Also Present :- P. T. Healy Esq., County Manager and J. T. O'Byrne Esq. B.E. Town Surveyor

#### Item 1.

The Minutes were read in full and confirmed without amendment. The following report of the Conference held at the Town Hall Wicklow on the 7th Jan.

1944 was read :-

At a Meeting of the Wicklow Urban District Council held on the 4th Jan. 1944 the following Resolution was passed unanimously :-

That the County Manager be asked to arrange a Conference of the members of this Council and Local and County M.O.H. at the earliest opportunity (Friday next, if possible) for the purpose of :-

- (a) having a better understanding about notification by Doctors of Notifiable infectious diseases
- (b) having an understanding about disinfecting homes of persons infected with notifiable infectious diseases
- (c) making a representation concerning increased hospital accommodation

The following attended the Conference :-

COUNCILLORS :- J. Olohan (Presiding), C. W. Hudson, J. Everett T.D., M. McMahon, R. B. Haskins and J. D. Haughton  
Dr G.P.G. Beckett C.M.O.H., Dr A.A.O'Connor M.O.H. Wicklow, Thomas Byrne County Council Office Rathdrum (representing the County Manager), J.T. O'Byrne Esq., County Engineer and J. McGrath, T. Clerk.

The Following recommendations were made :-

- (a) Dr Beckett having called attention to the Public Health (Infectious Diseases) Regulations 1941, it was recommended that steps be taken to ensure that the local M.O.H. be notified of outbreaks of infectious Diseases as well as the C.M.O.H. also Town Clerk so that an up-to-date Register can be kept at the Town Hall Wicklow.
- (b) That Dr Beckett be asked to notify each medical practitioner in the County that the S.S. Officer can take instructions for disinfecting only from him or the Local Medical Officer of Health.

(P.2)

and the following Resolution was passed unanimously (after hearing Thos. Byrne on the question of Hospital accommodation) :-

That the attention of the Minister for Local Government & P. Health be personally directed to the conditions existing in County Wicklow by reason of the inadequate accommodation for Fever Patients in the Wicklow Fever Hospital. During the past week vacancies could not be obtained in any Hospital outside the County and the Fever Hospital at Wicklow is at the moment overcrowded and it has to-day been found necessary to request the County Manager to take immediate steps to have a hut erected in the Fever Hospital Grounds to relieve ~~epidemic of diptheria~~ the Congestion.

Although this state of affairs arises directly from an epidemic of Diptheria in the County there is no guarantee that similar epidemics may not occur from time to time and in such circumstances the problem of having patients treated in an institution will be equally if not more difficult.

We would ask the Minister for Local Government & P. H. to inquire ~~into~~ personally into the cause for the delay in proceeding with the Hospital Scheme which was engaging his Department's and the late Board of Health's attention for 4 years prior to the outbreak of the War and also into the reason why the Architect, Mr Vincent Kelly, who was appointed by the late Board of Health & P. A. was not facilitated by the Department of Local Government & P. H. in the matter of the preparation of plans for new Wicklow Hospitals. We request the Minister to take immediate steps to see that at least provision of a new Fever Hospital in the County is proceeded with forthwith.

The Town Clerk also read letter P. H. 100/44 of the 27th January 1944 from the Department of Local Government & P. H. in reply to the report of the Conference sent him on the 8/1/44

PROPOSED by Councillor C.W. Hudson, SECONDED by Councillor R. B. Haskins and passed unanimously :-

That the report ~~of the~~ and recommendations of the Conference be and is hereby adopted and that the Council request the Department to give their ~~immediate~~ immediate attention to the Matter of accommodation for infectious diseases as only an auxiliary wooden hut is available to cope with the increase in the number of patients.

#### Item 2.

The orders of The Manager since the 4th January 1944 were read and discussed.

#### Item 3.

The Town Clerk reported that in connection with the Ordinary Fuel Scheme distribution was proceeding at the rate of about 3 tons per week and that the supply was adequate to the demand for some time. As to the Free Fuel Scheme distribution was proceeding at the rate of 9½ tons per week and that the amount in stock was sufficient until about the 1st of May 1944.

#### Item 4.

The Town Clerk reported that 81 lettings of allotments had been made to date to the Unemployed class and that the number of Employed class would be the same as next year : from all parties he was ~~xxxxx~~ insisting on renewal of applications. He reported again on the fields that were being made available that there was great difficulty in preventing trespass. He recommended that the Council would this year avail of the option of the Department of Agriculture to supply ½ cwt extra seed potatoes instead of small seeds and he recommended that a prize scheme be promoted this year. As to Manures

(P.3)

he saw no prospect of securing farmyard manure this year and unless the Council could make any other suggestion he recommended that they again raise and screen from the Dump at the Railway station suitable compost.

Order :- The recommendations of the Town Clerk were approved of and were recommended to the Manager for adoption.

As to the potatoes ( seed size from the Dunbar Standards ) from last year's School Meals Potatoes it was recommended that they be sold to the Free allotment holders at the price prevailing at the time tenders were taken .

It was recommended that the Council would again sow in the "Sledge Field" at Ballyguile about 1½ acres of potatoes to meet the demands of the School Meals scheme for 1944/45.

Item 5.

The Town Clerk reported that he had for the Inquiry about 30 claims for grave spaces at Church Hill Graveyard and asked for instructions in as much as the Council did not initiate any representation for the closing of the Graveyard and were concerned only as the Sanitary Authority.

It was recommended that the Council's Solicitor should leave the matter entirely in the hands of the Inspector who was to conduct the Inquiry but that he should call attention to the fact that a vault was recently opened there and left open and became a source of attraction for a number of children and others in the town and that such was a danger to P. Health.

Item 6.

After discussion the notice of Motion was not moved but the following Resolution was passed in lieu thereof :-

"That in view of this Council's disappointment in connection with the Schemes submitted by them last June for the Relief of Unemployment the Department of Local Government be asked to consider now a Grant in aid in 1944 towards the works therein referred to --the Council being prepared to give the usual contribution from their own funds for carrying out the works "

Item 7.

Reports were submitted from the Waterworks Overseer, Rent Collector, Veterinary Inspector and S.Sub-Officer.

In connection with the report of the S.S.S. he and the scavengers were requested to give more attention to the cleaning of certain parts of the Town such as Lower Monkton Row . It was also recommended that the back passage to Gaenview Road houses be closed after the refuse therein has been removed.

The Town Clerk was asked to have the notices ordered for Woodenbridge put up.

(P.4)

Item 7. (Correspondence ).

Letter from the Department of Local Government & P. Health dated the 12th January 1944 ( G.627/43) sanctioning overdraft up to a limit of £3300 up to the 31st of January 1944.

The Town Clerk reported that the overdraft at this date was £2773 and that he anticipated that with their present commitments and the probable revenue there would be required overdraft authority of £2,600 up to the 1st of March 1944. The position of the Rate Collection was here reported on and showed that of the Town Rate Warrant of £5233 the sum of £2351 was collected (£490 since last meeting ) and that of the Poor Rate Warrant of £4488 the sum of £2919 was collected (£86 since last meeting ). The matter of collection or Rates more expeditiously was referred to the Manager and it was

PROPOSED by Councillor C.W. Hudson , SECONDED by Councillor J.Olohan and passed :-

That the Town Clerk seek authority for overdraft up to a limit of £2600 up to the 7th of March 1944. on General Account and £100 on the Fuel (No.1 ) Account .

Letter H. 109<sup>U</sup>/44 of the 14th January 1944 asking that the Housing Survey asked for in the Departments Circular letter of the 3rd of June 1943 be expedited .

The Town Clerk reported that this survey was now being carried out by the C.M.O. Health and Town Surveyor and that a like survey was being taken in all Eire . Councillors raised the question of discrimination by inspecting officers and it was recommended that the inspecting officers making the Survey take great care to treat all houses liable for inspection alike and that a street by street survey be made . It was also recommended that sites of all condemned houses , where suitable, be borne in mind when the survey was being finally presented.

A Resolution from Letterkenny U.D.C. of the 12th of January 1944 protesting against the introduction of legislation that would in post-war period interfere or restrict the use of privately -owned commercial motor vehicles and private motor-cars and hackney vehicles and also calling on the Government to relax the law prohibiting the inhabiting of condemned houses was read and adopted.

Letter dated the 27th January 1944 from the I.T. & G. W. Union calling attention to the increase in cost of living and requesting the Council to increase employees wages along the lines of Emergency Powers (No.260 ) Order were and Town Clerks reply thereto of the 1st of Feb. 1944 ~~xxx~~ read and after discussion it was

PROPOSED by Councillor J.D.Haughton , SECONDED by Councillor J.Olohan and passed :- That the Co. Manager be asked to look into the matter as to what possible increase could be given to the Council's men and that the maximum bonus be given to them . "

(P.5)

Referring to the Schedule of Works prepared by the Council as Emergency Employment Schemes, the Town Clerk called attention to a few that were, in his opinion, overlooked :-

Viz (1) The construction of a New Sewer at Summer Hill for the use of the new houses recently constructed and being constructed at Dunbur Road

(2) Provision of Public conveniences at suitable centres in the Town  
These with the one recently recommended by the Council viz "the diversion of the surface water running down Kilmantin Hill into a sewer or otherwise taking it underground by a large pipe" would mean an addition of three new works to the 12 already printed in the Manager's printed Schedule for the County.

The works were recommended as was also the provision of a New Swimming Pool.

Also present :- P. T. Healy Esq., County Manager

The Town Surveyor had sent notice that owing to being unable  
to walk by reason of a bad leg that he would be unable to attend the  
meeting.

#### Item 1.

The Town Clerk reported that a Copy of the Circular had been circulated to each Councillor and in the circumstances it was considered unnecessary to read it. Councillor C.W. Hudson stated that he had read over the Circular and could not find anything in it to support the claim made in it that "the controlling power in local affairs still rests with the elected body" : he had prepared a questionnaire (15 questions) on the matter, handed ~~them~~ same into the Chairman and stated that he would like to have answers to same in order to know where exactly he and the Councillors stood in the matter of local affairs. The Town Clerk being handed the questionnaire and being asked to read same and give his views, stated that the matter came in an unexpected manner to him but that subject to correction and qualification after closer study, he would say that the Council had control in only one of the matters referred to in the questionnaire. After discussion on the matter it was ordered ---That the Town Clerk be asked to peruse the questions and answer same at a subsequent meeting.

#### Item 2.

PROPOSED by Councillor J. D. Haughton, SECONDED by Councillor J. Olohan

week and also that the salary of B. O'Toole be increased by  
10/- per week

The Town Clerk pointed out that the increases would entail an additional  
charge of from £130 to £136 per annum on the rates and the Council agreed  
to provide same.

#### Item 3.

The Town Clerk referred to the Financial statements issued to the  
members and to the Copy of the Manager's Report on the Estimates as  
follows :-

Gentlemen,

I submit for your consideration Statements explanatory of the  
figures which will be placed before you in the prescribed Form of  
Estimate to be considered by you at your meeting on the 28th inst.

While I will be ready to give at your meeting all details in  
connection with the subject, the following remarks may assist you to  
understand in advance the position :-

**TOWN RATE :-** The Town Rate raised in your Urban Area for the three  
years ended the 31st inst has been at the following rates in the £

1941/42 1942/43 1943/44

13/8

12/6

12/6

At the close of this year I anticipate an estimated deficit on General  
Revenue Account amounting to £669. This, as I informed you last year,  
is due, as I believe, to under-estimating over a number of years. In  
accordance with your undertaking in the matter, and with the usual pract-  
ice, this amount will have to be raised in this year's Rate. You will  
note from the figures of Receipts that after making full inquiries I am  
counting on receipt of £600 of deferred Housing Subsidy before your  
meeting on the 28th inst I hope to have fuller confirmation of this. The  
determination of the eligibility of your tenants to qualify for full  
subsidy has not yet been made and hence, in this matter, I am making  
a problematical estimate and am giving to the ratepayers this year all  
the relief that I can with any hope of success count on being able to give.

**POOR RATE :-** The Poor Rate raised in your Urban Area over the three  
years ending on the 31st inst has been assessed at the following rates in  
the £

1941/42  
9/4

1942/43  
10/-

1943/44  
10/-

In the matter of Poor Rate for 1944/45 you will note that a small increase  
in my Estimate. While the Rural Areas benefited, or will benefit, in the  
coming financial year by the application of deferred Agricultural Grant and  
thus had their rates reduced, as compared with 1943/44, your Urban Area  
does not get any benefit from Agricultural Grant, and the Demand from the  
County Council on you is something larger than for 1943/44--thereby  
necessitating an increase of 4d in the £ on the Poor Rate.  
It is hoped that the figures in the Statements herewith will  
clarify for you the position as to both rates which you will note will  
require to be 12/6 for Town Rate and 10/4 for Poor Rate.

Yours faithfully

25th March 1944.

P.T. Healy Manager

The Town Clerk reported that since the figures of the Estimates were  
prepared and sent out the Town Surveyor, in accordance with requests made  
at meeting on the 14th of March 1944, had prepared a list of works with  
estimated

(3)

estimated costs of each and that apart from the provision already made in the Estimate the total of the Town Surveyor's estimated cost of New Works amounted to £5399 : 6 : 6.

Councillors called attention to the fact that it was arranged last year that the deficit then estimated should be extended over four years and therefore claimed that only £223 of the deficit of £669 should be raised this year.

A discussion took place on the deferred Housing Subsidy and the Town Clerk reported that as a result of correspondence and interviews with officials in the Department of Local Government he was now satisfied that only one case remained of doubtful eligibility for tenancy of all the Council's 192 houses and that the £600 --at least--of deferred subsidy could be counted on as a receipt within the next financial year. His estimate for yearly subsidy--on the basis that all tenants qualified--was £2066 odd : that was agreed with the Dept and on that basis there was deferred subsidy of £956. The Council considered that in the circumstances a further sum of £200 could be counted on by way of Subsidy deferred.

It was agreed to provide £136 against the increases in wages and salaries. The estimates were then examined item by item : it was stressed by Councillors that further profit from the Wheat crop could be counted upon. It was also agreed that a sum of £385 be set aside for new works to be selected later : this in addition to the £90 provided for local contribution to Relief of Unemployment Scheme (Wentworth Place & Cooper's Lane), and after indicating items on which savings might be made it was :-

PROPOSED by Councillor C. W. Hudson, SECONDED by Councillor W. Clarke

and passed :- That we the Wicklow Urban District Council at The Estimates meeting, specially convened for the purpose, hereby determine and adopt a Town Rate of 11/8 in the £ and a Poor Rate of 10/4 in the £ for the service of the year 1944/45.

The Town Clerk was asked to re-adjust the figures and the Chairman signed the Form of Certificate at the foot of the Estimates Form accordingly.

PROPOSED by Councillor W. Clarke, SECONDED by Councillor C.W. Hudson and

passed :- In compliance with the provisions of Sec 25 of the Co. Management Act we hereby consent to and approve and confirm the expenditure of money or the incurring of liability in excess of the expenditure for any particular purpose specified in the Estimate approve and adopted for the service of the Financial year ending the 31st of March 1944 and we are satisfied that such expenditure or the incurring of such liability was due to matters not within the control of The Manager.

#### Item 4

The Town Clerk reported on the operation of the School Meals Scheme for the season ending the 31st of March 1944 as follows :-

Meals were supplied from the 25th of October 1943 to the 31st of March 1944 on every school-going day within that period or a total of 91 days (Last year 101 days)

The number of meals supplied was 8157 (13047 last season). The gross cost was £160 :17:5 (£173 :10:- last season). By reason of the tillage scheme promoted by the Council, the gross cost was reduced to £147:7:- --the gross cost per meal being 4½d and the net being 4½d. In those figures I have not taken into account a ~~£100~~ donation of Fuel without which it would be well-nigh impossible to have cooking carried on as in other years --the value of this gift, if not invaluable, would be at least £10.

The number of boys admitted to the benefit of the Scheme was 86 and of girls was 75. The average daily attendance was 45 and 44 respectively or a total of 89 as compared with 129 during the previous season.

As heretofore the voluntary and generous services rendered by the lady supervisors contributed largely to the success of the scheme.

Read and considered satisfactory --~~that~~ all the members paying a tribute to the lady supervisors for their work in connection with the scheme.

The Council expressed approval of the arrangement re increased water charges to the County Council in respect of the increased demand from the Courthouse -- viz £5 per annum -- as contained in the County Manager's letter of the 13th of April 1944.

A letter from Mrs Margaret Murray of Fitzwilliam Square Wicklow dated the 1st of May 1944 stating that she was unable to undertake the repairs to her houses at High Street and suggesting that the Council should take them over and inquiring how much they would allow for them

Recommended that the matter be referred to the Town Surveyor and C.M.O.H. for reports as to whether the sites were suitable as building sites.

Letter from Mrs Windross tenant of No. 6 Glenview Rd, asking for a transfer to one of the houses on The Murrrough.

Refer to Manager

Letter from the Manager of The Hibernian Bank dated the 4/3/44 stating

(P.4)

that he had been instructed by his Directors to reply to the Town Clerk's letter of the 28th of February 1944 to the effect that the interest charged on the Council's accounts was at a rate in accordance with the arrangements made with the Department of Local Government & P. H. and are the lowest rates for advances of this nature.

Read

Letter from Mr D. O'Connell Captain of the Swimming Club asking for permission to erect or place their diving board on the new pier for the forthcoming season and renewing application for hut for ladies dressing room.

It was recommended that the permission be given and that they be offered the shelter on "Clarke's Plot" to take and equip it either in its present position or in a place to be approved by Town Surveyor at the expense of the Swimming Club.

Questioned as to whether he had yet received and reply to the application made for a Grant for Wentworth Place and Cooper's Lane road works, the Town Clerk replied that he had written letters dated the 14th of February and 5th of April 1944 to the Department concerned and had enclosed copy of the Manager's Order on the matter and that no reply had yet been received.

The Town Clerk was directed to again communicate with the Department and to insist on a reply being sent direct to the Council

Questions were raised about the indiscriminate dumping near the "Black Castle" trespass on the plot fields and the ~~the~~ need of a boundary fence at the Golf links. It was recommended that those places be inspected and suitable action taken.

~~The Town Clerk~~ It was recommended that the Town Surveyor should inspect the unprotected piles on the beach and take steps to do something with them that would render them safe for those using the beach for swimming or boating.

It was ordered that the Town Clerk write to the Department of Posts and Telegraphs and request them to provide a Public Telephone ~~in~~ in the vicinity of Fitzwilliam Square and that the Department be informed that the Council will facilitate with a site as far as lies in their power.

#### Miscellaneous.

The Town Clerk read the Manager's Order of the 20th of June 1944 dealing with the examination of the lists of uncollected Rates and the Manager's request for consideration of changes in the present manner of Collecting Rates.

The Lists were then examined item by item and with the exception of an inquiry as to whether Nos 918 & 919 were vacant and directing attention to two cases where proceedings had not been taken (846 & 850) no alterations were suggested or recommended.

It was then PROPOSED by Councillor Ml. McMahon, SECONDED by Councillor James D. Haughton and passed :-

That we recommend that the Collector be paid poundage on his collections and that ~~he~~ if he shows default in making his collections promptly, other steps be taken against him rather than by reducing his poundage on amounts collected and that the Manager consider introducing a system of monthly payments of poundage on the amounts collected and lodged from month to month.

(b) The list of cases prepared by the Rate Collector for annual Revision of Valuation was then submitted and examined and it was recommended that they be now submitted to the Valuation Office.

(c) The Town Clerk was requested to take up with the E.S.B. the alteration of the hours for Electricity being supplied to the six Brick Houses on The Murrough as the parties or ~~tenants~~ tenants, through no fault or misdemeanour on their part were asked to accept shorter hours for current because the Board were running the supply on one line to them and the other ten houses on The Murrough (on the 1/- per week system).

Item . 3.

Councillors expressing the view that they would like more time to examine the ~~xxxx~~ copy report sent to them, it was decided to have the whole matter considered at a Special Meeting to be held on Monday the 10th July 1944 when also the Rates would be made.

(P.2)

Item . 5 .

The Town Clerk stated that the whole position of collecting charges for using water for non-domestic purposes was unsatisfactory. Some few people were paying and were willing to pay whereas others who were large consumers made no proposal as to payment and, he believed, were advising against payment. Furthermore any effort to get one of the existing staff to collect these charges had proved fruitless: he was collecting what came in but felt it unfair to keep on collecting from the few while others took no notice and continued to use the water as heretofore.

ORDER :- Recommended that peremptory demands be sent out to each consumer and water be cut off in the event of no payment being made: the method and officer for collecting to be referred to the ~~Manager~~ Manager.

Item. 6

PROPOSED by COUNCILLOR J. Everett, SECONDED by Councillor C.W. Hudson and passed :-

That the Common Seal of the Wicklow Urban District Council be affixed to the following Indentures :-

- (b) Assignment of the 13th June 1944 -- Miss E. Wall -to-The Council
- (c) Conveyance of the 13th June 1944 -- Miss E. Ball -to-The Council

The Town Clerk stated that the above completed the acquisition of the sites to the Council. He added that Miss Wall's Solicitor had written and inquired if the Council would acquire the sites of the houses in the "Bawn", Castle Street dealt with by a Clearance Order in 1935: it was agreed to consider the matter later.

Item 7.

Reports were received from The Town Sergeant & S.S.O., Rent Collector Waterworks Overseer and Veterinary Inspector. and were read --no order being made except that it was recommended that the shelters on the Promenade be occasionally hosed or washed out with water.

The position with regard ~~xxx~~ to the Collector's final closing of his warrants was disclosed as per Manager's Order Book: it was pointed out that the rates for 1944/45 would be made on the 10th July 1944.

Item. 8. (Correspondence)
