Artist Support Awards Scheme 2018

Information Page 1

Background

Wicklow County Arts Office established the Artists' Support Award Scheme in 2013. Over the last number of years, the Arts Office has developed a series of approaches to support: the artist; arts participation; and artform development. These have been realised through the extension of projects and programmes which have seen the Arts Office act in varying roles of production, collaboration, curation and commissioning. In recent years the Arts Office has moved away from a programmed response to artists' professional development, instead resourcing artists directly through awards and commissions. In this way, we intend to: consolidate the role of the Arts Office in strategically cultivating the arts; produce new and exciting work in the county and remain ambitious about what is possible.

It is our intention through the extension of this Support Scheme, that artists or artist collectives living/ based in County Wicklow may propose projects which will nurture their practice, create connectivity, generate new perspectives and voices within the cultural life of the county and support a diversity of approach.

Our established track record of supporting artists includes offering artist residencies, creating timebased network supports and mentorship development initiatives, grants and bursaries and the Artlinks initiative. These combined have led to significant platforms, outcomes and in some cases career shifts for professional artists. This Support Scheme will facilitate artists to identify and seek support for the development of their practice in a way which meets their specific needs at a particular point in time. For further information on the work of the Arts Office in relation to artist development and projects, please refer to the website **www.wicklow.ie/artsoffice**

Objectives

The objective of this Support Scheme is to assist artists to develop their practice. We want the awards to make a significant contribution to the professional life of artists from, or living in, County Wicklow.

Awards are primarily offered to assist artists at all stages of their careers in the development of their art practice. The purpose of the awards is to allow artists working in any context to realise a specific body of work/training to this end. Proposals can include participation on short-term courses, specialist workshops, mentorship's etc, but it is not intended to fund third-level or on-going study. The intention is to offer artists time to undertake residencies or buy time to develop or research a new body of work, with a particular focus on career development.

Professional practicing artists working in any artform, discipline or genre are eligible to apply to this scheme.

Applicants may apply for living costs, materials and in some cases, the hiring of services where they are intrinsic or necessary to the creative process or the production/ dissemination of work. However, these must not make up the majority of costs relating to the application.

Guidance Notes

The Support Scheme will allow an artist to propose a project which supports any of the following:

- The development a collective of professional artists/community of practice within the county
- The development/research phase of new work to be sited/situated in the county
- Interregional collaborations by County Wicklow based artists for work to culminate in presentation in the county
- Development and/or presentation of new work sited, and situated in the county which would have a significant impact on an artist's career development
- Where there is a demonstrable benefit to the artists' practice, the presentation of new work by a County Wicklow Resident Artist outside the county
- Short-term mentorship or educational development supports at post-graduate level

* Please ensure to check the notes under criteria in relation to artist eligibility, and clearly articulate which of the above your proposal relates to

** Applicants who are resident in the county for the last consecutive three year period are eligible to put in applications under purpose 1-6. In the case of artists from, but not resident within the county in the last three-year period, projects/supports must be applied for within criteria 1-4 only.
