Town Hall Wicklow
18 October 1854

at a Special Meeting of the Town Commissioners held this day pursuant to Notice to sign the Mortgage Deed for £8000

Commissioners present
James Nolan, Martin Hagerty
John Hayden, Joseph Morton, John Nicholas
Joseph Morton, John Chapman, Dr. Wm Nolan

Resolved that Counsels Owens opinion had on the Mortgage Deed now read, in order to guide us whether the Commissioners private property or that of their Heirs, &c be in any way accountable to the Mortgagees

Ja. Nolan

Town Hall Wicklow
23 October 1854

at the adjourned Meeting of the Town Commissioners held this day for the purpose of signing the Mortgage Deed of £8000 for the improvement of the Harbour, Counsels opinion having been obtained as to the personal liability of the Commissioners

Commissioners present
James Dillon, Wm Nicholas, Dr. William Nolan.
Thomas Doolittle, Matthew Hagerty, John Hayden,
John Chapman, James Nolan

Resolved that the case & opinion we had from Dr. R. Owen, be entered on the Books

Resolved that in accordance with the above opinion the Mortgage Deed be executed by the Commissioners Ja. Nolan

Case and Opinion relative to the Mortgage Deed for £8000 for the Improvement of the Harbour at Wicklow. from R. D. Owen Counsel

Case

The Commissioners of the Borough of Wicklow

To

Richard Newman and Wm Wright Leward Esqrs

On behalf of the Commissioners for Counsels to peruse the Mortgage in this matter and advise on the following queries

Counsel has herewith the Mortgage for £8000 proposed to be Signed and executed by said Commissioners to raise said sum for the purpose of improving the Harbour of Wicklow, and the draft of which deed has been already before Counsel, and altered and approved of by him, and which is now submitted to Counsel for the two following reasons.

First.

On reading the covenant on the last five lines on the first skin of the Instrument namely the covenant for good title, which runs in these words

" and the said James Nolan
" Matthew Traverse &c as such
" Commissioners for the time
" being for themselves, severally
" and respectively and for
" their Several and respective
" Heirs, Execrs and Admors
" but each of them as respects his-

Copyright Wicklow County Archives

" his own Acts, deeds and dejaults
" only hereby covenant with the said
" Richard Newman and William
" Wright Luard, their Excrs
" admrs and Assigns, that notwith
" standing any act, deed and
" Matter or thing whatsoever by them
" made, done or permitted they
" now have as such Commissioners
" of the Borough of Wicklow good
" right and absolute authority
" with the approbation of the Lords
" Commissioners of Her Majesty
" Treasury, to grant and demise
" the said Messs, or Tenements
" and Lands & Tolls & Hereditaments
" unto the said Richard Newman
" and William Wright Luard their
" Excrs Admrs and Assigns for &
" during the said term of Two years
" in manner aforesaid and
" according to the true intent and
" meaning of those presents

This Covenant is on behalf of the Commissioners for the time being Severally and respectively and also for their Several and respective heirs. Excrs and Admrs and as there is not or cannot be any Heir, Excr or admr to a person as a Commissioner, a Serious apprehension has arisen in the minds of many of the Town Commissioners whether or not only would they but also their Heirs, Excrs and Admrs be liable personally, and also their personal property

property to the amount of the Mortgage and Interest, so far as their property or that of their representatives would extend. It is considered by them that the Covenant should be for themselves and their Successors

There is no covenant to pay the money by the parties except as Commissioners, nor is there any bond and Warrant collateral as in cases of private loans

The Second Question is That the Commissioners bear under the words of the foregoing Covenant, they would be held responsible for the legality and Validity of their Election and formation, and that in as much as they are styled such Commissioners for the time being they would be held personally and individually liable to the debt in case it should hereafter turn out that they had entered into a Covenant which they were not legally empowered to do, and that in such an event the Mortgagees would be driven to look to their private property, and not to the property included in the Mortgage and Schedules and which is the property of the Commissioners as a public body

It is submitted that the Section of the 6th & 7th Victoria chap. 93 remidies this and obviates any difficulty on that point, as it enacts, "That in every case in which at any Meeting convened pursuant to

the

the provisions of the said last recited Act for the purpose of carrying the same into Execution, in any City Town Corporate, Borough or Town, an election of Commissioners shall have been made and the persons so in fact elected comes for the purposes of the said Act or any of them shall have acted as such and shall or the Successors of whom shall, be at the time of the passing of this Act, acting as Commissioners in the Execution of the said Act such person shall be and be deemed and taken to have been duly elected at and from the time, when such election did in fact take place, and that all Acts, Contracts, proceedings Rates, Assessments, matters & things heretofore bona fide made, done, authorized or performed by any Commissioners so first elected and all subsequent Elections of Commissioners under the said Act, and all things done by them shall have and be deemed and taken to have had the same force and validity which they would have and have had if these had been within the parish or parishes wherein any such Borough may be situate such a vestry, rate as in the said Act mentioned, and as if each of the person so first elected Commissioners

had been assessed thereby or charged for and in respect of its dwelling house or other tenement of the Computed Annual Value, according to the said rate of £20. or more and as if the persons admitted to Vote at the meeting whereat such Election may have taken place, had each of them been assessed or charged thereby such rate for or in respect of a dwelling house or other tenement of the Computed Annual Value according to the said rate of £5 or upwards

The entire of this Section is framed to obviate any technical defects which might have existed in the first Election of Commissioners under the 9th of Geo the 4th and which it was always apprehended did exist as to the Wicklow Town Commissioners

1st Query

Counsel will please peruse the entire deed and mine especially the clauses above copied, and state whether Mortgagees in their Capacity of Commissioners under the 9th Geo the 4th and having the Sanction of the Lords of her Majesty's Treasury, two of whom are to execute the deed of Mortgage to testify their assent will run any risk of involving either themselves, their Heirs

Exors

I have read the deed of Mortgage as engrossed and am of opinion that the Commissioners may safely execute that deed with the Concurrence of the Lords of the Treasury and that they will not thereby run any risk of personal liability either to themselves or their representatives the private property of the Commissioners

Copyright Wicklow County Archives

is not in my opinion
to be at all effected by the
mortgage, nor any property
save that which the
commissioners hold in
their public capacity
and which is set out
in the Schedules

I do not think
that any defect in
the title of the commis-
sioners such as
suggested would make
them personally liable
to the mortgagees, the
only Covenant, on the
part of the commissioners
contained in the deed
as settled by me originally
and as now proposed is
the usual limited
Covenant, which Trustees
enter into, in a sale or
mortgage of property,
which is vested in them
as Trustees, and is confined
to their own individual
acts, the commissioners
by the deed purpose to
convey the property subject
(as to incumbrances) and
to the leases and tenancies
as specified in the Schedules
and they are properly

Exors and Admrs or their private
property by signing the deed
or whether any property can
be effected by the Mortgage
save that belonging to the
commissioners and set
out in the two Schedules
to the deed herewith sent

2 query

Counsel will please say
whether the present commissioners
could be held personally liable
to the debt or their Heirs
Exors, Admrs or assigns or
their properties, in case
there should have been
any informality or illegality
in their election or that
any thing should hereafter
occur to shew that they
were not legally such
commissioners, for the time
being as described in the
Covenant above, and the
entire deed taken into his
consideration the Section
above referred to and state
generally whether the
grantees in this deed, may
with perfect safety to themselves
their Heirs, Exors, admrs.
and assigns execute it as
now engrossed and give his
general advice
dated this 19 day of October 1854

made to covenant that they
who sign the Deed have
done nothing to prevent
them from fulfilling their
contract viz, to mortgage
an estate not burdened
with any incumbrances
except tenancies & leases
which are enumerated and
described in the deed, this is
the only liability which the
commissioners personally
incur, namely that their
own acts have not prevented
them from fulfilling
their agreement the
covenant does not guarantee
to the mortgagee that
the property legally vested
in the commissioners, is
now that when it vested
in them, it was free from
incumbrance, but merely
that they have not
incumbered it beyond
the leases in the
Schedules, or done any
other act, which would
prevent them from making
the mortgage, subject
only to those Tenancies.
on the whole I think the
covenant a proper one
to be introduced, and one
which the commissioners
need have no hesitation
with regard to, I may

Copyright Wicklow County Archives

add that the Section of the 6. & 7 Victoria c 93 would remove any difficulty that might exist in the title of the Commissioners as to the vesting rate and assessment of the original Commissioners, and that no such objection can now be made to the title of the Commissioners or the validity of any of their acts

Robert H Orr
20 Upr Pembroke St
Dublin
Feb 21. 1854 four

The Covenant is properly made by the Commissioners for their "Heirs Exors and Admors" it has been decided in the case of the Cashel town Commissioners, by the Court of Exchequer that Commissioners under the Smith 7 & 8 Vict. are not a Corporation tho they have no "Successors" and they are in the position of Trustees and I think ought to Covenant in the manner they are made to do in this Mortgage.
