-tenth in wet weather in Summer and early Autumn.

#### QUALITY OF MATERIALS.

7—The stones to be the hardest and toughest procurable within two miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and to be free from clay, sand, or other extraneous matter.

#### QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.

8—There are to be supplied annually for the use of the road cubic yards of broken stone, or more if required, for its proper maintenance. This quantity to be laid down in in equal heaps, dressed for measurement, along the sides of the road, before 1st October in each year. The heaps to be outside the working way.

Notice in writing of the delivery of the material to be served on the assistant for the district before 25th September in each year.

N.B.—When the contract is entered on at Spring Assizes sufficient material to be at once provided for the proper repair of the road, which quantity must be entirely independent of the regular annual supply.

#### WASTE STUFF.

9—All road scrapings, trimmings, etc., to be used for levelling the sides, repairing fences, etc., and the surplus carted off the road; but on no account are they to be left on the working way, or thrown on the sides.

#### COUNTY WORKS.

10—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

All works connected with the road to be preserved in good order, free from damage, encroachment or trespass.

#### FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.

11—The footpaths (if any) whether gravelled, paved, or flagged to be repaired and maintained. Gravel paths to be repaired as follows:—

If curbed with stone, all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled to be re-sodded, and the whole neatly trimmed to a fair line on inner and outer edges. Grass on sides to be neatly edged three times a year. Clean out and repair the outlets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over ¾-inch diameter.

Surface of path to be flush with top of curb and to have a fall of 1½ inch per yard towards the road. All flagged or paved paths and channels to be repaired and kept in repair.

All gratings where broken, disturbed, sunk or removed, to be renewed and re-set with new grates of the original form.

RESOLVED—That, in making Presentment of £15 to the Sub-Sheriff for his services in connection with the Jurors' Lists, that officer be required in future to submit a detailed statement of his expenditure out of pocket, in compliance with the expressed opinion of the Auditor, that such expenditure alone is sanctioned by the provisions of the statute.

GEORGE HODSON, Bart. Foreman.

RESOLVED—That the Solicitor of the Grand Jury having brought before them the necessity of registering the bonds of the several barony cess collectors and the increased duty and expense thereby entailed on him, he is hereby directed to have each bond carefully registered, and that he be paid therefor the sum of 17s 6d per bond, instead of 7s 6d as heretofore.

GEORGE HODSON, Bart., Foreman.

RESOLVED,—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the provisions of the 7th section of the Tramways Act 44 & 45 Vic., chap 17, be approved by this Grand Jury in the case of the Dublin and Blessington Steam Tramway, now in progress of construction, provided that a clear roadway of not less than Twenty-two feet be left for public traffic, exclusive of footpath,

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That in future the contributions for the support of Children in the various Reformatories be at a uniform rate of *Two Shillings* per head per week.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view to avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted in the next Abstract.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That in future all Presentments for Malicious Injuries be taken into consideration immediately after the County at Large presentments have been disposed of.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts. Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future 50 copies of the County Surveyor's report be printed before each Assizes, and be laid upon the table for the consideration of the Grand Jury.

GEORGE HODSON, Bart., Foreman.

### Resolutions passed at Spring Assizes, 1885.

The Grand Jury on assembling appointed a committee to draw up an address to the Prince and Princess of Wales on their visit to Ireland; and also an address to Sir George Hodson, Bart., on his retirement from the Grand Jury. (See Page 2).

#### ADDRESS TO SIR GEORGE HODSON, BARONET.

We, the Grand Jury of the County of Wicklow, at Spring Assizes assembled, have heard with great regret that after a service of half a century you have determined to retire from this Grand Jury, the chair of which you have on so many occasions filled with so much credit to yourself and advantage to us as well as to the business of the county. That you may be spared to your family and friends for many years in the enjoyment of health and happiness is the unanimous wish and earnest prayer of the Grand Jury of the County of Wicklow.

CHARLES GEORGE TOTTENHAM, Foreman.

Resolved—That the presentments for the superannuations for Susan Morris and Elizabeth Roberts be omitted at this Assizes, and that the Secretary be directed to bring them forward at next Assizes, marked "to be paid now," as all other superannuations are. Elizabeth Roberts to be paid in 4 and 8 monthly instalments.

C. G. TOTTENHAM, Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes—Col. Tighe, Col. Tottenham, C. W. Barton, Col. R. Pratt Saunders, David Mahony.

C. G. TOTTENHAM, Foreman.

Resolved—That the grant to the Wicklow County Infirmary shall in future be paid in two drafts—one to be for £3 8s, in the name of the Secretary, who will then be entitled to vote as a governor of the institution, representing the Grand Jury, and the remainder as usual.

C. G. TOTTENHAM, Foreman.

Resolved—That this Grand Jury desire respectfully to represent to his Excellency the Lord Lieutenant that great additional cost will be incurred in preparing the lists of Parliamentary voters consequent on the increase in the number of voters by the recent Franchise Act, and to remonstrate against any additional expense being borne by the ratepayers, and that as a large portion of those who will receive the benefit of the Franchise Act are not liable to the payment of poor-rate or county cess, the whole expense be paid out of the Consolidated Fund.

That the Secretary be directed to send a copy of this resolution to be submitted to his Excellency.

C. G. TOTTENHAM, Foreman.

Resolved—That the report of the committee appointed at Spring Assizes, 1884, regarding the payment to the coroner, Mr Jones, acting as substitute for Mr Newton, be adopted, and that the sum of £28 be now presented to Mr Jones as in full payment of all claims by either Mr Jones or Mr Newton up to last Spring Assizes, 1884.

C. G. TOTTENHAM, Foreman.

Resolved—That the Grand Jury, being compelled to pass the presentments asked in favour of the Commissioners of Public Works by way of repayment upon the loan advanced by them for the reconstruction of Arklow Harbour, and having been informed that the money obtained under said loan has been expended under the directions of the said Commissioners, notwithstanding the protest of the cesspayers, so as to have been perfectly lost and rendered useless to the county and the cesspayers, we hereby request the Government to have an early inspection made of these works at Arklow Harbour by some independent engineer, with the view of relieving the cesspayers of a useless expenditure.

That copies of this resolution be forwarded to the Chief Secretary for Ireland, and to the Commissioners of Public Works.

C. G. TOTTENHAM, Foreman.

Resolved—That in reference to Paragraph 8 of the Committee's Report, the Secretary be allowed Fifteen Pounds additionally half-yearly for appotments, making the allowance Sixty-five Pounds half-yearly instead of Fifty Pounds, as heretofore. This increase to be revocable in case the circumstances mentioned in the paragraph referred to, be altered.

C. G. TOTTENHAM, Foreman.

Resolved—That W G Toomey, Esq., LL.D, be appointed Solicitor to the Grand Jury of the County of Wicklow, in the place of Henry Ebbs, Esq, resigned.

C. G. TOTTENHAM, Foreman.

Resolved—That the foreman do take the opinion of the Judge as to the propriety of paying the presentment to Joseph Grennell, which has been levied.

C. G. TOTTENHAM, Foreman.

Resolved—That the County Surveyor be authorized to expend a sum not exceeding seven pounds, in making the required alterations, papering, etc., in the proposed new offices for the Secretary to the Grand Jury.

C. G. TOTTENHAM, Foreman.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

C. G. TOTTENHAM, Foreman.

Our Solicitor having reported to us that the Harbour Commissioners are the proper persons empowered to have the obstructions removed from Wicklow River, as complained of by the County Surveyor,

Resolved—That he be instructed to take the necessary steps to have this done by the Harbour Commissioners.

DALKEY, 28th February, 1885.

GENTLEMEN,

I have the honour to report to your board that I have audited the accounts of the Secretary to the Grand Jury of the County of Wicklow, following the last Summer Assizes, and to transmit the accompanying account duly declared and certified.

The Secretary of the Grand Jury has, since my previous report, entered into the necessary recognizance for the due and faithful discharge of his duties.

In my report of July last, I referred to the unusually large amount (£44 17s 6d) paid to the Sub-Sheriff as expenses under the new Jurors Act, and to the fact that items amounting to £23 2s and purporting to represent "clerk's time" had not been vouched.

I have since received 6 receipts, signed "John Bassiere," covering this amount. I have also received a communication addressed by the Sub-Sheriff to the Secretary of the Grand Jury, in which he appears to hold that he should be provided by the County with a Clerk to assist him in summoning Juries for Assizes and Quarter Sessions, as the "poverty of the office will not allow for the keeping of a clerk."

I must refer this question to the Grand Jury, and ask them to compare the expenses claimed by the present sub-sheriff with the amounts paid to his predecessors, as I cannot recognize the propriety of placing upon the cesspayers of Wicklow, a burden to which they are unaccustomed, and, as far as my experience extends, which is not borne by the cesspayers of other counties.

The presentment for the salary of the Surgeon of the County Infirmary is made to the Treasurer of the County Infirmary instead of to the Surgeon in person, whose receipt for the amount should be produced at the audit.

I have, since the audit, been furnished by the Secretary of the Grand Jury with the Surgeon's receipt.

The Town Commissioners of Bray are heavily indebted to the County, as will be seen from the account which I transmit, their indebtedness amounting to £1,287 4s 0d. This is the accumulation of three or four years, as there has not been any payment made to the County by the Commissioners later than the Summer levy for the year 1881.

The Secretary of the Grand Jury has felt himself obliged to threaten the Commissioners that unless a considerable payment be made in reduction of their debt, the law for recovery of the amount will be put in force against the Township.

It would be very well that the Commissioners should obviate the necessity for this step by making a substantial payment. It is hard on the County to lose the interest on the amount due by the Commissioners.

I have the honour to be,

Gentlemen,

Your obedient servant,

GEORGE W. FINLAY.

# PUBLIC ANALYST'S REPORT.

TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to submit, for your information, the following particulars of the work which I have performed as your analyst during the half-year ended the 31st December, 1884:—

A specimen of water was analysed for the Guardians of Rathdown Union, and was found to be of fair quality.

A specimen of water from a public pump in Arklow was analysed for the Sanitary Authorities of that town, and found to be of tolerably good composition.

A specimen of water from Greystones, sent by Mr W Darley, was found to be impure.

Three analyses were made for private persons.

The total number of analyses made in 1884 amounted to 19, of which 4 were adulterated.

I am, Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Public Analyst for the County of Wicklow.

Royal College of Surgeons, Stephen's Green, Dublin,  
February 24th, 1885.

# COUNTY SURVEYOR'S REPORT

TO THE

GRAND JURY OF THE COUNTY OF WICKLOW,

Assembled at Spring Assizes, 1885.

Mr. Foreman, and Gentlemen of the Grand Jury,

The number of applications for renewals of maintenance contracts for roads, and for special works brought forward at last Presentment Sessions, was 122.

These, having all been carefully investigated, were reduced to 82, which appear in the Schedule before you. Referring to them, it will be observed that a large proportion are works of necessity, as at several sessions it was decided to reject works of improvement only, for which there was no great urgency.

They may be classified as follows:—

35	for renewals of maintenance contracts for roads.
2	„ repairing roads.
4	„ protecting fences.
12	„ repairs of bridges.
4	„ making and improving footpaths.
18	„ building and repairing culverts and drains.
1	„ new road.
4	„ permissive presentments.
2	„ miscellaneous works.

Total, 82

It is, I think, unnecessary for me to direct your particular attention to any of these works, as I can give you any information concerning them as they come forward for your consideration.

The competition at Adjourned Sessions appears to have been fair and reasonable, except in three or four cases in Upper and Lower Talbotstown.

With regard to the bridges in your county, which are very numerous, I am making a personal examination of all of them, with the view of having applications for the repairs of such as are defective brought gradually before the sessions. By this means in many cases a large expenditure will be saved.

Since last Assizes, 20 bridges have been repaired, 2 fords bridged over, and one new bridge built. With regard to this new bridge, which replaces a dangerous timber structure near Aughavannagh, I may mention that the work was given into my charge for execution. I employed Mr Peter Plunkett, who has carried out several substantial works in this county, to build it, and he has done so in a very satisfactory manner.

In addition to the above, many useful works in connection with the county masonry have been done, such as new culverts, walls, &c., and repairs to same, besides several miscellaneous works, new footpaths, &c.

I wish to call your attention to the danger caused to Wicklow bridge by allowing the remains of some old vessels to obstruct the channel just below it. I have several times requested the Wicklow Harbour Commissioners, whose duty it is, to have them removed, but without success. I now beg to ask your instructions in the matter.

Although the past season, until a month ago, was favourable to the state of the roads, still I am pleased to be able to report that, speaking generally, your contractors have done a larger amount of work on them than

hitherto, especially in respect of the quantities of materials supplied; although very many were far short of their contract quantities, and in consequence have been refused payment.

I trust that, with the increased power of supervision you were good enough to give me, this improvement will steadily continue, and that the restoration of your roads will at length be gradually effected.

With regard to the cases in which proceedings were taken against defaulting contractors, I have to report as follows: Proceedings were taken in 8 cases—in 5 of these the contractors, having been allowed time, put their roads in fairly passable condition, and have in consequence merely to pay the costs. In 2 cases the contractors have been allowed a slight increase of time, as their roads were found to be insufficiently repaired. In the remaining case, that of Denis Toole, late contractor for part of the main thoroughfare between Dunlavin and Baltinglass, as he has failed to avail himself of extended time and has neglected repeated warnings, it has been found necessary to inflict the full penalty of the bond and costs.

I have observed some other bad cases of neglect, which will be dealt with in due course.

Referring to the Secretary's report to the last Grand Jury, on which your committee are about to present their report, I beg to say that I attended on that committee, and submitted my reasons against any change being made in the existing method of dealing with contractors' applications for payment at road sessions. Should you desire it, I can lay these reasons before you.

I have the honour to be,

Gentlemen,

Your obedient servant,

CARTER DRAPER, M. Inst. C.E.

#### REPORT OF COMMITTEE APPOINTED TO CONSIDER COUNTY SURVEYOR'S REPORT, COURT-HOUSE EXPENSES, EXISTING CONTRACTS. SPRING ASSIZES, 1885.

We, the undersigned Committee, appointed to consider the Report of the County Surveyor now submitted to the Grand Jury, to examine the Court-house Expenses entered in the present Schedule, and the Amounts in the same for Existing Contracts, report as follows:—

1—With reference to the County Surveyor's report—The first portion of this report, dealing with the works to be presented for, requires no comment, as the presentments come before the Grand Jury seriatim; the personal examination, from time to time, of all important permanent works by the County Surveyor himself, as mentioned in his report, the Committee commend as likely to be the means of saving outlay.

With respect to the danger to which Wicklow Bridge is open, the Committee suggest that the Grand Jury direct their Solicitor to take im-

mediate steps to compel the Wicklow Harbour Commissioners to remove the remains of the wrecks referred to in the County Surveyor's report, so as to secure the safety of the bridge, upon which a large sum has recently been expended.

The Committee, with much satisfaction, see that proceedings have been taken against defaulting contractors, and they have little doubt that strictness in dealing with such contractors will soon cause a marked improvement in the roads; the Committee also desire to state that, in their opinion, contractors require careful keeping up, not only as to quantity but quality of the material used, and that no contractor who does not give full satisfaction in both respects should receive payment.

As to the best method of procedure with regard to a contract, when the contractor has been proceeded against and convicted as a defaulter, the committee think that under such circumstances the contract should be regarded as void, and that the County Surveyor should take steps for obtaining a new contract, a practice which the Committee are informed by the County Surveyor is followed in some other counties, subject to the provisions of the contract in that behalf.

With reference to the last paragraph of the County Surveyor's report, the Committee presume that the Committee appointed at last Assizes to investigate the subject of the Secretary's then report dealt with the method of settling with contractors' applications for payment; they, however, wish to state that they have had the County Surveyor before them, and that he states, with reference to the payment of contractors, that he is willing not to give a final certificate for payment later than 14 days before Assizes.

2—With respect to Court-house expenses, the Committee find that the bills submitted to them agree with the sums entered in the Schedule, but that there is nothing to shew that certain of those bills are genuine. In the opinion of the Committee, all such bills should be duly certified before being handed to or taken cognizance of by the secretary.

3—With respect to existing contracts, the Committee have examined the amounts to be presented for these, and have found them correct.

In conclusion, the Committee desire to express their opinion that if more publicity was given to the reports adopted by the Grand Jury with respect to the County Surveyor's report, it would tend to strengthen the hands of the latter in his dealing with contractors; they, therefore, recommend that such reports, or abstracts of them, should invariably be printed, as has been done on one or two occasions. It would also, in their opinion, tend to the furtherance of business if the Secretary's last report (as well as any other report of importance), was printed and circulated before the meeting of the Grand Jury; the Committee observe that much time is unavoidably expended from having to trust to memory for subjects of former reports, and from the inconvenience of having but a single copy of a report for each and all of the Grand Jury to refer to.

WILLIAM COURTENAY.

## REPORT OF THE COMMITTEE APPOINTED TO CONSIDER THE CORONERS' ACCOUNTS AND THE HIGH CONSTABLES' ARREARS. SPRING ASSIZES, 1885.

### CORONERS' ACCOUNTS.

In Spring, 1883, Mr Newton, District Coroner, was appointed on the Sub-Commission. He left his district, and in his place the adjoining coroner held the inquests of Mr Newton's district.

Mr Newton paid £2 fees to Mr Jones, adjoining coroner, on each inquest, Mr Newton being under the impression that he would be recouped by the Grand Jury his salary, but when application was made for his salary then, under Section 21 of 9 & 10 Vic., cap. 37, it was considered his non-residence barred the presentment.

Mr Newton is, therefore, out of pocket for all inquests held in his absence—viz., 30 inquests held, for which Mr Jones was due and paid £60 by Mr Newton.

This £60 has not yet been presented, owing to certain doubts as to the law which has held the matter over from one assizes to another, but the money is clearly due, and we suggest that the judge be informed of the circumstances, and requested to fiat a presentment of £60, at the rate of £2 for the 30 inquests held during Mr Newton's absence.

### HIGH CONSTABLES' ARREARS.

With regard to arrears, we report that it is impossible for us to come to any useful conclusion; the whole matter seems to have gone on without a proper system of passing orders on the irrecoverable items each half-year.

We examined one Barony Constable—viz., for Newcastle, against which barony arrears of £133 10s 6d appear; while, according to the constable's accounts, there is only an arrear accumulated during the last two years of £25. He appears to have succeeded to an arrear of £110 18s 3d, of which he knows nothing whatever, and we consider that these old arrears should be wiped off the books, and in future all such items should be brought up and decided on by a standing committee.

J. S. TIGHE, G. E. TOMBE, D. McNEILL.

C. G. TOTTENHAM, Foreman.

## REPORT OF COMMITTEE ON THE COUNTY INFIRMARY ACCOUNTS.

1—Your Committee recommend that the salary of the Medical Officer be increased by £20 a year, "to be paid now," as other salaries are, the governors undertaking to arrange for the performance of the duties of Apothecary and Hon. Secretary and Treasurer without further payment. There will thus be no additional charge on the rates.

2—Your Committee further recommend that, for the future, the Treasurer should be called upon to furnish a detailed account of receipts and expenditure at the time required by statute.

GORDON E. TOMBE, A. TAYLOR, D. McNEILL.

Approved,

C. G. TOTTENHAM, Foreman.

## REPORT OF COMMITTEE ON SECRETARY'S REPORT.

The Committee appointed by the Grand Jury at the Summer Assizes, 1884, to confer with the Secretary on the subject of his report, have held three meetings, and have had the advantage of the aid both of the Secretary and the County Surveyor. Dealing with the Secretary's report aforesaid, paragraph by paragraph, they beg to submit the following observations:—

1 and 2—The Committee concur with your Secretary in recommending that

the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap. 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions.

We suggest that you should direct that all such applications, with the certificates of the County Surveyor, be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject, of course, to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes.

3—We recommend that the tenders be made to the Secretary of the Grand Jury and his successors in office, as the representative of the Grand Jury, and we further suggest that the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

4—We do not see any reason for the changes proposed in the fees payable for tenders in the remote baronies.

5—It appears from the auditor's report, dated the 24th January, 1885, that the arrears due by Bray Township amount to a much larger sum than usual, and that there are also arrears due in other baronies. Part of these on investigation may, perhaps, be found to be irrecoverable, but we consider it high time that the Grand Jury should take steps to recover the large balance which is in a different category. A committee should be at once appointed to examine all arrear lists, with power to call upon the Barony Constables and the Town Clerk of Bray to attend and produce their books, and also to ask the advice of your solicitor as to the best mode of dealing with defaulters. This committee should be instructed to report on the subject as early as possible, and to advise as to the best means of preventing arrears in future. In the meantime we have taken upon ourselves to request your Secretary to do all in his power to effect a reduction in these arrears before the Assizes, and we believe he has done so with considerable success.

6—We do not consider any additional advertising necessary.

7—We advise that an order of business be laid down and strictly adhered to, and venture to suggest one. (Appendix A.) for adoption.

8—We consider that your Secretary has no reason to complain of the discontinuance of fees upon drafts, they having been abolished long before he was appointed to his office. The extension of the time-terms in contracts, and the amalgamation of roads have, however, undoubtedly caused a reduction in the emoluments of his office, and, as this process continues, will further diminish them. Unwilling as we all are to increase the salaries of County Officers, we cannot but recognize that in this instance an unlooked-for loss has been caused to the Secretary by the action of the Sessions and Grand Jury, and that so far as these go, he appears to have some claim for compensation.

9—The interest lost to the county, owing to the expenditure on the Winter Assizes of December, 1882, having been now recovered from the Government, we have nothing to remark on the the subject, except that, in our opinion, the Secretary deserves the thanks of the county for the ability, zeal, and perseverance with which he prosecuted its claim.

GENTLEMEN,—

I have the honour to report to your Board that I have Audited the Accounts of the Secretary to the Grand Jury of the County of Wicklow, following the last Summer Assizes, and to transmit the Account duly declared and certified.

In my report of 6th July last, and in previous reports, I brought under notice the systematic violation of the Order in Council of the 21st June, 1878, on the part of certain Collectors in respect to the Lodgings of Moneys collected by them with the Treasurer of the Union, the keeping of their Block Receipts, and the returning of the latter to the Secretary.

At the Summer Assizes, which were held shortly after the date of my Report, the Grand Jury, by resolution, directed the special attention of the Barony Constables to the observance of the conditions of the Order in Council, and intimated that continued failure of duty in these respects would be likely to result in loss of office.

I shall, therefore, refrain from commenting upon the irregularities which came under my notice at last audit, as they occurred prior to the passing of the resolution above referred to, but shall await the next audit to ascertain its effect on the Collectors.

The Collectors' Receipts for Cess should in future be numbered consecutively *in type*.

I return the account showing the particulars of payments to Witnesses, &c., for transmission to the Chief Secretary's Office. In two instances the profession, trade, or calling of the witness has not been set forth in the Certificate of the Sessional Crown Solicitor. I was consequently unable to determine the correctness of the payment whether it was in accordance with the scale, but the payments on the whole were moderate, and well within the scale.

As regards the payment of £3 11s. 0d. to Mr. Davidson, Clerk of Petty Sessions at Bray, no detailed account accompanied the order of the magistrates for payment, and in the absence of such I cannot say whether the payment was correct.

On a former occasion I called attention to a similar omission and on its being brought under the notice of His Excellency the Lord Lieutenant—(the Magistrates at Bray having declined to give the particulars) I understood that it was intimated by His Excellency that these should be given in future. This however has not been done.

I have the honor to be Gentlemen, your obedient servant,

GEORGE W. FINLAY.

To the Local Government Board, Dublin.

TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report the following particulars of the work which I have performed as your Analyst since last Assizes :—

For the Guardians of Rathdrum Union there were analysed thirteen specimens of water used by the general public, and the quality for drinking and other purposes reported upon.

For the Guardians of Rathdown Union one specimen of potable water was analysed.

Two waters were analysed for Dr. Vance, Medical Officer of Health, Rathdrum.

A specimen of whiskey was analysed for the Guardians of Baltinglass Union. It proved to be freshly made, but otherwise pure

A specimen of milk, analysed for the Guardians of Rathdrum Union, was found to be adulterated with water.

The viscera of a swan sent up by Captain Segrave, J.P., Newtown-Mount-Kennedy, were found to contain strychnine.

Six analysis of waters and other articles were made for persons residing within the County, at a rate of fees one-fourth the usual charges.

I am, Gentlemen,

Your obedient servant

CHARLES A. CAMERON,

Public Analyst for the County of Wicklow.

GEORGE W. FINLAY,

Local Government Auditor.

A true copy,

W. S. B. KAYE, Clerk of the Council.

(COPY).

Dalkey, 14th July, 1881.

GENTLEMEN,—

I have the honour to report to your Board that I have Audited the Accounts of the Secretary of the Grand Jury of the County of Wicklow, following the last Spring Assizes, and to transmit the accompanying Account duly declared and certified.

The Collectors appeared to have discharged their duties in regard to the lodgment of County Cess with the Treasurer in a satisfactory manner.

A sum of £15 was presented to the Sub-Sheriff for his extra trouble and expense under the New Jurors' Acts, although he failed to comply with the order of the Grand Jury at Summer Assizes, 1880, in not having furnished a statement in detail of his expenditure out of pocket.

A sum of £14 14s was presented to the Solicitor to the Grand Jury, being the amount of his Bill of Costs for professional services, as certified by the Clerk of the Crown and Peace. This does not appear to be a compliance with the 117th Section of the Act 6 and 7 William 4th, cap. 116, which directs that before making such presentment the costs should have been duly taxed and certified by the proper taxing officer. The Clerk of the Crown and Peace is not the Officer referred to.

The Grand Jury will, no doubt, take care that the requirements of the statute are complied with in future.

I have the honor to be Gentlemen, your obedient servant,

GEORGE W. FINLAY.

I certify that this is a true copy,

JAMES FRANCIS MAYNE.

19th July, 1881.

To the Local Government Board, Dublin.

TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report for your information the following particulars of the work which I have performed as your Analyst, from the 25th February to the 29th June, 1881:—

A specimen of potable water was analysed for the Guardians of Rathdown Union and its properties for domestic purposes reported upon.

A specimen of water used for the supply of the Convent, Arklow, was analysed.

The visera of a sheep suspected to have been poisoned were sent up by Major Bayly, Carysfort Estate Office. No poison was detected in them.

Five specimens of water, oil cakes, &c., were analysed for private persons at fees, say much reduced from those usually charged.

I am, Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Analyst for County Wicklow.

## WICKLOW SPRING ASSIZES, 1882.

Report of Committee appointed by Grand Jury at last Summer Assizes (1881), to enquire into the arrangements made for discharging the money presented by the Grand Jury for payments of the different contracts, and to confer with the County Officers as to the best mode of reducing the number of Undischarged Queries appearing on Abstract, as approved by Sub-Committee appointed by the Grand Jury.

Signed,

D. MAHONY,  
FLETCHER MOORE.

1—At all inspections of works, roads, &c., by the County Surveyor or his Assistants, any faults found with such works, roads, &c., are to be distinctly notified to the contractor in writing at once.

2—The County Surveyor is to give due notice to each Contractor who has applied for payment, of the time he purposes to inspect the work, road, &c., for which such application has been made, prior to Presenting Sessions. If, on such inspection, the said work or road is found to be satisfactory, certificate is to be granted, so that payment may be made in due course; but, if it be found to be unsatisfactory, and that, in consequence, certificate cannot be granted, the reason for not doing so shall be distinctly notified to the contractor in writing.

3—If, on such inspection, the work, &c., is found to be not satisfactory to enable certificate to be granted at once, but that there appears a fair chance of its being made so between the Presenting Sessions and Assizes, a "Conditional Certificate" may be granted, which, if the work or road be completed to the satisfaction of the County Surveyor before the Assizes, becomes then a regular certificate; but, if not completed as aforesaid, falls to the ground as though none were ever granted, and the Presentment shall be thrown out.

4—If from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums to be re-presented to the credit of county or barony as the case may be without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

5—The system of putting stops on cheques issued for payment to contractors to be discontinued.

6—That in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

7—All Resolutions passed by any Grand Jury to be laid before each succeeding Grand Jury and reaffirmed, amended, or cancelled, as may be deemed necessary, and all such resolutions relating to business of Presentment Sessions to be entered on sheet handed to Chairman at such Sessions, and also printed on application schedule.

8—When application is made for payment by contractor, and entered on the schedule in the usual manner, if from any cause such payment be not discharged in due course, such application to be transferred to next schedule, and to hold good until such payment be discharged, without further application on part of contractor.

9—The following fees are authorised (and none other) for documents relating to works, roads, &c., and filling the same if required to do so by the Contractor:—

Application for New Work	...	...	...	...	0s. 6d.
For filling same if required to do so	...	...	...	...	0s. 6d.
Form of Tender (according to Act of Parliament)	...	...	...	...	0s. 6d.

Car hire to Clerk going round distant Baronies from persons making applications for New Works, or for payment, or for both at same time	...	...	...	...	0s. 6d.

10—A Printed List of these Fees to be posted up at the County Court-house and at all places where Presentment Sessions are held, and also to be printed on Schedule of Applications.

11—All plans, maps, sections, and specifications, prepared by County Surveyor, relating to any works, roads, &c., to be open to inspection at all reasonable times without any fee or reward, according to Act of Parliament, and the Secretary to the Grand Jury to arrange to have all such plans, &c., for any work, &c., in distant Baronies sent to some convenient place in such baronies, of which due notice is to be given. Any person wishing to have a copy of any such plans, &c., to obtain same at his own expense.

Adopted by Grand Jury at Spring Assizes, 1882.

RESOLVED—That this Grand Jury for the County of Wicklow desire to impress most strongly on Her Majesty's Government the absolute necessity of putting a stop to the cruel system of persecution known as "Boycotting," which is unfortunately prevalent in some parts of this county, and we consider that the only effectual mode of doing so would be by making "Boycotting" a "malicious injury," for which compensation may be awarded in the usual manner; and we are further of opinion that the power of granting compensation for "malicious injury" should be made applicable to injuries to the person, as it now is to injuries to property.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the provisions of the 7th section of the Tramways Act 44 & 45 Vic., chap 17, be approved by this Grand Jury in the case of the Dublin and Blessington Steam Tramway, now in progress of construction, provided that a clear roadway of not less than Twenty-two feet be left for public traffic, exclusive of footpath,

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the report of the Committee, appointed at this Assizes to enquire into the question of Coroners' Salaries, be adopted, and that each Coroner, according to the provisions of the Act 44 & 45 Vic., cap 35, be paid at the rate of £63 per annum.

(COPY.)

Dalkey, 10th July, 1882.

GENTLEMEN,

I have the honour to report to your Board that I have Audited the Accounts of the Secretary of the Grand Jury of the County of Wicklow, following the last Spring Assizes, and to transmit the accompanying Account duly declared and certified.

The payment of the last two sums on the discharge side of the account "in advance of Presentments" was irregular, and was subject to disallowance. The practice should be discontinued. The Payments to the Constabulary can be made as soon as the Presentments are passed, out of the balance in the Treasurer's hands.

The Order in Council of the 4th January, 1879, requires that, previous to the Assizes, the Secretary of the Grand Jury shall audit the Accounts of expenses of the Clerk of the Crown and Peace, in preparing the Lists of Parliamentary Voters and the Jurors Lists, and shall ascertain their accuracy before being presented for. There is nothing on the face of the accounts to show that this order has been complied with, but I have no doubt that the Secretary's attention being called to the matter, the accounts in question will be duly examined and certified in future.

I have the honour to be,

Gentlemen,

Your obedient servant,

GEORGE W. FINLAY.

To the Local Government Board, Dublin.
