Read Auditors Report dated 31st May 1905. No 35.690.
 (Auditors Report)

Gentlemen

I have the honour to report that I have audited
 the Accounts of Wicklow Urban District for the financial
 year ended 31st March, 1905 and transmit herewith two
 copies of the Abstracts duly certified. Rates amounting
 to £711 in the £ were levied for the period, £4 being in
 respect of general Urban purposes and £311 Poor Rate.
 These were duly collected and lodged, a trifling amount
 only remained outstanding at the close of the year,
 after deducting unrecoverable rates.

The collection of rents from the Corporate Estate also
 made satisfactory progress during the period.

The Council obtained your sanction to borrow on
 Mortgage the sum of £146, repayable in five years,
 in respect of the Technical School buildings, this
 sum has been advanced by the Treasurer without
 a Mortgage, as it is considered probable that the
 Council will be able to repay the amount in the

course of a year or two.

New Bonds for £200 each have been obtained from the
 Agent for the Corporate Estate and the Township Rate Collector.
 The circumstances would appear to warrant a larger security
 in each case, the amount suggested in my last report, (£500)
 would, I think, suffice.

The Accounts were prepared and submitted for Audit, as
 heretofore, in a satisfactory manner.

I enclose a copy of Surcharge which I have necessary to make,
 together with my reasons therefor.

I have the honour to be Sir
 J. A. Baker

The Local Government Board
 Dublin

(Copy of Surcharge)

Thereby disallow and strike out the sum of £3. 3. 0 paid by
 Order No 1096, to S Grant & Son.

I surcharge the said amount and certify it to be due by
 Messrs Frank McShail, Patrick Radin and Charles Davis
 who by their Signatures authorised the payment.

This expenditure was incurred in respect of Street name
 plates in Irish.

It appears to me that under section 64 of the Towns
 Improvement Clauses Act of 1847 the Council were
 entitled to put up the names by which the Streets were to
 be known, and this they did, and did properly, when they put
 them up in English, the official language of the Country.

There was therefore no necessity to put them up in Irish,
 and I regard the cost of doing so an unnecessary expense.

Moreover I do not find it authorised by any Act, in
 the words of the Section 47 (3) Local Government (Ireland)
 Act 1898, and it would therefore appear to be illegal expen-
 -ture =

Signed J. A. Baker
 Auditor

27th May 1905

(Resolution)

Proposed by Edw Collins, Seconded by Francis Murphy, resolved
 "That Mr. Hogan M.P. ask in the House of Commons the
 "reason why certain Members of the Wicklow Urban Council
 "were surcharged for getting the names of the streets in
 "Irish, Wicklow being an Irish Town and inhabited by
 "Irish People" =

Read letter from Local Government Board No 37. 440. 16/6/05
 on the subject of the Sale to the Dominican Community of their
 holding on the Corporate Estate, requesting to be furnished with
 a formal state^{ment} to the effect that the notice of intention to apply
 for the Board's approval to the transaction was publicly exhibited
 for one month. The Council should pass a resolution undertaking
 to apply the purchase money and bonus in the same manner as in
 the case of Mr. Thomas Gregory's Holding" =

The Clerk stated he had forwarded statutory declaration that the
 notice had been posted in accordance with statutory requirements

(Resolution)

Proposed by Edward Collins, Seconded by Francis Murphy, resolved
 "That pursuant to Local Government Board letter
 "No 37. 440 dated 16th June 1905, on the subject of
 "the proposed Sale to the Dominican Community of their
 "holding on the Corporate Estate we hereby agree to the
 "investment of the purchase money, including the
 "bonus for the purposes of the Redemption Fund
 "Account in compliance with article 15 of the
 "Urban Stock Regulations, the interest accruing
 "thereon to be applied in relief of the contribution to
 "be made from the funds of the Council for Dividends
 "on Stock."

John Hall Wicklow
 15th June 1905

Our Roads Committee met this evening and after visiting premises
 Summer Hill the property of Messrs Newbold, Gray, Doyle,
 Morgans McShails, recommend that they be served with notice
 to connect their premises with new main sewer.

We have visited Messrs Collins and Cannon's premises
 and approve of plan of drainage submitted, however we
 recommend that Mr. Cannon serve notice on Mr. Doolittle
 before proceeding further with the construction of his sewer.

We have considered Tenders for check and air valves
 etc from Messrs Glenfield & Kennedy, Han & Baker Stone
 & Co Bird & Co and have decided to accept the tender
 of the Glenfield Co and have requested our Town Clerk
 to order same. We have inspected the Stone Bridge
 and before coming to any conclusion as to its repair
 we recommend that it be examined at low water
 as we consider from its appearance that such
 examination is necessary. With regard to the
 Wooden Bridge it will be necessary to replace about
 12 oak floorings, and we have directed your Town
 Surveyor to have the work done immediately.

We have examined salt water pumps and have
 directed your Sub Sanitary Officer to have a
 drain pipe, and the horizontal pipe removed
 and relaid in the new channel and a well sunk
 under upright pipe with a barrel therein.

We have arranged with Mr. Pausiny to prepare an
 estimate of the cost of water main down Monkton
 Row. We have directed your Town Clerk to invite
 tenders for painting and renewing the lettering
 of the Street plates.

Signed, S. V. Delahunt John Northing, James
 McCall, Francis Murphy" =

(Resolution)

Proposed by Edward McCollins, seconded by Francis Murphy, resolved
 "That the Roads Committee's Report be confirmed and adopted
 " and that the paragraph relating to Main St sewer
 " be expunged, pending further consideration and that
 " sewer be examined and flushed on Wednesday evening
 next.

Waterworks Committee's Report

June 7th 1905

Your Committee visited the Waterworks this day to investigate the condition and cause of certain leakages reported on by Mr. O'Connor the Waterworks Overseer, and we had the assistance of Mr. Nausing, Town Surveyor and Mr. O'Connor.

It appears that the iron service main leaving the filtered water chamber is surrounded by a mass of concrete which should make a watertight joint, and that some time ago this concrete was found defective and was temporarily stopped. — All the indications point to this having reopened and allowing water to pass out along the outside of the pipe. —

We have directed Mr. O'Connor to empty this chamber and make a thorough examination and have any defects made thoroughly good, and that the necessary assistance and material be furnished him. In case of it not being completely stopped a further examination must be made.

Signed. S. V. Delahunt, John Northrup,
Francis Murphy, John Wynne,
Christopher Murray.

(Resolution)
Proposed by E. M. Collins, seconded by William M. Byrne and resolved.

Managing Committee's Report - 27th June 1905

Your Managing Committee met this evening and having considered Miss Owens application for a 31 years lease, beg to report that it would appear from the Corporation Rental that Miss Owens present lease will not expire until 25th March 1944, thereby securing to her a longer period than the term she is applying for.

Having carefully considered Colonel Welch's application to purchase under the Irish Land Acts, we are compelled to re-affirm our previous decision. =

We recommend that the second edition of Vanston be ordered as we consider same necessary for our guidance. =

Having considered letter from Secretary, Wicklow 98 Monuments Committee recommend that the Local Committee be asked to supply designs and particulars as to the railing and pointing base of pedestal etc of the Monument.

We have considered your Medical Officers of Health's report and beg to report that the Wentworth Place Sewer is in good working order and thoroughly flushed twice a week. - We do not consider it desirable to open up the sewer at bottom of Blunk Hill until later on, and have made arrangements to connect with sewer mentioned in Dr. Halpin's report. With regard to sewerage from Friars Hill, Parsonage St, plans are in course of preparation and will be laid before the Council in due course. =

We recommend that notices be served on owners of premises Market-Square to connect with Main Sewer. =

We have considered Local Government Board letter with regard to Mr Peter Mullens premises "The Mall" and have directed your Town Clerk to state that the reason why it is proposed to reduce the rent of the holding, is in consequence of the large outlay proposed to be expended by Mr Mullens on building new premises, and that in our opinion the rent fixed by the Council is both just and equitable. =

We have requested your Town Clerk to ask Mr Short for an explanation in accordance with Local Government Board letter re his Valuation of the premises. =

We have considered Mr Ryders letter and are of opinion that it is not a matter in which the Council can interfere.

Wicklow 4th July 1905

Town Surveyors Report.

The roads and public works in your district are in a fairly satisfactory state, excepting some special works referred to in previous reports, the repairs of which the Road Committee have under consideration. - I inspected Main St. Sewer on 28th Ultimo with the Sub Sanitary Officer, and found a deposit of sand and gravel at New Street manhole, evidently washed down from the two open gratings opposite the fountain in said street. This deposit must be removed with scraper and brush, and two deep seal gullies substituted for the open grates. - The latter can be used at the New Hospital side drains, where the flooding was complained of. Two deep seal gullies should also be ordered for Bridge St and Fitzwilliam Square, as recommended by the Road Committee some time ago. =

The plans for Artisans Dwellings, Market Hall, Abbey St. Sewer, and Friars Hill Sewer are completed and should be examined by the Managing Committee before being sent forward. =

I have to apologise for not being at your meeting today, as I have been called away on business of a very pressing nature which cannot be deferred. - I trust my absence will not in any way inconvenience the Council.

I enclose a tender for repairs to Wooden Bridge, which should be considered at your meeting today, as the work is urgent. =
John Hanson Town Surveyor

Order_ That the Main St. sewer be again examined by
"the Managing Committee who are hereby empowered to
procure the necessary appliances referred to, in the
"Tann. Surveyors Report =

Read an estimate from Joseph Higgins, Fitzwilliam
Road to Supply and fix 12 oak floorings in Wooden Bridge
and repair four broken planks for the sum of £3. 15. 0

(Resolution)

Proposed by Edm Collins, Seconded by Frank M. Thail resolved
"That Joseph Higgins Tenders for repairs to Wooden-
"Bridge be hereby accepted at £3. 15. 0, work to be
"carried out to the satisfaction of the Tann Surveyor =

(Medical Officers Reports)

No 1. I hereby draw your attention to my previous report on the
escape of Sewer gas at Church Hill, as your Board are
probably aware there has recently been some suspicious cases
of Sore throat in the Town since I reported last month on the
sewers and I recommend the gratings at Church Hill be attended
to at once.

Sub Sanitary Officers Report 4/7/05

I submit report for month of June and beg to state that I
made my usual Sanitary inspections visiting over 150 premises

and served 11 notices under the Public Health Act for different Sanitary requirements included in those notices is one for the erection of a ventilating shaft which has not been complied with and as there is a question of law in the case I would ask your Council's directions in the matter - According to your instructions I had the main drainage disinfected and flushed with water twice weekly - During the month there has been 10 houses connected with the new drainage system - The scavenging of the Town was fairly well attended - I would again draw your Council's attention to the necessity of having something done to prevent the water from running out on the public road Ball Alley, Now, as to the condition of the Coopers Lane, your Scavenger visit it occasionally but it is in my opinion that it needs the attention of a road Contractor as it is unsuitable for pedestrian traffic in its present condition - The Medical Officer of Health's attention has been directed to some Sanitary Subjects - I have again to draw attention to buying and selling out of Market Square on Market Days.

Michael Doyle Sanitary Officer
