COUNTY OF WICKLOW.

SPECIFICATION

OF

WORK TO BE DONE IN THE REPAIR AND MAINTENANCE

for years of perches of Road and Footpath,
between
and

IMMEDIATE REPAIRS, GENERAL DIRECTIONS AND CONDITIONS.

1—Immediately after the ensuing Assizes the surface is to be cleaned, holes and ruts filled with good material, stagnant water drained off, dangerous holes and grips fenced, the road made safe and convenient for traffic within one month, and afterwards repaired as specified from time to time, or continuously, as may be necessary, and maintained constantly in good order during the contract, clean, hard, and even, at all seasons.

2—No notice of inspection will be given but the County Surveyor expects the road to be in good order and repair at any time he or his assistant may visit it.

3—The Grand Jury shall have the power of cancelling the contract at any Assizes should the County Surveyor report that the road has not been kept in a satisfactory manner.

4—The Contractor is to procure a copy of this Specification, and produce it when required by the County Surveyor or his assistant.

5—All the work herein specified is to be executed in a judicious, effective, and workmanlike manner in every particular necessary for the repair, constant maintenance in good order, and improvement of the road, according to the true intent and meaning of this Specification, and to the entire satisfaction of the County Surveyor.

6—In addition to the provisions of this Specification the Contractor is at once to carry into effect any instructions of the County Surveyor or his assistant.

WIDTH OF WORKING WAY.

7—The width of the working way of the road shall be equal to the present width; but in no case less than 13 feet, except where walls, fences or grips interfere. The width to be extended or reduced as the County Surveyor may direct. In towns or villages the metalled surface is to extend to the paved channels, footpaths, fences or buildings, as the case may be, and over all open spaces.

MARGINS AND SIDES.

8—The margins to be formed of sods and clay, at least two feet wide and four inches high over the watertables. These margins to be neatly kept and edged with spade and line (a plough on no account to be used) and the working way defined by parallel lines, straight or regularly curved, according to the course of the road. Contractor to remove any waste margins that may be pointed out.

Where the sides are ravelled or broken, they are to be made up with stones, sods, and clay.

The sides are also to be kept clear of all bushes, brambles, weeds, rubbish, loose stones, turf, manure, &c.

The Contractor is to cut down and remove before seed time all weeds growing on the roadsides and fences.

DRAINAGE.

9—All water-tables, side cuts, pipe holes, outlets, side, back, and catch drains, water courses, &c., to be kept, at all times, clear of mud, grass, weeds, or other obstructions to the free discharge of the water, and new ones made where necessary.

FRENCH DRAINS.

10—Where springs or soft places occur in the road, French Drains shall be made to drain off the water to the nearest outfall.

GULLETS, ETC.

11—Gulleets to be opened up, cleaned out and repaired when required, and the channels through all bridges and gulleets, and for such distances as may be necessary above and below the same, are to be cleared and kept clear.

12—This drainage and the edging above described in No. 8 to be thoroughly done three times a year—before 1st February, 1st April, and 1st October, and at all other times as may be required.

WASTE STUFF.

13—All scrapings and other road stuff to be used for levelling hollows in the sides, filling grips, repairing fences, &c. Any surplus stuff not so required shall become the

property of the contractor, and be removed by him forthwith, as well as any accumulation of mud, &c., that may be on the roadsides at the commencement of the contract. Road stuff on no account to be thrown on the margins.

MAINTENANCE AND IMPROVEMENT OF SURFACE.

14—The roadway and water-tables shall be scraped, swept and cleaned, so as to be at all times free from mud, dust, grass and dirt, especially before spreading stones.

15—The surface of the working way is to have a rounding of one inch per yard of width; but on hills this rounding must be greater. Where the road has not at present this form it must be brought to it by the application of materials, and by picking up and re-forming the surface.

16—The surface is to be made even by picking and levelling ribs, ruts, and inequalities.

All rocks appearing over the surface and stones of more than 2½ inches in any dimension to be picked up and the holes at once carefully filled with fine metalling. All surface damages that may occur to be at once repaired by the Contractor.

APPLICATION OF MATERIALS.

17—Every hollow, worn or weak place, to be covered with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust.

They are to be spread at short intervals alternately on each side of the centre line of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 3 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road. In no case will drills or small patches be allowed.

The patches to be kept raked in and blinded when necessary.

Before spreading the materials the old surface to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

18—Particular care must be taken to have the covering-flags of gulleys and the arch-stones of bridges well covered with metal.

LOOSE AND OVER-SIZED STONES.

19—The surface shall at all times be kept free from loose stones which must be kept picked off by the contractor; also any stones larger than the specified size.

TIME FOR SPREADING

20—One-third of the yearly supply of stones for the road to be spread before the 1st December; two-thirds before 1st February, and all before Spring Assizes in each year.

QUALITY OF MATERIALS.

21—The stones, which are to be quarry stones if obtainable, are to be the hardest and toughest procurable within three miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and be free from clay, sand, or other extraneous matter.

QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.

22—The contractor is to supply annually at least cubic yards a sufficient quantity of broken stones for the proper maintenance of the road. This quantity to be laid down in equal heaps, not less than 18 inches high, dressed for measurement, along the sides of the road, on carefully prepared level floors, before 1st October in each year of the contract. The heaps to be outside the working way.

No road metal to be deposited or broken on roadside until the whole of the metal previously measured has been spread, and until notice in writing has been served by the contractor on the assistant that such is the case.

EXTRA MATERIALS.

23—In addition to the annual quantity as above, such extra materials must be provided and spread as may be required to fulfil the conditions of the contract for constantly keeping the surface in good repair during the whole term of the contract.

FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.

24—The footpaths (if any) whether gravelled, paved, or flagged to be repaired and maintained as follows:—

If curbed with stone, all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled or broken to be re-sodded. Grass on both sides of path to be neatly edged three times a year, and to be cleared away wherever it may grow on path along walls. Clean out and repair all existing outlets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over ¾-inch diameter.

Surface of path to be flush with top of curb and to have a fall of 1½ inch per yard towards the road.

25—All flagged or paved paths and channels to be repaired and kept in repair.

All gratings where broken, disturbed, or removed, to be repaired, re-set or renewed

COUNTY WORKS.

26—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

INJURIES, OBSTRUCTIONS, ENCROACHMENTS, TREES, HEDGES, ETC.

27—All works connected with the road to be preserved in good order, free from damage, encroachment or trespass. The contractor shall not allow the sides to be dug up or interfered with in any way. The contractor shall require the owners, by proper legal means, to prune and lop all injurious or obstructive hedges and trees, and shall proceed summarily against all offenders in accordance with the provisions of the Acts relative to such offences, especially 14 & 15 Vic., cap 92, secs 9 & 10, and 19 & 20 Vic., cap 63, sec 18.

SURPLUS MATERIALS.

28—Any broken stones or gravel found at the termination of the contract along the road shall become the property of the county.

29—The Contractor will be liable to a deduction of 6s for each cubic yard of road metal found deficient from above quantity at the October measurement in each year. The Contractor will also be liable to a deduction from, or a total forfeiture of, as the case may require, the sum payable at any Assizes under the contract, should he fail to comply with the several provisions of this specification; such deductions will be represented to the credit of the Barony.

COUNTY ANALYST.

Conditions under which the County Analyst performs Analyses.

1.—All articles sent to him by the Grand Jury, Boards of Guardians, Towns Commissioners, County Infirmary, County Coroner, and Magistrates sitting at Petty Sessions, to be analysed without any fee.

2.—Persons residing within the county to pay 10s. 6d. for the analysis of any article which it is suspected to be adulterated, the fee to be paid to the County Treasurer.

3.—Persons residing within the county to be entitled to have analysis made at the following reduced scale—about one-fourth of the usual fees—payable to County Analyst:—Analysis of water, oil cakes, and artificial manures, 10s.; analysis of the viscera of sheep, cows, and horses, for the detection of poison, 30s.; dogs' do., £1; analysis of soils, limestones, and ores, from 10s. to £3, according to nature of investigation.

Quantities required for analysis:—8 oz. of bread, flour, butter, whiskey, wine, beer, porter; 4 oz. of buttermilk, confections, cocoa, pepper; 2 oz. of new milk, tea, coffee, pepper, mustard; ½ gallon of water, in clean and, if possible, stopper bottles; ½ lb. of oil cakes and manures. In case of soil and ores analysis, quantities to be sent depend on nature of the investigation and may be ascertained on reference to the Analyst. The bodies of animals suspected to have been poisoned should not be sent; only their viscera.

Articles for analysis should be fully labelled and sent, together with letter of advice, to

SIR CHARLES CAMERON,

Royal College of Surgeons,

Stephen's Green, Dublin.

RESOLUTIONS

OF THE

GRAND JURY OF THE COUNTY WICKLOW.

Resolved—That all certificates for repairing sudden damages be henceforth lodged in the Secretary's Office, at least three clear days before the Assizes, great confusion having arisen from the contrary practice being pursued.

Resolved—That no Presentment will, in future, be made in aid of any Infirmary or Fever Hospital, unless the same shall be accompanied by the account and accurate list of subscribers' names, and the amount severally subscribed by them.

Resolved—That in future there shall be printed in detail, at the beginning of the Schedule, a list of duties to be gone through by the Grand Jury.

DUTIES OF THE FOREMAN.

Printed pursuant to the foregoing order.

- I—Call the names of the gentlemen comprising the Grand Jury.
- II—Receive reports from committees appointed at last Assizes.
- III—Consider Presentments for County at Large.
- IV—Appoint committees to examine:

- A. County Surveyor's report.
- B. Existing Contracts and Discharged Queries.
- C. Infirmary Accounts.
- D. Court-keepers' do.
- E. Coroners' do.
- F. High Constables' returns.
- G. Industrial School accounts
- H. Sub-sheriff's accounts.

V—Open tenders for Assizes.

VI—Malicious Injuries.

VII—Presentments for Barony of Talbotstown Upper.

VIII " " Talbotstown Lower.

IX " " Arklow.

X " " Ballinacor North.

XI " " Ballinacor South.

XII " " Newcastle.

XIII " " Rathdown.

XIV " " Shillelagh.

XV—Correspondence, Reports of Committees appointed at this Assizes.

XVI—Tramways, harbours, and other schemes and guarantees, &c.

Resolved—That the space within the Bar in the Grand Jury Room be strictly reserved for the use of the Grand Jury and the Officers of the County connected with the duties of the Grand Jury, and that all others be kept beyond the Bar, unless specially introduced.

Resolved—That in future, if any subject of complaint should exist, or if any charge is preferred against the County Surveyor, or other County Officer, such complaint or charge shall be made specially in writing on the first day of the Assizes, evidence of the facts shall be afforded in the consideration of the same, and that Notice of the intention to prefer such complaint shall be previously given to the party complained of.

Summer, 1883.

GEORGE HODSON, Bart., Foreman.

Resolved—That we recommend the Coroners to employ the Dispensary Physicians, whenever it may be necessary to call in a medical man, and to pay them a fee of £1 1s. for each attendance.

W. W. F. HUME, M.P., Foreman.

Resolved—That in future, all tenders postponed to the assizes, if not lodged with the Secretary the day before the commencement of the Fiscal Business, will not be entertained by the Grand Jury.

Spring, 1861. GEORGE HODSON, Bart., Foreman.

Resolved—That in future the several High-Constables shall be required to furnish the amounts of their respective insolvencies every two years, pursuant to 6 & 7 Wm. iv., cap. 116, sec. 149.

Summer, 1863. W. W. F. HUME, Foreman.

Resolved—That the County Printer shall be required to have the "Schedule of Applications," previous to each Assizes, printed and ready for distribution, within fourteen days from the day on which the copy of same is given to him by the Secretary; and that he shall have the "Abstract of Presentments," after each Assizes, printed within twenty-one days after he receives the materials for same from the County Treasurer.

Summer, 1864. W. W. FITZWILLIAM DICK, Foreman.

Resolved—That with the view of supplying better information for the future to the Justices and associated Cesspayers, as to the matters that are to come before them at Presenting Sessions in each Barony, the Secretary is instructed to have printed and circulated to such, a notice of all Presentments which are to be discussed at such Sessions, so far as it is practicable to do so.

Spring, 1866. GEORGE HODSON, Bart., Foreman.

Resolved—That in future any party who, having duly entered into a Contract, shall sell, transfer, or dispose of it to another, such contract shall upon proof thereof be declared "null and void" by the Grand Jury, and the money levied for it shall be re-presented to the credit of the County or Barony, where the fraud has been committed.

Spring, 1870. GEORGE HODSON, Bart., Foreman.

RESOLVED—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.

Summer, 1881. GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

Spring, 1882. GEORGE HODSON, Bart., Foreman.

The following fees are authorised (and none other) for documents relating to works, roads, &c., and filling the same if required to do so by the Contractor:—

Application for New Work	0s. 6d.
For filling same if required to do so	0s. 6d.
Form of Tender (according to Act of Parliament)	0s. 6d.
For filling same if required to do so	0s. 6d.
For Bond filled and prepared (Act of Parliament)	1s. 0d.
Application for Payment	1s. 0d.
Car hire to Clerk going round distant Baronies from persons making applications for New Works, or for payment, or for both at same time	0s. 6d.

Spring Assizes, 1882. GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view to avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted from the Abstract.

Spring, 1883. GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts.

Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

Spring, 1884. GEORGE HODSON, Bart., Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes:—Thomas Acton, Charles W. Barton, David Mahony, W. F. Littledale.

Resolved—That the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions. All such applications, with the certificates of the County Surveyor, to be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes. And further the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

Spring, 1885.

C. G. TOTTENHAM, Foreman.

Resolved—That the coroners' accounts be now received and sent to the sub-committee, but that the coroners shall now take notice that if their accounts are not in future sent to the Secretary ten clear days before the Assizes, he is not to receive them.

Summer, 1885.

Resolved—That the attention of the Barony Cess Collectors be called to the necessity of giving in to the Treasurer's Office, at least two days before the first day of every Assizes, the amount of the assessments collected by them, as required by their warrants, and by 4 Geo. IV., cap. 33, sec. 7, as their fees will not in future be allowed till this be complied with.

Resolved—That the Court-keeper be instructed in future to see that the Grand Jury are properly supplied with blotting and writing paper for their use on each day they sit, whether for fiscal or criminal business.

Resolved—That it be a direction of this Grand Jury to their Secretary that he shall in future keep a record of all resolutions passed in a minute book, and that the Foreman sign such minutes.

Spring, 1887.

C. G. TOTTENHAM, Foreman.

Resolved—That the County Presentment Sessions should require that the accounts of the County Infirmary and the several Fever Hospitals be audited by a competent person.

Spring, 1888.

C. G. TOTTENHAM, Foreman.

Resolved—That a committee of the Grand Jury, consisting of Colonel R. Pratt Saunders, Lieut.-Colonel Tighe, and W. R. Bulwer be appointed, who, in case of any difference between County Surveyor and Tramway Company, shall decide as to what may be reasonable requirements in accordance with the report of the committee adopted by the Grand Jury at this Assizes. The Tramway Company undertake to carry out what this committee may direct, and failing their so doing the committee are hereby empowered to direct such legal proceedings to be taken as they may think desirable.

Resolved—That the Harbour Commissioners elected at Presentment Sessions be asked by the Secretary to the Grand Jury to draw up a report of the accounts of the Harbour Board for the information of the Grand Jury at Summer Assizes; that a Committee be appointed to examine it; and their report be printed in the Abstract, so that the Cesspayers of the guaranteeing Baronies may know something of the income and expenditure.

Spring, 1889.

C. G. TOTTENHAM, Foreman.

Resolved—That the Governors of the Richmond District Lunatic Asylum be requested to furnish to the Secretary of this Grand Jury before each Spring Assizes the names of the lunatics charged to this county, with the Petty Sessions District from which they have respectively been committed, and the date of each committal, and the total number of patients in the asylum during the period for which the yearly charge is calculated.

Spring, 1890.

C. G. TOTTENHAM, Foreman.

Resolved—That the accounts of the Blessington Steam Tramway guarantee tax be kept by the Secretary and Barony High Constable as distinct from the ordinary county cess, and that a book showing such account, with all its credits and debits, be laid upon the Grand Jury table on the first day of the Grand Jury meeting in each half-year.

Resolved—That a copy of the resolution as to Lower Talbotstown be sent to the High Constable, and he be ordered to make a separate return from time to time, when and as required by the Secretary, of the amounts collected for the guarantee, and informed that if he neglect to do so his fees will be stopped by the Grand Jury.

Resolved—That in the case of a vacancy occurring amongst the assistant surveyors during Mr Campbell Boyd's tenure of office, we authorize that a temporary assistant be appointed by the County Surveyor until the Assizes following Mr Boyd's retirement, when the matter can again be gone into.

Spring, 1891.

C. G. TOTTENHAM, Foreman.

Resolved—That this Grand Jury consider it advisable that in future the close season for hares in the County of Wicklow extend from March 12th to August 12th in each year, both days exclusive; and that our Secretary be directed to forward a copy of this resolution to his Excellency the Lord Lieutenant.

Summer, 1891.

C. G. TOTTENHAM, Foreman.

Resolutions passed at Spring Assizes, 1892.

Resolved—That the number of Governors of Richmond Lunatic Asylum be increased to the full number that the County Wicklow is entitled to.

Resolved—That this Grand Jury of the County Wicklow, hearing that a new annex to the Richmond Lunatic Asylum is about to be built and that a portion of the cost may come upon this county, protest in the strongest manner against any expense to be incurred for increased accommodation in that asylum being charged against this county, the report of the asylum showing that no further accommodation is required for Wicklow, the number of patients from this county being under the quota allotted to it.

Resolved—That, having regard to the statements now so frequently made that serious damage has taken place affecting the stability of the Wicklow Harbour Works, which were constructed on the guarantee of the adjoining baronies, this Grand Jury request the Board of Public Works to have the harbour examined and reported on by one of their engineers.

C. G. TOTTENHAM, Foreman.

PUBLIC ANALYST'S REPORT.

TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to inform you that I have made the following analyses during the half-year ended on the 31st December, 1891:—

Two specimens of whiskey were analysed for Sergeant S. Moore, R.I.C., Baltinglass. Both proved to be pure.

Two specimens of milk were analysed for Sergeant T. Callan, R.I.C., Wicklow. One like cream; the other was of poor quality.

Four specimens of water were analysed for Rathdrum Union. They were all more or less polluted, and not one of them was suitable for potable purposes.

Four waters were analysed for Colonel Carpendale, Glenberrie, Bray. All proved to be of good quality.

A specimen of water was analysed for the Rev. Mr. Hallows, Arklow. It was largely polluted and unfit for use.

A sample of water examined for Mr. A. J. Reid, Newtown-Mount-Kennedy, was favourably reported on.

A specimen of milk analysed for Mr. J. C. Macraith, Greystones, proved to be below the average quality of pure milk.

For Naas Union, which is in part situated in the County of Wicklow, twelve specimens of water were analysed. None were decidedly bad; some were pure, and a few were second-class waters.

I am,

Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Public Analyst for the County of Wicklow.

COUNTY WICKLOW.
COUNTY SURVEYOR'S REPORT
TO THE
GRAND JURY OF THE COUNTY WICKLOW,
Assembled at Spring Assizes, 1892.

Mr. Foreman and Gentlemen of the Grand Jury,

The applications approved of at last December Baronial Sessions, as set forth in the schedule before you, consist of—

- 25 renewals of road maintenance contracts.
- 6 bridge repairs.
- 2 new footpaths.
- 10 gulleys.
- 3 repairing old roads.
- 6 walls and protection fences.
- 2 permissive presentments.
- 11 miscellaneous works.

Total 65

The road renewals represent in the aggregate a length of 43½ miles.

A comparison of the new with the expiring contracts shows that—

In Arklow barony the average price of 6½ miles of roads is reduced from 1s. 11½d. to 1s. 2¾d. per perch per annum, representing a decrease of £73 2s. per annum on six contracts.

In North Ballinacor the price of the only road contract renewed remains the same—viz., 3½d. per perch per annum.

In South Ballinacor the price of one mile of road is reduced from 4d. to 3d., representing a decrease of £1 5s. 6d. per annum on one contract.

In Newcastle the price of 6¾ miles of road is increased from 6½d. to 6¾d., representing an increase of £5 4s. 10d. per annum on two contracts.

In Rathdown the price of 3 miles of road is increased from 7½d. to 11d., representing an increase of £14 11s. 4d. per annum on two contracts.

In Shillelagh the price of 1½ miles of road is reduced from 7d. to 2½d., representing a decrease of £6 15s. per annum on one contract.

In Upper Talbotstown the price of 11 miles of road is increased from 1s. 8¾d. to 1s. 11¾d., representing an increase of £43 8s. 6d. per annum on six contracts.

In Lower Talbotstown the average price of 12¾ miles of road in six contracts remains the same—viz., 4½d. per perch per annum.

The following are the only applications to which your attention need be called in this report:—

County at Large, No. 103.—To repair the court-houses, £100. I propose to expend this sum in repairs to Arklow Court-house and, if you approve, in cementing the front elevation of the County Court-house, which has a bad appearance from the present broken condition of the old plaster.

Arklow, Nos. 9 and 10.—To enlarge an existing and build a new

gullet on the road from Woodenbridge to Killahurley, together amounting to £45. These are necessary works, as they are required to increase the water way of two gulleys which carry the stream flowing along the side of this road. In the months of October and November last the water broke out at these gulleys and greatly damaged the road.

I wish to call your attention to another matter connected with this road. Some years ago, in order to deposit a large spoil bank of *debris* from a slate quarry close to the road, two culverts were built parallel to it for 82 yards to carry the stream above mentioned, and the spoil bank was tipped over them. The water way through these gulleys has not been maintained. They are now broken down and carry but a small portion of the stream after heavy rains. The water broke out here several times last autumn and winter, damaging the road to a most serious extent for nearly ¾ mile. In addition to this the *debris* from the spoil bank has filled up the bed of the stream below these culverts so that part of the water flows along the road instead of in its own channel. The spoil bank should be partially removed, a proper channel made to carry the stream, the bed cleared up below, and retaining walls built. If this work be not done it seems of little use to continue the county contract for maintaining this road.

The matter was fully gone into at road sessions when an application that the county should carry out this work at the cost of £300 was disallowed.

Arklow, No. 11.—To cut a hill and fill a hollow at Coolahullen, £17. This is a necessary work, as the place proposed to be improved is dangerous.

North Ballinacor, No. 3.—To repair the road between 3 roads on Toghermore and 3 roads on Sraghmore, £78 15s. This road is of some use. It was repaired by the county in 1882.

North Ballinacor, No. 5.—To build a new gullet at Sleamaine, at the northern end of the road No. 2 above referred to, £30. This is to replace an old gullet carried away by the floods in October last. It was not contracted for at adjourned sessions.

North Ballinacor, No. 7.—To build a wall at Mr. Guinness's back gate, on the road from the railway station to the town of Rathdrum, £45. This is to rebuild at the side of the public road an existing wall which is in a dilapidated state.

South Ballinacor, No. 5.—To repair Aughrim bridge, £100. The entire pavement of one arch of this bridge was carried away, one pier almost cut through and other damage done by the floods last autumn. For some time the whole bridge was in a critical state; but it has been secured in a temporary manner by magistrates' order. This bridge had originally four arches to carry the river—three of 20 feet span and one of 15 feet span. The latter has been appropriated to carry the head race of Mr. Fogarty's mill, and I attribute in a great measure to this the damage that has occurred to the bridge.

South Ballinacor, No. 6.—To rebuild a gullet, £30. This is to replace a gullet carried away by floods in October last.

South Ballinacor, No. 8.—To fill and pave grips, £39 12s 6d. This is a useful work. It is in extension of a work previously presented for.

All the special works in Rathdown barony, with one exception, are

necessitated by the recent heavy rainfalls which did considerable damage in this barony.

Shillelagh, No. 3.—To repair an old road, 449 perches long, £100 1s. 8d. Part of this—namely, 269 perches, seems of little use; the remaining 180 perches would be useful.

Upper Talbotstown, No. 10.—Wall at Baltinglass, £100. This is to complete the work for which £100 was presented at last assizes.

Considerable damage was done to some of the county roads, bridges, walls and other works by the heavy rains of last autumn and winter. In ten of the most urgent cases orders were signed by the county magistrates for repairs, and the amount now to be presented under this head is £234 15s.

At the latter end of February, after the sudden thaw, a dangerous breach occurred in the road at Slieveragh bridge, on the road from Rathdangan to Knoekanarrigan, barony of Upper Talbotstown. I am of opinion that you should now present the sum of £25 necessary for its repair under the 38th section of the Grand Jury Act.

Since last assizes it became necessary to take proceedings for breach of contract in the following four cases:—The sureties of the late Bartholomew Fitzsimon, Nos. 3, 19 and 20, Rathdown barony, and Richard Buckley and his sureties, No. 28 same barony. Decrees were granted in each case.

The work of constructing the Bray and Enniskerry Railway, referred to in previous reports, was commenced in April, 1891, and discontinued in December, 1891. Since the latter date considerable inconvenience has occurred. The public have now put up with a narrow, inconvenient and badly-kept temporary road diversion at one place, and at other places along the line the soft clay is continually slipping on to the road, and at times has rendered it almost impassable, while banks of clay, pressing against the wall bounding the county road, have broken and destroyed it in several places. I apprehend grave public inconvenience on general holidays.

As the matter is a serious one, I would suggest that you should appoint a small standing committee of your body to take charge of the matter and obtain legal advice if necessary, as there seems no present prospect of the works being resumed.

I have the honour to be,

Gentlemen,

Your obedient servant,

CARTER DRAPER, M. Inst. C.E.

7th March, 1892.

REPORT OF THE COMMITTEE OF THE GRAND JURY ON THE COUNTY SURVEYOR'S REPORT—EXISTING CONTRACTS—DISCHARGED AND UNDISCHARGED QUERIES—AND WEIGHTS AND MEASURES.

Committee—Colonel Kemmis, David Mahony, Esq., and Major Tottenham.

1. With regard to the County Surveyor's Report, the Committee consider—

As to the repair of the Court-houses of Wicklow and Arklow, that the work should be carried out at an expenditure of about £30 on the former and about £70 on the latter.

They think in future that the County Surveyor should submit to the Grand Jury an account showing the expenditure to "persons employed" previously on the County Court-houses, and that he should also submit to Road Sessions, and subsequently to the Grand Jury, a statement giving as nearly as possible an estimate of the probable cost of works of this character.

With respect to the gullet on the road from Woodenbridge to Killahurler, the road is in a very bad state, due to the obstruction caused by the stream beside it, the gullet having broken down and debris from a spoil bank having slipped down. It would appear that a question has arisen as to whether it is the duty of the County authorities or of the Earl of Carysfort, on whose land the gullet and spoil bank lie, to make the necessary repairs, in order to secure the road. The Committee think that the Solicitor of the Grand Jury should be instructed to take such steps as he thinks right to settle the question legally, and as the matter is urgent, it should be dealt with as early as possible.

As regards Shillelagh, No. 3, the Committee recommend that this presentment should be thrown out, as it would appear that the greater part of the road is little used by the public.

As regards the breach in the road at Slieveragh bridge, the Committee recommend that the sum of £25 should now be presented for its repair.

With respect to the discontinuance of work on the Bray and Enniskerry Railway and the consequent obstruction to the public traffic, the Committee recommend that the Hon. Captain Monck and Mr. J. Otway Johnson be appointed to act as a committee in the matter and to confer with the County Surveyor, as occasion may arise, and if necessary to call in the assistance of the Solicitor to the Grand Jury.

2. Existing Contracts—These appear correct, as amended.

3. Discharged and Undischarged Queries—These appear correct.

4. Weights and Measures—The Committee recommend that the Weights and Measures at Baltinglass be kept in the Court-house there, as there seems to be no suitable accommodation for them in the Police Barrack. The County Surveyor should be directed to make the necessary arrangements for their storage.

WILLIAM KEMMIS, Colonel.

C. R. W. TOTTENHAM.

DAVID MAHONY.

The Grand Jury having received an offer from Lord Carysfort's agent to refer the question of the Killahurler road to the decision of some eminent member of the Bar, to be selected by the parties concerned, recommend the Solicitor to consider if this proposition can be adopted in the interest of the public, and if so, to act upon it.

REPORT OF COMMITTEE OF THE GRAND JURY ON THE
COUNTY INFIRMARY AND FEVER HOSPITALS' ACCOUNTS,
AND THE COUNTY PRINTING AND PARLIAMENTARY
REGISTER.

Committee—Capt. Pennefather, Julius Casement, Esq.; A. Tailyour, Esq.;
and J. Otway Johnson, Esq.

County Infirmary—We have examined the accounts, as submitted to us by the Treasurer, Mr. E. Wynne, and find that they have been audited and certified as correct by Dr. Truell.

We find that the maintenance of the patients averages 2s. 1½d. per diem, and the total cost brings up the expenses to 3s. 8d. per diem, not including the doctor's salary; and including the doctor's salary, 4s. 7½d. per diem. Number of patients, 204; average number of days in hospital, 7½.

This shows an increase of 1s. 2½d. per patient per diem over this time last year, or deducting a charge of fittings and repairs, which the Treasurer states to be exceptional, shows an increase of 1s. 0½d. per patient per diem.

We consider the increase in expenditure unduly large.

A printed report, such as goes to the public, has been laid before us, which does not coincide with the accounts as laid before the Presentment Sessions, and shows a cost per diem per head of 1s. 4½d.

We recommend that the annual report for the public and the accounts for Presentment Sessions be closed to the same date.

We recommend that the presentment be passed.

C. E. PENNEFATHER, Captain.
JULIUS CASEMENT.
J. OTWAY JOHNSON.
A. TAILYOUR.

Report received, but presentment rejected.

C. G. TOTTENHAM.

Wicklow Fever Hospital—We have examined the accounts, as submitted to us by the Treasurer, E. M. Harding, and find that they have been audited and certified by Rev. Henry Rooke.

We find that the number of patients treated to be 8; the number of days in hospital, 243; showing a cost per head of 10s. 9½d.

The balance at foot of the accounts—£7 6s. 8d.—to credit.

We recommend that the presentment be passed.

C. E. PENNEFATHER, Captain.
JULIUS CASEMENT.
J. OTWAY JOHNSON.
A. TAILYOUR.

Adopted,

C. G. TOTTENHAM.

Newtown-Mount-Kennedy Fever Hospital—We have examined the accounts, as submitted to us by the Treasurer, Rev. Henry Irwin, and find that they have been audited and certified by Joseph F. Meade, Esq.

We find that the number of patients treated was 18; the number of days 197; and the cost per head was 17s. 1d. per day, which appears very large.

The balance at foot of the account is stated to be £8 3s. 3d. to debit, but we are of opinion that the subscriptions received for 1891, amounting to £42 4s., should have been brought into this account, which would then show a balance to credit of £34 0s. 9d.

It appears that a note to this effect was made last year.

We recommend that the presentment be passed.

C. E. PENNEFATHER, Captain.
JULIUS CASEMENT.
J. OTWAY JOHNSON.
A. TAILYOUR.
C. G. TOTTENHAM.

Arklow Fever Hospital—We have examined the accounts as submitted to us by Mr. Joseph Henry Long, the Treasurer, and find that they have been audited by Mr John Storey and certified as correct.

We find that there were no patients.

We consider the standing expenses should be reduced.

We consider the salaries of the doctor and matron are, under the circumstances, too high.

We recommend that a presentment be passed for £40.

C. E. PENNEFATHER, Captain.
JULIUS CASEMENT.
J. OTWAY JOHNSON.
A. TAILYOUR.

I dissent from the above, considering the expenditure on a permanent staff, with no patients, is excessive.

C. E. PENNEFATHER, Captain.

Adopted,

C. G. TOTTENHAM.

County Printing and Parliamentary Register.—59 pages Supplemental List, £14 15s.

We find this correct.

C. E. PENNEFATHER, Captain.
JULIUS CASEMENT.
J. OTWAY JOHNSON.
A. TAILYOUR.

Spring Assizes, 1892.

C. G. TOTTENHAM, Foreman.

REPORT OF COMMITTEE ON CORONERS' AND COURT-
KEEPERS' ACCOUNTS AND HIGH CONSTABLES' RETURNS.

Committee—Colonel Saunders, R. R. Drought, Esq., and
Richard J. Hornidge, Esq.

The Coroners' Accounts are correct.

The Court-keepers' Accounts appear to be correct, but we consider the charges for stationery to be excessive, especially in the case of Wicklow and Bray, the former in particular amounting as it does to £1 19s 11½d.

The information supplied by the Barony Constables relative to arrears of County Cess is very defective, and they should be directed for the future to verify each such case themselves so as to be able to give the Grand Jury full explanation with regard to them.

They should also be directed to cause the attention of the Revising Valuator to be called to any premises which are in such a condition from dilapidation or otherwise as to require revision. There are some cases in which, premises although occupied, the cess is returned irrecoverable, with the remark—*no effects*. In such cases we suggest that the parties liable should be proceeded against, or the warrant placed for execution in the hands of the constabulary.
