SPECIAL COMMITTEE'S REPORT

14th February, 1920

Your Special Committee met this evening, and beg to report as follows:-

We examined Town Hall & Market Hall, drew up specification for the necessary painting and repairs, and have directed your Town Clerk to issue advertisements for the work. Tenders to be considered at next monthly meeting.

We recommend that the Fountain at Kilmantin Hill be removed, and top of Well to be covered with a good Flag and concreted over.

We inspected Well at Convent Road, and recommend that your Water-works Overseer be asked to give a report as to the necessary fittings required in order to have the Fountain in proper working order.

We also inspected Convent Road Cottages and recommend that the following work be carried out:-

No.1. 6ft length down pipe to be provided. Pipe to sewer to be taken up and cleared.

No.6. Chimney to be hacked off, cemented and slates replaced.

No.7. Chimney to be cemented and repaired. No.8 Crack to be closed.

Grate in Mrs Ryan's house to be taken out and re-set.

No.10 Cracks in chimney to be cemented. No.11. Chimney to be capped. No.12 Chimney to be rebuilt. No.13. Chimney to be repaired. No.14 Chimney to be rebuilt. No.16 & 18 Supply and fix down pipes and Eave Gutters. No.16 Slates to be ~~renewed~~ replaced. No.17 Chimney to be repaired. No.18 Repair slating and chimney cemented.

No.15 Replace down pipe on back. No.16 Weather board to be provided for back door. No.13 Pane of glass to be supplied.

Sub San Officers Report
2nd March 1930

During the month I inspected 200 premises and served 5 notices under the Public Health Act for various Sanitary purposes which were complied with. The usual flushing of Main Sewerage has been carried satisfactory. Several of the Stop-cock Covers or lids on the footpath along the Main St is gone I wish to have the Councils instruction on same as they are a great danger to the public at night.

The grating at S. J. Byrne's gate Hillside is in a bad state as the bars is worn out at the sticking plate and if any weight cross it will go down. On my inspection at the Council Cottages at Bond St the closets of those houses are in a insanitary condition for the want of Water to flush same and the Cottages in Strand St

side are in very bad repair.

There is also 4 houses in Lower Strand St with no closets, drains chocked up and in very bad repair. Some of the ceilings are ready to fall and some have been taken down. When I reported about them 8 or 9 months ago, but nothing have been done to improve those people of the insanitary condition they are living in although they are let from 2/9 to 3/- per week, on my General inspection for the Housing Committee I reported about 200 of those houses that could be made sanitary for the people in them.

The Cottages at the Convent Road I would recommend the Council to have the closets and Ashpits removed to the bottom of the Gardens as they are only about 6 ft from living room & insanitary, and the small Yard cemented. On the dump ground at the Gas Works there is several heaps of manure there that should be spread and a notice put up warning the public not to put it there during the Summer unless they throw it over the bank, the same apply to the Brickfield Lane and Black Castle grounds. There is still a lot of timber on the Road at the South Quay. The Scavengers work during the month is satisfactory.

Owing to the falling off of the Fowl Carts from coming to the Market Place and selling at abbey St there is no Market held at the Market Square now only the one man comes up to it to collect his eggs from his own Sellers it is only a depot not a Market and no good to the town people. I would recommend that the Police Authorities attention be call to the matter and have them removed to the proper Market Place to Sell instead of abbey St as I can do nothing to stop this practice now.

I want an order for 5 cwt lime for limewashing

Order:- That Roads Committee's Report dated 11th Feb 1920 be hereby confirmed and adopted.

Waterworks Overseer Reported that Water in Reservoir is at overflow. He also reported that he repaired Fountain in Castle St; Flushed all mains each week. There are several bad leaks in the Filtering beds and Fresh Water Chambers, and it will be necessary to have something done as soon as possible as the leak in the Fresh Water Chamber is coming in from the Reservoir through the Dam Wall. This means that the Water coming to the Town at present is not properly filtered. I would suggest emptying all the Chambers some day when convenient, and the Waterworks Committee come and inspect the whole system which is in a bad way.

Order:- "Waterworks Committee to inspect Waterworks + report.

Dairy Inspector reported that the Cowkeepers continue to keep their premises in fairly good order.

Road Overseer's Report
1st March 1920

Since your last meeting 25 tons of Macadam were spread on the Roads + Streets and 23 tons on the Quays as well as several loads of broken shingle used to form a footpath on the South Quay.

Water ways at Monkton Row and other places were cleaned, the roads scraped and scrapings carted off

and deposited at the back of the Promenade. Scrapings were put there with a view to making ground and protecting the Wall. This was done last year and proved most successful.

Two drains got choked one at the bottom of the Doctor Steps was opened cleaned and recovered. The second in the Salt House Lane was partlay opened and about 2 yds of an old 4" water pipe butted against the out-let in the Quay Wall remainder was covered with flags. It is a stone drain and in a very bad condition. A new pipe sewer will have to be made as soon as possible.

Dear Sir,

Referring to your call here on Wednesday last, and my interview with you at the Council Chamber, with reference to the question of the reading or otherwise of the Minutes of the Urban District Council.

I have made an exhaustive search of the current books dealing with Local Government matters, that is, the three addit-

(E) Mr. O'Brien moved and then withdrew the following motion:- "That a register of all correspondence of this Council be kept for the information of the Members, and that all correspondence be read at the Monthly Meetings. In this way the Council shall be able to conduct the affairs of the Council more successfully".

(F) Mr. O'Brien moved the following:- "That an inventory of all Council property be prepared and examined periodically, said list to be exhibited in the Council Office".

Agreed that the Town Surveyor prepare an inventory of all property outside the office, such as Hose & Equipment, Implements, Tools Etc. for the 31st March each year.

(G) Mr. O'Brien moved the following which was not seconded :- "That in view of the Clerk's failure to supply each Member with a copy of the Minutes of each Meeting, notwithstanding a resulution instructing him to do so, that a copy of the resolution be tabled and until such resolution is rescinded, that the instructions there-in be obeyed".

The Town Clerk read the resolution referred to as follows:- "From Minutes of 7th August 1934 - The Chairman (Mr. P. Lonergan) proposed and Mr. P. Conlon Seconded that the Minutes in future be duplicated and forwarded to the Members with the Agenda, and thus dispense with the reading thereof at the Meeting. Agreed".

The Town Clerk then referred the Council to the Law-adviser's advice which was recently sought as to whether Minutes should or should not be read at Council Meetings, wherein he advised that Minutes of Council Meetings must be read, and quoted the law on the matter.

Miscellaneous Matters & Correspondence.

Rent & Rate Collector - Letter from Secty. Monaghan Co. Council read enclosing application received by him from J. K. Armstrong, Ranelagh, Dublin, applying for appointment to the position of Rent and Rate Collector. The Town Clerk reported that it was not written in time for the Council's Meeting at which applications were considered.

Quotations for carriage of Fuel Oil - Quotations for the carriage of consignments of Fuel Oil received from the G.N.R. Co, and Peter Marron, Magheracloone, were adjourned to next Monthly Meeting.

Dear Sir,

Referring to your call here on Wednesday last, and my interview with you at the Council Chamber, with reference to the question of the reading or otherwise of the Minutes of the Urban District Council.

I have made an exhaustive search of the current books dealing with Local Government matters, that is, the three additions of Vanstons Local Government, Vanstons Public Health and Vanstons Law of Municipal Towns, but strange to say there is nothing that I can find in any of these books which actually uses the phrase "The Minutes shall be read".

The Council should, however, remember that under the Local Government Act of 1898, under certain conditions a Town with a certain population was entitled to establish an Urban District Council, and the business and procedure of the Guardians who (prior to 1898 managed the Town areas) was transferred to an Urban District Council on its being duly established according to law.

In my opinion, therefore, the Council have to look back to the procedure and business of the Guardians, prior to the Local Government Act of 1898 and see under what conditions the Guardians carried on their business. I find o n referring to Mooneys Conpendium of the Irish Poor Law, for the guidance of Poor Law Guardians, and their Officers, page 262, the following is laid down:- "Firstly. The Minutes of the last ordinary "Meeting and of any other Meeting which may have been held since "such ordinary Meeting shall be read to the Guardians, and signed "by the Chairman presiding at the Meeting at which such Minutes "are read, and an entry of the same having been so read, shall "be made in the Minutes of the day when read".

Yours truly,

Edward Phelan.

Managing Committee's Report

24th March, 1920.

Your Managing Committee met this evening, and have directed your Corporate Agent to serve notice on the Tenants of the Fields upon which it is proposed to build Workmens Cottages.

We have had before us the question of the present rent charged to the Tenants for the Corporation Grazing Lands, and recommend that the rents be increased by 50 per cent on present rents from 25th March, 1920.

We recommend that the Town Agent be given permission to have bushes removed from off the Grass Lands and Dikes properly cleaned up.

(Signed) William O'Grady, Charles Davis; James McCall; Wm. H. Kearney; George Boyle; Peter McEvoy; Edward Byrne.
