## COUNTY OF WICKLOW.

## SPECIFICATION

OF

## WORK TO BE DONE IN THE REPAIR AND MAINTENANCE

for \_\_\_\_\_ years of \_\_\_\_\_ perches of Road and Footpath,  
between \_\_\_\_\_  
and \_\_\_\_\_

## IMMEDIATE REPAIRS, GENERAL DIRECTIONS AND CONDITIONS.

1—Immediately after the ensuing Assizes the surface is to be cleaned, holes and ruts filled with good material, stagnant water drained off, dangerous holes and grips fenced, the road made safe and convenient for traffic within one month, and afterwards repaired as specified from time to time, or continuously, as may be necessary, and maintained constantly in good order during the contract, clean, hard, and even, at all seasons.

2—No notice of inspection will be given but the County Surveyor expects the road to be in good order and repair at any time he or his assistant may visit it.

3—The Grand Jury shall have the power of cancelling the contract at any Assizes should the County Surveyor report that the road has not been kept in a satisfactory manner.

4—The Contractor is to procure a copy of this Specification, and produce it when required by the County Surveyor or his assistant.

5—All the work herein specified is to be executed in a judicious, effective, and workmanlike manner in every particular necessary for the repair, constant maintenance in good order, and improvement of the road, according to the true intent and meaning of this Specification, and to the entire satisfaction of the County Surveyor.

6—In addition to the provisions of this Specification the Contractor is at once to carry into effect any instructions of the County Surveyor or his assistant.

## WIDTH OF WORKING WAY.

7—The width of the working way of the road shall be equal to the present width; but in no case less than 13 feet, except where walls, fences or grips interfere. The width to be extended or reduced as the County Surveyor may direct. In towns or villages the metalled surface is to extend to the paved channels, footpaths, fences or buildings, as the case may be, and over all open spaces.

## MARGINS AND SIDES.

8—The margins to be formed of sods and clay, at least two feet wide and four inches high over the watertables. These margins to be neatly kept and edged with spade and line (a plough on no account to be used) and the working way defined by parallel lines, straight or regularly curved, according to the course of the road. Contractor to remove any waste margins that may be pointed out.

Where the sides are ravelled or broken, they are to be made up with stones, sods, and clay.

The sides are also to be kept clear of all bushes, brambles, weeds, rubbish, loose stones, turf, manure, &c.

The Contractor is to cut down and remove before seed time all weeds growing on the roadsides and fences.

## DRAINAGE.

9—All water-tables, side cuts, pipe holes, outlets, side, back, and catch drains, water courses, &c., to be kept, at all times, clear of mud, grass, weeds, or other obstructions to the free discharge of the water, and new ones made where necessary.

## FRENCH DRAINS.

10—Where springs or soft places occur in the road, French Drains shall be made to drain off the water to the nearest outfall.

## GULLETS, ETC.

11—Gullets to be opened up, cleaned out and repaired when required, and the channels through all bridges and gullets, and for such distances as may be necessary above and below the same, are to be cleared and kept clear.

12—This drainage and the edging above described in No. 8 to be thoroughly done three times a year—before 1st February, 1st April, and 1st October, and at all other times as may be required.

## WASTE STUFF.

13—All scrapings and other road stuff to be used for levelling hollows in the sides, filling grips, repairing fences, &c. Any surplus stuff not so required shall become the

property of the contractor, and be removed by him forthwith, as well as any accumulation of mud, &c., that may be on the roadsides at the commencement of the contract. Road stuff on no account to be thrown on the margins.

MAINTENANCE AND IMPROVEMENT OF SURFACE.

14—The roadway and water-tables shall be scraped, swept and cleaned, so as to be at all times free from mud, dust, grass and dirt, especially before spreading stones.

15—The surface of the working way is to have a rounding of one inch per yard of width; but on hills this rounding must be greater. Where the road has not at present this form it must be brought to it by the application of materials, and by picking up and re-forming the surface.

16—The surface is to be made even by picking and levelling ribs, ruts, and inequalities.

All rocks appearing over the surface and stones of more than 2½ inches in any dimension to be picked up and the holes at once carefully filled with fine metalling. All surface damages that may occur to be at once repaired by the Contractor.

APPLICATION OF MATERIALS.

17—Every hollow, worn or weak place, to be covered with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust.

They are to be spread at short intervals alternately on each side of the centre line of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 3 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road. In no case will drills or small patches be allowed.

The patches to be kept raked in and blinded when necessary.

Before spreading the materials the old surface to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

18—Particular care must be taken to have the covering-slugs of gulleys and the arch-stones of bridges well covered with metal.

LOOSE AND OVER-SIZED STONES.

19—The surface shall at all times be kept free from loose stones which must be kept picked off by the contractor; also any stones larger than the specified size.

TIME FOR SPREADING.

20—One-third of the yearly supply of stones for the road to be spread before the 1st December; two-thirds before 1st February, and all before Spring Assizes in each year.

QUALITY OF MATERIALS.

21—The stones, which are to be quarry stones if obtainable, are to be the hardest and toughest procurable within three miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and be free from clay, sand, or other extraneous matter.

QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.

22—The contractor is to supply annually at least cubic yards a sufficient quantity of broken stones for the proper maintenance of the road. This quantity to be laid down in equal heaps, not less than 18 inches high, dressed for measurement, along the sides of the road, on carefully prepared level floors, before 1st October in each year of the contract. The heaps to be outside the working way.

No road metal to be deposited or broken on roadside until the whole of the metal previously measured has been spread, and until notice in writing has been served by the contractor on the assistant that such is the case.

EXTRA MATERIALS.

23—In addition to the annual quantity as above, such extra materials must be provided and spread as may be required to fulfil the conditions of the contract for constantly keeping the surface in good repair during the whole term of the contract.

FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.

24—The footpaths (if any) whether gravelled, paved, or flagged to be repaired and maintained as follows:—

If curbed with stone, all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled or broken to be resodded. Grass on both sides of path to be neatly edged three times a year, and to be cleared away wherever it may grow on path along walls. Clean out and repair all existing outlets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over ¾-inch diameter.

Surface of path to be flush with top of curb and to have a fall of 1½ inch per yard towards the road.

25—All flagged or paved paths and channels to be repaired and kept in repair. All gratings where broken, disturbed, or removed, to be repaired, re-set or renewed

COUNTY WORKS.

26—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

INJURIES, OBSTRUCTIONS, ENCROACHMENTS, TREES, HEDGES, ETC.

27—All works connected with the road to be preserved in good order, free from damage, encroachment or trespass. The contractor shall not allow the sides to be dug up or interfered with in any way. The contractor shall require the owners, by proper legal means, to prune and lop all injurious or obstructive hedges and trees, and shall proceed summarily against all offenders in accordance with the provisions of the Acts relative to such offences, especially 14 & 15 Vic., cap 92, secs 9 & 10, and 19 & 20 Vic., cap 63, sec 18.

SURPLUS MATERIALS.

28—Any broken stones or gravel found at the termination of the contract along the road shall become the property of the county.

29—The Contractor will be liable to a deduction of 6s for each cubic yard of road metal found deficient from above quantity at the October measurement in each year. The Contractor will also be liable to a deduction from, or a total forfeiture of, as the case may require, the sum payable at any Assizes under the contract, should he fail to comply with the several provisions of this specification; such deductions will be represented to the credit of the Barony.

## COUNTY ANALYST.

### Conditions under which the County Analyst performs Analyses.

1.—All articles sent to him by the Grand Jury, Boards of Guardians, Towns Commissioners, County Infirmary, County Coroner, and Magistrates sitting at Petty Sessions, to be analysed without any fee.

2.—Persons residing within the county to pay 10s. 6d. for the analysis of any article which it is suspected to be adulterated, the fee to be paid to the County Treasurer.

3.—Persons residing within the county to be entitled to have analysis made at the following reduced scale—about one-fourth of the usual fees—payable to County Analyst:—Analysis of water, oil cakes, and artificial manures, 10s.; analysis of the viscera of sheep, cows, and horses, for the detection of poison, 30s.; dogs' do., £1; analysis of soils, limestones, and ores, from 10s. to £3, according to nature of investigation.

Quantities required for analysis:—8 oz. of bread, flour, butter, whiskey, wine, beer, porter; 4 oz. of buttermilk, confections, cocoa, pepper; 2 oz. of new milk, tea, coffee, pepper, mustard; ½ gallon of water, in clean and, if possible, stopper bottles; ½ lb. of oil cakes and manures. In case of soil and ores analysis, quantities to be sent depend on nature of the investigation and may be ascertained on reference to the Analyst. The bodies of animals suspected to have been poisoned should not be sent; only their viscera.

Articles for analysis should be fully labelled and sent, together with letter of advice, to

SIR CHARLES CAMERON,  
Royal College of Surgeons,  
Stephen's Green, Dublin.

## RESOLUTIONS

OF THE

## GRAND JURY OF THE COUNTY WICKLOW.

Resolved—That all certificates for repairing sudden damages be henceforth lodged in the Secretary's Office, at least three clear days before the Assizes, great confusion having arisen from the contrary practice being pursued.

Resolved—That no Presentment will, in future, be made in aid of any Infirmary or Fever Hospital, unless the same shall be accompanied by the account and accurate list of subscribers' names, and the amount severally subscribed by them.

Resolved—That in future there shall be printed in detail, at the beginning of the Schedule, a list of duties to be gone through by the Grand Jury.

## DUTIES OF THE FOREMAN.

Printed pursuant to the foregoing order.

- I—Call the names of the gentlemen comprising the Grand Jury.
- II—Receive reports from committees appointed at last Assizes.
- III—Consider Presentments for County at Large.
- IV—Appoint committees to examine:

- A. County Surveyor's report.
- B. Existing Contracts and Discharged Queries.
- C. Infirmary and Hospital Accounts.
- D. Court-keepers' do.
- E. Coroners' do.
- F. High Constables' returns.
- G. Industrial School accounts
- H. Sub-sheriff's accounts.

V—Open tenders for Assizes.

VI—Malicious Injuries.

VII—Presentments for Barony of Talbotstown Upper.

VIII " " Talbotstown Lower.

IX " " Arklow.

X " " Ballinacor North.

XI " " Ballinacor South.

XII " " Newcastle.

XIII " " Rathdown.

XIV " " Shillelagh.

XV—Correspondence, Reports of Committees appointed at this Assizes.

XVI—Tramways, harbours, and other schemes and guarantees, &c.

Resolved—That the space within the Bar in the Grand Jury Room be strictly reserved for the use of the Grand Jury and the Officers of the County connected with the duties of the Grand Jury, and that all others be kept beyond the Bar, unless specially introduced.

Resolved—That in future, if any subject of complaint should exist, or if any charge is preferred against the County Surveyor, or other County Officer, such complaint or charge shall be made specially in writing on the first day of the Assizes, evidence of the facts shall be afforded in the consideration of the same, and that Notice of the intention to prefer such complaint shall be previously given to the party complained of.

Summer, 1883.

GEORGE HODSON, Bart., Foreman.

Resolved—That we recommend the Coroners to employ the Dispensary Physicians, whenever it may be necessary to call in a medical man, and to pay them a fee of £1 1s. for each attendance.

W. W. F. HUME, M.P., Foreman.

Resolved—That in future, all tenders postponed to the assizes, if not lodged with the Secretary the day before the commencement of the Fiscal Business, will not be entertained by the Grand Jury.

Spring, 1861. GEORGE HODSON, Bart., Foreman.

Resolved—That in future the several High-Constables shall be required to furnish the amounts of their respective insolvencies every two years, pursuant to 6 & 7 Wm. iv., cap. 116, sec. 149.

Summer, 1863. W. W. F. HUME, Foreman.

Resolved—That the County Printer shall be required to have the "Schedule of Applications," previous to each Assizes, printed and ready for distribution, within fourteen days from the day on which the copy of same is given to him by the Secretary; and that he shall have the "Abstract of Presentments," after each Assizes, printed within twenty-one days after he receives the materials for same from the County Treasurer.

Summer, 1864. W. W. FITZWILLIAM DICK, Foreman.

Resolved—That with the view of supplying better information for the future to the Justices and associated Cesspayers, as to the matters that are to come before them at Presenting Sessions in each Barony, the Secretary is instructed to have printed and circulated to such, a notice of all Presentments which are to be discussed at such Sessions, so far as it is practicable to do so.

Spring, 1866. GEORGE HODSON, Bart., Foreman.

Resolved—That in future any party who, having duly entered into a Contract, shall sell, transfer, or dispose of it to another, such contract shall upon proof thereof be declared "null and void" by the Grand Jury, and the money levied for it shall be re-presented to the credit of the County or Barony, where the fraud has been committed.

Spring, 1870. GEORGE HODSON, Bart., Foreman.

RESOLVED,—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.

Summer, 1881. GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

Spring, 1882. GEORGE HODSON, Bart., Foreman.

The following fees are authorised (and none other) for documents relating to works, roads, &c., and filling the same if required to do so by the Contractor:—

Application for New Work	... ..	0s. 6d.
For filling same if required to do so	... ..	0s. 6d.
Form of Tender (according to Act of Parliament)	... ..	0s. 6d.
For filling same if required to do so	... ..	0s. 6d.
For Bond filled and prepared (Act of Parliament)	... ..	1s. 0d.
Application for Payment	... ..	1s. 0d.
Car hire to Clerk going round distant Baronies from persons making applications for New Works, or for payment, or for both at same time	... ..	0s. 6d.

Spring Assizes, 1882. GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view to avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted from the Abstract.

Spring, 1883. GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts.

Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

Spring, 1884. GEORGE HODSON, Bart., Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes:—Thomas Acton, David Mahony, W. F. Littledale.

Resolved—That the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions. All such applications, with the certificates of the County Surveyor, to be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes. And further the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

Spring, 1885.

C. G. TOTTENHAM, Foreman.

Resolved—That the coroners' accounts be now received and sent to the sub-committee, but that the coroners shall now take notice that if their accounts are not in future sent to the Secretary ten clear days before the Assizes, he is not to receive them.

Summer, 1885.

Resolved—That the attention of the Barony Cess Collectors be called to the necessity of giving in to the Treasurer's Office, at least two days before the first day of every Assizes, the amount of the assessments collected by them, as required by their warrants, and by 4 Geo. IV., cap. 33, sec. 7, as their fees will not in future be allowed till this be complied with.

Resolved—That the Court-keeper be instructed in future to see that the Grand Jury are properly supplied with blotting and writing paper for their use on each day they sit, whether for fiscal or criminal business.

Resolved—That it be a direction of this Grand Jury to their Secretary that he shall in future keep a record of all resolutions passed in a minute book, and that the Foreman sign such minutes.

Spring, 1887.

C. G. TOTTENHAM, Foreman.

Resolved—That the County Presentment Sessions should require that the accounts of the County Infirmary and the several Fever Hospitals be audited by a competent person.

Spring, 1888.

C. G. TOTTENHAM, Foreman.

Resolved—That a committee of the Grand Jury, consisting of Colonel R. Pratt Saunders, Lieut.-Colonel Tighe, and W. R. Bulwer be appointed, who, in case of any difference between County Surveyor and Tramway Company, shall decide as to what may be reasonable requirements in accordance with the report of the committee adopted by the Grand Jury at this Assizes. The Tramway Company undertake to carry out what this committee may direct, and failing their so doing the committee are hereby empowered to direct such legal proceedings to be taken as they may think desirable.

Resolved—That the Harbour Commissioners elected at Presentment Sessions be asked by the Secretary to the Grand Jury to draw up a report of the accounts of the Harbour Board for the information of the Grand Jury at Summer Assizes; that a Committee be appointed to examine it; and their report be printed in the Abstract, so that the Cesspayers of the guaranteeing Baronies may know something of the income and expenditure.

Spring, 1889.

C. G. TOTTENHAM, Foreman.

Resolved—That the Governors of the Richmond District Lunatic Asylum be requested to furnish to the Secretary of this Grand Jury before each Spring Assizes the names of the lunatics charged to this county, with the Petty Sessions District from which they have respectively been committed, and the date of each committal, and the total number of patients in the asylum during the period for which the yearly charge is calculated.

Spring, 1890.

C. G. TOTTENHAM, Foreman.

Resolved—That the accounts of the Blessington Steam Tramway guarantee tax be kept by the Secretary and Barony High Constable as distinct from the ordinary county cess, and that a book showing such account, with all its credits and debits, be laid upon the Grand Jury table on the first day of the Grand Jury meeting in each half-year.

Resolved—That a copy of the resolution as to Lower Talbotstown be sent to the High Constable, and he be ordered to make a separate return from time to time, when and as required by the Secretary, of the amounts collected for the guarantee, and informed that if he neglect to do so his fees will be stopped by the Grand Jury.

Resolved—That in the case of a vacancy occurring amongst the assistant surveyors during Mr Campbell Boyd's tenure of office, we authorize that a temporary assistant be appointed by the County Surveyor until the Assizes following Mr Boyd's retirement, when the matter can again be gone into.

Spring, 1891.

C. G. TOTTENHAM, Foreman.

Resolved—That this Grand Jury consider it advisable that in future the close season for hares in the County of Wicklow extend from March 12th to August 12th in each year, both days exclusive; and that our Secretary be directed to forward a copy of this resolution to his Excellency the Lord Lieutenant.

Summer, 1891.

C. G. TOTTENHAM, Foreman.

### Resolutions passed at Spring Assizes, 1893.

Resolved—That we, the High Sheriff and Grand Jury of the County Wicklow, assembled at the Spring Assizes, take this opportunity of expressing our unabated devotion and loyalty to the person and throne of her Most Gracious Majesty Queen Victoria, and our unswerving attachment to the Legislative Union now existing between Ireland and Great Britain, and do hereby record it as our solemn conviction that any change tending to weaken such union would be fatal to the prosperity and progress of Ireland, as fraught with the greatest danger to the British Empire. We desire to express our strongest protest against the measure now before the British House of Commons, tending to create a separate Parliament in Dublin. That the Secretary be directed to forward copies of this resolution to the Prime Minister, the Earl of Kimberley, the Marquis of Salisbury, Right Hon. A. J. Balfour, M.P.

Resolved—That the following application be made to his Excellency, the Lord Lieutenant—

It is now proposed to build an annexe to the Richmond Lunatic Asylum, in order that it may be able to accommodate a larger number of patients presenting themselves from the County and City of Dublin. The number of patients going to the Asylum from County Wicklow do not, as a rule in their average number, fill the number of beds for which the county is assessed and pays. It would, therefore, appear unfair that the County Wicklow should be called upon to supply any proportion of the funds needed for new buildings which are necessitated solely by the increased requirements of the County and City of Dublin, and not in any form needed by this county. The Grand Jury of the County Wicklow, therefore, pray his Excellency the Lord Lieutenant to exempt their county from bearing a share of the proposed outlay.

Resolved—That the Secretary of the Grand Jury be directed to pay for the future to all contractors the monies due to them by crossed cheques in the form attached to this resolution, and that such cheques be transmitted by post to the addresses of the several contractors within a week after each assizes. That in order to provide for the cost of receipt and postage stamps, the Grand Jury Secretary be authorised to add to the fee now receivable by him on the signature by the contractor of each "application for payment," twopence, if the sum payable be £2 or upwards, and one penny if it be less than that amount.

C. G. TOTTENHAM, Foreman.

## AUDITOR'S REPORT.

TO THE GRAND JURY OF THE COUNTY WICKLOW.

The Willows, Terenure, 2nd Feb., 1893.

GENTLEMEN,

I have the honour to report that I have audited the Accounts of the Secretary to the Grand Jury, County Wicklow, following last Summer Assizes, and I beg to forward herewith an Abstract thereof, certified and declared in the usual manner.

In my last report I drew attention to the arrears of county cess outstanding, and I now desire to acknowledge the attention bestowed by the committee of the Grand Jury on this matter at last assizes. I am satisfied that the next account will show a marked improvement in this respect as the result of their report.

The High Constables' bonds were submitted for my inspection; they appeared to be in due form and properly executed.

The accounts were rendered for audit in a manner leaving nothing to be desired.

I have the honour to be,

Gentlemen,

Your obedient servant,

JAMES W. DRURY, Auditor.

I certify that this is a true copy.

JAMES FRANCIS MAYNE.

7th February, 1893.

## COUNTY OF WICKLOW—ACCOUNT FOLLOWING SUMMER ASSIZES, 1892.

I, JAMES W. DRURY, being the Auditor appointed to Audit the Account of the Secretary to the Grand Jury of the County of Wicklow, do hereby declare and certify that EDWARD N. WYNNE, Esq., Secretary to the Grand Jury of the said County of Wicklow, hath accounted before me as such Secretary as aforesaid, at foot of an Account declared by me on the 21st day of June last, and that I have charged him with all Sums with which it appeared to me that he was properly chargeable up to the 1st day of Sept., 1892, and that I have discharged him to the Amount of all Payments which he has duly proved that he had theretofore made thereout; and that the Account wherein I have charged and discharged him as aforesaid, is as follows:—

A true copy,  
W. S. B. KAYE, Clerk of the Council.

## TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report for your information that I have made the following analyses during the half-year ended on the 31st Dec., 1892:—

July 5th—Two specimens of whiskey were analysed for Sergeant S. Moore, R.I.C., Baltinglass, and were found to be pure.

July 9th—On this date, two samples of water were received from the Guardians of Rathdrum Union. They proved to be of tolerably good quality.

August 9th—A specimen of water received from Major-General F C Trench, Broomfield, Ashford, was favourably reported upon.

September 6th—The viscera of a dog analysed for Mr M F Beresford, J.P., Shelton Abbey, Arklow, were found to contain strychnine in large quantity.

Sept. 23rd—A water analysed for Dr H F Lawrenson, Medical Officer of Health, Dunlavin, was rather unfavourably reported upon.

Oct. 1st—Three waters were analysed for Mr Arthur M'Clintock, J.P., Blessington; one was soft and very pure; one was moderately hard and pure; the third was hard and not very pure.

Oct. 3rd—A specimen of water was analysed for the Guardians of Rathdrum Union. It was a rather second class.

Nov. 7th—A specimen of water analysed for Dr H F Lawrenson, Medical Officer of Health, Dunlavin, was found to be polluted and unfit for use.

Dec. 1st—Two samples of whiskey sent by Sergeant M Fallon, Rathdrum, proved to be pure.

Dec. 17th—A specimen of water was analysed for Mr M. Maher, Main-street, Arklow. It was found to be hard, but very pure. For Athy Union, which is in part situated within the County of Wicklow, two specimens of water were analysed, and unfavourably reported upon.

A specimen of water was analysed for Rathdown Union, and was taken, I believe, from the County Wicklow part of the Union. It was not quite up to the standard of purity.

I am,

Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Public Analyst for the County of Wicklow.

City Laboratory, 17 Castle Street, Dublin.

March 13th, 1893.

## COUNTY SURVEYOR'S REPORT

TO THE

GRAND JURY OF THE COUNTY WICKLOW,

Assembled at Spring Assizes, 1893.

Mr. Foreman and Gentlemen of the Grand Jury,

The applications in the Schedule before you, as far as they relate to roads and works, which were approved of at last December Sessions consist of—

48 renewals of road maintenance contracts.  
5 repairs and improvements of bridges.  
15 gulleys and drains.  
1 new road.  
5 new bridges.  
2 walls.  
4 permissive presentments.  
3 footpaths.  
1 repair to Court-houses.

Total 84

The following are the only works that need be referred to in this report, as I can supply any necessary information on the others as they come before you. All were very carefully considered at road sessions:—

Arklow, No. 19.—The works referred to in this permissive application are those which were necessary to protect the county road at Clonwilliam Slate Quarry, and for which Lord Carysfort contributed the sum of £300 in accordance with a resolution of the last Grand Jury. The works have been carried out by Mr Michael Byrne of Rathdrum, who deserves great credit for his perseverance in the face of many difficulties, at a cost considerably in excess of the above sum.

Newcastle, No. 5.—To build a wall to protect the pound below the bridge in Newtown-Mount-Kennedy, £16. Although a small matter I was asked by the Chairman at Road Sessions to draw your attention to it in order to ascertain if it be properly a county work.

With regard to the applications to be certified, one is for £105 for a new footpath from Arklow to the cemetery, a useful work. Three are for new bridges—namely, one in the barony of North Ballinacor for £350 to rebuild a bridge that has failed on the Luggala road, a little north of Lough Tay. One is a fresh application for £200 for a bridge on the road from Rathdangan to Ballingule, at the bounds of the baronies of South Ballinacor and Upper Talbotstown (£100 on each barony), where there are at present a paved ford and footbridge. This work was certified at Summer Assizes, 1891; but was disallowed at the next Road Sessions at Baltinglass. One for £100 for a new bridge at Scurlocks on the road from Kilbride to Roundwood, barony of Lower Talbotstown, to replace a double gullet partially destroyed by a flood in October last.

£65 is applied for in the barony of Shillelagh to widen a bridge and build a wall at Cronelea, on the road from Shillelagh to Tullow, which,

together with £48 19s now applied for in No. 9 Shillelagh, will considerably improve that important road at this place.

£416 is asked for a new road in the barony of Upper Talbotstown, which I think will be of but limited utility.

Referring to the encroachment made by the Guardians of Baltinglass Union in Weavers' Square, Baltinglass, mentioned in my last report, the proper requirements are now complied with after the matter had been brought before petty sessions and a penalty imposed.

At Griffinstown, in the barony of Upper Talbotstown, an encroachment was made by Mrs Gaily who neglected to remove it although repeatedly called on to do so. She was summoned to petty sessions and the full penalty and costs imposed. The cause of complaint is now removed.

Heavy timber traffic is passing over several of the county roads. In some cases the contractors are making fair efforts to keep their roads in reasonable order; but in others they are not. In one of the latter cases, Peter Carroll, contractor for the road between three roads at Ballydowling and the bounds of North Ballinacor at Glenwood, allowed part of his road to get into such a bad state as to cause considerable public inconvenience. He and his sureties were summoned to petty sessions and an order was made that the road should be put into proper order within a specified time. The contractor was also directed to pay costs.

In accordance with the instructions of your committee, having charge of the matter of the stoppage of work on the proposed Bray and Enniskerry Railway and the consequent continued grave obstructions and injury to the county road, legal proceedings were taken against this railway company concerning which your committee will report to you.

The chief obstruction is the diversion of the road at Herbert Lodge, on the main thoroughfare from Bray to the Dargle and Enniskerry, one of the most important in your county.

The public have for over a year and seven months had imposed upon them at this place a narrow, inconvenient, and badly-kept road diversion, about 210 yards long, over which vehicles have often to travel at walking pace.

This diversion is quite insufficient for the traffic on this road, at all times considerable and on holidays very great. The wall bounding the road between Dargle Big Tree and Enniskerry, on south side, is also much damaged by the railway works from which the soft clay is continually slipping on the road causing great injury and obstruction.

The Sub-sheriff has informed me that the Lord Chief Baron at last Winter Assizes expressed a wish that some alterations should be made in this Court-house. I have a list of them which I can submit to you.

I have the honour to be, Gentlemen,

Your obedient servant,

CARTER DRAPER, M. Inst. C.E.

13th March, 1893.

## REPORT OF COMMITTEE ON COUNTY INFIRMARY AND FEVER HOSPITALS.

Committee—Captain C. E. Pennefather, Colonel J. S. Tighe, and Alexander Tailyour, Esq.

**County Infirmary**—We have examined the accounts as submitted to us by the late Treasurer, Mr. E. N. Wynne, and find that they have been audited and certified as correct by Dr. Truell, and show a balance in hand of £25 19s on Nov. 23rd, 1892.

We find that the maintenance of the patients, including medicines, averages 1s 1½d per diem, and the total cost brings up the expenses to 1s 9¾d, not including the doctor's salary; and including the doctor's salary, to 2s 1½d per diem. No. of patients, 150; average number of days in hospital, 15½.

We recommend that the presentment for £100 for the half-year be passed.

We recommend that the date of County at Large Presentment Sessions be changed to January, and that all official accounts for County at Large Presentment Sessions be made up to December 31st, the present custom leading to great confusion and inconvenience.

### FEVER HOSPITALS.

**NEWTOWN-MT.-KENNEDY**.—We have examined the accounts as submitted to us by the Treasurer, the Rev. H. Irwin, and find that they have been audited and certified as correct by Mr Joseph F. Meade, J.P., and show a balance in hand of £32 4s. 2d. on the 22nd of Nov., 1892.

The total number of patients is 20; average number of days in hospital, 13.

We recommend that the presentment for £50 for the year be passed.

**WICKLOW**.—We have examined the accounts as submitted to us by the Treasurer, Mr. Edward M. Harding, and find that they have been audited and certified as correct by the Rev. H. Rooke, and show a balance in hand of £8 13s. on the 21st November, 1892.

The total number of patients is 5; average number of days in hospital, 36.

We recommend that the presentment for £79 10s. for the year be passed, but that more economy be exercised in the management in future.

I dissent from above, considering the pay of the doctor excessive considering the number of patients.

C. E. PENNEFATHER, Captain.

**ARKLOW**.—We have examined the accounts as submitted to us by the Treasurer, Mr. Joseph Henry Long, and find that they have been audited and certified as correct by Mr. John Storey, and show a balance in hand of £45 10s. 6d. on the 23rd November, 1892.

The total number of patients is nil.

We recommend that the presentment for £50 for the year be passed.

C. E. PENNEFATHER, Captain.

J. S. TIGHE.

A. TAILYOUR.

Approved,

C. G. TOTTENHAM, Foreman.

REPORT OF COMMITTEE ON HIGH CONSTABLES', CORONERS'  
AND COURT-KEEPERS' ACCOUNTS.

Committee—Julius Casement, Esq., Colonel F S Stoney, and  
Richard J Hornidge, Esq.

We have examined the various accounts showing the County Cess which the Baronial Constables have been unable to collect, and find that in the

Barony of Arklow, a sum of £25 8s 8d (Mr Thomas Douglas), 7s 9½d having been deducted from the sum claimed for Mr J C Ruskell's house, Ballymoney, not being separately rated.

North Ballinacor, £3 16s 4d (Mr Richard Appleby).

Newcastle, £9 (Mr E Storey).

Rathdown, 19 11½d (Mr Francis Buckley).

Upper Talbotstown £1 4s 8d (Mr Richard Fenton).

Lower Talbotstown, £4 6s 10d (Mr William Boothman), having deducted for No. 1,208, 1s 4d already paid

We recommend the above several sums be re-presented on their several baronies, we beg to draw attention to the fact that in the Barony of Lower Talbotstown (Mr Boothman) there is still the large sum of £155 11s 3d uncollected.

Several receipts for County Cess had been given without being properly filled in or not receipted, and in one case an informal notice not issued by the Treasurer had been given in lieu of receipt, we recommend that Baronial Constables' attention be drawn to these irregularities.

We have examined the Coroner's accounts (Mr Jones), from which it appears that he has held 21 inquests since last presentment, and claims £50 1s as his expenses, which we recommend to be paid to him. Mr Byrne did not attend, and we did not go into his accounts.

We have examined the accounts of the Court-keepers for the several courts as follows:—

	£	s.	d.
Wicklow	...	14	0 5
Arklow	...	3	0 11
Baltinglass	...	2	10 10
Tinahely	...	1	5 7

And we recommend that these several sums be paid.

The account for Bray is £3 0s 11d, but we consider that the charge of £1 for sweeping the chimneys during the six months is too much, and consider that 10s be deducted on this head, leaving the sum of £2 10s 11d to be paid to the court-keeper.

JULIUS CASEMENT.  
F. S. STONEY.  
RICHARD J. HORNIDGE.

Wicklow, 20th March, 1893.

C. G. TOTTENHAM, Foreman.

REPORT OF COMMITTEE ON COUNTY SURVEYOR'S REPORT,  
EXISTING CONTRACTS, DISCHARGED AND UNDISCHARGED  
QUERIES.

Committee—Col. Robert Pratt Saunders, Capt. Hon. Henry Monck,  
Col. W. Kemmis.

1—County Surveyor's Report.—As to presentment, Newcastle No. 5, Committee recommend that the presentment should be thrown out until application is made for the repair of the pound in the usual manner through the magistrates at petty sessions.

With regard to cases where heavy timber traffic, not anticipated, has caused serious damage to a road, the contractor affected has his remedy by bringing his case before the Road Sessions.

The committee received and carefully considered the report of the committee on the roadway obstructed by the action or want of action on the part of the Bray and Enniskerry Railway, herewith attached; this matter is most important and urgent, and the committee recommend that the Solicitor to the Grand Jury be directed to apply to the Master of the Rolls, on notice to the other side, for committal for contempt of court, the defendants not having complied with his order. Letter from Secretary Bray Town Commissioners and resolution are attached, showing how urgent the matter is.

2—Existing Contracts.—They seem to be correct, with exception that No 40 Upper Talbotstown is withdrawn, making the total in the barony £664 18s 3d, not £670 11s 1d.

3—The Queries appear correct.

REPORT OF COMMITTEE ON HIGH CONSTABLE'S ACCOUNTS.  
Barony of Lower Talbotstown.

Committee—Capt. Pennefather, Col. Tighe, Julius Casement, Esq.

It appears that £155 11s 3d remains still uncollected. The account is not sworn to. We recommend that the poundage fees be not paid. We recommend that the tramway account be kept by our Secretary as at present.

C. E. PENNEFATHER, Capt.  
J. S. TIGHE.  
JULIUS CASEMENT.

Approved,

## BRAY TOWNSHIP.

44 &amp; 45 Vic., cap. 143, sec. 6.

At a special meeting of Bray Township Commissioners, held in Town-Hall, at 11 a.m., on Monday, the 6th day of March, 1893, in lieu of Presentment Sessions, the following resolution was adopted by a majority of the Commissioners present:—

Resolved—That the application for the laying out, making and opening to the public of the road from a point in the Quinsborough Road, between the Prince of Wales and Goldsmith Terraces, and terminating at a point in the Novara Avenue, at the present gate-entrance to Novara Terrace, being in the parish, townland and township of Bray, barony of Rathdown, and county of Wicklow, and being 412 yards or thereabouts in length, through the same as shewn and coloured pink upon the maps lodged with the Secretary of the Grand Jury of the County of Wicklow, and with the Town Commissioners of Bray, be acceded to, and the said road laid out, made, and opened to the public according to said lodged plan, and in accordance with the 6th section of the Bray Township Act, 1881, and with the several Acts incorporated therewith.

## SPECIFICATION

OF

## WORK TO BE DONE IN THE REPAIR AND MAINTENANCE

for \_\_\_\_\_ years of \_\_\_\_\_ perches of Road and Footpath, if any,  
between \_\_\_\_\_  
and \_\_\_\_\_

## IMMEDIATE REPAIRS, GENERAL DIRECTIONS AND CONDITIONS.

1—Immediately after the ensuing Assizes the surface is to be cleaned, holes and ruts filled with good material, stagnant water drained off, dangerous holes and grips fenced, the road made safe and convenient for traffic within one month, and afterwards repaired as specified from time to time, or continuously, as may be necessary, *and maintained constantly in good order during the contract, clean, hard, and even, at all seasons.*

2—No notice of inspection will be given but the County Surveyor expects the road to be in good order and repair at *any time* he or his assistant may visit it.

3—The Grand Jury shall have the power of cancelling the contract at any Assizes should the County Surveyor report that the road has not been kept in a satisfactory manner.

4—The Contractor is to procure a copy of this Specification, and produce it when required by the County Surveyor or his assistant.

5—All the work herein specified is to be executed in a judicious, effective, and workmanlike manner in every particular necessary for the *repair, constant maintenance in good order, and improvement* of the road, according to the true intent and meaning of this Specification, and to the entire satisfaction of the County Surveyor.

6—In addition to the provisions of this Specification the Contractor is at once to carry into effect any instructions of the County Surveyor or his assistant.

## WIDTH OF WORKING WAY.

7—The width of the working way of the road shall be equal to the present width; but in no case less than 13 feet, except where walls, fences or grips interfere. The width to be extended or reduced as the County Surveyor may direct. In towns or villages the metalled surface is to extend to the paved channels, footpaths, fences or buildings, as the case may be, and over all open spaces.

## MARGINS AND SIDES.

8—The margins to be formed of sods and clay, at least two feet wide and four inches high over the watertables. These margins to be neatly kept and edged with spade and line (a plough on no account to be used) and the working way defined by parallel lines, straight or regularly curved, according to the course of the road. Contractor to remove any waste margins that may be pointed out.

Where the sides are ravelled or broken, they are to be made up with stones, sods, and clay.

The sides are also to be kept clear of all bushes, brambles, weeds, rubbish, loose stones, turf, manure, mud heaps, &c.

The Contractor is to cut down and remove *before seed time* all weeds growing on the roadsides and fences.

## DRAINAGE.

9—All water-tables, side cuts, pipe holes, outlets, side, back, and catch drains, water courses, &c., to be kept, at all times, clear of mud, grass, weeds, or other obstructions to the free discharge of the water, and new ones made where necessary.

## FRENCH DRAINS.

10—Where springs or soft places occur in the road, French Drains shall be made to drain off the water to the nearest outfall.

## GULLETS, ETC.

11—Gullets to be opened up, cleaned out and repaired when required, and the channels through all bridges and gullets, and for such distances as may be necessary above and below the same, are to be cleared and kept clear.

12—This drainage and the edging above described in No. 8 to be thoroughly done three times a year—before 1st February, 1st April, and 1st October, and at all other times as may be required.

## WASTE STUFF.

13—All scrapings, trimmings, and other road stuff to be used for levelling hollows in the sides, filling grips, repairing fences, &c. Any surplus stuff not so required shall

become the property of the contractor, and be removed by him forthwith, as well as any accumulation of mud, &c., that may be on the roadsides at the commencement of the contract. Road stuff on no account to be thrown on the margins.

**MAINTENANCE AND IMPROVEMENT OF SURFACE.**

14—The roadway and water-tables shall be scraped, swept and cleaned, so as to be at all times free from mud, dust, grass, dirt, manure, litter, rubbish, and nuisance of all kinds.

15—The surface of the working way is to have a rounding of one inch per yard of width; but on hills this rounding must be greater. Where the road has not at present this form it must be brought to it by the application of materials, and by picking up and re-forming the surface.

16—The surface is to be made even by cross-picking and levelling ribs, ruts, and inequalities.

All rocks appearing over the surface and stones of more than 2½ inches in any dimension to be picked up and the holes at once carefully filled with fine metalling. All surface damages that may occur to be at once repaired by the Contractor.

**APPLICATION OF MATERIALS.**

17—Every hollow, worn or weak place, to be covered with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust.

They are to be spread at short intervals alternately on each side of the centre line of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 3 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road. In no case will drills or small patches be allowed.

The patches to be kept raked in and blinded when necessary with fine gravel. Before spreading materials the surface is to be thoroughly cleaned, and when required is to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

18—Particular care must be taken to have the covering-flags of gulleys and the arch-stones of bridges well covered with metal.

**LOOSE AND OVER-SIZED STONES.**

19—The surface shall at all times be kept free from loose and rolling stones which must be kept picked off by the contractor; also any stones larger than the specified size.

**TIME FOR SPREADING**

20—One-third of the yearly supply of stones for the road to be spread before the 1st December; two-thirds before 1st February, and all before 1st March in each year.

**QUALITY OF MATERIALS.**

21—The stones, which are to be quarry stones if obtainable, are to be the hardest and toughest procurable within three miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and be free from clay, sand, or other extraneous matter.

**QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.**

22—The contractor is to supply annually at least cubic yards a sufficient quantity of broken stones for the proper maintenance of the road. This quantity to be laid down in equal heaps, not less than 18 inches high, dressed for measurement, along the sides of the road, on carefully prepared level floors, before 1st October in each year of the contract. The heaps to be outside the working way, so as not to interfere with the traffic, and honestly made up.

No road metal to be deposited or broken on roadside until the whole of the metal previously measured has been spread, and until notice in writing has been served by the contractor on the assistant that such is the case.

**EXTRA MATERIALS.**

23—In addition to the annual quantity as above, such extra materials must be provided and spread as may be required to fulfil the conditions of the contract for constantly keeping the surface in good repair during the whole term of the contract.

**FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.**

24—The footpaths (if any), whether gravelled, paved, or flagged to be repaired and maintained as follows:—

If curbed with stone, any misplaced stones to be re-set, and all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled or broken to be re-sodded. Grass on side of path to be neatly edged three times a year, and to be entirely cleared away wherever it may grow on path along walls. Clean out and repair all existing outlets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the

surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over ¾-inch diameter. Surface of path to be kept clean at all times and free from grass, manure, dirt, rubbish, litter, and nuisance of all kinds.

Surface of path to be flush with top of curb and to have a fall of 1½ inch per yard towards the road.

25—All flagged or paved paths and channels to be repaired and kept in repair.

All gratings where broken, disturbed, or removed, to be repaired, re-set or renewed

**COUNTY WORKS.**

26—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

**INJURIES, OBSTRUCTIONS, ENCROACHMENTS, TREES, HEDGES, ETC.**

27—All works connected with the road to be preserved in good order, free from damage, encroachment, trespass, nuisance, or obstruction. The contractor shall not allow the sides to be dug up or interfered with in any way. The contractor shall require the owners, by proper legal means, to prune and lop all injurious or obstructive hedges and trees, and shall proceed summarily against all offenders in accordance with the provisions of the Acts relative to such offences, especially 14 & 15 Vic., cap 92, secs 9 & 10, and 19 & 20 Vic., cap 63, sec 18.

**SURPLUS MATERIALS.**

28—Any broken stones or gravel found at the termination of the contract along the road shall become the property of the county.

29—The Contractor will be liable to a deduction of 6s for each cubic yard of road metal found deficient from above quantity at the October measurement in each year. The Contractor will also be liable to a deduction from, or a total forfeiture of, as the case may require, the sum payable at any Assizes under the contract, should he fail to comply with the several provisions of this specification; such deductions will be represented to the credit of the Barony.

**COUNTY ANALYST.**

**Conditions under which the County Analyst performs Analyses.**

1.—All articles sent to him by the Grand Jury, Boards of Guardians, Towns Commissioners, County Infirmary, County Coroner, and Magistrates sitting at Petty Sessions, to be analysed without any fee.

2.—Persons residing within the county to pay 10s. 6d. for the analysis of any article which it is suspected to be adulterated, the fee to be paid to the County Treasurer.

3.—Persons residing within the county to be entitled to have analysis made at the following reduced scale—about one-fourth of the usual fees—payable to County Analyst:—Analysis of water, oil cakes, and artificial manures, 10s.; analysis of the viscera of sheep, cows, and horses, for the detection of poison, 30s.; dogs' do., £1; analysis of soils, limestones, and ores, from 10s. to £3, according to nature of investigation.

Quantities required for analysis:—8 oz. of bread, flour, butter, whiskey, wine, beer, porter; 4 oz. of buttermilk, confections, cocoa, pepper; 2 oz. of new milk, tea, coffee, pepper, mustard; ½ gallon of water, in clean and, if possible, stopper bottles; ½ lb. of oil cakes and manures. In case of soil and ores analysis, quantities to be sent depend on nature of the investigation and may be ascertained on reference to the Analyst. The bodies of animals suspected to have been poisoned should not be sent; only their viscera.

Articles for analysis should be fully labelled and sent, together with letter of advice, to

SIR CHARLES CAMERON,

Royal College of Surgeons,

Stephen's Green, Dublin.

## RESOLUTIONS

OF THE

## GRAND JURY OF THE COUNTY WICKLOW.

Resolved—That all certificates for repairing sudden damages be henceforth lodged in the Secretary's Office, at least three clear days before the Assizes, great confusion having arisen from the contrary practice being pursued.

Resolved—That no Presentment will, in future, be made in aid of any Infirmary or Fever Hospital, unless the same shall be accompanied by the account and accurate list of subscribers' names, and the amount severally subscribed by them.

Resolved—That in future there shall be printed in detail, at the beginning of the Schedule, a list of duties to be gone through by the Grand Jury.

## DUTIES OF THE FOREMAN.

Printed pursuant to the foregoing order.

- I—Call the names of the gentlemen comprising the Grand Jury.
- II—Receive reports from committees appointed at previous Assizes.
- III—Consider Presentments for County at Large.

- A. County Surveyor's report.
- B. Discharged and Undischarged Queries.
- C. Infirmary and Hospital Accounts.
- D. Court-keepers' do.
- E. Coroners' do.
- F. High Constables' returns.
- G. Industrial School accounts
- H. Sub-sheriff's accounts.

V—Open tenders for Assizes.

VI—Malicious Injuries.

VII—Presentments for Barony of Talbotstown Upper.

VIII " " Talbotstown Lower.

IX " " Arklow.

X " " Ballinacor North.

XI " " Ballinacor South.

XII " " Newcastle.

XIII " " Rathdown.

XIV " " Shillelagh.

XV—Correspondence, Reports of Committees appointed at this Assizes.

XVI—Tramways, harbours, and other schemes and guarantees, &c.

Resolved—That the space within the Bar in the Grand Jury Room be strictly reserved for the use of the Grand Jury and the Officers of the County connected with the duties of the Grand Jury, and that all others be kept beyond the Bar, unless specially introduced.

Resolved—That in future, if any subject of complaint should exist, or if any charge is preferred against the County Surveyor, or other County Officer, such complaint or charge shall be made specially in writing on the first day of the Assizes, evidence of the facts shall be afforded in the consideration of the same, and that Notice of the intention to prefer such complaint shall be previously given to the party complained of.

Summer, 1883.

GEORGE HODSON, Bart., Foreman.

Resolved—That we recommend the Coroners to employ the Dispensary Physicians, whenever it may be necessary to call in a medical man, and to pay them a fee of £1 1s. for each attendance.

W. W. F. HUME, M.P., Foreman.

Resolved—That in future, all tenders postponed to the assizes, if not lodged with the Secretary the day before the commencement of the Fiscal Business, will not be entertained by the Grand Jury.

Spring, 1861. GEORGE HODSON, Bart., Foreman.

Resolved—That in future the several High-Constables shall be required to furnish the amounts of their respective insolvencies every two years, pursuant to 6 & 7 Wm. iv., cap. 116, sec. 149.

Summer, 1863. W. W. F. HUME, Foreman.

Resolved—That the County Printer shall be required to have the "Schedule of Applications," previous to each Assizes, printed and ready for distribution, within fourteen days from the day on which the copy of same is given to him by the Secretary; and that he shall have the "Abstract of Presentments," after each Assizes, printed within twenty-one days after he receives the materials for same from the County Treasurer.

Summer, 1864. W. W. FITZWILLIAM DICK, Foreman.

Resolved—That with the view of supplying better information for the future to the Justices and associated Cesspayers, as to the matters that are to come before them at Presenting Sessions in each Barony, the Secretary is instructed to have printed and circulated to such, a notice of all Presentments which are to be discussed at such Sessions, so far as it is practicable to do so.

Spring, 1866. GEORGE HODSON, Bart., Foreman.

Resolved—That in future any party who, having duly entered into a Contract, shall sell, transfer, or dispose of it to another, such contract shall upon proof thereof be declared "null and void" by the Grand Jury, and the money levied for it shall be re-presented to the credit of the County or Barony, where the fraud has been committed.

Spring, 1870. GEORGE HODSON, Bart., Foreman.

RESOLVED—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.

Summer, 1881. GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

Spring, 1882. GEORGE HODSON, Bart., Foreman.

The following fees are authorised (and none other) for documents relating to works, roads, &c., and filling the same if required to do so by the Contractor:—

Application for New Work	...	...	...	...	Os. 6d.
For filling same if required to do so	...	...	...	...	Os. 6d.
Form of Tender (according to Act of Parliament)	...	...	...	...	Os. 6d.
For filling same if required to do so	...	...	...	...	Os. 6d.
For Bond filled and prepared (Act of Parliament)	...	...	...	...	1s. 0d.
Application for Payment	...	...	...	...	1s. 0d.
Car hire to Clerk going round distant Baronies from persons making applications for New Works, or for payment, or for both at same time	...	...	...	...	Os. 6d.

Spring Assizes, 1882. GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view to avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted from the Abstract.

Spring, 1883. GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts.

Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

Spring, 1884. GEORGE HODSON, Bart., Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes:—Thomas Acton, David Mahony, W. F. Littledale.

Resolved—That the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions. All such applications, with the certificates of the County Surveyor, to be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes. And further the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

Spring, 1885.

C. G. TOTTENHAM, Foreman.

Resolved—That the coroners' accounts be now received and sent to the sub-committee, but that the coroners shall now take notice that if their accounts are not in future sent to the Secretary ten clear days before the Assizes, he is not to receive them.

Summer, 1885.

Resolved—That the attention of the Barony Cess Collectors be called to the necessity of giving in to the Treasurer's Office, at least two days before the first day of every Assizes, the amount of the assessments collected by them, as required by their warrants, and by 4 Geo. IV., cap. 33, sec. 7, as their fees will not in future be allowed till this be complied with.

Resolved—That the Court-keeper be instructed in future to see that the Grand Jury are properly supplied with blotting and writing paper for their use on each day they sit, whether for fiscal or criminal business.

Resolved—That it be a direction of this Grand Jury to their Secretary that he shall in future keep a record of all resolutions passed in a minute book, and that the Foreman sign such minutes.

Spring, 1887.

C. G. TOTTENHAM, Foreman.

Resolved—That the County Presentment Sessions should require that the accounts of the County Infirmary and the several Fever Hospitals be audited by a competent person.

Spring, 1888.

C. G. TOTTENHAM, Foreman.

Resolved—That a committee of the Grand Jury, consisting of Colonel R. Pratt Saunders, Lieut.-Colonel Tighe, and W. R. Bulwer be appointed, who, in case of any difference between County Surveyor and Tramway Company, shall decide as to what may be reasonable requirements in accordance with the report of the committee adopted by the Grand Jury at this Assizes. The Tramway Company undertake to carry out what this committee may direct, and failing their so doing the committee are here by empowered to direct such legal proceedings to be taken as they may think desirable.

Resolved—That the Harbour Commissioners elected at Presentment Sessions be asked by the Secretary to the Grand Jury to draw up a report of the accounts of the Harbour Board for the information of the Grand Jury at Summer Assizes; that a Committee be appointed to examine it; and their report be printed in the Abstract, so that the Cesspayers of the guaranteeing Baronies may know something of the income and expenditure.

Spring, 1889.

C. G. TOTTENHAM, Foreman.

Resolved—That the Governors of the Richmond District Lunatic Asylum be requested to furnish to the Secretary of this Grand Jury before each Spring Assizes the names of the lunatics charged to this county, with the Petty Sessions District from which they have respectively been committed, and the date of each committal, and the total number of patients in the asylum during the period for which the yearly charge is calculated.

Spring, 1890.

C. G. TOTTENHAM, Foreman.

Resolved—That the accounts of the Blessington Steam Tramway guarantee tax be kept by the Secretary and Barony High Constable as distinct from the ordinary county cess, and that a book showing such account, with all its credits and debits, be laid upon the Grand Jury table on the first day of the Grand Jury meeting in each half-year.

Resolved—That a copy of the resolution as to Lower Talbotstown be sent to the High Constable, and he be ordered to make a separate return from time to time, when and as required by the Secretary, of the amounts collected for the guarantee, and informed that if he neglect to do so his fees will be stopped by the Grand Jury.

Resolved—That in the case of a vacancy occurring amongst the assistant surveyors during Mr Campbell Boyd's tenure of office, we authorize that a temporary assistant be appointed by the County Surveyor until the Assizes following Mr Boyd's retirement, when the matter can again be gone into.

Spring, 1891.

C. G. TOTTENHAM, Foreman.

Resolved—That this Grand Jury consider it advisable that in future the close season for hares in the County of Wicklow extend from March 12th to August 12th in each year, both days exclusive; and that our Secretary be directed to forward a copy of this resolution to his Excellency the Lord Lieutenant.

Summer, 1891.

C. G. TOTTENHAM, Foreman.

### Resolution passed at Summer Assizes, 1893.

Resolved—That a letter be sent to the Lord Lieutenant asking what consideration has been given to the resolution forwarded by the Wicklow Grand Jury at the last Spring Assizes, on the subject of the proposed new and additional lunatic asylum, which is not needed for patients from the County Wicklow, and that his Excellency be requested to name a day to receive a deputation on the subject—Deputation to consist of the Foreman, Colonel Saunders, Mr Fletcher Moore, and Colonel Tighe.

C. G. TOTTENHAM, Foreman.

## AUDITOR'S REPORT.

TO THE GRAND JURY OF THE COUNTY WICKLOW.

The Willows, Terenure, 19th June, 1893.

GENTLEMEN,

I have the honour to forward herewith a certified and declared Abstract of the Accounts of the Secretary to the Grand Jury, County Wicklow, following last Spring Assizes, the audit of which I have completed.

As will be seen from the table at foot of the Abstract, the High Constables complied with the requirements of the statute in lodging the full amount of their *last* warrants, with the exception of the Constable for the Barony of Lower Talbotstown, who owed £155 11s 3d in addition to the large sum of £197 9s 6d, which remained due on former warrants. The High Constable did not attend my audit to afford any explanation of this matter, which the Grand Jury considered so important as to render it necessary to stop his poundage. Unless this officer presents a more satisfactory account at next assizes, and lodges, as he is required to do, the full amount of warrant, it will be for the Grand Jury to consider whether it may not be necessary to apply his poundage in discharge of the monies unaccounted for by him, and call on his sureties for the discharge of their obligation under their bond. It would also be advantageous were the Grand Jury to look into the arrears of former warrants remaining due on the other baronies—particularly Arklow and Newcastle—if collectable they should be lodged; if irrecoverable they should be re-presented.

I have the honour to be,  
Gentlemen,

Your obedient servant,

JAMES W. DRURY, Auditor.

I certify that this is a true copy.

PUBLIC ANALYST'S REPORT.

TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,  
 I beg leave to report for your information that I have made the following analyses during the half-year ended on the 30th July, 1893. The articles analysed were received on the dates mentioned:—

February 15th—Two specimens of water were analysed for the guardians of Rathdrum Union. They were not up to the standard of good waters.

February 27th—Five specimens of water were analysed for the Medical Officer of Health of Carnew (Dr Brady). Two were very pure and moderately hard; one was hard and pure; one was not quite so pure, and was rather impure.

April 12th—Six specimens of water were analysed for Wicklow Town Commissioners—three were rather hard and contained much nitric acid; the others were somewhat soft and tolerably good.

May 6th—2 specimens of water were analysed for Rathdrum Board of Guardians; they were very soft, peaty waters—not quite free from objectionable matters.

May 18th—A specimen of water received from the same board was found to be very soft and pure.

May 27th—A specimen of water analysed for Dr H. F. Lawrenson, Medical Officer of Health, Dunlavin, was fairly good.

June 20th—A specimen of milk analysed for Baltinglass Board of Guardians was decidedly below the average quality of pure milk.

June 21st—Four specimens of water were received from the guardians of Rathdrum; all were very soft and good, three of them being remarkably free from organic matter. I believe it is proposed to use one or more of these waters to supply Rathdrum.

June 21st—A specimen of water was received from Dr Brady, Medical Officer of Health, Carnew, and found to be a fairly good one.

For Naas Union, which is partly situated in the County of Wicklow, five specimens of water were analysed; only one of them was a fairly good water.

I am,  
 Gentlemen,  
 Your obedient servant,  
 CHARLES A. CAMERON,  
 Public Analyst for the County of Wicklow.

## COUNTY WICKLOW.

## COUNTY SURVEYOR'S REPORT

TO THE

GRAND JURY OF THE COUNTY WICKLOW,

Assembled at Summer Assizes, 1893.

Mr. Foreman and Gentlemen of the Grand Jury,

The applications in the Schedule before you, as far as they relate to roads and works, which were approved of at the recent Baronial Sessions, consist of—

- 73 renewals of road maintenance contracts.
- 7 repairs and improvements of bridges.
- 1 new bridge.
- 2 new roads.
- 7 repairs and renewals of gulleys.
- 4 walls.
- 1 new footpath.
- 2 permissive presentments.
- 6 miscellaneous works.
- 1 repair to Court-houses.

Total 104

Some of these works were not contracted for at Adjourned Sessions; but will come before you under the provisions of the Act 20th and 21st Vic., cap. 15, sec. 1, to let them by contract, give them in charge to the County Surveyor or reject them as you may consider expedient.

The only works to which I need here refer are the following:—

Arklow No. 76—To make a new footpath from Arklow to the cemetery, £105, a useful work; but not yet contracted for.

Arklow, No 77—The works referred to in this application are necessary in order to complete the works at Clonwilliam Slate Quarry, towards which Lord Carysfort contributed the sum of £300.

Shillelagh, No 49—To widen a bridge at Cronelea, on the road from Shillelagh to Tullow, £65. This was fully discussed by the Justices and ratepayers, and approved of by them at last December and May Sessions.

Upper Talbotstown, No 66—To make 416 perches new road between Kilbreeff and Bushfield. I consider this road will be of but limited utility; but I have prepared a map showing its position with regard to the existing county roads, which will aid you in forming your own opinion on the matter.

The sum asked for is £416, payment to extend over five years.

Lower Talbotstown, No 75—To repair Aghfarrell bridge, at the bounds of the counties of Dublin and Wicklow, £50. Half to be levied off each county.

I have informed the Surveyor of the Dublin district of the urgency of the case, as the bridge is in a very bad way on the Dublin side; but he tells me he cannot get a presentment for the county Dublin moiety until next February. I pointed out to him that he could apply at Petty Sessions for a sudden damage order; but he has declined to do so. This is to be regretted, as the present is a favourable time for doing the necessary work.

Lower Talbotstown, No 77—For a new bridge at Scurlocks, on the road from Kilbride to Roundwood, £100. This is a necessary work to replace a large double gullet partially destroyed by a flood in October last.

With regard to the rebuilding of Boleyhorrigan bridge on the Luggala road, in the barony of North Ballinacor, an application of £350 was approved of at last December Sessions, half to be levied off the County at Large.

On this application coming up again at the last May Baronial Sessions, the application was disallowed with the view of having the whole cost put on the County at Large.

An application having been made in this form at the last County at Large Sessions, it was disallowed. It would have been better, I think, to have adhered to the original proposal—that is, half to be defrayed by the barony and half by the county, which appears equitable.

On page 8 of the Schedule is an application for £288 to improve an old road in the barony of Rathdown, 288 perches, between Killegar and the county of Dublin bounds. It has now merely to be formally certified and must come before you again at next Assizes for consideration before being finally dealt with.

With regard to the legal proceedings in connection with the obstruction and injury to the county road between Bray and Enniskerry, your standing committee have informed me they will report to you, and I can give you any further information on the subject you may desire.

I have the honour to be, Gentlemen,

Your obedient servant,

## DUBLIN AND BLESSINGTON STEAM TRAMWAY.

## COUNTY SURVEYOR'S REPORT

TO THE

GRAND JURY OF THE COUNTY WICKLOW,

Assembled at Summer Assizes, 1893.

Mr. Foreman and Gentlemen of the Grand Jury,

In compliance with the 35th clause of the Dublin and Blessington Steam Tramway Order, 1887, I inspected the line, sidings and other works of this undertaking situated in the county Wicklow, on the 17th inst, and the engines, rolling stock and plant on 14th inst, and found as follows:—

Since my last report some ballasting and weeding have been done, and on the whole I consider the line in somewhat better order than it was a year ago; but a good deal of ballasting, cleaning and packing up is still required, and I cannot report that the line is in as nearly good order as it should be. There is a piece at Hempstown which especially requires attention

I also observed that a great many of the fish plate bolts have worked loose and have not been tightened up. This is an important matter and should be seen to at once.

The rolling stock continues to be well looked after. Three of the

passenger cars have been painted and look very well. It would be good economy to paint and varnish the remainder. Improvements are still being made in the engines, and I believe they are now better than when first delivered to the Company five years ago; but they should be painted, as they have a shabby appearance.

Last October the rolling stock was increased by the delivery to the Company, on the three years' system, of a new eight-wheeled double bogie locomotive weighing over twenty-six tons, to be paid for in six half-yearly instalments of £225 each—in all £1,350. It does not seem to have been largely used except on holidays and busy Sundays since its delivery. I hope as the other engines proved too light that this will not prove too heavy.

The roof of the engine shed at Templeogue, referred to in my last report, has been re-roofed with open or half slating. This small economy was hardly worth consideration. The roof of the engine shed at Blessington, which is of corrugated iron, is now partially destroyed by the action of steam, smoke and hot gases from the engines standing under it. It should also have a slated roof.

I have the honour to be,

Gentlemen,

Your obedient servant,

#### REPORT OF COMMITTEE ON COUNTY INFIRMARY.

Committee—Sir R. A. Hodson, Bart., D.L.; Major C. R. W. Tottenham, and Captain Robert C. Halpin, D.L.

We have examined the accounts and Medical Officer's report of the Wicklow Infirmary, and found them correct, and we recommend that the presentment for £100 be paid.

Signed,

ROBERT HODSON, Bart.

C. R. W. TOTTENHAM.

ROBERT C. HALPIN, D.L.

Approved,

C. G. TOTTENHAM, Foreman.

#### REPORT OF COMMITTEE ON HIGH CONSTABLES' AND CORONERS' ACCOUNTS.

Committee—Captain C. E. Pennefather, Julius Casement, Esq., and Frank Brooke, Esq.

We have examined the various accounts, as laid before us, showing the County Cess which the Baronial Constables have been unable to collect, and by them it appears that the irrecoverable amounts are as follows:

		£	s.	d.
Newcastle—Mr Edward Storey,	up to Summer, '92	92	18	6
	Spring levy '93	8	18	8
Upper Talbotstown—Mr Richard Fenton,	up to Summer, '92	7	12	8
	Spring levy '93	1	17	9
Lower Talbotstown—Mr Wm. Boothman,	up to Summer, '92			
	No accounts shown.			
Rathdown—Mr Francis Buckley,	Spring levy '93	4	0	11
	up to Summer, '92			Nil.
	Spring levy '93	1	1	2
Arklow—Mr Thomas Douglas,	up to Summer, '92	20	8	5
	Spring levy '93	18	18	9
North Ballinacor—Mr Richard Appleby,	up to Summer, '92			Nil.
	Spring levy '93	3	10	9
Shillelagh—Mr Joseph Hopkins,	up to Summer, '92			Nil.
	Spring levy '93			Nil.
South Ballinacor—Mr Abraham Symes,	up to Summer, '92			Nil.
	Spring levy '93	0	17	8

We recommend that the above several sums be re-presented on their several baronies. With reference to account of arrears on former warrants for Lower Talbotstown, referred to by the Auditor as amounting to £197 9s 6d, the Barony High Constable states that £40 18s 10d has been already collected; £15 2s is recoverable, and the balance (£141 8s 8d) is irrecoverable; but he shows no detailed account of the irrecoverable sums.

We have examined Mr Coroner Jones' accounts, from which it appears that he held 14 inquests since last presentment, and claims £27 17s as his expenses, of which the sum of £13 13s is for medical fees, 4s for poor witnesses, and £14 travelling expenses, at 1s per mile. We recommend the above sums to be paid, less 13s overcharge for mileage—making a total of £27 4s.

We have examined Mr Coroner Byrne's accounts for Spring and Summer Assizes, from which it appears that he held 13 inquests since his appointment (December 6, '92), and claims £37 5s 8d, of which the sum of £21 is for medical fees, £5 4s 8d for sundries, which includes a supply of printed forms, and £11 1s travelling expenses. The certificates for the present assizes arrived late. We recommend the above sums to be paid—viz., £37 5s 8d.

REPORT OF COMMITTEE ON COUNTY SURVEYOR'S REPORT,  
EXISTING CONTRACTS, DISCHARGED AND UNDISCHARGED  
QUERIES.

Committee—Col. Robert Pratt Saunders, Capt. Hon. Henry Monck,  
Col. W. Kemmis.

1—County Surveyor's Report.—The urgency of the repair of Aghfarrell bridge should be brought before the Finance Committee, County Dublin district, with a view to half sum required being obtained, the bridge being in a very bad way according to the County Surveyor's report.

It appears that the number of works not contracted for at Adjourned Sessions increase; the Committee suggest that in all applications for works brought before Road Sessions the opinion of the County Surveyor, as the authorised official, should be asked as to the amount required for the due and proper performance of the particular work under all circumstances, and his estimate should be adhered to unless strong reasons are shown for a contrary course.

The Committee have read the report of the Standing Committee on the matter of the Bray and Enniskerry Railway, and having received explanations from Mr Draper and Mr Brown, consider that as between client and solicitor it was, as stated in the committee's report, unfortunate that they were not consulted previous to the order being accepted; and further, that the County Surveyor was not warned to be present at the trial, as some matters might have been more satisfactorily arranged and a certain amount of cost avoided. They recommend that the same Standing Committee, with Sir Robert Hodson, Bart, as additional member, be reappointed.

ABSTRACT OF THE PROCEEDINGS

SPRING ASSIZES, 1891.

AND HEARD BY THE COURT

Judge: THE HON. CHIEF JUSTICE

Grand Jury:

Sworn on 20th March, 1891.

1.—The Grand Jury returned a verdict in favour of the County Surveyor in relation to the road between the town of Wick and the town of Blessington, and in relation to the road between the town of Blessington and the town of Blessington.

County Officers:

The County Surveyor, Mr. J. J. O'Connell, and the County Engineer, Mr. J. J. O'Connell, were present and examined the evidence.

WICKLOW. W. B. MURPHY, CLERK OF THE COUNTY COURT.

SPECIFICATION

OF

WORK TO BE DONE IN THE REPAIR AND MAINTENANCE

for years of perches of Road and Footpath, if any, between and

IMMEDIATE REPAIRS, GENERAL DIRECTIONS AND CONDITIONS.

1—Immediately after the ensuing Assizes the surface is to be cleaned, holes and ruts filled with good material, stagnant water drained off, dangerous holes and grips fenced, the road made safe and convenient for traffic within one month, and afterwards repaired as specified from time to time, or continuously, as may be necessary, and maintained constantly in good order during the contract, clean, hard, and even, at all seasons.

2—No notice of inspection will be given but the County Surveyor expects the road to be in good order and repair at any time he or his assistant may visit it.

3—The Grand Jury shall have the power of cancelling the contract at any Assizes should the County Surveyor report that the road has not been kept in a satisfactory manner.

4—The Contractor is to procure a copy of this Specification, and produce it when required by the County Surveyor or his assistant.

5—All the work herein specified is to be executed in a judicious, effective, and workmanlike manner in every particular necessary for the repair, constant maintenance in good order, and improvement of the road, according to the true intent and meaning of this Specification, and to the entire satisfaction of the County Surveyor.

6—In addition to the provisions of this Specification the Contractor is at once to carry into effect any instructions of the County Surveyor or his assistant.

WIDTH OF WORKING WAY.

7—The width of the working way of the road shall be equal to the present width; but in no case less than 13 feet, except where walls, fences or grips interfere. The width to be extended or reduced as the County Surveyor may direct. In towns or villages the metalled surface is to extend to the paved channels, footpaths, fences or buildings, as the case may be, and over all open spaces.

MARGINS AND SIDES.

8—The margins to be formed of sods and clay, at least two feet wide and four inches high over the watertables. These margins to be neatly kept and edged with spade and line (a plough on no account to be used) and the working way defined by parallel lines, straight or regularly curved, according to the course of the road. Contractor to remove any waste margins that may be pointed out.

Where the sides are ravelled or broken, they are to be made up with stones, sods, and clay.

The sides are also to be kept clear of all bushes, brambles, weeds, rubbish, loose stones, turf, manure, mud heaps, &c.

The Contractor is to cut down and remove before seed time all weeds growing on the roadsides and fences.

DRAINAGE.

9—All water-tables, side cuts, pipe holes, outlets, side, back, and catch drains, water courses, &c., to be kept, at all times, clear of mud, grass, weeds, or other obstructions to the free discharge of the water, and new ones made where necessary.

FRENCH DRAINS.

10—Where springs or soft places occur in the road, French Drains shall be made to drain off the water to the nearest outfall.

GULLETS, ETC.

11—Gullets to be opened up, cleaned out and repaired when required, and the channels through all bridges and gullets, and for such distances as may be necessary above and below the same, are to be cleared and kept clear.

12—This drainage and the edging above described in No. 8 to be thoroughly done three times a year—before 1st February, 1st April, and 1st October, and at all other times as may be required.

WASTE STUFF.

13—All scrapings, trimmings, and other road stuff to be used for levelling hollows in the sides, filling grips, repairing fences, &c. Any surplus stuff not so required shall

become the property of the contractor, and be removed by him forthwith, as well as any accumulation of mud, &c., that may be on the roadsides at the commencement of the contract. Road stuff on no account to be thrown on the margins.

MAINTENANCE AND IMPROVEMENT OF SURFACE.

14—The roadway and water-tables shall be scraped, swept and cleaned, so as to be at all times free from mud, dust, grass, dirt, manure, litter, rubbish, and nuisance of all kinds.

15—The surface of the working way is to have a rounding of one inch per yard of width; but on hills this rounding must be greater. Where the road has not at present this form it must be brought to it by the application of materials, and by picking up and re-forming the surface.

16—The surface is to be made even by cross-picking and levelling ribs, ruts, and inequalities.

All rocks appearing over the surface and stones of more than 2½ inches in any dimension to be picked up and the holes at once carefully filled with fine metalling. All surface damages that may occur to be at once repaired by the Contractor.

APPLICATION OF MATERIALS.

17—Every hollow, worn or weak place, to be covered with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust.

They are to be spread at short intervals alternately on each side of the centre line of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 3 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road. In no case will drills or small patches be allowed.

The patches to be kept raked in and blinded when necessary with fine gravel.

Before spreading materials the surface is to be thoroughly cleaned, and when required is to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

18—Particular care must be taken to have the covering-flags of gulleys and the arch-stones of bridges well covered with metal.

LOOSE AND OVER-SIZED STONES.

19—The surface shall at all times be kept free from loose and rolling stones which must be kept picked off by the contractor; also any stones larger than the specified size.

TIME FOR SPREADING.

20—One-third of the yearly supply of stones for the road to be spread before the 1st December; two-thirds before 1st February, and all before 1st March in each year.

QUALITY OF MATERIALS.

21—The stones, which are to be quarry stones if obtainable, are to be the hardest and toughest procurable within three miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and be free from clay, sand, or other extraneous matter.

QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.

22—The contractor is to supply annually at least cubic yards a sufficient quantity of broken stones for the proper maintenance of the road. This quantity to be laid down in equal heaps, not less than 18 inches high, dressed for measurement, along the sides of the road, on carefully prepared level floors, before 1st October in each year of the contract. The heaps to be outside the working way, so as not to interfere with the traffic, and honestly made up.

No road metal to be deposited or broken on roadside until the whole of the metal previously measured has been spread, and until notice in writing has been served by the contractor on the assistant that such is the case.

EXTRA MATERIALS.

23—In addition to the annual quantity as above, such extra materials must be provided and spread as may be required to fulfil the conditions of the contract for constantly keeping the surface in good repair during the whole term of the contract.

FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.

24—The footpaths (if any) whether gravelled, paved, or flagged to be repaired and maintained as follows:—

If curbed with stone, any misplaced stones to be re-set, and all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled or broken to be re-sodded. Grass on side of path to be neatly edged three times a year, and to be entirely cleared away wherever it may grow on path along walls. Clean out and repair all existing out-lets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the

surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over ¾-inch diameter. Surface of path to be kept clean at all times and free from grass, manure, dirt, rubbish, litter, and nuisance of all kinds.

Surface of path to be flush with top of curb and to have a fall of 1½ inch per yard towards the road.

25—All flagged or paved paths and channels to be repaired and kept in repair.

All gratings where broken, disturbed, or removed, to be repaired, re-set or renewed

COUNTY WORKS.

26—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

INJURIES, OBSTRUCTIONS, ENCROACHMENTS, TREES, HEDGES, ETC.

27—All works connected with the road to be preserved in good order, free from damage, encroachment, trespass, nuisance, or obstruction. The contractor shall not allow the sides to be dug up or interfered with in any way. The contractor shall require the owners, by proper legal means, to prune and lop all injurious or obstructive hedges and trees, and shall proceed summarily against all offenders in accordance with the provisions of the Acts relative to such offences, especially 14 & 15 Vic., cap 92, secs 9 & 10, and 19 & 20 Vic., cap 63, sec 18.

SURPLUS MATERIALS.

28—Any broken stones or gravel found at the termination of the contract along the road shall become the property of the county.

29—The Contractor will be liable to a deduction of 6s for each cubic yard of road metal found deficient from above quantity at the October measurement in each year. The Contractor will also be liable to a deduction from, or a total forfeiture of, as the case may require, the sum payable at any Assizes under the contract, should he fail to comply with the several provisions of this specification; such deductions will be represented to the credit of the Barony.

COUNTY ANALYST.

Conditions under which the County Analyst performs Analyses.

1.—All articles sent to him by the Grand Jury, Boards of Guardians, Towns Commissioners, County Infirmary, County Coroner, and Magistrates sitting at Petty Sessions, to be analysed without any fee.

2.—Persons residing within the county to pay 10s. 6d. for the analysis of any article which it is suspected to be adulterated, the fee to be paid to the County Treasurer.

3.—Persons residing within the county to be entitled to have analysis made at the following reduced scale—about one-fourth of the usual fees—payable to County Analyst:—Analysis of water, oil cakes, and artificial manures, 10s.; analysis of the viscera of sheep, cows, and horses, for the detection of poison, 30s.; dogs' do., £1; analysis of soils, limestones, and ores, from 10s. to £3, according to nature of investigation.

Quantities required for analysis:—8 oz. of bread, flour, butter, whiskey, wine, beer, porter; 4 oz. of buttermilk, confections, cocoa, pepper; 2 oz. of new milk, tea, coffee, pepper, mustard; ½ gallon of water, in clean and, if possible, stopper bottles; ½ lb. of oil cakes and manures. In case of soil and ores analysis, quantities to be sent depend on nature of the investigation and may be ascertained on reference to the Analyst. The bodies of animals suspected to have been poisoned should not be sent; only their viscera.

Articles for analysis should be fully labelled and sent, together with letter of advice, to

SIR CHARLES CAMERON,  
Royal College of Surgeons,  
Stephen's Green, Dublin.

Resolved—That the County Printer shall be required to have the "Schedule of Applications," previous to each Assizes, printed and ready for distribution, within fourteen days from the day on which the copy of same is given to him by the Secretary; and that he shall have the "Abstract of Presentments," after each Assizes, printed within twenty-one days after he receives the materials for same from the County Treasurer.

Summer, 1864. W. W. FITZWILLIAM DICK, Foreman.

Resolved—That with the view of supplying better information for the future to the Justices and associated Cesspayers, as to the matters that are to come before them at Presenting Sessions in each Barony, the Secretary is instructed to have printed and circulated to such, a notice of all Presentments which are to be discussed at such Sessions, so far as it is practicable to do so.

Spring, 1866. GEORGE HODSON, Bart., Foreman.

Resolved—That in future any party who, having duly entered into a Contract, shall sell, transfer, or dispose of it to another, such contract shall upon proof thereof be declared "null and void" by the Grand Jury, and the money levied for it shall be re-presented to the credit of the County or Barony, where the fraud has been committed.

Spring, 1870. GEORGE HODSON, Bart., Foreman.

RESOLVED,—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.

Summer, 1881. GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

Spring, 1882. GEORGE HODSON, Bart., Foreman.

The following fees are authorised (and none other) for documents relating to works, roads, &c., and filling the same if required to do so by the Contractor:—

Application for New Work	... ..	Os. 6d.
For filling same if required to do so	... ..	Os. 6d.
Form of Tender (according to Act of Parliament)	... ..	Os. 6d.
For filling same if required to do so	... ..	Os. 6d.
For Bond filled and prepared (Act of Parliament)	... ..	1s. 0d.
Application for Payment	... ..	1s. 0d.
Car hire to Clerk going round distant Baronies from persons making applications for New Works, or for payment, or for both at same time	... ..	Os. 6d.

Spring Assizes, 1882. GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view to avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted from the Abstract.

Spring, 1883. GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts.

Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

Spring, 1884. GEORGE HODSON Bart, Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes:—Thomas Acton, David Mahony, W. F. Littledale.

Resolved—That the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions. All such applications, with the certificates of the County Surveyor, to be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes. And further the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

Spring, 1885.

C. G. TOTTENHAM, Foreman.

Resolved—That the coroners' accounts be now received and sent to the sub-committee, but that the coroners shall now take notice that if their accounts are not in future sent to the Secretary ten clear days before the Assizes, he is not to receive them,

Summer, 1885,

Resolved—That the attention of the Barony Cess Collectors be called to the necessity of giving in to the Treasurer's Office, at least two days before the first day of every Assizes, the amount of the assessments collected by them, as required by their warrants, and by 4 Geo. IV., cap. 33, sec. 7, as their fees will not in future be allowed till this be complied with.

Resolved—That the Court-keeper be instructed in future to see that the Grand Jury are properly supplied with blotting and writing paper for their use on each day they sit, whether for fiscal or criminal business.

Resolved—That it be a direction of this Grand Jury to their Secretary that he shall in future keep a record of all resolutions passed in a minute book, and that the Foreman sign such minutes.

Spring, 1887.

C. G. TOTTENHAM, Foreman.

Resolved—That the County Presentment Sessions should require that the accounts of the County Infirmary and the several Fever Hospitals be audited by a competent person.

Spring, 1888,

C. G. TOTTENHAM, Foreman.

Resolved—That a committee of the Grand Jury, consisting of Colonel R. Pratt Saunders, Lieut.-Colonel Tighe, and W. R. Bulwer be appointed, who, in case of any difference between County Surveyor and Tramway Company, shall decide as to what may be reasonable requirements in accordance with the report of the committee adopted by the Grand Jury at this Assizes. The Tramway Company undertake to carry out what this committee may direct, and failing their so doing the committee are here by empowered to direct such legal proceedings to be taken as they may think desirable.

Resolved—That the Harbour Commissioners elected at Presentment Sessions be asked by the Secretary to the Grand Jury to draw up a report

of the accounts of the Harbour Board for the information of the Grand Jury at Summer Assizes; that a Committee be appointed to examine it; and their report be printed in the Abstract, so that the Cesspayers of the guaranteeing Baronies may know something of the income and expenditure.  
Spring, 1889.

C. G. TOTTENHAM, Foreman.

Resolved—That the Governors of the Richmond District Lunatic Asylum be requested to furnish to the Secretary of this Grand Jury before each Spring Assizes the names of the lunatics charged to this county, with the Petty Sessions District from which they have respectively been committed, and the date of each committal, and the total number of patients in the asylum during the period for which the yearly charge is calculated.

Spring, 1890.

C. G. TOTTENHAM, Foreman.

Resolved—That the accounts of the Blessington Steam Tramway guarantee tax be kept by the Secretary and Barony High Constable as distinct from the ordinary county cess, and that a book showing such account, with all its credits and debits, be laid upon the Grand Jury table on the first day of the Grand Jury meeting in each half-year.

Resolved—That a copy of the resolution as to Lower Talbotstown be sent to the High Constable, and he be ordered to make a separate return from time to time, when and as required by the Secretary, of the amounts collected for the guarantee, and informed that if he neglect to do so his fees will be stopped by the Grand Jury.

Resolved—That in the case of a vacancy occurring amongst the assistant surveyors during Mr Campbell Boyd's tenure of office, we authorize that a temporary assistant be appointed by the County Surveyor until the Assizes following Mr Boyd's retirement, when the matter can again be gone into.

Spring, 1891.

C. G. TOTTENHAM, Foreman.

Resolved—That this Grand Jury consider it advisable that in future the close season for hares in the County of Wicklow extend from March 12th to August 12th in each year, both days exclusive; and that our Secretary be directed to forward a copy of this resolution to his Excellency the Lord Lieutenant.

Summer, 1891.

C. G. TOTTENHAM, Foreman.

#### Resolutions passed at Spring Assizes, 1894.

Resolved—That a committee be appointed, consisting of Colonel Tottenham, Colonel Tighe, Capt. Hon. H. Monck, Colonel Saunders, and the High Sheriff, to represent the Grand Jury of Wicklow, in the matter of the proposed extension of the Richmond Lunatic Asylum, with power to employ counsel, if they think fit.

Resolved—That a petition be presented to the House of Commons, signed by the Foreman, praying them to reject the Bill, deposited by the Bray and Enniskerry Railway Company.

C. G. TOTTENHAM, Foreman.

The Grand Jury having refused to present for Coroner Byrne's expenses for inquests held since the previous assizes, he not having lodged his abstract and account with the Secretary to the Grand Jury as required by 9 & 10 Vic., cap 37, sec 24, "ten clear days at least before the assembling of the Grand Jury," although lodged ten clear days before their second assembling for Crown business. The Coroner appeared by counsel and traversed the non-presentment. O'Brien, C J, after consultation with Pallas, C B, confirmed the finding of the Grand Jury, ruling that the words of the section quoted were mandatory, and a condition precedent to obtaining a presentment.

## AUDITOR'S REPORT.

## TO THE GRAND JURY OF THE COUNTY WICKLOW.

The Willows, Terenure, 24th January, 1894.

GENTLEMEN,

I have the honour to transmit herewith a duly certified and declared Abstract of the Accounts of the Secretary to the Grand Jury of County Wicklow, following last Summer Assizes.

The accounts were prepared and submitted for audit in the accus-  
tomed most satisfactory manner, and the only matter which appears to  
demand special notice at this time is the still unclosed and unaccounted for  
arrears of county cess in the Barony of Lower Talbotstown.

Small amounts also appear as in arrear in some of the other baronies,  
but I understand these will be dealt with finally at the coming assizes.

In the case of Lower Talbotstown, however, the Grand Jury Com-  
mittee on High Constables' accounts reported at last assizes that, as regards  
the arrears referred to in my last report, amounting to £197 9s 6d, "the  
Barony High Constable states that £40 18s 10d has been already collected,  
£15 2s is irrecoverable, and the balance (£141 8s 8d) is irrecoverable; but  
he shows no detailed account of the irrecoverable sums.

The Secretary informs me that no such account has since been fur-  
nished by Mr William Boothman, the high constable of the barony; he did  
not attend my audit, nor send any explanation of his absence. The Grand  
Jury have ample power to deal with this matter at next assizes. I trust  
they will exercise it.

The surety bonds of the High Constables were submitted for my  
inspection, and appeared to be regularly executed.

I have the honour to be,

Gentlemen,

Your obedient servant,

JAMES W. DRURY, Auditor.

I certify that this is a true copy.

FRANCIS BROPHY.

COUNTY OF WICKLOW—ACCOUNT FOLLOWING SUMMER ASSIZES, 1893.

I, JAMES W. DRURY, being the Auditor appointed to Audit the Account of the Secretary to the Grand Jury of the County of Wicklow, do hereby declare and certify that EDWARD N. WYNN, Esq., Secretary to the Grand Jury of the said County of Wicklow, hath accounted before me as such Secretary as aforesaid, at foot of an Account declared by me on the 19th day of June last, and that I have charged him with all Sums with which it appeared to me that he was properly chargeable up to the 4th day of Sept., 1893, and that I have discharged him to the Amount of all Payments which he has duly proved that he had theretofore made thereat; and that the Account whereas I have charged and discharged him as aforesaid, is as follows:—

PUBLIC ANALYST'S REPORT.

TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report that I have made the following analyses during the half-year ended on the 31st December, 1893. The articles for analyses received as dated:—

July 5—Two specimens of whiskey from Sergeant S Moore, R.I.C., Baltinglass; both pure.

August 14th—Viscera of a horse analysed for Mr Anthony Williams, Kilmannagh, Newtown-Mt.-Kennedy. No poison detected.

August 14th—A specimen of water was analysed for Mr Frank Brooke, J.P., Coolattin. It was favourably reported upon.

August 28th—A specimen of water was analysed for Dr Lawrenson, Medical Officer of Health, Dunlavin. It proved to be of fairly good composition.

Sept. 6th—A specimen of water was analysed for Dr James Raverty, Medical Officer of Health, Rathmichael Dispensary District. It was not a good water, and was unfit for use.

25th Sept.—Two waters were analysed for the Sanitary Authorities of Baltinglass, and were favourably reported on.

30th Sept.—A specimen of water examined for the Countess Fitzwilliam, Coolattin, was very pure.

October 30th—A water was analysed for Dr Toomey, Clerk of the Crown and Peace, Bray. It was found to be of good quality.

November 3rd—A water sent by Dr Moorehead, Bray, was found to be free from organic impurities, but to contain a large quantity of nitric acid.

November 4th—Two specimens of water were analysed for Bray Town Commissioners. They were not up to the standard of the best waters.

November 7th—A water analysed for General Lyons Montgomery, Bray, was not fit for use.

November 7th—The water used in the Cripples' Home, Bray, was examined. The result was not perfectly satisfactory.

November 27th—Seven waters were analysed for the Town Commissioners, Bray. Two of them were largely polluted; one was pure, and the others were rather second-rate waters.

For Naas Union, which is in part situated within the County of Wicklow, a specimen of water was analysed; it was not quite up to the standard of best waters.

Total number of analyses made in the half year, 23; total for 1893, 46.

I am,  
Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Public Analyst for the County of Wicklow.

City Laboratory, 17 Castle Street, Dublin.

## COUNTY WICKLOW.

## COUNTY SURVEYOR'S REPORT

TO THE  
GRAND JURY OF THE COUNTY WICKLOW,

Assembled at Spring Assizes, 1894.

Mr. Foreman and Gentlemen of the Grand Jury,

The applications in the Schedule before you, as far as they relate to roads and works, which were approved of at last December Presentment Sessions, consist of—

- 52 renewals of road maintenance contracts.
- 3 repairs of bridges.
- 1 new road.
- 6 repairs and renewals of gulleets.
- 2 walls.
- 4 new footpaths.
- 4 permissive presentments.
- 4 miscellaneous works.
- 1 repair to Court-houses.

Total 77

Some of these works were not contracted for at Adjourned Sessions; but will come before you under the provisions of the Act 20th and 21st Vic., cap. 15, sec. 1, to let them by contract, give them in charge to the County Surveyor or reject them as you may consider expedient.

The only works to which I need here refer are the following:—

Arklow No. 75—£100 for flagging and curbing footpath in the town of Arklow, of which £50 are to be contributed by the Town Commissioners.

Arklow, No. 76—£37 10s for new footpath in same town. Both these are useful works.

Rathdown, No. 42—To widen and improve 288 perches of old road in the townland of Killegar, £288. This road will be of some use, as it will form a connecting link between two county roads—one in this county and the other in the county Dublin. When it comes before you for consideration I can indicate its position with regard to the existing county roads, and give you any other information regarding it that you may require.

Shillelagh, No. 49.—To make a new footpath from Shillelagh village to Shillelagh workhouse, £39 18s. This is a useful work.

With regard to the rebuilding of Boleyhorrigan bridge at Luggala, on the road leading from Roundwood to Sallygap, in the barony of North Ballinacor, referred to in my last report, and which is in a dilapidated condition, an application for £350 was disallowed at last December Sessions. Since then a further portion of the masonry has fallen.

I would be glad to receive your instructions as to the disposal of the sum of £10 presented at last Assizes for the repair of the pound at Newtown-Mount-Kennedy, which I have been informed is a manor pound.

Since last Assizes it became necessary to take proceedings for breach of contract against Michael Cullen and his sureties, No. 19 Barony of Lower Talbotstown. A decree was granted.

A breach has recently occurred in the retaining and parapet wall of the bridge at the bounds of the townlands of Oldtown and Monatore, on the road from Baltinglass to Ballitore, barony of Upper Talbotstown. It would be desirable that the sum of £31, necessary for its repair, should be now presented under the 38 section of the Grand Jury Act.

I have received a copy of a presentment passed at the recent County Carlow Assizes for £10, a moiety of the estimated cost of the repairs of the bridge, called County Wicklow Bridge, at the bounds of this county and county Carlow, on the road from Carnew to Clonegall. This bridge is urgently in need of repair, and I consider that you should now present a like sum to be levied off the barony of Shillelagh, under the above section of the Grand Jury Act.

Notices have been published that the Commissioners of the Township of Kingstown intend to apply for a Provisional Order for a new water supply for their township, partly from Lough Bray, in the barony of Rathdown. I have examined the plans as lodged and find that in this county one line of pipes is shown from Lough Bray Upper to Kilmalin, and thence to the county Dublin bounds at Glencullen bridge, of which about 5½ miles are along the county roads. Another line of pipes is shown from the county Dublin bounds at the Scalp, through Monastery and Fassaroe, terminating at the bounds of Bray Township, at the junction of Killarney road with Killarney lane, of which about two miles are along the county roads.

Notices have also been published that the Dublin Corporation intend to apply for a Provisional Order for a supplemental water supply from Lough Dan.

I have examined the plans in this case and find that a line of pipes is shown from Lough Dan through Annamoe to the present filter beds of the Roundwood reservoir, of which about 2½ miles are along the county roads. I am also informed that it is intended to divert the county road that runs along the western side of Lough Dan and probably to alter or reconstruct Old bridge over the Avonmore river.

Should the above works or part of them be carried out I consider that the pipes should be laid through the fields and not along the county roads, as when so laid they seriously interfere with them and the numerous bridges, culverts, &c., in connection with them.

It would be well, I think, if you instructed your solicitor to watch these matters so that the county roads and works may be protected as far as possible.

Work was resumed at the embanked bridge approaches on the road from Bray to Enniskerry, at Troy's public-house, on 6th June last and suspended on the 2nd September following.

As I could not approve of the manner in which the works were being carried on, the umpire mentioned in the consent of 2nd June last was called in to decide on the matters in question. I met him at the works on 30th September and submitted my objections. The award was not delivered until 8th November. In this document the umpire in some important matters declines to give any opinion, and in others he decides at variance with the consent order, and that a road, path and fences far inferior to those previously existing should be accepted.

The matter was before the Master of the Rolls on 27th January last, when it was ordered that the works should be resumed forthwith; but practically nothing has been done since 2nd September last, during the whole of which time the public has been forced to submit to a dangerous

and badly-kept roadway.

I have the honour to be, Gentlemen,

Your obedient servant,

10th March, 1894.

CARTER DRAPER, M. Inst. C.E.

P.S.—Since the above was written I again visited the works on 12th inst. and found that the work of carting clay to the Southern approach was resumed on 8th inst., exactly four months after the delivery of the umpire's award, which directs that the works were to be completed before 8th February last.—C. D.

13th March, 1894.

### BRAY AND ENNISKERRY RAILWAY COMPANY.

To the Foreman and Members of the Grand Jury for the County Wicklow.

#### SPRING ASSIZES, 1894.

Your Committee beg to report that since the Summer Assize, 1893, the Railway Company proceeded to complete the bridge and the approaches on the high road at Troy's public-house, between Bray and Enniskerry. The work was carried out, in the opinion of your committee, in a very inefficient manner, and in August, 1893, your County Surveyor, Mr Carter Draper, C.E., declined to certify that the work was being done to his satisfaction, or to sign any further cheques for the payment of the people employed by the Railway Company.

The work was thereupon abandoned, and the Directors called in Mr Mills, C.E., who had been appointed arbitrator, in the consent entered into in July, 1893, by your solicitor, Mr F. Brown, before the Master of the Rolls.

Mr Mills' award was, after a very long period, about the month of December, laid before us, and in the meantime no work whatever was done by the Railway Company.

On the 8th January, 1894, the Directors gave notice of a motion before the Master of the Rolls, seeking for his directions, and that the costs of Mr Mills' award—upwards of £26—should be paid by you.

Various affidavits were filed on your behalf by your committee and some of the residents about Enniskerry, and the case was heard by the Master of the Rolls, on the 27th January, when an order was made that the costs of Mr Mills' award were to be defrayed by the Grand Jury, and that the Railway Company were to complete the works forthwith.

Since then very little work of any kind has been done by the Railway Company until the beginning of this month, and they are now commencing to widen the roadway at the bridge, but a considerable portion of the road and the fences remains in a most unsatisfactory state.

The Railway Company are bringing forward a new bill in this Session of Parliament, to obtain a further extension of time and other matters which your solicitor will explain to you in detail.

Your committee have decided to oppose this bill on account of the very unsatisfactory way in which the roadway and the fences have been left, and the petition will be laid before you for your approval.

Dated 16th March, 1894.

HENRY P. C. S. MONCK.  
ROBERT HODSON, Bart.

Lower Talbotstown—See Auditor's report relative to arrears in this barony.

Mr Boothman produces schedule which enables us to represent £17 5s 9d, leaving balance due from him for past eight years of £124 2s 11d, and we recommend that he either be called upon to produce the schedule according to Statute to enable us to represent these arrears, or that his salary be stopped until the arrears be paid off, or his sureties be called upon to make good the deficiency.

We have examined the Court-house keepers' accounts, and find them correct.

CORONERS' ACCOUNTS—Mr Jones, £49 4s extras, correct, including £8 for four inquests held out of his district during Coroner Byrne's illness (doctor's certificate produced).

Mr Byrne, £16 7s extras, correct. These accounts were furnished to Secretary of Grand Jury late, but Foreman directed Committee to inquire into them.

REPORT OF COMMITTEE ON COUNTY SURVEYOR'S REPORT,  
EXISTING CONTRACTS, DISCHARGED AND UNDISCHARGED  
QUERIES, AND RICHMOND LUNATIC ASYLUM.

Committee—Richard J. Hornidge, Capt. Hon. Henry Monck,  
Col. W. Kemmis.

The greater part of the County Surveyor's report has already been dealt with by the Grand Jury.

1—The rebuilding of Ballyhorrigan bridge, which is falling, is a pressing work, but must, of course, be brought before Road Sessions. The road over it being used largely by tourists and others, having no local connection as leading from East to West Wicklow, the Committee think that half the expense should be borne by the County at Large.

2—They recommend that the sum of £31 should be allowed for the repair of the retaining and parapet wall of the bridge at the bounds of the townlands of Oldtown and Monatore lest any accident should occur.

3—They also recommend that the sum of £10, a moiety of the cost, should be levied off the barony of Shillelagh for the urgent repair of the so-called County Wicklow bridge, the other moiety already having been presented by the county Carlow.

4—It appears that the Local Government Board enquiry as to the Kingstown supply of water from Lough Bray, is to be held next Wednesday. They think that the Solicitor of Grand Jury should attend and endeavour to enforce the suggestion by the County Surveyor, that the pipes should not be laid along the county roads, and in like manner with regard to the Dublin supply from Lough Dan should it be persisted in.

5—In the matter of the case of the Bray and Enniskerry Railway, the committee, with the assistance of Mr Brown and Mr Carter Draper, have revised the petition from the Grand Jury to be made to the Houses of Parliament against the extension of the powers of the railway. This petition, the committee think, should be lodged. The standing committee should be reappointed and instructed to take such subsequent steps as might appear to them desirable.

The question of the pound at Newtown-Mt.-Kennedy should be brought before the petty sessions there, and their directions taken on the subject.

In the Existing Contracts, No 19 Lower Talbotstown, should be struck out, a decree having been obtained against the contractor as mentioned in the County Surveyor's report, and a fresh contract being necessary.

With regard to presentment No. 104, Richmond Lunatic Asylum, for £1 5s 10d, the committee recommend that it be disallowed, as they cannot see any grounds for the county Wicklow paying the cost of any additional accommodation, the County already being entitled to the use of 152 beds, yet only making use of 124, *ie*, 28 under the County's number.

As to presentment No 57, for the same asylum, the amount estimated for is largely in excess of the amount paid last year (£1,654 10s), which the committee cannot understand. They cannot either make out how the sum of £2,111 10s 4d is arrived at, for taking the proportion between the total number of patients as returned in the asylum and the number for the county Wicklow, the calculation gives but £805 instead of £2,111 applied for. They would wish that clear data should be given in the

accounts of the asylum, to enable the sum called for from the county being checked, and the balance between the estimated sum and the actual expenditure shown.

Having considered the correspondence with respect to the additional asylum buildings proposed, the committee consider that any charge against the county for such buildings should be strongly opposed, and the necessary steps taken to protect the interests of the county by their solicitor.

Discharged and Undischarged Queries appear to be correct. The committee recommend that in the Undischarged Queries, No 42, barony of Arklow, £5 16s, and No 53 barony of Newcastle, 1888, for repair of Wicklow bridge, be now represented in accordance with resolution of Summer, 1881; that sums of this nature should be represented after two successive half years; if necessary at any time to repair damage of the bridge, there can be no difficulty in getting a sudden damage order to cover it.

WILLIAM KEMMIS, Col.  
HENRY MONCK, Capt.  
RICHARD J. HORNIDGE.

Approved,

C. G. TOTTENHAM, Foreman.

REPORT OF COMMITTEE ON COUNTY INFIRMARY, FEVER  
HOSPITALS AND SOLICITORS' ACCOUNTS.

Committee—Captain C. E. Pennefather, Julius Casement, Esq., Alexander Tailyour, Esq.

County Infirmary—We have examined the accounts as submitted to us by Mr W H H Kennedy, the Treasurer, and find that they have been audited and certified as correct by Dr Truett.

We have also examined the detail of patients as furnished by Dr Lyndon.

We find that the maintenance of patients, including medicines, averages 2s 5d per diem, and the total cost (including the staff) brings up the expenses to 3s 8 $\frac{3}{4}$ d, not including the doctor's salary, and including the doctor's salary, to 4s 2 $\frac{1}{4}$ d per diem. No of patients, 79; average number of days in hospital, 19 $\frac{1}{2}$ . The cost of maintenance, excluding the staff, is more than double what it was last year—viz., 1s 1 $\frac{1}{2}$ d.

We find that the printed annual report, though made up to the same date as the vouched account laid before us, shows a discrepancy in the cash balance of £3 18s 8d in favour of the printed annual report.

We recommend that the presentment for £100 for the half year be passed.

Fever Hospital—Newtown-Mt.-Kennedy—We have examined the accounts as submitted to us by the Treasurer, the Rev H Irwin, and find that they have been audited and certified as correct by Mr Joseph F Meade, J.P, and show a balance in hand of £44 5s 6d, on Nov. 20, 1893. The total number of patients is 2; average number of days in hospital, 6.

We recommend that a presentment for £40 for the year be passed, being a reduction of £43 10s on the sum passed by Presentment Sessions. £60 granted.

We have examined the accounts of Mr Frank Browne, which amounts

to £162 3s 8d, less £32 7s 2d recovered, leaving £129 16s 6d due, all of which, with the exception of £13 7s 10d, attendance on Grand Jury, are incurred in the case of the Bray and Enniskerry railway. A sum of £130 has been already paid by the county on this same account, which might possibly be recovered. The committee appointed by the Grand Jury on the Bray and Enniskerry Railway has, at our request, gone over the details of the bill and consider them correct.

We recommend that the bill be paid, subject to taxation.

We consider that the costs incurred by the county in this business—viz., £246 8s 8d, with a probable further charge, are excessive.

C. E. PENNEFATHER, Capt.

JULIUS CASEMENT.

ALEXANDER TAILYOUR.

Approved,

C. G. TOTTENHAM, Foreman.

At Newtown Petty Sessions on the 17th of March, 1894, the Magistrates at petty sessions resolved to ask the Grand Jury to allow the sum of £10 to remain in the County Surveyor's hands, with instructions for him to expend it on a pound, within easy access of the main road between Killymore and the Glen of the Downs, if a suitable site for such is found, as Major Gun Cuninghame cannot surrender the right to have a manor pound on his estate.

H. P. TRUELL.

Approved as amended.

I, WILLIAM G. TOOMEY, Clerk of the Crown and Peace for the County of Wicklow, make oath and say that the foregoing list is a correct abstract of the Queries discharged at the Spring Assizes, 1894, for the County of Wicklow, according to the best of my belief.

WILLIAM G. TOOMEY.

Sworn before me this 6th day of April, 1894.

EDWARD BRESLIN, J.P.

## COUNTY AT LARGE.

SPRING ASSIZES, 1894.

The Presentment Sessions passed the following resolution:—That this County at Large Sessions assembled at Wicklow, under the 5th section of the 6 & 7 Wm. IV., cap 116, and section 14 of 7 Wm. IV. and 1 Vic., cap. 2, desires to represent to his Excellency the Lord Lieutenant, that, in justice to this county, no step should be taken in regard to the proposed additional Lunatic Asylum for the Richmond Asylum District without consulting the several contributing bodies included therein.

## SPECIFICATION

OF

## WORK TO BE DONE IN THE REPAIR AND MAINTENANCE

for \_\_\_\_\_ years of \_\_\_\_\_ perches of Road and Footpath, if any,  
between \_\_\_\_\_  
and \_\_\_\_\_

## IMMEDIATE REPAIRS, GENERAL DIRECTIONS AND CONDITIONS.

1—Immediately after the ensuing Assizes the surface is to be cleaned, holes and ruts filled with good material, stagnant water drained off, dangerous holes and grips fenced, the road made safe and convenient for traffic within one month, and afterwards repaired as specified from time to time, or continuously, as may be necessary, and maintained constantly in good order during the contract, clean, hard, and even, at all seasons.

2—No notice of inspection will be given but the County Surveyor expects the road to be in good order and repair at any time he or his assistant may visit it.

3—The Grand Jury shall have the power of cancelling the contract at any Assizes should the County Surveyor report that the road has not been kept in a satisfactory manner.

4—The Contractor is to procure a copy of this Specification, and produce it when required by the County Surveyor or his assistant.

5—All the work herein specified is to be executed in a judicious, effective, and workmanlike manner in every particular necessary for the repair, constant maintenance in good order, and improvement of the road, according to the true intent and meaning of this Specification, and to the entire satisfaction of the County Surveyor.

6—In addition to the provisions of this Specification the Contractor is at once to carry into effect any instructions of the County Surveyor or his assistant.

## WIDTH OF WORKING WAY.

7—The width of the working way of the road shall be equal to the present width; but in no case less than 13 feet, except where walls, fences or grips interfere. The width to be extended or reduced as the County Surveyor may direct. In towns or villages the metalled surface is to extend to the paved channels, footpaths, fences or buildings, as the case may be, and over all open spaces.

## MARGINS AND SIDES.

8—The margins to be formed of sods and clay, at least two feet wide and four inches high over the watertables. These margins to be neatly kept and edged with spade and line (a plough on no account to be used) and the working way defined by parallel lines, straight or regularly curved, according to the course of the road. Contractor to remove any waste margins that may be pointed out.

Where the sides are ravelled or broken, they are to be made up with stones, sods, and clay.

The sides are also to be kept clear of all bushes, brambles, weeds, rubbish, loose stones, turf, manure, mud heaps, &c.

The Contractor is to cut down and remove before seed time all weeds growing on the roadsides and fences.

## DRAINAGE.

9—All water-tables, side cuts, pipe holes, outlets, side, back, and catch drains, water courses, &c., to be kept, at all times, clear of mud, grass, weeds, or other obstructions to the free discharge of the water, and new ones made where necessary.

## FRENCH DRAINS.

10—Where springs or soft places occur in the road, French Drains shall be made to drain off the water to the nearest outfall.

## GULLETS, ETC.

11—Gulleets to be opened up, cleaned out and repaired when required, and the channels through all bridges and gulleets, and for such distances as may be necessary above and below the same, are to be cleared and kept clear.

12—This drainage and the edging above described in No. 8 to be thoroughly done three times a year—before 1st February, 1st April, and 1st October, and at all other times as may be required.

## WASTE STUFF.

13—All scrapings, trimmings, and other road stuff to be used for levelling hollows in the sides, filling grips, repairing fences, &c. Any surplus stuff not so required shall

become the property of the contractor, and be removed by him forthwith, as well as any accumulation of mud, &c., that may be on the roadsides at the commencement of the contract. Road stuff on no account to be thrown on the margins.

#### MAINTENANCE AND IMPROVEMENT OF SURFACE.

14—The roadway and water-tables shall be scraped, swept and cleaned, so as to be at all times free from mud, dust, grass, dirt, manure, litter, rubbish, and nuisance of all kinds.

15—The surface of the working way is to have a rounding of one inch per yard of width; but on hills this rounding must be greater. Where the road has not at present this form it must be brought to it by the application of materials, and by picking up and re-forming the surface.

16—The surface is to be made even by cross-picking and levelling ribs, ruts, and inequalities.

All rocks appearing over the surface and stones of more than 2½ inches in any dimension to be picked up and the holes at once carefully filled with fine metalling. All surface damages that may occur to be at once repaired by the Contractor.

#### APPLICATION OF MATERIALS.

17—Every hollow, worn or weak place, to be covered with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust.

They are to be spread at short intervals alternately on each side of the centre line of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 3 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road. In no case will drills or small patches be allowed.

The patches to be kept raked in and blinded when necessary with fine gravel. Before spreading materials the surface is to be thoroughly cleaned, and when required is to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

18—Particular care must be taken to have the covering-flags of gulleys and the arch-stones of bridges well covered with metal.

#### LOOSE AND OVER-SIZED STONES.

19—The surface shall at all times be kept free from loose and rolling stones which must be kept picked off by the contractor; also any stones larger than the specified size.

#### TIME FOR SPREADING.

20—One-third of the yearly supply of stones for the road to be spread before the 1st December; two-thirds before 1st February, and all before 1st March in each year.

#### QUALITY OF MATERIALS.

21—The stones, which are to be quarry stones if obtainable, are to be the hardest and toughest procurable within three miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and be free from clay, sand, or other extraneous matter.

#### QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.

22—The contractor is to supply annually at least cubic yards a sufficient quantity of broken stones for the proper maintenance of the road. This quantity to be laid down in equal heaps, not less than 18 inches high, dressed for measurement, along the sides of the road, on carefully prepared level floors, before 1st October in each year of the contract. The heaps to be outside the working way, so as not to interfere with the traffic, and honestly made up.

No road metal to be deposited or broken on roadside until the whole of the metal previously measured has been spread, and until notice in writing has been served by the contractor on the assistant that such is the case.

#### EXTRA MATERIALS.

23—In addition to the annual quantity as above, such extra materials must be provided and spread as may be required to fulfil the conditions of the contract for constantly keeping the surface in good repair during the whole term of the contract.

#### FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.

24—The footpaths (if any) whether gravelled, paved, or flagged to be repaired and maintained as follows:—

If curbed with stone, any misplaced stones to be re-set, and all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled or broken to be re-sodded. Grass on side of path to be neatly edged three times a year, and to be entirely cleared away wherever it may grow on path along walls. Clean out and repair all existing outlets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the

surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over ¾-inch diameter. Surface of path to be kept clean at all times and free from grass, manure, dirt, rubbish, litter, and nuisance of all kinds.

Surface of path to be flush with top of curb and to have a fall of 1½ inch per yard towards the road.

25—All flagged or paved paths and channels to be repaired and kept in repair.

All gratings where broken, disturbed, or removed, to be repaired, re-set or renewed.

#### COUNTY WORKS.

26—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

#### INJURIES, OBSTRUCTIONS, ENCROACHMENTS, TREES, HEDGES, ETC.

27—All works connected with the road to be preserved in good order, free from damage, encroachment, trespass, nuisance, or obstruction. The contractor shall not allow the sides to be dug up or interfered with in any way. The contractor shall require the owners, by proper legal means, to prune and lop all injurious or obstructive hedges and trees, and shall proceed summarily against all offenders in accordance with the provisions of the Acts relative to such offences, especially 14 & 15 Vic., cap 92, secs 9 & 10, and 19 & 20 Vic., cap 63, sec 18.

#### SURPLUS MATERIALS.

28—Any broken stones or gravel found at the termination of the contract along the road shall become the property of the county.

29—The Contractor will be liable to a deduction of 6s for each cubic yard of road metal found deficient from above quantity at the October measurement in each year. The Contractor will also be liable to a deduction from, or a total forfeiture of, as the case may require, the sum payable at any Assizes under the contract, should he fail to comply with the several provisions of this specification; such deductions will be represented to the credit of the Barony.

## COUNTY ANALYST.

### Conditions under which the County Analyst performs Analyses.

1.—All articles sent to him by the Grand Jury, Boards of Guardians, Towns Commissioners, County Infirmary, County Coroner, and Magistrates sitting at Petty Sessions, to be analysed without any fee.

2.—Persons residing within the county to pay 10s. 6d. for the analysis of any article which it is suspected to be adulterated, the fee to be paid to the County Treasurer.

3.—Persons residing within the county to be entitled to have analysis made at the following reduced scale—about one-fourth of the usual fees—payable to County Analyst:—Analysis of water, oil cakes, and artificial manures, 10s.; analysis of the viscera of sheep, cows, and horses, for the detection of poison, 30s.; dogs' do., £1; analysis of soils, limestones, and ores, from 10s. to £3, according to nature of investigation.

Quantities required for analysis:—8 oz. of bread, flour, butter, whiskey, wine, beer, porter; 4 oz. of buttermilk, confections, cocoa, pepper; 2 oz. of new milk, tea, coffee, pepper, mustard; ½ gallon of water, in clean and, if possible, stopper bottles; ½ lb. of oil cakes and manures. In case of soil and ores analysis, quantities to be sent depend on nature of the investigation and may be ascertained on reference to the Analyst. The bodies of animals suspected to have been poisoned should not be sent; only their viscera.

Articles for analysis should be fully labelled and sent, together with letter of advice, to

SIR CHARLES CAMERON,  
Royal College of Surgeons,  
Stephen's Green, Dublin.

## RESOLUTIONS

OF THE  
GRAND JURY OF THE COUNTY WICKLOW.

Resolved—That all certificates for repairing sudden damages be henceforth lodged in the Secretary's Office, at least three clear days before the Assizes, great confusion having arisen from the contrary practice being pursued.

Resolved—That no Presentment will, in future, be made in aid of any Infirmary or Fever Hospital, unless the same shall be accompanied by the account and accurate list of subscribers' names, and the amount severally subscribed by them.

Resolved—That in future there shall be printed in detail, at the beginning of the Schedule, a list of duties to be gone through by the Grand Jury.

Resolved—That the space within the Bar in the Grand Jury Room be strictly reserved for the use of the Grand Jury and the Officers of the County connected with the duties of the Grand Jury, and that all others be kept beyond the Bar, unless specially introduced.

Resolved—That in future, if any subject of complaint should exist, or if any charge is preferred against the County Surveyor, or other County Officer, such complaint or charge shall be made specially in writing on the first day of the Assizes, evidence of the facts shall be afforded in the consideration of the same, and that Notice of the intention to prefer such complaint shall be previously given to the party complained of.

Summer, 1883.

GEORGE HODSON, Bart., Foreman.

Resolved—That we recommend the Coroners to employ the Dispensary Physicians, whenever it may be necessary to call in a medical man, and to pay them a fee of £1 1s. for each attendance.

W. W. F. HUME, M.P., Foreman.

Resolved—That in future, all tenders postponed to the assizes, if not lodged with the Secretary the day before the commencement of the Fiscal Business, will not be entertained by the Grand Jury.

Spring, 1861.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future the several High-Constables shall be required to furnish the amounts of their respective insolvencies every two years, pursuant to 6 & 7 Wm. iv., cap. 116, sec. 149.

Summer, 1863.

W. W. F. HUME, Foreman.

Resolved—That the County Printer shall be required to have the "Schedule of Applications," previous to each Assizes, printed and ready for distribution, within fourteen days from the day on which the copy of same is given to him by the Secretary; and that he shall have the "Abstract of Presentments," after each Assizes, printed within twenty-one days after he receives the materials for same from the County Treasurer.

Summer, 1864.

W. W. FITZWILLIAM DICK, Foreman.

Resolved—That with the view of supplying better information for the future to the Justices and associated Cesspayers, as to the matters that are to come before them at Presenting Sessions in each Barony, the Secretary is instructed to have printed and circulated to such, a notice of all Presentments which are to be discussed at such Sessions, so far as it is practicable to do so.

Spring, 1866.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future any party who, having duly entered into a Contract, shall sell, transfer, or dispose of it to another, such contract shall upon proof thereof be declared "null and void" by the Grand Jury, and the money levied for it shall be re-presented to the credit of the County or Barony, where the fraud has been committed.

Spring, 1870.

GEORGE HODSON, Bart., Foreman.

RESOLVED,—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.

Summer, 1881.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

Spring, 1882.

GEORGE HODSON, Bart., Foreman.

The following fees are authorised (and none other) for documents relating to works, roads, &c., and filling the same if required to do so by the Contractor:—

Application for New Work	... ..	Os. 6d.
For filling same if required to do so	... ..	Os. 6d.
Form of Tender (according to Act of Parliament)	... ..	Os. 6d.
For filling same if required to do so	... ..	Os. 6d.
For Bond filled and prepared (Act of Parliament)	... ..	1s. 0d.
Application for Payment	... ..	1s. 0d.
Car hire to Clerk going round distant Baronies from persons making applications for New Works, or for payment, or for both at same time	... ..	Os. 6d.

Spring Assizes, 1882.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view to avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted from the Abstract.

Spring, 1883.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts.

Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

Spring, 1884.

GEORGE HODSON Bart., Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes:—Thomas Acton, David Mahony, W. F. Littledale.

Resolved—That the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions. All such applications, with the certificates of the County Surveyor, to be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes. And further the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

Spring, 1885.

C. G. TOTTENHAM, Foreman.

Resolved—That the coroners' accounts be now received and sent to the sub-committee, but that the coroners shall now take notice that if their accounts are not in future sent to the Secretary ten clear days before the Assizes, he is not to receive them.

Summer, 1885.

Resolved—That the attention of the Barony Cess Collectors be called to the necessity of giving in to the Treasurer's Office, at least two days before the first day of every Assizes, the amount of the assessments collected by them, as required by their warrants, and by 4 Geo. IV., cap. 33, sec. 7, as their fees will not in future be allowed till this be complied with.

Resolved—That the Court-keeper be instructed in future to see that the Grand Jury are properly supplied with blotting and writing paper for their use on each day they sit, whether for fiscal or criminal business.

Resolved—That it be a direction of this Grand Jury to their Secretary that he shall in future keep a record of all resolutions passed in a minute book, and that the Foreman sign such minutes.

Spring, 1887.

C. G. TOTTENHAM, Foreman.

Resolved—That the County Presentment Sessions should require that the accounts of the County Infirmary and the several Fever Hospitals be audited by a competent person.

Spring, 1888.

C. G. TOTTENHAM, Foreman.

Resolved—That a committee of the Grand Jury, consisting of Colonel R. Pratt Saunders, Lieut.-Colonel Tighe, and W. R. Bulwer be appointed, who, in case of any difference between County Surveyor and Tramway Company, shall decide as to what may be reasonable requirements in accordance with the report of the committee adopted by the Grand Jury at this Assizes. The Tramway Company undertake to carry out what this committee may direct, and failing their so doing the committee are here by empowered to direct such legal proceedings to be taken as they may think desirable.

Resolved—That the Harbour Commissioners elected at Presentment Sessions be asked by the Secretary to the Grand Jury to draw up a report

of the accounts of the Harbour Board for the information of the Grand Jury at Summer Assizes; that a Committee be appointed to examine it; and their report be printed in the Abstract, so that the Cesspayers of the guaranteeing Baronies may know something of the income and expenditure.  
Spring, 1889.

C. G. TOTTENHAM, Foreman.

Resolved—That the Governors of the Richmond District Lunatic Asylum be requested to furnish to the Secretary of this Grand Jury before each Spring Assizes the names of the lunatics charged to this county, with the Petty Sessions District from which they have respectively been committed, and the date of each committal, and the total number of patients in the asylum during the period for which the yearly charge is calculated.

Spring, 1890.

C. G. TOTTENHAM, Foreman.

Resolved—That the accounts of the Blessington Steam Tramway guarantee tax be kept by the Secretary and Barony High Constable as distinct from the ordinary county cess, and that a book showing such account, with all its credits and debits, be laid upon the Grand Jury table on the first day of the Grand Jury meeting in each half-year.

Resolved—That a copy of the resolution as to Lower Talbotstown be sent to the High Constable, and he be ordered to make a separate return from time to time, when and as required by the Secretary, of the amounts collected for the guarantee, and informed that if he neglect to do so his fees will be stopped by the Grand Jury.

Resolved—That in the case of a vacancy occurring amongst the assistant surveyors during Mr Campbell Boyd's tenure of office, we authorize that a temporary assistant be appointed by the County Surveyor until the Assizes following Mr Boyd's retirement, when the matter can again be gone into.

Spring, 1891.

C. G. TOTTENHAM, Foreman.

Resolved—That this Grand Jury consider it advisable that in future the close season for hares in the County of Wicklow extend from March 12th to August 12th in each year, both days exclusive; and that our Secretary be directed to forward a copy of this resolution to his Excellency the Lord Lieutenant.

Summer, 1891.

C. G. TOTTENHAM, Foreman.

The Grand Jury having refused to present for Coroner Byrne's expenses for inquests held since the previous assizes, he not having lodged his abstract and account with the Secretary to the Grand Jury as required by 9 & 10 Vic., cap. 37, sec. 24, "ten clear days at least before the assembling of the Grand Jury," although lodged ten clear days before their second assembling for Crown business. The Coroner appeared by counsel and traversed the non-presentment. O'Brien, C. J., after consultation with Pallas, C. B., confirmed the finding of the Grand Jury, ruling that the words of the section quoted were mandatory, and a condition precedent to obtaining a presentment.

Spring 1894.

C. G. TOTTENHAM, Foreman.

## ARKLOW HARBOUR COMMISSIONERS.

The following were appointed, pursuant to 45 Vic., cap. 13, sec. 10, for five years, ending at Spring Assizes, 1899:—

## AUDITOR'S REPORT.

## TO THE GRAND JURY OF THE COUNTY WICKLOW.

GENTLEMEN,

The Willows, Terenure, 22nd June, 1894.

I have the honour to report that I have audited the Accounts of the Secretary to the Grand Jury of the County Wicklow, following last Spring Assizes, and I beg to forward herewith an Abstract thereof certified and declared in the usual manner.

The full amount of the warrants for county cess issued after the previous Summer Assizes, was lodged in due time, but an arrear from previous warrants of £124 2s 11d appears as due in respect of the Barony of Lower Talbotstown. A receipt for £124, lodged by the High Constable to meet this arrear, was presented to me at audit by the Secretary, a satisfactory result of the decisive action taken by the Grand Jury at last assizes.

The accounts were prepared for audit in the usual satisfactory manner, and the High Constables' bonds appeared to have been properly executed.

I have the honour to be,  
Gentlemen,

Your obedient servant,

JAMES W. DRURY, Auditor.

I certify that this is a true copy.

## PUBLIC ANALYST'S REPORT.

## TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report that I have made the following analyses during the half-year ended on the 30th June, 1894.

For the sergeants of the Royal Irish Constabulary, acting as Inspectors of Food, the following articles were analysed:—

January 22nd—2 specimens of buttermilk analysed for Sergeant James Knox, Arklow. They were adulterated with 50 and 140 per cent of added water, respectively, exclusive of 25 per cent allowed for churning purposes.

May 23rd—A specimen of butter analysed for Sergeant Hughes, Bray. It was composed almost entirely of fats foreign to butter.

May 24th—A specimen of butter analysed for Sergeant Hughes, Bray. It was not pure butter, but was composed almost entirely of fats foreign to butter, prepared in imitation of butter.

January 26th—A specimen of milk analysed for P. S. Barrington, Esq., Ballyman, Bray. It was adulterated with 84 per cent of added water, making thereby a mixture of 184 parts of milk and water.

January 30th—A specimen of milk analysed for P. S. Barrington, Esq., Ballyman, Bray. It was adulterated with 80 per cent of added water.

February 22nd—A specimen of water analysed for the Guardians of Baltinglass Union. This was more like sewage than water.

March 9th—A specimen of castor oil analysed for poison for Mr J. Kelly, Kilpoole Dairy, Main-street, Bray. There was no mineral or other poison found, and it contained all the properties of pure oil.

March 12th—3 drugs analysed for Dr R. Leeper, Rathdrum Union. One of them was deficient in spirit.

March 29th—A specimen of aromatic spirits of ammonia analysed for Dr Halpin, Wicklow Dispensary. It was not of proper strength.

April 17th—The contents of the stomach of a horse, and food as horse got it, were analysed for poison for C. H. Reade, Esq., Donishall, Carnew, with negative result.

April 18th—The liver and spleen of a horse analysed for poison, with negative result, for C. H. Reade, Esq., Donishall, Carnew.

April 28th—The contents of a cow's stomach analysed for poison for Robert G. Watson, Esq., Church Road, Greystones, with negative result. Also a package of mangolds analysed with same result.

April 28th—3 specimens of water analysed for the Guardians of Rathdrum Union. One was of bad quality; and the others fell short of the standard quality of good, potable water.

May 3rd—A specimen of water analysed for Dr. W. L. Symes, Kiltegan Dispensary. It was not of good quality.

June 9th—8 drugs received from the Guardians of Rathdrum Union. The quantities sent were so very small that the amount of spirit, in such of

them as contained that article, could not be determined in some cases. 2 were slightly in alcohol and 2 in strength.

For Naas Union, which is partly situated in the County of Wicklow, the following articles were analysed:—

January 26th—A specimen of water; it was a good water.

March 22nd—A specimen of water; it proved to be polluted.

June 25th—2 specimens of water; one was very pure, the other fairly good.

I am,

Gentlemen,

Your obedient servant,

CHARLES A. CAMERON,

Public Analyst for the County of Wicklow.

City Laboratory, 17 Castle Street, Dublin.

## COUNTY WICKLOW.

## COUNTY SURVEYOR'S REPORT

TO THE

GRAND JURY OF THE COUNTY WICKLOW,

Assembled at Summer Assizes, 1894.

Mr. Foreman and Gentlemen of the Grand Jury,

The applications in the Schedule before you, as far as they relate to roads and works, which were approved of at last May Presentment Sessions, consist of—

- 74 renewals of road maintenance contracts.
- 5 repairs of bridges.
- 2 new roads.
- 2 new bridges.
- 7 repairs and renewals of gullets.
- 4 walls.
- 2 new footpaths.
- 4 miscellaneous works.
- 1 repair to Court-houses.
- 5 permissive presentments.

Total 106

The only works to which I need here refer are the following; but any information regarding the others can be given as they come in order before you.

Arklow, No. 74—To repair 510 perches of road, £51. This is not an important road.

Arklow, No. 75—New wall at Kilcarra, £22 10s. This work is necessary for the protection of the road.

Newcastle, No. 55—New gullet near the barony bounds at Ballinabarney, £30. This is a necessary work.

Shillelagh, No. 49—To repair Knockeen bridge at the bounds of

this county and county Carlow, a moiety of £150. A presentment for this work was approved at the Road Sessions for the barony of Rathvilly, county Carlow, for £150, half to be levied off the barony of Rathvilly. I have prepared a drawing of this bridge and approaches from which it will be seen that the length of bridge and approaches on the Carlow side is 290ft.; but on the Wicklow side only 91ft. Under these circumstances the Sessions at Shillelagh decided to pass the presentment on the condition that the repairs should extend only to 91ft. on the Carlow side. The question has still to be decided whether this County is liable for a moiety of the cost of the repairs of the rest of the approaches on the Carlow side.

Upper Talbotstown, No. 66—To make a new road at Muckduff, £46 16s. This was not tendered for at Adjourned Sessions.

Lower Talbotstown, No. 73—To repair a bridge over Oldcourt brook, £20. My estimate of the cost of this work given at Sessions was £40.

In the next case No. 74, same barony, an application of mine under the 15th Section of the Grand Jury Act, the sum applied for was also reduced to one-half. I consider it bad economy to reduce the sum applied for, especially for bridge work, below a fair estimate of the value of the work required. On the other hand at the same sessions the sums considered sufficient and recommended by me for road maintenance contracts were increased in some cases.

There will also be laid before you to be certified applications for a new footbridge in Arklow, for the rebuilding of Boleyhorrigan bridge at Luggala and for a new road at Greystones.

With regard to the bridge approaches at Troy's public-house, on the road from Bray to Enniskerry, the work, as stated in my last report, was resumed on 8th March last, but was again stopped on 29th of same month.

The road and fences have not been completed in accordance with the umpire's award and the order of the Master of the Rolls; but remain in an unsatisfactory state.

The Dublin Corporation have laid a mile of the new line of pipes for the second main under portions of the County Roads in the barony of Rathdown.

I shall be glad to have your instructions with regard to a new house in course of construction in the Main street of Rathdrum which encroaches on the public footpath beyond the adjoining houses. I noticed the builder at an early stage of the work; but the building was proceeded with notwithstanding.

I have the honour to be, Gentlemen,

Your obedient servant,

CARTER DRAPER, M. Inst. C.E.

DUBLIN AND BLESSINGTON STEAM TRAMWAY.

COUNTY SURVEYOR'S REPORT

TO THE

GRAND JURY OF THE COUNTY WICKLOW,

Assembled at Summer Assizes, 1894.

Mr. Foreman and Gentlemen of the Grand Jury,

I have made the usual annual inspection of that part of the line situated in this County, also of most of the engines, rolling stock and plant.

I found that some cleaning had recently been done to the line; but I do not consider that it is in as good order as it should be.

Sufficient attention is not given to the tightening up of the fish plate

bolts, numbers of which I found loose. I called attention to this in my last report. On the occasion of my last inspection I also found several of the bolts broken and some gone altogether.

The whole line should be thoroughly cleaned and the ballast loosened and renewed where necessary.

I also observed that the crossing timbers at the several stone depots require renewal.

Since my last report a goods store of galvanized iron has been erected at Blessington. Its dimensions are 30ft. long, 15ft. wide and 10ft. high to eaves.

The roof of the engine shed at Blessington referred to in my last report has not yet been renewed. It is now almost totally destroyed.

The engines still continue to require costly repairs which are gradually being done; but the painting of engines and carriages should not be neglected. I observed that one wagon was being partly rebuilt. Two additional wagons have been hired with a view to ultimate purchase and when added to stock the number of wagons owned by the Company will be fourteen.

There is an important matter in connection with the working of the line which I think should be brought under your notice. From the opening of the line until the autumn of last year the engines were supplied with water at the Blessington end from the Company's tank which was filled from the supply to the fountain in the village street. At the latter date this supply was cut off from the Company who have since carried the water daily in barrels from other points on the line to Blessington. I have measured these barrels and find them to contain about 680 gallons or say 3 tons of water. This weight at present is hauled each day from the Embankment Station to Blessington, a distance of about  $8\frac{1}{2}$  miles, and involves the loss of the proper use of a wagon besides the extra wear and tear and expense.

In consequence of this heavy expense to the ratepayers the Company are now fitting saddle tanks to the engines with a view of dispensing with a water supply at Blessington; but unless the line is continued to Poulaphuca I consider it essential that either some arrangement should be come to to have a supply from the former source restored, which apparently only involves the storage of a small part of the waste water, or failing this that another supply should be sought.

I have the honour to be,

Gentlemen,

Your obedient servant,

CARTER DRAPER, M. Inst. C.E.

REPORT OF COMMITTEE ON HIGH CONSTABLES', CORONERS'  
AND COUNTY INFIRMARY ACCOUNTS.

Committee—Frank Brooke, Esq.; R. R. Drought, Esq.; and  
A. Tailyour, Esq.

Your committee recommend payment to Mr Jones, for his account, the sum of £16 15s, and to Mr Byrne, the sum of £17 12s 6d. Mr Byrne claims a further sum of £16 7s, expenses incurred previous to last assizes, \* and we recommend that this should, if legal, be paid.

We recommend, further, that in future the Coroners' mileage account be checked in the Secretary's office previous to assizes.

Court-house Keepers' accounts we find correct.

The Infirmary accounts we find to be correct, and recommend payment of £100.

R. R. DROUGHT.

FRANK BROOKE.

C. G. TOTTENHAM, Foreman.

\* No power or discretion given to the Grand Jury in this matter.

C. G. TOTTENHAM, Foreman.

REPORT OF COMMITTEE ON COUNTY SURVEYOR'S REPORT,  
EXISTING CONTRACTS, DISCHARGED AND UNDISCHARGED  
QUERIES.

Committee—Lieut.-Col. J. S. Tighe, D.L.; Capt. Hon. Henry Monck,  
Capt. C. E. Pennefather.

**Bray and Enniskerry Railway.**—It appears from the report of the Committee appointed by the Grand Jury, and County Surveyor's report, that the requirements under the arbitration have not been carried out. We recommend the Grand Jury to authorise the committee to take such steps as they may deem necessary to protect the interest of the county.

**Blessington Steam Tramway Water Supply.**—We regret that as Mr A. McClintock, the Marquis of Downshire's agent, is not present, we cannot go into the question; but hope that it may be amicably settled between the landowner and the Company, as anything adding to the expenses of the working of the Company is a burden on the ratepayers.

With reference to the remaining observations of the County Surveyor, on the Blessington Steam Tramway, we recommend that the County Surveyor should forward a copy of the report to the Company, drawing their attention to the defects complained of.

We have examined the Undischarged Queries, and find them correct, with the exception of two items.

Shillelagh—Spring, 1894, No. 10.—Michael Donohoe, £3 7s 9d, disallowed.

Upper Talbotstown—Spring, 1894—John Kelly, No 29, £3 5s 1d, should be No 14.

Denis Fox, Barony of Shillelagh, contractor for No 49, £65, having made application to receive instalments as the work proceeds, we recommend that the Secretary be authorised to make advancements under 128th section of Grand Jury Act.

J. S. TIGHE, Chairman.

HENRY MONCK, Capt.

C. E. PENNEFATHER, Capt.

C. G. TOTTENHAM, Foreman.

REPORT OF COMMITTEE ON HIGH CONSTABLES' RETURNS  
AND SOLICITORS' ACCOUNTS.

Committee—H. P. Truell, Esq., D.L.; Sir Robert A. Hodson, Bart.;  
Colonel D'Oyly Battley.

We have examined the various accounts of the Barony Constables, which appear to be correct. The following are the insolvencies:—

	£	s.	d.
South Ballinacor	0	13	6
North Ballinacor	3	10	7
Rathdown	1	11	7
Arklow	27	1	5
Lower Talbotstown	4	5	2
Newcastle	5	7	10
Upper Talbotstown	7	3	10
Shillelagh—No insolvencies.			

Total insolvencies £49 13 11 which we recommend to be represented.

Mr Boothman, Lower Talbotstown, who was much in arrears at the March assizes, has since cleared up these arrears. We recommend that his fees be paid; also that a sum of £4 6s 10d, which appears to be due to him, be presented for.

Mr Fenton, Upper Talbotstown, sends in his resignation; his accounts appear correct. He recommends his son, Mr John Fenton, for the office of Barony Constable in his place; but as we are personally unconnected with the barony, we do not like to make any suggestions as to his successor.

We recommend that the solicitor's bill of costs, amounting to £82 0s 6d, be taxed.

H. P. TRUELL.
