

## COUNTY OF WICKLOW.

It Appearing, by a Letter from Mr. Grant, dated Dublin Castle, 29th. August, 1821. that the Lord Lieutenant, & the Civil Engineers, appointed under the Act, of the 1st Geo. 4th chap. 81. — Consider the Bridge proposed to be Constructed over the River Liffey, at Poolafooka, as a Work deserving of public aid; And, that his Excellency will direct one moiety of the sum of £4074 15 0. Estimated for this Work, to be Paid out of the Consolidated Fund, in the manner pointed out by 11th Sec. of said Act, on the necessary certificates being obtained, under the Hands and Seals of the Commissioners, ( or any three of them,) appointed under the 57th & 58th of his late Majesty; and the Certificate of the Civil Engineers, pursuant to the provisions of the 11th Sec. of the 1st. of Geo. 4th.

And it also appearing from the estimates laid before us, that a sum of £1947 4 7½. is the Am't. required, for the Works necessary to be executed in the County of Dublin, for said Bridge; which is to be Built at the Boundary of the two Counties; and for the approach thereto: which Sum, being deducted from the sum of £4074 15 0. leaves a balance of £2127 10 4½. of which, one moiety is to be provided by this County: Now We hereby present the Sum of £1063 15 2½. being said moiety, to be applied to the execution of said work, pursuant to said statute of the 1st. Geo. 4th chap 81.

And We direct said Sum, to be taken out of the Sum of £1076 18 2. in our Treasurers hands; which will leave a balance with him of £13 2 11½. to the credit of said road.

And We hereby Present:—

The Marquis of Downshire, Mor. Saunders, Esq.  
The Earl of Miltown, Edw. Westby, Esq.  
Lord Beresford, Rich. Hornidge, Esq.  
Hon. Benj. O'n. Stratford, F. W. Greene, Esq. &  
John Hornidge, Esq. Commissioners, for the Execution of said Work; any three of them to be a quorum, to act with such Commissioners, as may be nominated by the County of Dublin Grand Jury. And We further Present, that James Killaly, and Alexander Nimmo, Esq's. ( The Civil Engineers appointed by the Lord Lieutenant, ) be the Overseers of said work; and that they shall have power to nominate some proper Person, to Act as Sub-Overseer or Inspector, in this County.

As it was the avowed intention of Governm't when making the great Military Road, through the mountains in this county; to have it connected by a cross communication with Hollywood:

We are of opinion, that it would be a useful Work, to carry such intention into Execution, if assisted by a Grant under 1st Geo 4 c. 81.

We therefore appoint, Tho. Hugo, H. Eccles, and Wm. Bookey, Esq's, to be a Committee, to make the necessary application to the Civil Engineers, Appointed by the Lord Lieutenant, under said Act.

We present the Treasurer, to pay the balance of the Money now in his hands for the Fever Hospitals, to the Corporation of the Fever Hospital of Arklow; and to pay to the same Corporation, such Money as he shall receive on that Account, until they shall have received the £400. granted to them by the President and Assistants of the Fever Hospital.

We present, the balance of £1071 5 9. to be the balance in the Treasurers hands, as appears by his Account this day.

Whereas it appears, that there are unsatisfied Claims on Contracts, for the Eastern M. C. Road; which it would be most desirable to have Settled, previous to the February Sessions; that the same may be entered in the Schedules, previous to the next Assizes,

We therefore appoint, Col. the Hon. H. Howard, Mess'rs. Eccles, Acton, J. Synge, Drought, Hugo, W. Revell, H. Eccles, and Sandys; ( any three to act,) to be a Committee to investigate the same; and that the Secretary do state in Public Notices, and at the October Sessions; that no Claim, that is not lodged with the Secretary before the first of November, will ever be taken into Consideration.

We present, that the Secretary of the Gaol Committee, shall be now discontinued.
