Sub Sanitary Officers Report

1st June, 1926

Inspected 30 premises and served 3 notices for sanitary purposes, two of which have been complied with and the other notice is under the consideration of the Owner of the Yard. The usual flushing and disinfecting of the main drainage and Gully Traps were carried out weekly during the month.

By the Council's directions I had 12 Yards of 4 inch earthen ware pipes laid from Well on Kilmartin Hill to main drainage, and had about 10 yds of Cement water table laid in Church Street. Opened up and cleaned drainage from Mr. Darcy's Yard on South Quay. The Council's Men were engaged at the quarterly cleaning of roads on Station Road, Fern Hill, Church Hill, St Patrick's Road and are engaged at Bachelor's Walk erecting railing along same.

Had the Public Seats painted and put out on the Piers and Sea Murrough for the Season.

I wish a Committee to inspect water table at Convent Road as same requires a Gully Trap laid in same and piped across the road.

Order:- That Sub San Officer's Report be referred to Roads Committee in connection with Gully Trap at Convent Road.

That the San Sub Officer be supplied with the following
1 Doz Road Brushes; 1 doz Shovel Heads; 1 Doz Lime Brushes.

WATERWORKS OVERSEER'S REPORT

1st June, 1926

During the month repaired Fountains at Quarantine Hill, Irish Town and Chapel Road, and also Pump on Watering Car. Tapped Main on South Quay for service to Mr. Doyle's Garage.

It will be necessary to give one of the Filtering Beds a Summer cleaning in a few days. Can I have same cleaned.

Some new Sand will be required for Filtering Beds this year.

g.h.

I made usual night inspections and found a lot of leaks most of which have been attended to. In the case of big leaks in future it will be necessary to have water turned off on discovering same as there is a very small amount of water coming into Reservoir. There is 19ft 11 ins of water in Reservoir.

ELECTRICAL ENGINEER'S REPORT

1st JUNE, 1926

I beg to submit report for month ending May 31st. During this period our Plant has been running satisfactorily, and supply of Current maintained as usual. I have carried out some minor repairs to No.1. Engine and Generator, and am overhauling No.2. Set to have same in readiness for the winter work.

Sub Sanitary Officer's Report

6th July, 1926

Inspected 15 premises and served two notices for Sanitary purposes which were complied with. The usual flushing of the Main Drainage and the disinfecting of the Gully Traps and Urinals on the North and South Quays has been carried out during the month.

By the Council's instructions I had 6 Yds of Chippings tared and put holes on the Marlton Road and part of Main Street filled.

Had
~~That~~ the Paling at Bachelors Walk completed by the Council's Men

The hand Railing along the Woodenbridge requires to be painted also the Roof of Boat House requires to be repaired as several Slates have blown off. Owing to the dry weather I had the Water Car out three half days per week for two weeks.

ORDERS;*-Tenders be invited for the painting of Woodenbridge and

that the Roof of Boat House be repaired.

Waterworks Overseer's Report

6th July, 1926

Since last Meeting there is a great deal less water coming into the Reservoir than there has been for a number of years.

It will be absolutely necessary to use the strictest economy. One of the two streams that supply the Reservoir is just the smallest dribble. The main supply stream is also very small.

E.H.

The Springs started to fall early in March, and have got worse and worse ever since. The Reservoir is down to 8ft 8inches below overflow.

During the month I repaired fountains at Kilmartin Hill and Lower Strand Street, this fountain is been continually broken, and stuffed with pieces of wood. I cleaned service at Wentworth Place.

There is a red sediment showing in the water in Castle Street, this is rust from mains. I reported on the condition of the mains on two occasions before.

I would like permission to turn off water from different parts of the Town leaving on one main only for testing purposes, this would be at night.

ORDER:- Waterworks Overseer to turn off water where pumps are broken, That Public Water Supply be turned off from 7 p.m. to 7 a.m., when the Waterworks Overseer considers same necessary.

THE ELECTRICAL ENGINEER'S REPORT.

6th July, 1926.

During the month ended June, 30th, our supply of current to private consumers has been maintained as usual, and no faults has occurred on our overhead mains, or with generating plant.

Two new consumers have been connected to our supply during the month, and one new service run. I have completed readings
