Notice of motion in the name of Cllr. T. Fortune (25th March, 2019) and from the Greystones Municipal District (26th March, 2019).

That Wicklow County Council acknowledge and support the recent #Climate Strikes [1,2] driven by the young people and families in Greystones, Arklow, Dublin and around the country.

That Wicklow County Council have listened and understood the deadly urgency felt by the young people and their demand that all stakeholders and representatives act immediately to ensure that young people have a liveable future in Wicklow, in Ireland and on planet Earth.

That Wicklow County Council agree that the evidence of emergency is overwhelming from IPCC on Climate [3] and from WWF LPR on Biodiversity [4].

That Wicklow County Council agree that, while relatively small in global terms, Wild Wicklow, previously acknowledged as the World's most liveable community, can and must step up and show visible leadership.

That Wicklow will immediate implement the following steps (as leading proactive cities and regions internationally already have):

- Declare a Climate Emergency for Wicklow*
- Publish a Climate Action Plan*
- Declare a Biodiversity Emergency for Wicklow*
- Update and publish a Biodiversity Action Plan*

- View expressed that changes have to be made and proactive decision taken.
- Council needs to get more active to protect our natural assets

- View expressed that the most important action is the appointment of a climate action officer who will have responsibility for climate related activity in the County and that Wicklow county Council needs to budget for this.
- Call for a ban on Roundup as it is killing our pollinators, no cutting of verges as they are a valuable food source, no felling of healthy trees and no hedge cutting during the nesting season.

- Call for caution to be exercised in relation to a complete ban on roundup, view expressed that without roundup there is no weed control and without an alternative food prices and supply may be effected.
- People should be more informed as to where the consumables are coming from and what is the carbon footprint, how far has the product travelled before it is on the shelf.

Cllr. J. Whitmore proposed that any implementation committee would have representation on it from Comhairle Na Nog, as it is important that the students and the youth be part of the process. This was seconded by Cllr. N. Lawless.

WICKLOW COUNTY COUNCIL - AFFORDABLE HOUSING - SCHEME OF PRIORITY

Affordable Housing (Part 5) Regulations 2019

made under the Housing (Miscellaneous Provisions) Act, 2009 (SI No. 81 of 2019)

Legislative Framework

Part 5 - Housing (Miscellaneous Provisions) Act 2009

- The Minister commenced Part 5 of the Act on 18th June 2018, which places the new scheme for Affordable Purchase on a statutory footing
- Part 5 comprises 19 different sections (Section 78-96 inclusive)
- Requirement for the Minister to make **regulations** in respect of a number of sections, including a **Scheme of Priority** and **assessment of eligibility**

These new provisions replace all previous affordable purchase schemes and :

- Provide for discounts of up to 40%
- Provide that housing authorities take a fully repayable charge on the property equal to the discount - Equity Share(replacing the old clawback arrangement)
- Provide for repayments to be pooled in a strategic affordable housing fund managed by the Housing Finance Agency

Regulation 3 – Advertise Affordable Purchase arrangements

Regulation 4 – Making of applications by households for assessment of their eligibility and processing of such applications

Regulation 5 – Order of priority to be applied to eligible households

Overview of relevant sections of Part 5

Section 81 – The power of a Housing Authority to provide Financial Assistance to purchase dwelling on the Open Market

This provision will not be brought into operation at present as there is no Exchequer funding and there is currently a Help to Buy Scheme operated by Revenue

Section 84 – Assessment of eligibility of households for Affordable Dwelling Purchase arrangements

Eligibility conditions include:

- *The person is a First Time Buyer (certain exemptions to this)*
- *The person does not have an interest in any other dwelling, either in the State or elsewhere*
- *A household's income must be such that it is inadequate to meet their repayments on a mortgage because the payments calculated over the course of a year would exceed 35% of the household net income.*
- **Section 85** – Making of a Scheme of Priority

Scheme of Priority

Section 85 provides for the making of a Scheme of Priority that will determine the order of priority given to eligible households in relation to the purchase of an affordable dwelling

The Scheme will include the methodology that will be applied to determine the order of priority to be accorded to eligible households, where the demand for such arrangements exceeds the dwellings or resources available.

All Housing Authorities, including those no with no immediate plans to deliver affordable housing options, must make a Scheme of Priority before 18th June 2019.

Application of Order of Priority

(where eligible applications exceed available dwellings)

As eligible households meet more of the criteria the level of priority increases

- Eligible households
- Suited to Dwelling
- Live in Area
- Education in Area
- Work Locally

Order of Priority

- Assess eligibility under Section 84
- Determine household composition relevant to the particular dwelling type

The elected members were advised that the scheme must be adopted by June, 2019 and that the only available meeting is today's meeting. The members noted that the criterion laid out is prescribed in legislation, with discretion only to deciding on 'distance from education' and distance from employment'. Initially a distance of 30km for both is being proposed within the draft scheme.

Cllr. C. Fox suggested a distance of 50km having regard to the distance from Bray to Arklow, other views expressed favoured the retention of the 30km. Following a brief discussion on the matter it was proposed by Cllr. J. Snell, seconded by Cllr. V. Blake and agreed to adopt the draft Scheme of

Priority for Affordable Dwelling Purchase Arrangements, leaving at the limit at 30kms and possibly revising the discussion in September, 2019.
