6504 Report dated 27th March from Mr Robt Hammond re tenders received for 25 K.W. Alternator. The following tenders had been received:-

Name of Firm	Amount of Tender	Date of Delivery
The High Speed Engine Coy	£185	2½ months
Belting Bros Limited	£240	3½ to 4½ months
The British Thomson Houston Electric Coy	£275	9 to 10 weeks
" Electric Construction Coy	£300	3 months

John Fowler & Co Ltd	£365	4 months
Johnston & Phillips	£365	12 weeks
Parker & Platt Ltd	£382	3 months
Siemens Bros & Co Ltd	£568	8½ "

The choice of acceptance in Mr Hammond's opinion lay between the High Speed Engine Coy @ £185 or the Electric Construction Coy @ £300. If the Council were satisfied to accept machinery manufactured outside the United Kingdom he would advise the acceptance of the High Speed Engine Coy's tender. A report was submitted from Special Sub Comee appointed by General Purposes Comee to investigate and report generally in reference to allegations that members of the working staff discharged duties for Mr Isaac Jones a member of the Council &c. The report gave in detail statements of the various carters to the effect that they had on several occasions removed heaps of building rubbish from Mr Jones lane on instructions of overseers and in one instance without instructions.
