Leaving a balance in Bank of £66. 6. 5

An account was laid before us from Mr. Joseph Pim amounting to £42. 18. 10 on which £20 had been paid on account leaving a balance of £22. 18. 10 due. The whole of this account purports to have been incurred previous to the election of the present Board and dates from 1886 on — No vouchers of any sort have been supplied with it nor has your committee any means of checking same, though we have had three notes of the same account furnished, the total in no two is the same, we would ask the Board how your Secretary is to act with regard to same.

Mr. Chapman acting as Township Collector failed to attend and hand over his books accounts etc, though noticed to do so, nor did he send in the monthly sheet required. We would urge the Board to have the books, documents etc handed over without delay to the Agent appointed by the Commissioners and approved of by Mrs. Luscombe and that Mr. William Desaix's appointment be duly published so that he may attend to the collection of rents and other business of your Board

Having inspected the Market Hall we cannot recommend the Commissioners complying with the application of the Gymnasium Club

Having received an application from Miss Graham your Committee examined the vacant building plot in Summer Hill and recommend that a space of 8 feet wide be reserved from the end of George Doyles Plot parallel with the main road past the end of Miss Graham's House, as a lane for the accomodation of said houses and building plots, Miss Graham agrees to pay for same at the usual frontage rate, till such time as these building plots are taken up, the frontage rate of this laneway to be apportioned between the houses accomodated.

28th April 1894

Dear Sir,

When I came home, I found a letter here from you, dated 21st Instant, The Commissioners according to that letter require me to do an impossibility viz, cease to be Agent, at the same time collect rents. As I have not resigned, I am bound to use all means to collect the rents, the September and March rents stand in the same position and must be collected by me, before I can demand a release of my security and after the low sorry manner, Mr Roche acted towards me, in the matter of another transfer I must have my security released before I send in my resignation. I do not for one moment think Mr D'Arcy or Mr Nolan would act in such a manner, nor did I expect a so called Minister of God would either. I wrote to the Chairman & to you, and attended the monthly meeting to ask the Commissioners if it was their wish that I sued for the September rent, you neither put it on the notice paper, nor allowed me to bring it before the Board, only baffled every attempt I made, then the time for processing passed, so I cannot do anything till July Sessions

Yours truly
Joseph Chapman

Local Government Board
8th May 1894

To Francis W. Macnaghtail

Sir,

I am directed by the Local Government Board for Ireland to acquaint the Wicklow Urban Sanitary Authority that they have received the report of their Chief Engineering Inspector, Mr Cotton, on the local inquiry held by him into the application of the Sanitary Authority for sanction to a Loan of £500 for improving the present drainage of the district and for other Sanitary purposes not Waterworks.

Mr Cotton reports that the works for which the loan is said to be required are

No 1 Sewer in Kentworth Place (paid for in 1892)	£ 29.	6. 0
2 Urinals (public) and No 6. Town Hall	84.	0. 0
(£32 for the urinal past audit)		
3 Sewer in Main St (not commenced)	141	4 6
4 Sewer South Quay to Bridge Street (paid for and passed audit)	45	3 "
5 Sewer in Summer Hill (not commenced)	162	" "
	£464.	13. 6

As regards Nos 1 and 4 and part of No 2, the Board are not prepared to sanction a loan for the cost of these works as they have been already paid for and passed audit, but they desire to express their sanction to a loan of £55 for two public urinals and closets and closet in Town Hall to be repaid in 10 years.

The Board cannot entertain the application for a loan for the works No 3 & 5 as the evidence is so conflicting — That a new sewer in the Main St is wanted is clear from Dr Halpins evidence and from the statement that the existing sewer is irregular in its course, in some cases going under the houses on one side, but the Engineer states that the sewer as laid out would not fit in with a proper revised system of sewers for the Town. As to the sewers proposed for Summer Hill he does not think it is required at all — Under these circumstances the Board cannot sanction a loan for No 3 & 5, though the sewerage of the Main St requires improvement which should not be delayed.

Application should now be made to the Commissioners of Public Works for the Loan of £55 with a view to its recommendation under Section

Copyright Wicklow County Archives

246 of the Public Health Ireland Act, 1878, but no expenditure should be incurred in anticipation of receiving the loan until the Sanitary authority learn that its issue has been authorised by the Lords Commissioners of Her Majesty's Treasury

The Town Clerk was directed to acknowledge receipt of Local Government Boards letter and to point out that the Town Commissioners acting as Sanitary Authority have done their duty and that the responsibility connected with the contemplated sewerage now rests with the Local Government Board they not having sanctioned said loan whereby the defects might have been remedied.

Edward Mangle Town Clerk.

Resolution
That it is hereby unanimously resolved that the subject of paying the expenses in connection with the working of the provisions of the Compulsory Education Act, Ireland, 1892, by the "Local Authority" out of the local rate be again brought under the notice of the Right Honorable John Morley; as we consider it an extreme hardship on the already over-taxed Ratepayers of Cities and Towns, that they should be called upon to pay the expenses of carrying out an Act which should be met out of the Imperial Treasury, as the Compulsory Education of the people is a

State question, and, and that we most respectfully ask Mr Morley in the amended bill to be introduced to remedy the defects of this Education Act, to make provision that the expenses connected with the Act shall be defrayed by the State, and; that, copies of this resolution be sent to Mr William Abraham M P. for this division of the County of Cork - to the Town Clerks of the Town Councils Municipal Boroughs - Towns and Townships under Commissioners in Ireland asking their co-operation to have this unjust impost removed.

Proposed by Frank McPhail seconded by John Pasant and resolved That the Town Clerk write to the County Representatives and Mr Morley asking them to have inserted in the bill now before the Government that the expenses connected with the Education Act 1892 shall be borne by the State

Your Finance Committee attended in the Town Hall at 3 o'clock on Tuesday 26th June 1894, to receive from Mr Joseph Chapman, the books documents and other papers belonging to the Town Commissioners and also his account for all monies received and paid on account of said Commissioners since 31st December 1893.

Mr Chapman positively refused to hand over the rental of your Corporate Estate as kept by the late Mr John Chapman though he said he had such a book. He handed in an account of monies received and disbursed since his last annual account was closed showing a balance due by him of £26. 8. 3½ after deducting £8. 9. 1 Mr F. Kennedy's Solicitors costs which it is for the Commissioners to allow or otherwise but outside this your Committee find there is £1. 14/- further due by Mr Chapman which the latter allows

Your Committee have no means of ascertaining whether all papers have been handed over.
Mr Chapman now demands back the block of the rent receipts which he then

handed in, but your Committee consider this is clearly your property.
Mr Chapman having refused to accept the offer of the Town Commissioners at their Special meeting to release him from his bond on his then handing over everything to our new Agent and made it necessary for us to put the matter into the hands of a Solicitor we recommend that the bond be now left as it is, until released by the Local Government Board Auditor

Local Government Board Dublin
9th June 1894

Sir,

I am directed by the Local Government Board for Ireland to acknowledge receipt of your letter of the 4th Inst relating to the application of the Wicklow Urban Sanitary Authority for Sanction to a loan for sewerage works; and in reference thereto I am to state that the Board refused Sanction to a loan for sewers proposed by the Sanitary Authority, but which their own Engineer would not support with his evidence. Under such circumstances, the Sanitary Authority are not relieved of their responsibility especially as regards the sewer in Main St which the evidence showed required immediate attention.

The Sanitary Authority are no doubt aware that the provision of the Public Health (Ireland) act, 1878, with respect to the making and maintaining of sewers are mandatory; and the Board trust that the Sanitary Authority will immediately take such action as will prevent the making of complaint as to their "default in providing their district with sufficient sewers or in the maintainance of existing sewers" (Section 211)
