COUNTY OF WICKLOW.

SPECIFICATION

OF

WORK TO BE DONE IN THE REPAIR AND MAINTENANCE

for _____ years of _____ perches of the Road and Footpath,
between _____
and _____

IMMEDIATE REPAIRS, GENERAL DIRECTIONS AND CONDITIONS.

1—Immediately after the ensuing Assizes the surface is to be cleaned, holes and ruts filled with good material, stagnant water drained off, dangerous holes and grips fenced, the road made safe and convenient for traffic within one month, and afterwards repaired as specified from time to time, or continuously, as may be necessary, and maintained constantly in good order during the contract, clean, hard, and even, at all seasons.

2—No notice of inspection will be given but the County Surveyor expects the road to be in good order and repair at any time he or his assistant may visit it.

3—The Grand Jury shall have the power of cancelling the contract at any Assizes should the County Surveyor report that the road has not been kept in a satisfactory manner.

4—The Contractor is to procure a copy of this Specification, and produce it when required by the County Surveyor or his assistant.

5—All the work herein specified is to be executed in a judicious, effective, and workmanlike manner in every particular necessary for the repair, constant maintenance in good order, and improvement of the road, according to the true intent and meaning of this Specification, and to the entire satisfaction of the County Surveyor.

6—In addition to the provisions of this Specification the Contractor is at once to carry into effect any instructions of the County Surveyor or his assistant.

WIDTH OF WORKING WAY.

7—The width of the working way of the road shall be equal to the present width; but in no case less than 13 feet, except where walls, fences or grips interfere. The width to be extended or reduced as the County Surveyor may direct. In towns or villages the metalled surface is to extend to the paved channels, footpaths, fences or buildings, as the case may be, and over all open spaces.

MARGINS AND SIDES.

8—The margins to be formed of sods and clay, at least two feet wide and four inches high over the watertables. These margins to be neatly kept, edged with spade and line, and the working way defined by parallel lines, straight or regularly curved, according to the course of the road.

Where the sides are ravelled or broken, they are to be made up with stones, sods, and clay.

The sides are also to be kept clear of all bushes, brambles, weeds, rubbish, loose stones, &c.

The Contractor is to cut down and remove before seed time all weeds growing on the roadsides and fences.

DRAINAGE.

9—All water-tables, side cuts, pipe holes, outlets, side, back, and catch drains, water courses, &c., to be kept, at all times, clear of mud, grass, weeds, or other obstructions to the free discharge of the water, and new ones made where necessary.

FRENCH DRAINS.

10—Where springs or soft places occur in the road, French Drains shall be made to drain off the water to the nearest outfall.

GULLETS, ETC.

11—Gullets to be opened up, cleaned out and repaired when required, and the channels through all bridges and gullets, and for such distances as may be necessary above and below the same, are to be cleared and kept clear.

12—This drainage and the edging above described in No. 8 to be thoroughly done three times a year—in February, April, and October, and at all other times as may be required.

WASTE STUFF.

13—All scrapings and other road stuff to be used for levelling hollows in the sides, filling grips, repairing fences, &c. Any surplus stuff not so required shall become the

property of the contractor, and be removed by him forthwith, as well as any accumulation of mud, &c., that may be on the roadsides at the commencement of the contract. Road stuff on no account to be thrown on the margins.

MAINTENANCE AND IMPROVEMENT OF SURFACE.

14—The roadway and water-tables shall be scraped, swept and cleaned, so as to be at all times free from mud and dirt, especially before spreading stones.

15—The surface of the working way is to have a rounding of one inch per yard of width; but on hills this rounding must be greater. Where the road has not at present this form it must be brought to it by the application of materials, and by picking up and re-forming the surface.

16—The surface is to be made even by picking and levelling ribs, ruts, and inequalities.

All stones appearing over the surface of more than 2½ inches in any dimension to be picked up and the holes at once carefully filled with fine metalling.

APPLICATION OF MATERIALS.

17—Every hollow, worn or weak place, to be covered with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust.

They are to be spread at short intervals alternately on each side of the centre line of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 3 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road. In no case will drills or small patches be allowed.

The patches to be kept raked in and blinded when necessary.

Before spreading the materials the old surface to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

18—Particular care must be taken to have the covering-flags of gulleys and the arch-stones of bridges well covered with metal.

LOOSE AND OVER-SIZED STONES.

19—The surface shall at all times be kept free from loose stones which must be kept picked off by the contractor; also any stones larger than the specified size.

TIME FOR SPREADING

20—One-third of the yearly supply of stones for the road to be spread before 1st December; two-thirds before 1st February, and all before Spring Assizes in each year.

QUALITY OF MATERIALS.

21—The stones to be the hardest and toughest procurable within three miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and to be free from clay, sand, or other extraneous matter.

QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.

22—The contractor is to supply annually cubic yards or more if required, a sufficient quantity of broken stones, for the proper maintenance of the road. This quantity to be laid down in equal heaps, dressed for measurement, along the sides of the road, on carefully prepared level floors, before 1st October in each year of the contract. The heaps to be outside the working way.

EXTRA MATERIALS.

23—In addition to the annual quantity as above, such extra materials must be provided and spread as may be required to fulfil the conditions of the contract for constantly keeping the surface in good repair during the whole term of the contract.

FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.

24—The footpaths (if any) whether gravelled, paved, or flagged to be repaired and maintained as follows:—

If curbed with stone, all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled or broken to be re-sodded. Grass on both sides of path to be neatly edged three times a year. Clean out and repair all existing outlets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over ¾-inch diameter.

Surface of path to be flush with top of curb and to have a fall of 1½ inch per yard towards the road.

25—All flagged or paved paths and channels to be repaired and kept in repair.

All gratings where broken, disturbed, or removed, to be repaired, re-set or renewed.

SPECIAL SESSIONS

COUNTY WORKS.

26—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

INJURIES, OBSTRUCTIONS, ENCROACHMENTS, TREES, HEDGES, ETC.

27—All works connected with the road to be preserved in good order, free from damage, encroachment or trespass. The contractor shall require the owners to prune and lop all injurious or obstructive hedges and trees, and shall proceed summarily against all offenders in accordance with the provisions of the Acts relative to such offences, especially 14 & 15 Vic., cap 92, secs 9 & 10, and 19 & 20 Vic, cap 63, sec 18.

SURPLUS MATERIAL.

28—Any broken stones or gravel found at the termination of the contract along the road shall become the property of the county.

RESOLUTIONS

GRAND JURY OF THE COUNTY WICKLOW.

RESOLUTIONS OF THE GRAND JURY OF THE COUNTY WICKLOW.

Resolved—That all certificates for repairing sudden damages be henceforth lodged in the Secretary's Office, at least three clear days before the Assizes, great confusion having arisen from the contrary practice being pursued.

Resolved—That no Presentment will, in future, be made in aid of any Infirmary or Fever Hospital, unless the same shall be accompanied by the account and accurate list of subscribers' names, and the amount severally subscribed by them.

Resolved—That in future there shall be printed in detail, at the beginning of the Schedule, a list of duties to be gone through by the Grand Jury.

DUTIES OF THE FOREMAN.

Printed pursuant to the foregoing order.

- I—Call the names of the gentlemen comprising the Grand Jury.
- II—Receive reports from committees appointed at last Assizes.
- III—Consider Presentments for County at Large.
- IV—Appoint committees to examine :

 - B. Existing Contracts.
 - C. Infirmary Accounts.
 - D. Court-keepers' do.
 - E. Coroners' do.
 - F. High Constables' returns.
 - G. Industrial School accounts.
 - H. Sub-sheriff's accounts.
- V—Open tenders for Assizes.
- VI—Malicious Injuries.
- VII—Presentments for Barony of Talbotstown Upper.
- VIII " " " Talbotstown Lower.
- IX " " " Arklow.
- X " " " Ballinacor North.
- XI " " " Ballinacor South.
- XII " " " Newcastle.
- XIII " " " Rathdown.
- XIV " " " Shillelagh.
- XV—Correspondence, Reports of Committees appointed at this Assizes.
- XVI—Tramways, harbours, and other schemes and guarantees, &c.

Resolved—That the space within the Bar in the Grand Jury Room be strictly reserved for the use of the Grand Jury and the Officers of the County connected with the duties of the Grand Jury, and that all others be kept beyond the Bar, unless specially introduced.

Resolved—That in future, if any subject of complaint should exist, or if any charge is preferred against the County Surveyor, or other County Officer, such complaint or charge shall be made specially in writing on the first day of the Assizes, evidence of the facts shall be afforded in the consideration of the same, and that Notice of the intention to prefer such complaint shall be previously given to the party complained of.

Resolved—That we recommend the Coroners to employ the Dispensary Physicians, whenever it may be necessary to call in a medical man, and to pay them a fee of £1 ls. for each attendance.

W. W. F. HUME, M.P., Foreman.

Resolved—That in future, all tenders postponed to the assizes, if not lodged with the Secretary the day before the commencement of the Fiscal Business, will not be entertained by the Grand Jury.

Spring, 1861.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future the several High-Constables shall be required to furnish the amounts of their respective insolvencies every two years, pursuant to 6 & 7 Wm. iv., cap. 116, sec. 149.

Summer, 1863.

W. W. F. HUME, Foreman.

Resolved—That the County Printer shall be required to have the "Schedule of Applications," previous to each Assizes, printed and ready for distribution, within fourteen days from the day on which the copy of same is given to him by the Secretary; and that he shall have the "Abstract of Presentments," after each Assizes, printed within twenty-one days after he receives the materials for same from the County Treasurer.

Summer, 1864.

W. W. FITZWILLIAM DICK, Foreman.

Resolved—That with the view of supplying better information for the future to the Justices and associated Cesspayers, as to the matters that are to come before them at Presenting Sessions in each Barony, the Secretary is instructed to have printed and circulated to such, a notice of all Presentments which are to be discussed at such Sessions, so far as it is practicable to do so.

Spring, 1866.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future any party who, having duly entered into a Contract, shall sell, transfer, or dispose of it to another, such contract shall upon proof thereof be declared "null and void" by the Grand Jury, and the money levied for it shall be re-presented to the credit of the County or Barony, where the fraud has been committed.

Spring, 1870.

GEORGE HODSON, Bart., Foreman.

RESOLVED,—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.

Summer, 1881.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

Spring, 1882.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view of avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted from the Abstract.

Spring, 1883.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

Summer, 1883.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts.

Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

Spring, 1884.

GEORGE HODSON Bart, Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes:—Thomas Acton, Charles W. Barton, David Mahony, W. F. Littledale.

Resolved—That the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions. All such applications, with the certificates of the County

Surveyor, to be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes. And further the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

Resolved—That the coroners' accounts be now received and sent to the sub-committee, but that the coroners shall now take notice that if their accounts are not in future sent to the Secretary ten clear days before the Assizes, he is not to receive them.

Summer, 1885.

Resolved—That the attention of the Barony Cess Collectors be called to the necessity of giving in to the Treasurer's Office, at least two days before the first day of every Assizes, the amount of the assessments collected by them, as required by their warrants, and by 4 Geo. IV., cap. 33, sec. 7, as their fees will not in future be allowed till this be complied with.

Resolved—That the Court-keeper be instructed in future to see that the Grand Jury are properly supplied with blotting and writing paper for their use on each day they sit, whether for fiscal or criminal business.

Resolved—That it be a direction of this Grand Jury to their Secretary that he shall in future keep a record of all resolutions passed in a minute book, and that the Foreman sign such minutes.

Spring, 1887.

C. G. TOTTENHAM, Foreman.

Resolved—That the County Presentment Sessions should require that the accounts of the County Infirmary and the several Fever Hospitals be audited by a competent person.

Spring, 1888.

C. G. TOTTENHAM, Foreman.

Resolved—That a committee of the Grand Jury, consisting of Colonel R. Pratt Saunders, Lieut.-Colonel Tighe, and W. R. Bulwer be appointed, who, in case of any difference between County Surveyor and Tramway Company, shall decide as to what may be reasonable requirements in accordance with the report of the committee adopted by the Grand Jury at this Assizes. The Tramway Company undertake to carry out what this committee may direct, and failing their so doing the committee are hereby empowered to direct such legal proceedings to be taken as they may think desirable.

Resolved—That it would be desirable that in future a Subscription of Ten Shillings each be made by each member of the Grand Jury for the pur-

pose of providing luncheons at the Assizes, as we do not consider it reasonable that the expense of providing luncheons should be cast on the High Sheriff; and that a committee of five, consisting of Colonel Tottenham, Messrs Brooke, Littledale, Beresford, and Tombe be appointed to carry out the details generally.

Resolved—That Colonel Tottenham, Julius Casement, William Magee, Dr Truell, and Colonel Tighe be appointed Visiting Justices to the Jail at Wicklow.

Summer, 1888.

C. G. TOTTENHAM, Foreman.

Resolutions passed at Spring Assizes, 1889.

Resolved—That the Harbour Commissioners elected at Presentment Sessions be asked by the Secretary to the Grand Jury to draw up a report of the accounts of the Harbour Board for the information of the Grand Jury at Summer Assizes; that a Committee be appointed to examine it; and their report be printed in the Abstract, so that the Cesspayers of the guaranteeing Baronies may know something of the income and expenditure.

Resolved—That the County Surveyor be requested to devise some means for effectually ventilating the Grand Jury Room and the Crown Court, and to provide racks in the former for hats, coats, and umbrellas.

Resolved—That our Secretary be given instructions to take immediate steps to recover the amount of County Cess due by the Township of Bray.

Resolved—That Mr. Thomas Graydon be re-appointed auditor of the Dublin and Blessington Steam Tramway Company's accounts on behalf of the County Wicklow Grand Jury.

Resolved—That the High Sheriff be requested to appoint another Court-keeper in place of Mr. Lambert.

In case of No. 14 in Existing Contracts for Barony of Arklow, the Grand Jury recommend that the work be divided into two sections by next Road Sessions, and Tenders be accepted for both, with a view to relieving John Harte from the existing contract by next Grand Jury.

Wicklow County Council Archives

AUDITOR'S REPORT.

5,941—'89—Grand Jury.

DALKEY, 9th February, 1889.

GENTLEMEN,

I have the honour to report to your Board that I have audited the Accounts of the Grand Jury of the County of Wicklow, following last Summer Assizes, and to transmit the Secretary's account duly declared and certified.

The payments of £5 5s. 0d. to the County Surveyor for inspection and report to the Grand Jury on the Dublin and Blessington Tramway, and £14 14s. 0d. to Mr. Irwin, assistant to the County Surveyor, for services rendered in connexion with the Tramway, and the mode of charging these expenses appear to me to be questionable.

The payment to the County Surveyor is charged to the County at Large, as is also one-half the amount paid to his assistant, the other half being charged on the Barony of Lower Talbotstown. These payments are represented as having been made pursuant to Clause 4 of the Schedule to the Order in Council of the 5th July, 1884, but the Order and Schedule are silent as to the party—whether the Grand Jury or the Tramway Company—liable for the payment, and in the absence of any direction to the contrary it appears to me that the liability rested on the Company.

Assuming, however, that that is not the case, and that the amount was properly payable by the Grand Jury and chargeable to the cesspayers, why the County at Large is to be charged with nearly two-thirds of the amount, and the interested and guaranteeing Barony—the Barony of Lower Talbotstown (or a portion of it)—with little more than one-third, is not apparent.

An account of Mr. M'Phail's, amounting to £224 2s., for printing in connection with the Parliamentary Voters' Acts, was presented for and paid, without having been duly certified by the proper officer; and although I learnt from the Secretary of the Grand Jury that the Clerk of the Peace stated verbally to the Grand Jury that the account was correct, such verbal representation cannot be deemed sufficient. The Clerk of the Peace should have certified the accuracy of the account in writing at foot thereof, previous to the amount being presented for.

I have the honour to be,

Your obedient servant,

GEORGE W. FINLAY.

PUBLIC ANALYST'S REPORT.

TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report, for your information, that I have made the following analyses during the half-year ended on the 31st December, 1888:—

July 2.—A specimen of water from Coollattin was analysed for Mr. F. Brooke, and was favourably reported upon.

7th July.—Four samples of whiskey were received from Sergeant Hughes, R.I.C., Bray. Two of them were found to be adulterated.

9th July.—Four specimens of milk were received from Sergeant Hughes, Bray. One of them was adulterated, and another was of doubtful composition as regards purity.

July 10th.—The water used in the Police Barracks, Wicklow, was examined, and, on the whole, rather unfavourably reported.

21st July.—Two specimens of butter were received from Sergeant John Hughes, Bray, and were found to be pure.

31st July.—On this day I received from Sergeant Hughes a specimen of milk, one of two which he had sent, the other having been spilt in transit. The milk was very poor, but possibly may have been pure.

11th August.—Three specimens of whiskey were received from Sergeant Henry Joyce, Dunlavin. Two of them were adulterated.

6th August.—Two specimens of whiskey were received from Sergeant John Hughes, R.I.C., Bray. They were found to be pure.

28th August.—A specimen of water was analysed for Dr Hamilton, Medical Officer of Health, Enniskerry. It was found to be polluted and unfit for use.

September 20th.—Two specimens of whiskey were received from Sergeant Samuel Moore, R.I.C., Baltinglass. One of them was adulterated.

October 1st.—On this day I received two specimens of whiskey from Sergeant Simon Browne, Wicklow. One of them was adulterated.

16th October.—A specimen labelled "butter" was this day received from Sergeant Browne, Wicklow. On analysis it was found to contain a mere trace of butter, being almost wholly composed of fats foreign to butter. I may here remark that the discrimination of butter fats from the fats of lard, suet, &c., is one of the most delicate operations in analytical chemistry, and requires much time and attention.

November 1st.—A specimen of water from the Police Barracks was found to be exceedingly hard, and in other respects inferior.

November 15th.—Two specimens of water were analysed for the Medical Officer of Health of Baltinglass (Dr. F. V. M'Dowell). One was very impure; the other was not so impure.

22nd November.—Two oil cakes were analysed for Mr. Fletcher Moore, J.P., Manor, Kilbride. One of them contained a large quantity of sand.

December 6th.—A specimen of water was analysed for the Guardians of Baltinglass Union. It was of fairly good composition.

Public Analyst's Report—Continued.

December 11th.—Two specimens of milk were analysed for Sergeant Browne, Wicklow. One of them was adulterated.

19th December.—A specimen of "weed killer" was analysed for Dr. H. P. Truett, J.P., Ashford, and found to be a solution of arsenic in caustic soda.

20th December.—A specimen of milk analysed for Sergeant A. H. O'Reilly, R.I.C., Arklow, was found to be adulterated.

For Naas Union, which is in part situated in the County of Wicklow, the following analyses were made:—

7th July.—Four specimens of tea were analysed with the view of determining which was best for use in the Workhouse.

18th July.—A specimen of water, which was found to be of second-class quality.

12th November.—Three specimens of milk, two of which were adulterated.

28th December.—A sample of milk, of poor quality.

For Rathdown Union, which is also partly within the County of Wicklow, two specimens of water were analysed. One was from Greystones, but I am not aware where the other came from. The Greystones water was tolerably good; the other water was a very hard one, and, on the whole, inferior water.

The total analyses above described was 45.

The following persons were fined for having sold adulterated articles to the Constables acting as Food Inspectors:—

Name.	Address.	Articles Adulterated.	Amount of Fine.		
			£	s.	d.
Michael Harte,	Baltinglass,	Whiskey,	0	1	0
John Brien,	Dunlavin,	Ditto,	0	7	6
Edward Fay,	Ditto,	Ditto,	0	5	0
Anthony Williams,	Ballymoile, Arklow,	Milk,	0	10	0
Daniel Butler,	Bray,	Ditto,	0	5	0
Eliza Sherman,	Ditto,	Whiskey,	0	15	0
Mary Clifton,	Ditto,	Ditto,	0	15	0
Anne Murphy,	Rathnew,	Ditto,	5	0	0
Catherine Hall,	Wicklow,	Milk,	2	0	0
Peter Flood,	Ditto,	Butter,	5	0	0

£14 18 6

There were costs given in all the above cases, and the fines go wholly into the County Treasury.

It is worthy of remark that Michael Harte and Anne Murphy were convicted of the same kind of offence, yet the fine inflicted on the latter was one hundred times greater than that imposed upon the former.

I am,

Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Public Analyst for the County of Wicklow.

COUNTY WICKLOW.

COUNTY SURVEYOR'S REPORT
 TO THE
 GRAND JURY OF THE COUNTY OF WICKLOW,
 Assembled at Spring Assizes, 1889.

Mr. Foreman and Gentlemen of the Grand Jury,

It is not necessary on this occasion to trouble you with a long report, as the county matters under my supervision are, generally speaking, in a satisfactory condition.

The following are the only works in the schedule before you to which it is necessary to draw your particular attention:—

Arklow, No. 7—To build a bridge between the townlands of Ardairry and Sallymount. This work, although doubtless of use to persons living in that locality, is not situated on any county road; but on a trackway over which the public appears to have a right of way. The original county road is now covered with sand hills. Section 56 of the Grand Jury Act appears to preclude such works being presented for if not on "public roads."

Arklow, No. 8, and Newcastle, No. 15—To build a culvert at the bounds of these baronies on the road by Deputy's Pass. In my opinion this should not be passed, as it is not required for the county road; but merely to facilitate the drainage of lands above it.

North Ballinacor, No. 10—To widen, improve and protect the road in Rathdrum. This work has been several times before Sessions, and is necessary.

Newcastle, No. 14—To repair the culvert between Church-street and the wooden bridge in Wicklow is necessary. This culvert is under the public road and its abutments are badly undermined.

The roads and footpaths of this county being in very many places prejudiced by the obstruction and shade of hedges and trees, steps have been taken in many cases to have them cut; but much work in this direction still remains to be done.

Since last Assizes I am pleased to say that it was necessary in only one case to take proceedings against defaulting contractors. This case was that of Abraham Heatley—No. 7 Newcastle barony—in which a decree was given. I have, however, lately noted a few cases of neglect, which will be dealt with in due course.

During the long continued wet season your roads have been fairly maintained, and with a few exceptions are now in very tolerable order.

Mr. Ramsay, the assistant surveyor for the baronies of Arklow and North Ballinacor, resigned his situation last September in order to accept an appointment on the new Manchester waterworks. I appointed in his place Mr Thomas Little, who has had over four years' experience in a similar position in the County Londonderry, which he resigned in order to accept the vacancy here. I feel sure it is unnecessary to make any especial appeal to you to renew Mr. Little's appointment, as the present number of assistants is essential for carrying out the duties necessary for the proper supervision of your roads and works.

I have the honour to be,

Gentlemen,

Your obedient servant,

11th March, 1889.

CARTER DRAPER, M. Inst. C.E.

DUBLIN AND BLESSINGTON STEAM TRAMWAY.

COUNTY SURVEYOR'S REPORT

TO THE

GRAND JURY OF THE COUNTY OF WICKLOW,

Assembled at Spring Assizes, 1889.

Mr. Foreman and Gentlemen of the Grand Jury,

It will be convenient in this report to take up in their order the clauses of the last Grand Jury Committee's report on this matter and inform you how far they have been complied with.

I inspected the line on 9th inst. and found as follows:—

I. CURBING.—The line within the county has been curbed throughout where necessary, with the exception of 35 yards at the Blessington end. The curbing laid since last Assizes is of better description and better laid than that previously put down; but the insecure portions between Blessington and Cross Chapel have not been re-set. Until this is done the water table of the road cannot be properly cleaned up without disturbing the curbstones.

II. LEVEL CROSSINGS.—Five out of the ten level crossings to be lowered are done. The public road level crossing at 11 miles $6\frac{1}{2}$ furlongs is improved, and of the twenty crossings to be timbered fourteen are done.

III. DRAINAGE.—Of the cross drains pointed out by me as necessary ten still remain to be done.

IV. DANGEROUS PLACE.—The place indicated has been much improved in accordance with a permissive presentment passed at Road Sessions (see Schedule, No. 9 Lower Talbotstown).

V. STONE DEPOTS.—Nine stone depots have been constructed; but only eight are available as the Company does not yet appear to be in possession of the land on which the depot at the Slate Quarries road is made. At this depot a foundation has been laid for a wall as if to retake the land, also part of the back wall has been knocked down. The road contractor was prevented by the owner from filling this depot.

The fencing round these depots is of very inferior description and will need frequent repairs. Proper timbered crossings have not yet been made to those depots which are alongside the tramway. There should be two to each.

VI. SIDE OF ROAD TO BE RENEWED.—Only a very short piece has been done. It is essential that those places I have pointed out should be properly formed and metalled.

VII. MOVING THE LINE.—This has been done to a sufficient extent.

In addition to the above, the following works have been done:—The line has been extended through Blessington street for 85 yards from its authorized termination. This extension is a considerable public convenience, as it brings the line opposite the Post-office. The company obtained a permissive presentment for this extension at the Road Sessions (see Schedule, No. 10 Lower Talbotstown).

County Surveyor's Report—Continued.

An additional siding has been laid into the station ground at Blessington and a water tank erected.

The two sets of points in Blessington street should be boarded over, as I consider them dangerous in their present state, and the company should keep the space between the rails through Blessington in better condition, as this part of the road is badly furrowed from the engines blowing off through the cylinder cocks.

A short siding has been put in at the Lamb, and the rails at the sharp curves have been tied together in accordance with General Hutchinson's requirements. The line was opened for traffic on 1st August last.

Two members of your standing committee, Colonels Saunders and Tighe, went over the line on the 19th November last.

I have the honour to be,

Gentlemen,

Your obedient servant,

REPORT OF THE COMMITTEE OF THE GRAND JURY ON THE
COUNTY SURVEYOR'S AND TRAMWAY REPORTS—EXISTING
CONTRACTS,—AND HIGH CONSTABLES' ACCOUNTS.

Committee—Robert Pratt Saunders, Thomas Acton, and Sir H. Cochrane.

The County Surveyor's report as to the County Works, &c., is satisfactory, and we beg to recommend a renewal of the appointment of Mr. Thomas Little, as temporary assistant surveyor, for another year.

The report on the Steam Tramway is also satisfactory, as it will be seen that, although the Company have not yet fully completed the works and improvements, as directed by the last Grand Jury and agreed to by the Company, the principal part has been fairly carried out; and we suggest that the attention of the Company should be called to the still unfinished portions, as set forth in the County Surveyor's report, with a view to their being finished with the least possible delay.

The Existing Contracts have been examined, and the total, amounting in all to £4,951 2s. 2d., appears to be correct.

BARONY CONSTABLES.

The schedule of arrears presented to us by the Barony Constables have been duly sworn to and properly completed, but no other books or documents were produced before us, so we are not in a position to make a full statement as to the accounts; and we beg to suggest that the High Constables be directed that for the future they must attend personally before the Grand Jury at each Assizes with their books and other documents, especially the applotment books and the original schedule of arrears, as presented to the Special Sessions, and that any neglect of this order shall entail a disallowance of their fees.

ROBERT PRATT SAUNDERS.
THOMAS ACTON.

C. G. TOTTENHAM, Foreman.

REPORT OF COMMITTEE OF THE GRAND JURY ON THE COURT-KEEPER'S, CORONERS', AND SUB-SHERIFF'S ACCOUNTS.

Committee—Col. Wm. Kemmis, H. P. Truell, and Robert Hodson, Bart.

- 1.—That the Sub-sheriff's accounts are correct.
- 2.—That the Coroners' accounts are correct, with the exception of a clerical error in those of Mr. Jones, whereby the total is made £29 5s, whereas it should be £29 2s.
- 3.—The Courthouse-keeper's accounts are correct, but some of them entered in a very inconvenient form for checking, which ought to be amended for the future.

In consequence of the smoky state of the Grand Jury room to-day, the Committee recommend that the Court-keeper be charged to be more careful in the future to see that the flues are in proper working order.

They observe that a large charge—£3 6s. 11d.—has been made for stationery, and again £1 9s. 6d., under the head of "miscellaneous," for the Wicklow Court-house, but they have no means of arriving at what these charges should reasonably be.

WILLIAM KEMMIS, Colonel.

REPORT OF COMMITTEE ON INFIRMARY AND FEVER HOSPITAL ACCOUNTS, SOLICITOR'S BILL OF COSTS, AND THE PRINTER'S ACCOUNT.

Committee—W. R. Bulwer, Frank Brooke, and Gordon E. Tombe.

Report of the Committee on the County Infirmary, Wicklow.

We find the accounts correct.

The amounts of subscriptions for the period embraced

in the return are	£ 19	2	0
Presentments	205	0	0
Income	£224	2	0
Expenditure	207	13	8

The number of patients relieved during this period from May 23rd to December 18th, 1888, was 95.

Report of the Committee on the Fever Hospitals.

ARKLOW.—Subscriptions	£24	14	6
Presentments	48	5	0
				<hr/>		
Income	£72	19	6
Expenditure	79	19	4
WICKLOW.—Subscriptions	£18	2	6
Presentments	80	0	0
				<hr/>		
Income	£98	2	6
Expenditure	35	10	4
NEWTOWN-MT.-KENNEDY.—Subscriptions	£45	2	0
Presentments	67	11	0
				<hr/>		
Income	£112	13	0
Expenditure	117	16	2

The accounts are correct. The Committee suggest that in future the Treasurers should make returns of the number of patients in each Fever Hospital, and of the number of days during which they were relieved, for the period embraced by the accounts, as is done by the Treasurer of the County Infirmary.

Report of the Committee on Mr. F. Browne's Bill of Costs.

We find the amount—£15 3s.—correct, and the charges reasonable.

Report of the Committee on Printing Contracts.

Mr. M'Phail's last contract for printing the Register of Voters for County Wicklow is 5s. for each page. Each page to consist of 70 names, irrespective of space, and exclusive of the first and last pages, for each of which he is also to be paid 5s.

The total number of voters on the Register is 10,691 (A).—[See accompanying schedule]; the number of voters on the first and last pages is 1,121 (B and C). Deduct this number from 10,691; there remain 9,570 names on the Register, exclusive of the first and last pages. 9,570 divided by 70, the page by names, gives 137 pages. There are besides 34 first and last pages, the number of polling districts being 17, and each district printed separately.

There are also 19 pages on the Claims List, and 25 on the List of Objections, both reckoned in the same way.

The number of pages, therefore, for which Mr. M'Phail should be paid under his existing contract is—

137	for voters on the Register,
34	„ first and last pages,
19	„ pages of Claims List,
25	„ pages List of Objections; in all
215	pages, at 5s. each=£53 15s. 0d.

Report of Committee—Continued.

Under the previous contract he is entitled to be paid for 84 pages of Supplementary Lists, at 9s. for each page, irrespective of the number of names. This work was done before the 17th July, 1888, and before the new contract was entered into, but was not in time to be included in the presentments at Summer Assizes, 1888. 84 pages at 9s. each=£37 16s.

The total amount for printing the Register of Voters, &c., will then stand as follows:—

84 pages, at 9s., under the old contract ...	£37	16	0
215 „ 5s. „ new „ ...	53	15	0
Total ...	£91	11	0

Your Committee does not recommend the Grand Jury to cancel the existing contract for printing the Register of Voters.

The contract for the ordinary county printing requires no explanation.

I, WILLIAM G. TOOMEY, Clerk of the Crown and Peace for said County of Wicklow, make oath and say that the foregoing is (according to my belief) a correct list of the Undischarged Queries at the Spring Assizes, 1889, for said County.

WILLIAM G. TOOMEY.

Sworn before me this 2nd day of May, 1889.

H. TARPEY, J.P. for City of Dublin.

Delivered to Secretary to Grand Jury, 8th May, 1889.
