## COMMITTEE MEETING OF THE WHOLE COUNCIL

30th July, 1925.

## COUNCILLORS PRESENT.

Mr Edward Lalor, Chairman in the Chair, Messrs Francis Murphy, Matthew Turner, John J. Kennedy, Andrew Dunne, Patrick Murphy, James Carroll, L.W. Dalby, D.H. Haskins, Joseph Darcy, C.W. Hudson, John McCall, John Conroy, Joseph Connor, John Barlow, James Everett, T.D. W.J. Haskins, and John Kennedy.

We recommend that Mrs Catherine Dunne, be granted piece of ground in front of her four houses at Castle Street for the purpose of enclosing same by erecting a Wall.

That Messrs John McCall and Matthew Turner accompanied by the Corporate Agent to inspect Ground with a view of fixing the rent on same.

We recommend that a renewal of lease of 75 years from 25th March, 1925, be granted to Miss Wynne; Mrs Walsh; Mrs Doyle and Mr Herbert Wynne of houses on Leitrim Place, Wicklow, at an increase of 25% on the present rent.

We have instructed your Town Clerk to request the Minister for Local Government for an explanation as to what he means by the status of the Rate Collectors should be placed beyond doubt as regards pensionable Officers, as we are of opinion that our Rate Collectors should not be treated differently from the other Rate Collector and that

*E.L.*

Their positions should be made a pensionable one.

We have deferred the further consideration of the Inspector's Report on the salaries and duties of the Officials of the Urban Council until we have a reply from the Minister for Local Government re Rate Collectors.

## RESOLUTION.

Proposed by Councillor D.H. Haskins.

Seconded by Councillor James Nichols

Resolved:- "That Committee's Report dated 30th July, 1925, be hereby "confirmed and adopted."

## RESOLUTION

Proposed by Councillor D.H. Haskins

Seconded by Councillor L.W. Dalby

Resolved:- "That Poor Rate Collector's Warrant be hereby sealed "and signed."

Sub Sanitary Officer's Report.

4th August, 1925.

Inspected 25 premises and served two notices for sanitary purposes which has been complied with. Had four samples of water sent for analysis. The usual flushing of the main drainage and the disinfecting of the Gully-traps and the Urinals

*E.L.*

on the North Quay, and South Quay has been carried out weekly during the month. I wish the Committee to inspect Urinals on the North Quay, as it requires some other means of flushing, than the present way with a bucket. I inspected the stream of water at Monkto Row, Upper, with Committee, and we recommend to the Council, to have four yards of nine inch earthenware pipes laid from the corner of the Convent field to the water-table, and a concrete well about four feet long, two foot by two foot erected at same, to keep all rubbish from water.

With the Council's instructions I had a wire fence put round the broken part of the road at the Foreshore, and had danger signs erected on the Electric poles at the places named for same.

During the month the Council's men were engaged, taking off loose stones, trimming briars, and side-dressing roads, at Church Hill Road, Brickfield Lane, St. Patrick's Road Convent Road, and Ballynerrin Road., and had Streets cleaned for Holiday.

Some of the paling along Bachelor's Walk has fallen down during the month.

Order:- That four yards of nine inch earthenware pipes be laid from the corner of the Convent field to the Water-table, and a concrete well about four feet long, Two by two, be erected.

# WATERWORKS OVERSEER'S REPORT.

4th August, 1925.

Repaired Fountains at High Street, Kilmantin Hill, and Strand Street.

Had all Hydrants cleaned and one of Filtering Beds scraped and raked, number one Bed requires some of the sand removed as it is in very dirty and it would not be advisable to have sand washed at this time of the year.

Usual night tests were carried out.

There is 16ft. 6ins. of water in the Reservoir.

# ELECTRICAL ENGINEER'S REPORT.

4th August, 1925.

During the month ended 31st July, 1925, the services has been maintained without interruption.

In accordance with instructions received from the Council at last Monthly Meeting, I have had Street Lamps replaced and lighted during Regatta, During the latter portion of the month plant has been running daily to supply Council's Stone Crusher.

I have carried out all necessary repairs to No.1. Engine and left same in readiness for the Winter's work.

Invitation from the Municipal Authorities inviting two representatives of the Council to attend a Conference on the 15th September, next.

Letter from the Irish Transport & General Workers Union, stating that they were of opinion that the men engaged breaking stones should be paid at the rate of £3 as it was ordinary work.

The Town Clerk stated that the men were engaged to break stones for Roads Improvement, and that this work was part of the original Scheme of an £800 Grant given by the Government for Roads Improvement, and that the balance of the said Grant amounted to about £40, which by directions of the Council had ~~been expended on~~ <sup>been expended on</sup> breaking of stones and consequently the men could not be paid more than the ~~amount~~ <sup>allowed</sup> by the Government for such work viz:- 35/- per week, and should the Council decide to pay more than this sum they would be surcharged.

Letter from the Irish Transport & General Workers Union, stating that they were surprised to learn that the Council had enforced a very heavy reduction in the wages of the permanent employees of the Council, and that they are of opinion that before this reduction was made that the Council should have had a conference with the mens Union and requesting that such a Conference should now be held.

#### RESOLUTION

Proposed by Councillor D.H. Haskins

Seconded by Councillor Joseph Darcy.

Resolved:- "That the Irish Transport & General Workers Union be informed that the matter of the wages of men were settled by a resolution of the Council and cannot see that any good would come out of a Conference."

Sub Sanitary Officer's Report.

1st September, 1925.

Inspected 40 premises and served two notices for sanitary purposes which have been complied with. The usual flushing of the main drainage and the disfecting of the Gully Traps and ~~the~~ Urinals on the North and South Quays has been carried out weekly during the month.

I had notices posted up at Upper Monkton Row warning persons against using water from well thereon. Owing to Gully Trap at New Street constantly stopping I had same opened and found that same was not connected with main drainage, but with a stone shore which is the cause of the stoppage. I would recommend that this Gully be connected to main drainage which is five yards away from it.

With the Council's instructions I had 8 lengths of 6" pipes laid and a cement catch-pit erected at Upper Monkton Row, by the Council's men.

I also had the Council's men engaged on the Ballynerrin Road, Convent Road, Upper Monkton Row, Dunbur Road, and Bail Alley, cleaning up water-tables and side dressing same. Owing to heavy traffic on the Dunbur Road it requires 20 tons of stones.

I wish the Council's instructions regarding water coming from Mr Darcy's premises on South Quay, and crossing the public road, as I cannot trace where the water is coming from.

ORDER:- Gully to be opened up at New Street, and examined with a view to ascertaining the cause of the stoppage, also an examination to be made at Mr Darcy's premises to trace where the water is coming from which is the cause of complaint.

WATERWORKS OVERSEER'S REPORT.

1st September, 1925

Repaired Fountains at Strand Street, Monkton Row and High Street, No. 1 Filtering Bed was scraped and raked and waterways at head of Reservoir cleaned up. Usual night tests were carried out.

Messrs Miller & Co., complained to me that they had not pressure enough going to the supply pipe for Cranes. This service has been idle for some time and may be corroded at connection with main. Can I have connection opened and examined?

There are 14ft. 3ins. of water in Reservoir and the supplying streams are almost stopped.

I would like to have permission to have fresh Water Chamber cleaned out, and another Filtering Bed scraped and raked.

ORDER:- That connection be opened to ascertain the cause of complaint, also Water Chamber to be cleaned out and Filtering bed to be scraped and raked.

## ELECTRICAL ENGINEER'S REPORT

1st September, 1925.

During the month ended 31st August, the Plant was running 22 days and services for lighting and power have been maintained continuously.

On the 25th inst., the wire crossing the Railway line at Bath Street, was torn down by the Railway Co's Crane, this is the third time this has occurred. I have now repaired the damage.

As the nights are now getting dark very early, it would be advisable if the Council would fix a date for the lighting of the Street lamps.

ORDER:- Public Lighting to commence on the same date as last year.

28th September, 1925.

## RESOLUTION.

Proposed by Councillor D.H. Haskins.

Seconded by Councillor Francis Murphy.

Resolved:- "That the well at Gregory's Row be filled in".
