## Councillor Irene Winters; Cathaoirleach

**I**t gives me great pleasure as Cathaoirleach of the new Council following the local elections in 2019, to welcome the Wicklow County Council Corporate Plan, 2019 – 2024, which sets out our key priorities over the next five years.

Wicklow is a progressive County, known for its exceptional natural beauty. It stands out for its coastal beaches, mountainous landscapes and its vibrant mix of towns and villages. Working together with residents, businesses, community groups and the voluntary sector, we will seek to improve the quality of life for the people of County Wicklow. As an inclusive, non discriminatory and accessible local authority, social inclusion is one of Wicklow County Council's central guiding principles. We will prioritise social inclusion, equality of access and the needs of the most

vulnerable in our society in our service delivery.

Having regard to the limited funding available annually, we will work to maximize the use of resources available to us in order to deliver efficient and effective value for money services. We will do this using the benefits of new technologies to enhance and continuously improve service delivery as well as introducing innovative and new ways of doing things.

There is no doubt that one of the most important objectives in the Plan is our approach to achieving our targets in the provision of social and affordable housing. It is not simply about providing houses by way of 'bricks and mortar', it is about making a real difference, by providing homes in a secure, safe and comfortable environment, building communities and safer neighborhoods and protecting future generations through sustainable development.

I wish to express my appreciation to the Elected Members, Chief Executive and staff of Wicklow County Council and all stakeholders for their contribution and work in the preparation of this Plan. On behalf of the Elected Members of Wicklow County Council I pledge that we, the elected arm of the Council, will work in partnership with the Executive of Wicklow County Council and all our stakeholders in a spirit of openness and trust to deliver strong and effective civic leadership to deliver on the goals of this Corporate Plan.

A handwritten signature in black ink that reads "Councillor Irene Winters". The signature is written in a cursive style.

Councillor Irene Winters

Cathaoirleach, Wicklow County Council (June 2019 – June 2020)

## Mr. Frank Curran; Chief Executive

I am very pleased to introduce the Wicklow County Council Corporate Plan, 2019 – 2024 which sets out the Council's strategic direction and organisational goals over the next five year period. A number of strategic objectives have been identified, focussing on four key areas linking to the Annual Service Delivery Plan; these are:

1. Environment Climate and Biodiversity Action
2. Housing and Community
3. Economic Development, Planning and Infrastructure
4. Organisational development and financial matters

A key objective in the Plan is a commitment to take the lead on climate change and biodiversity. To achieve this, aim the Council is committed to mainstreaming climate change in the delivery of its services and affecting change in terms of mitigation, adaption and biodiversity. We will work with all our stakeholders and the community to preserve, protect, maintain and promote our natural and built environment.

The delivery of an efficient and effective service to the highest possible standard is an important objective within the Plan. The development of a new Customer Service Innovation Hub at County Buildings will be a key channel in 2020, to deliver a much improved customer service, reflecting the importance of innovation and ensuring success as a resilient and responsive organization. New development initiatives in the area of enhanced economic, community and local development functions have been considered. An important strategic priority for the Council over the next five years is to avail of funding to develop new schemes through Project Ireland 2040 and the National Development Plan aimed at revitalizing our towns and villages and driving economic growth throughout the County.

In preparing the Corporate Plan, the Council undertook wide and meaningful engagement with elected members, staff, statutory committees, municipal districts, the PPN, local stakeholders and the wider community, all of whom have played an important role in shaping the Plan. Community wellbeing is a key driver and cross cutting issues such as social inclusion, equality, human rights, migrancy and sustainable development have been considered.

I look forward to working with the Elected Members, staff and all our stakeholders to deliver on the Plan's ambitions to make County Wicklow the best place in which to live, work and do business. I am confident that this Plan will chart the future direction of the organization to enhance the quality of life for our residents, drive our economy to attract investment, build safe neighborhoods and communities and deliver high quality services to our citizens.

A handwritten signature in black ink, appearing to read 'Frank Curran', written over a horizontal line.

Frank Curran  
Chief Executive  
Wicklow County Council

# Our Mission

To improve the quality of life for the people of County Wicklow, drive economic and community development, adhering to the principles of sustainable development, social inclusion, human rights and equality and accessibility for all. We will maximize the use of resources to deliver efficient, effective and value for money services, be open and receptive to change, working in partnership with all our stakeholders.

# Our Core Values

**W**icklow County Council's Corporate Plan sets out the core values within which the organisation operates.

We will work in partnership with the Elected Members of Wicklow County Council in a spirit of openness, trust and mutual respect, to deliver a strong and effective democratic civic leadership to the people of County Wicklow.

**Democratic  
Civic  
Leadership**

We are committed to the delivery of cost effective, efficient services of the highest quality. We will continuously develop and improve our customer service delivery, including our internal and external communications, with a strong customer and citizen focus accessible and responsive to all.

**Quality value  
for money  
service/customer  
care**

**Social  
Inclusion,  
Human Rights  
and  
Equality**

We are committed to the principles of equality, inclusion, non discrimination, hearing the voice of the marginalized, and access to opportunities by employees, customers, service users and everyone affected by our service delivery.

**Honesty,  
Transparency,  
Accountability  
and Integrity**

We will adhere to the highest standards of conduct, governance, integrity, transparency and accountability in the performance of our duties, and in all our dealings with the public.

We value all our employees and are committed to continuous learning and career development, building organisational capacity to manage change, to communicate, engage in meaningful consultation, to build a culture of management and leadership to meet the changing needs of our citizens and service delivery obligations.

**Our  
Employees**

We are committed to making County Wicklow an Age Friendly County, a great county in which to live and grow old in, where older people are respected and valued and the health and well being of the older person is promoted and maintained.

**Age  
Friendly**

# Our Core Values

We will fulfil our duties under Health and Safety legislation and support our staff to fulfil their duties to ensure, so far as reasonably practicable, the safety health and welfare at work of all. We are committed to the development of a healthy and safe working environment promoting early engagement and good communications, proactive health awareness campaigns and resilience programmes.

**Healthy  
and Safe  
working  
environment**

We will work with stakeholders, agencies and our communities as we believe that working together in the spirit of partnership yields the best results.

**Partnership  
and  
participation**

**Sustainability**

We will work to ensure that principles of sustainability are enshrined in our service delivery; working with our stakeholders to make Wicklow a climate resilient county by taking action on climate change, to mainstream climate action in the day to day delivery of Council services and to actively engage with and inform citizens and communities around the impacts of climate change.

**Innovation  
and  
continuous  
improvement**

We value innovation and team work and we will seek to maximise our skills and use the benefits of new technologies to innovate, enhance and continuously improve our service delivery.

We will ensure that our citizens, customers, elected members and staff are treated fairly and with respect and dignity, regardless of gender, civil or family status, age, race, religion, disability, sexual orientation, or membership of the traveller community.

**Respect**

We will take pride in our achievements and in our work to make County Wicklow the best location in which to work, live and do business.

**Pride**

# Introduction

The Wicklow County Council Corporate Plan, 2019 – 2024 has been prepared in accordance with the provisions of the Local Government Act, 2001, as amended. The Plan takes an organizational wide strategic approach encompassing the various activities of Wicklow County Council, including activities relating to the functions of municipal district elected members for each of the five municipal districts.

The Plan sets out the high level strategy for the Council's activities during the lifetime of the Plan having regard to a range of national, regional and European policies and plans which are relevant to the Council's activities.

A number of key strategic objectives have been identified which Wicklow County Council is committed to delivering on during the timeframe of the plan which are set out in part 2. These objectives translate into, and are linked to more detailed supporting strategies and activities which will be identified in the Council's Annual Service Delivery Plans (ASDPs), the budgetary process, individual departmental and team plans, performance management development system (PMDS), the audit system and the Chief Executive's monthly report to Council. The objectives contained within the Plan have regard to cross cutting issues such as social inclusion, equality, human rights, migrancy and climate change and sustainable development as well as quality service and community leadership. The relevant service/performance indicators over the lifetime of the plan are aligned with NOAC's local authority performance indicators.

The Local Government Act, 2014 introduced significant changes for local government the key one being, an enhanced role in areas such as economic development and enterprise and community development enshrined in Putting People First. The

Wicklow Local Economic and Community Plan (LECP) 2016 – 2022 reflects the strengthened role of the Council in both these areas. The 10 high level goals, 21 objectives and some 100 actions to be implemented over the lifetime of the LECP are also reflected in this Plan.

In preparing the Plan the Council has had regard to the Government's Statement of Strategy, 2016 – 2019, The National Development Plan, 2018 – 2027 and Project Ireland 2040; The Regional Spatial and Economic Strategy, the National Planning Framework and the Local Government Climate Action Charter, as well as other regional and local key strategy statements and plans. Enshrined in the Corporate Plan are the Council's own policies set out in the Wicklow County Development Plan, 2016 – 2021, the Local Economic and Community Plan, 2016 - 2022, and other Plans relating to the environment, waste management, housing, community development, arts, heritage and culture and the library service etc. A key objective in the Corporate Plan is a commitment to take the lead on climate change for the County and to mainstream Climate Action into the delivery of services across the organization. (A list of Wicklow County Council plans and strategies are contained at appendix 1.)

Section 42 of the Irish Human Rights and Equality Commission Act, 2014, sets out the Public Sector Equality and Human Rights Duty which places a responsibility on Wicklow County Council, along with all public bodies, to promote equality, prevent discrimination and protect the human rights of its employees, customers, service users and everyone affected by its policies and plans. Wicklow County Council's statement on equality and human rights confirms the Council's commitment to equality and human rights for communities, citizens and employees. We will address our obligations under the Act, and work towards the elimination of discrimination, the promotion of equality of opportunity and the protection of human rights, especially those most vulnerable. In preparing strategic plans, Wicklow County Council will assess and identify and have regard to the human rights and equality issues relevant to our functions.

As an inclusive, non-discriminatory and accessible local authority, social inclusion is one of Wicklow County Council's central, guiding principles and we will accordingly prioritise social inclusion, equality of access and the needs of the most vulnerable in our society. Over the period of the Plan, we will report on progress in addressing these issues in the context of our Annual Service Delivery Plan and our Annual Reports.

In preparing the Corporate Plan, the Council undertook consultation with elected members, senior management and staff across the entire organization. Meaningful engagement took place via the Council's Communications Working Group and the Great Place to Work Team. External consultation was achieved utilizing existing structures such as the Corporate Policy Group (CPG), the Local Community Development Committee (LCDC), the Council's six Strategic Policy Committees (SPCs) and the Public Participation Network (PPN) as well as business groups and

community forums. The Council's online consultation hub proved a useful mechanism to ask the wider public what services they considered should be a priority for Wicklow County Council over the next five years and how the Council should communicate its message to the public. (A list of consultees is set out in appendix 2.)

## Implementing the Public Sector Equality and Human Rights Duty: a three-step approach

# Our County – A profile of County Wicklow

Historically, County Wicklow was the last County to be formed over 400 years ago in 1606. Today Wicklow is a sophisticated, modern and well developed County, strategically located on the east coast of Ireland. Geographically the county is dominated by the Wicklow Mountains, with the exception of the 66km stunning coastal strip of sandy and shingle beaches. It has the largest mountainous area and the largest national park in Ireland. It stands out for its rugged beauty, natural landscape and rural environment. Owing to the County's natural beauty, Wicklow is known as 'The Garden of Ireland'. With its coastal and mountainous landscapes and mix of towns and rural villages, Wicklow possesses an array of unique natural and built heritage and vibrant communities. Natural attractions such as Sally Gap, Powerscourt, the Bray to Greystones cliff walk and the early monastic site of Glendalough, makes Wicklow a popular tourist and recreational user destination. Other tourist offerings such as Wicklow Gaol places the county in prime position to benefit from increasing tourism business with added leverage from Failte Ireland's current 'Ireland's Ancient East' campaign.

The County has a population of 142,425 (2016 census) representing a 4.21% growth since the 2011 census. The socio-economic profile of the County is positive in that 34% of its citizens are under the age of 25. Participation rate in the labour force is 62.2% (1% above the national average) and third level graduates make up 34.1% of the labour force. 22% are employed in the high value industrial sector of 'information and communication, financial and professional services'. A high proportion (65,759) of the County's residents regularly commute either to work or to third-level study. Results of the 2018 commuter survey carried out by the Council highlights that County Wicklow working commuters are highly educated with 53% holding a third-level or higher

qualification providing a highly skilled workforce for potential investors into the County.

County Wicklow's location within the Greater Dublin Area and proximity to Dublin, are of key contextual importance in the socio economic development of the County. It occupies an area of approximately 2,024,000 hectares. Key infrastructure includes the M11/N11 and the N81, being the two primary routes connecting the County north to south with neighbouring counties and national routes. The Dublin to Rosslare railway connects the towns of Bray, Greystones, Kilcoole, Wicklow, Rathdrum and Arklow with commuter services and cargo trains. Greystones and Bray are also serviced by the DART. There are two ports, both under the ownership of Wicklow County Council at Arklow and Wicklow and its harbours at Bray and Greystones are well connected to the national road network via the M11. Less than one hour from Dublin City it provides easy access to the M11 and M50.

County Wicklow is home to the renowned and well-established film and television studio complex, Ardmore Film studios as well as the state of art Ashford Film studios. The creative content sector is an important pillar of the County's economy and is recognized as such in the Regional Enterprise Plan 2020 for the mid east region.

The development of Wicklow County Campus at Rathnew, as a centre of excellence in enterprise and education and innovation is supported and assisted by partnership links with IT Carlow in the provision of life-long learning and higher education courses. The Local Enterprise Office (LEO) acts as a first stop shop for small to medium start up business providing quality supports, start your own business courses, assistance to access finance and one to one business advice.

**W**icklow County Council is one of 31 Local Authorities employing circa 850 people across wide functional areas delivering a comprehensive range of services. It is a complex organization made up of 32 County Councillors who are elected from six local electoral areas for a term of 5 years from June, 2019.

The Council operates through its elected members who can collectively be described as a 'Board of Directors' working in partnership with the Executive to develop and implement policy at local level.

The Leadership Team of Wicklow County Council comprises the Cathaoirleach, Elected Members, Chief Executive and Senior Management team, who have primary responsibility for ensuring that an effective and properly functioning government system operates across the organization.

Wicklow County Council has a number of roles, primarily the delivery of key services and infrastructure as well as a regulatory and enforcement role along with a defined role in social inclusion, sustainable development, community participation, and economic development and enterprise support. The Council has a key role to play in delivering accessible environments and facilities, encouraging age friendly practices, fostering disability-friendly communities and ensuring housing for people with disabilities is an integral part of mainstream housing efforts. The Council is responsible for providing a wide range of services and supports to a diverse range of customers, living, working and visiting our County. The Council works with national and local stakeholders such as the Industrial Development Authority (IDA), Enterprise Ireland (EI), business organizations such as the chambers of commerce and also the PPN and An Garda Síochána.

Our most valuable resource is our staff. The Council's People Strategy sets out how the Council will achieve its service delivery objectives by investing in our employees to build organisational capacity and competency to deliver the best public service possible to our citizens. We value all our staff and are committed to providing opportunities for continuous learning and career development.

Our corporate values sit within the wider values and standards of framework set out in the ethics legislation, code of conduct for employees, elected members, and our dignity at work policy. Values such as fairness, impartiality, integrity, honesty, respect, openness and transparency and pursuit of effectiveness, efficiency and value for money inform all we do as an organization in delivering our service to the public. As a Council we will operate to a high standard of personal behavior and we will treat one another with respect, maintain open and honest relationships with the elected members, each other, the public and those representing other organisations.

Our governance role focuses on the legal, regulatory, policy and service obligations and on the sets of relationships between our Council, its committees, individual elected members, the Chief Executive, the senior management team, staff and stakeholders in determining the direction and performance of the Council. Developing and communicating clearly our purpose and vision through the Corporate Plan and ensuring that we make best use of resources, ensures delivery of our goals and objectives and supports the principles of good governance.

# Our Council

Our Customer Charter reaffirms our commitment to the delivery of efficient and effective services to the highest possible standard in a professional and courteous manner. The development of the new Customer Service Innovation Hub at County Buildings, Wicklow, will be a key channel in 2020 through which we will deliver a wide range of customer focused services by a highly trained customer care team supported by CRM.

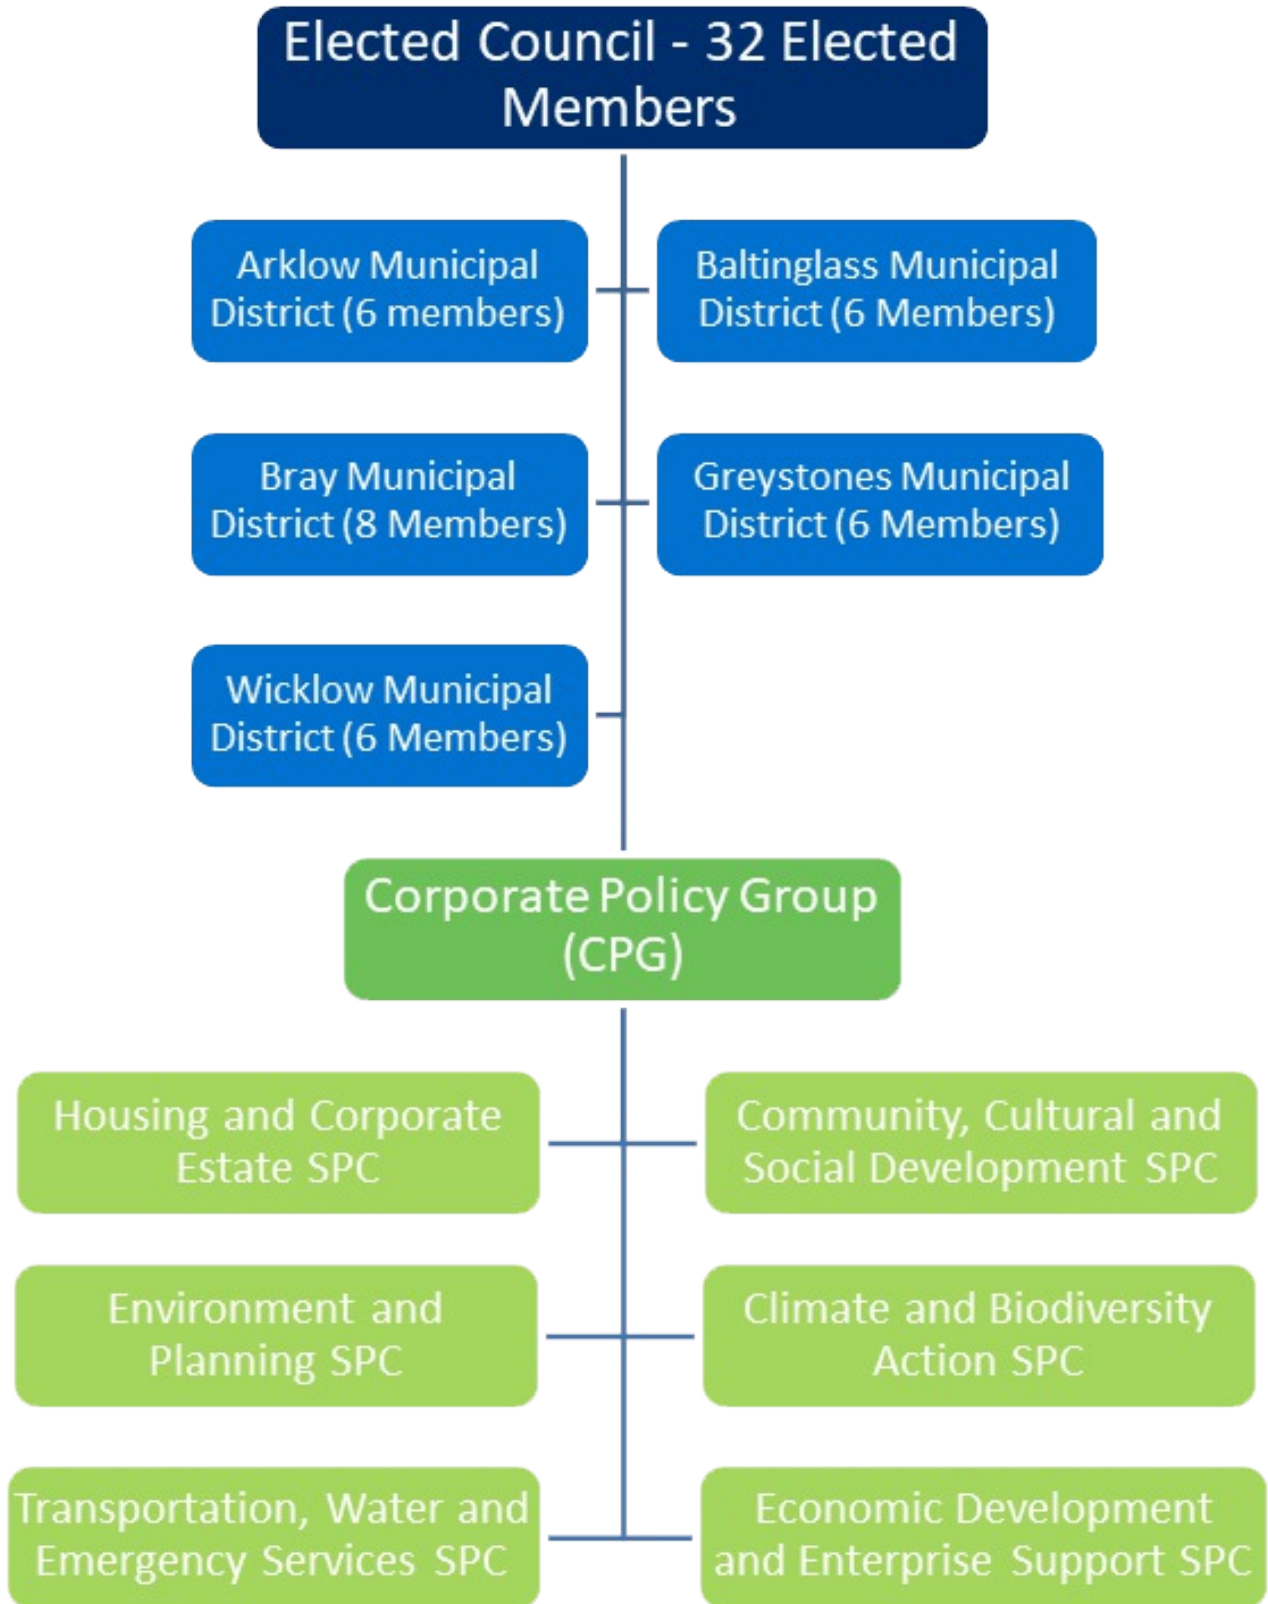

A commitment to meaningful, open and comprehensive engagement with local people, citizens and other stakeholders is set out in the Council's Communication Strategy. We strive to ensure that the process is user-friendly, perceived as fair, just and respectful and accessible to all. The role of the PPN will be utilized to enable community and voluntary, social inclusion and environmental groups to actively participate in relevant policy making and oversight committees of the Council.

*“Our most valuable resource is our staff”*

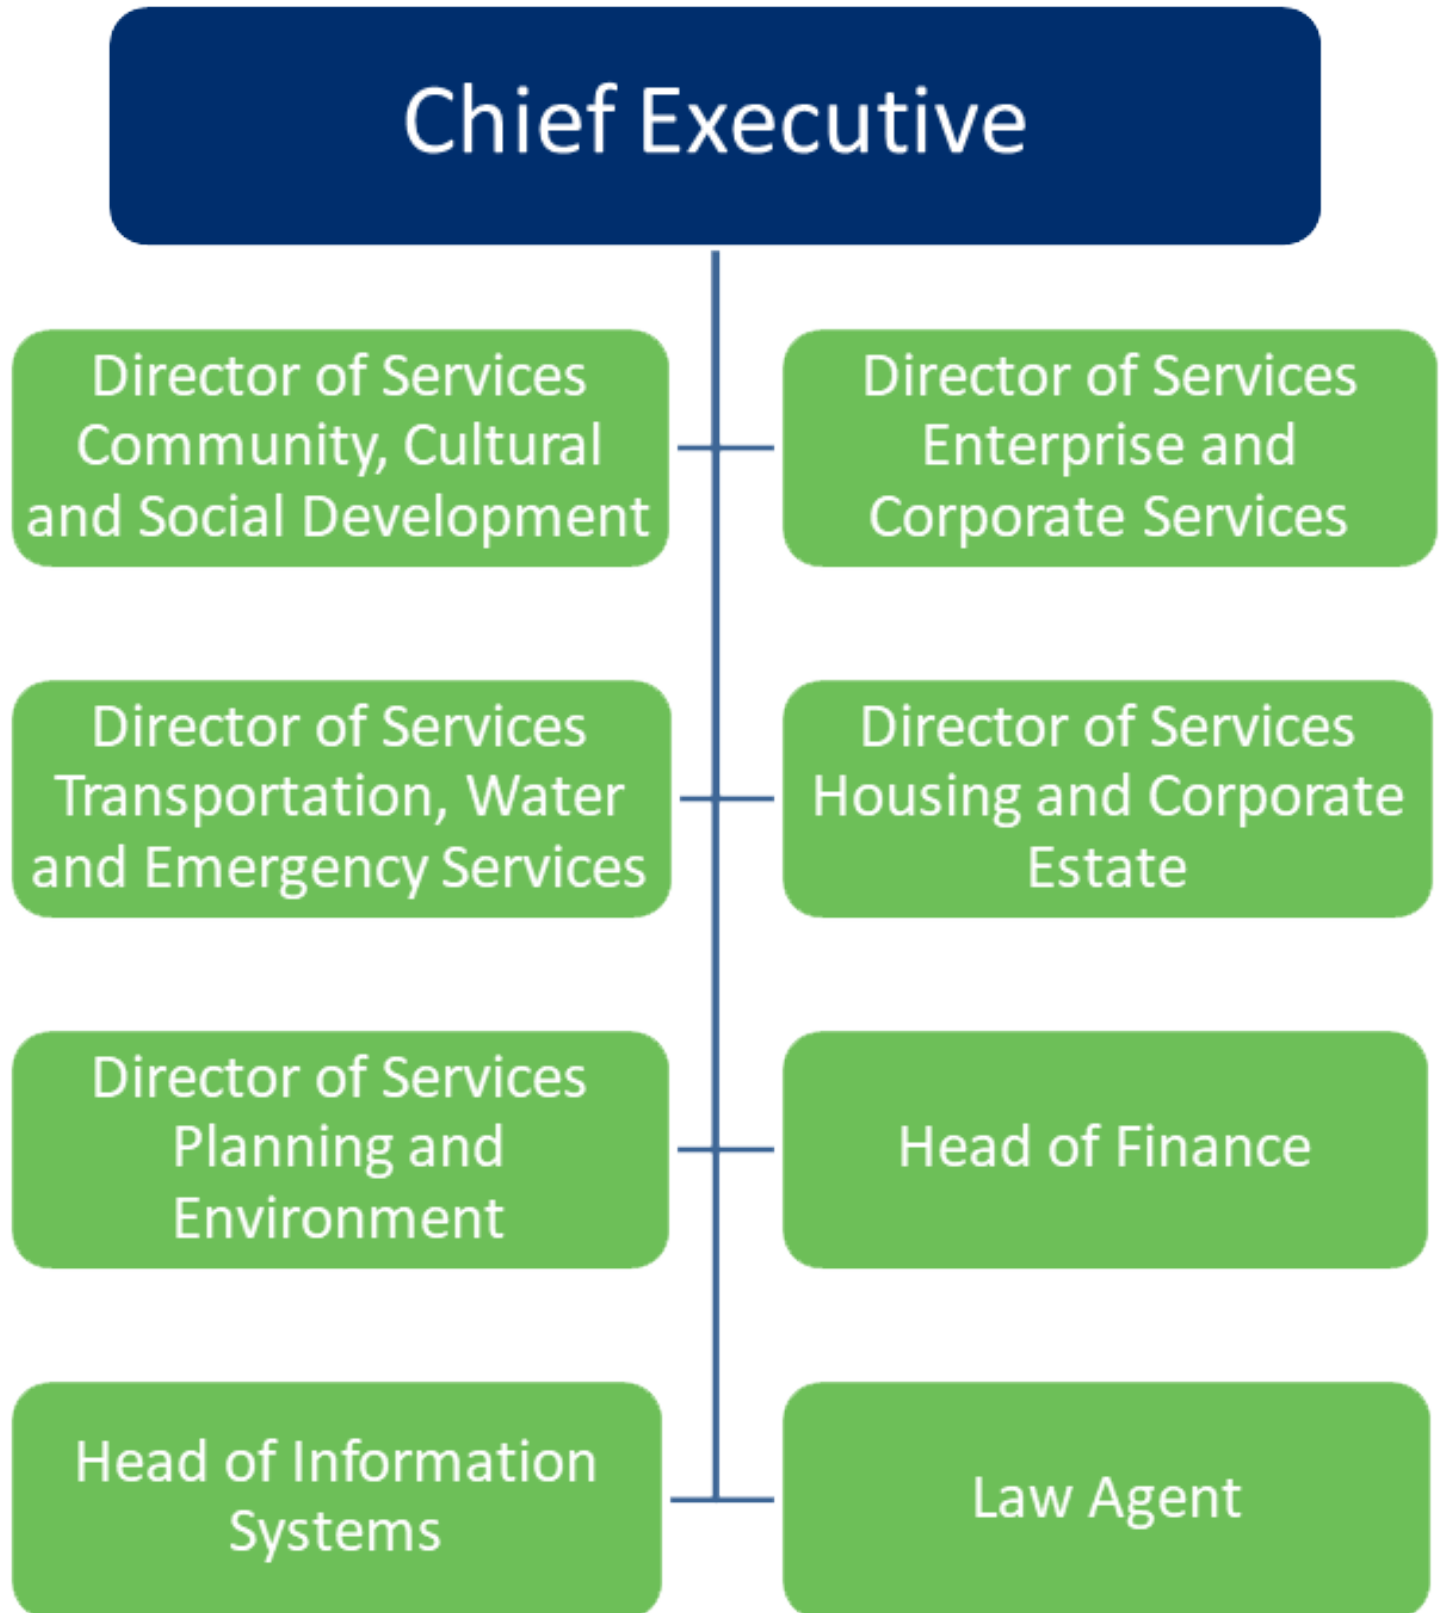

# Local Government Structure in County Wicklow

The Council is made up of 32 County Councillors serving for a term of 5 years from June, 2019. The Council is assisted in its policy making role by 6 Strategic Policy Committees (SPCs) and is supported by the Corporate Policy Group (CPG). The CPG is made up of the Cathaoirleach, Leas Cathaoirleach and the Chairs of the SPCs, supported by the Chief Executive and management team. The 32 Councillors also serve on the relevant municipal district in which they were elected.

# Organisational Structure

The day to day operational decisions are carried out by the Chief Executive having regard to the policy direction of the Elected Members. The Chief Executive is supported in this role by the Senior Management team, to whom executive functions are delegated, including the management functions of the municipal districts.

# Our Operating Environment

## The External Environment

**W**icklow County Council, like other organizations, public or private, operates within the context of an external environment. In private industry it is the satisfied customer which keeps it in business. In the public sector it is the Council's citizens, stakeholders and general public that typically play the same role. Therefore, it is essential that Wicklow County Council is competitive, innovative and operates effectively and efficiently in the delivery of its services while providing excellent customer service and value for money. A strong performing local authority is recognized as a source of competitive advantage for its County.

## Key Plans and strategies dealing with the operating environment

**P**roject Ireland 2040 is the overarching policy and planning framework for the social economic and cultural development of Ireland. It seeks to achieve strategic outcomes around the overarching themes of wellbeing, equality and opportunity. These themes are reflected in the Corporate Plan at a local level. The National Development Plan 2018 – 2027 and its companion document, The National Planning Framework, sets out the ten year strategy for public capital investment which includes local authorities. The Department of Housing, Planning and Local Government's current Strategy Statement 2016 – 2019, sets out the underlying and sectoral goals for the Department. These goals reflect government policy, and in particular set the parameters guiding the Department's policy towards local government, which includes funding of major programmes. Local authorities ensure linkage and continuity of policy between the Department's goals, and the Regional Planning Strategy when developing local plans and policy. (A list of national plans and framework documents is included at appendix 1.)

## Political

**W**icklow County Council, like all other local authorities, operates in a highly political environment and this is perhaps the most complex of the macro factors affecting the local authority. The local political environment has witnessed the most radical of reforms over the past decade. The Council is responsible for implementing government policy through a wide range of areas including housing provision, community and social development, recreation and amenity, enterprise support, waste management, transport and emergency services etc.

## Economic

**T**he economic environment presents challenges for Wicklow County Council in terms of working within a more constrained budgetary context, but also represents opportunities to work smarter, introduce more innovative and cost effective ways of delivering public services more efficiently and with increased value for money. Dependency on central government funding and income derived locally from the LPT and goods and services, presents annual challenges, while commitments to pension payments and salaries places an additional burden on limited finances.

## Social

**A**long with the political environment, the socio-cultural context is probably the environment that impacts the greatest on local authorities. Demographic changes such as the population increase, age profile, household numbers, a growing multicultural society and workforce, as well as education requirements and consumer demand patterns all have an impact. Issues such as social inclusion, equality and human rights and migrant integration, along with the other socio economic drivers will significantly affect the scope, direction and demand on Wicklow County Council's services.

## Technology

**T**he drive for a more digitized, technological oriented Council is a major influencing factor affecting Wicklow County Council. Opportunities for the delivery of customer focused, innovative, efficient and effective customer services will be greatly enhanced by the availability of new technology and through the strategic objectives of the County Wicklow Digital Strategy 2019 – 2022 and the Council's ICT Strategy 2018 - 2022. Providing opportunities for economic benefit through connectivity by means of high speed broadband infrastructure and services, as well as increasing the capability of online services, social media channels, and mobile apps for business and stakeholders is key to operational efficiency and success.

## Legal

**I**ncreasingly, local authorities are affected by policy initiatives originating from the European Union. This has manifested itself not only in EU funding for local authority projects but also in legislation and various regulatory requirements which affect the operation of various local authority

services. Local authorities have responsibility for and must comply with legislation enacted by the Oireachtas, by way of regulation and policy guidelines from government departments.

Many incidences of building failures and severe non-compliance with building regulations have come to light over the past decade with the resultant economic and personal consequence of failures on our citizens. Wicklow County Council is committed to developing a robust and focused building control function guided by the national building control agenda. Parallel with and to improve the effectiveness of the oversight and governance of the building control system, the Council will work in conjunction with the National Building Control Office (Dublin City) in order to strengthen the local building control function, locally, regionally and nationally.

## Environment

**T**he National Climate Action Plan published in 2019 provides the policy context for a strategic national response to climate change in Ireland. The Council is the primary statutory agent charged with implementing national and EU Environmental policies and regulations at local level and faces a challenging task in dealing with waste, water quality protection and addressing the challenges of climate change. There are increasing pressures on Wicklow County Council and commitment within the Council to address environmental issues and adopt ways of operating that will benefit its citizens and the County and future generations. The recently adopted Wicklow County Council Climate Adaption Strategy seeks to guide a planned and coherent response to the effects of climate change. The aims of the high levels goals thread through and underpin the Corporate Plan.

# Our Operating Environment

## The Internal Environment

Critical to the delivery of the Corporate Plan goals and objectives is the organisation's internal resources. Being a large complex organization employing some 850 people across wide functional areas, delivering a comprehensive range of services Wicklow County Council must be fully cognizant of organisational capabilities. This will involve setting realistic high level goals and the effective identification and use of internal resources.

## Human Resources

### Our Staff

Our most valuable resource is our staff. The Council's People Strategy will ensure that our organisation's, design and structure is robust for the delivery of the corporate goals and objectives and in turn delivers the best public service possible to our citizens. The six high level goals of the Corporate Plan set out the objectives and supporting programmes to deliver our strategic priorities to attract, recruit and develop a skilled workforce; to build line management capacity; promote positive employee relations and engagement and to create a fair, supportive and healthy working environment. Achieving the goals and objectives of the Plan will have regard to the availability of human and financial resources and the re-allocation of resources or re-prioritisation of objectives where necessary.

### The Elected Members

The goals and objectives of the Corporate Plan cannot be achieved without the contribution and support of the elected members. The management team and staff will support the policy making role of the elected members as well as their oversight and directional role as they perform the reserved functions that shape and inform the Corporate Plan. This

will be achieved through plenary council meetings, municipal district meetings, the work of the CPG, SPCs, LCDC, JPC and other statutory committees on which the elected members serve.

### Municipal Districts

The municipal district system is an important dynamic to local government and key to the delivery of services at local level, securing the future growth and sustainability of our towns, villages, and communities. The statutory functions of elected members at municipal district level are set out in legislation. Recognising the importance of performing this enhanced statutory decision making role, the elected members of Wicklow County Council adopted a policy setting out the circumstances where the reserved functions set out in Part 2 of Schedule 14A of the Local Government Act 2001 (updated in 2014) are to be exercised by the five municipal districts of Wicklow County Council. The implementation of this policy over the lifetime of the plan will ensure the alignment of overall local authority policy and strategy with municipal district functions as required by the Local Government (Performance of reserved functions in respect of Municipal District Members) regulations, 2014 and Ministerial circular letter guidance.

## Financial resources

Providing sufficient financial resources to achieve the objectives of the Corporate Plan continues to be a challenge and Wicklow County Council like all other local authorities must produce an annual balanced budget. The revenue budget of €116m for 2020, derived mainly from commercial rates, government grants, local property tax and goods and services. Increased pension costs are a serious concern as over 200 council employees are eligible to retire over the next five years. Meeting these increasing costs from existing resources is neither feasible nor sustainable for the local authority alone.

New initiatives since the last Plan, in the area of enhanced economic, community and local development functions have been considered. Matching funds for new schemes under programmes such as the Urban Regeneration Development Fund (URDF) and the Rural Regeneration Development Fund (RRDF) over the next 5 years, where applications must have a minimum value of €2m and €0.5m respectively, is an additional burden on the Council's limited resources and while every effort and resource will be directed to capitalise on and draw down on grants available, matching funding of 25% is an issue which will need to be addressed at budget time.

New and additional expenditure costs in providing and maintaining essential services across all of the functional areas, meeting national pay agreements, reduced funding, additional directorate and municipal district costs, as well as the global rates revaluation and collection levels, all present a challenge for the success of the Corporate Plan and its supporting programmes. Continued value for money reviews and periodic audits will assist in the process of assessing expenditure programmes and re-diverting resources where necessary. Income from

the Local Property Tax (LPT) provides an opportunity to increase revenue income annually over the next five years. An increase of 1% will provide an additional income of €171,809 while an increase of 5% will provide €859,045, per annum (2018 rates).

## Delivering for our public

The Government's Strategy for the development and innovation in the Public Services 'Our Public Service 2020' is built on three central pillars; Delivering for our Public; Innovating for our future and Developing our People and Organisations. This new phase of reform aims to build a stronger public service and deliver a better quality service to our public. The development of the Council's new Customer Services Innovation Hub in the foyer area of County Buildings in 2020 will lead in the process of major organisational change and improvements to promote efficiency of operation and customer service to support the goals of the Corporate Plan.

## Customer Care and Relationship Management

A new CRM system will be developed to provide a high quality, citizen focused, responsive, effective and efficient Customer Service. It will support enhanced customer engagement and assist the Elected Members across all service delivery departments. The CRM system will not only provide a service standard and a means of communicating clear and concise information to our customers, but will also put in place a means of evaluating and reporting on the performance of customer service. It will add value to our customer service, assist the elected members in their representational role and will be an important strategic objective in the development of the Council's new customer care hub in 2020.

# Our Operating Environment

## Information and Communications Technology (ICT)

New developments in ICT are fundamentally changing the way we live, work and interact with each other. Shifts in expectation for technology enabled government services, coupled with a 'do more and better with less' presents new opportunities to deliver better outcomes for citizens, business and staff.

Actions have been included to achieve the objectives of the Public Services ICT Strategy which focus on the five pillars; Build to Share, Digital First, Data as an enabler, Improve Governance and Increase Capability. The Wicklow County Council ICT Strategy, 2017 – 2022 aims to improve services and access to services for the people of County Wicklow, improving how we use ICT to enhance the capacity of the Council to deliver quality services, protect personal data and ensure that information held is securely protected and managed effectively.

The recently adopted County Wicklow Digital Strategy charts the Council's direction in advancing our digital and telecommunications infrastructure, advancing our citizen engagement and digital skills and to further develop County Wicklow's digital economy and digitally transform our County Council under the four themes:

1. Broadband and digital infrastructure
2. Citizen smart
3. Digital economy
4. Digital Council

Theme 4 of the Digital Strategy: To enhance the delivery of Wicklow County Council's services to its citizens by increasing the capability of online services; is an important strategic objective for the Council over the lifetime of this plan. The resources of the Council IS Department have been increased, recognizing the importance of its function growing in line with the modernization programme and in the delivery of new automated business systems. Over the lifetime of the Plan, the Council will support the national Transforming Public Services Strategy and continue to support national and local shared services initiatives to optimize efficiencies. We will ensure that investment in ICT systems delivers service improvements in support of the Council's strategies and establish a reliable and flexible business infrastructure which is user friendly, fit for purpose and meets the needs of citizens, elected members and Council staff.

# Key Strategic Goals 2019 -2024

## Environment Climate and Biodiversity Action

To acknowledge that Wicklow County Council has declared a Climate and a Biodiversity Emergency for Wicklow. To provide robust leadership in implementing Climate and Biodiversity Action. To implement the Local Government Climate Action Charter as adopted and embed it into all the activities of the Council. To seek to protect, restore and develop the County's Natural Scenic and Heritage Resources.

## Housing and Community

To facilitate the provision of sustainable, high quality, social, affordable and cost effective housing accommodation to meet the existing and likely future needs, responsive to the requirements of all category of persons in the County in accordance with Government Strategy. To meet the needs of all our citizens from the youngest to the oldest, developing communities, promoting an inclusive, creative and natural sustainable environment.

## Economic Development, Planning and Infrastructure

To develop infrastructure and measures that will support economic activity which will sustain the best quality of life for our citizens in a strong economic competitive environment of the highest quality; support interagency collaboration and capitalise on County Wicklow's unique attributes, harnessing efficiently the entire resources of the County to develop employment opportunities.

## Organisation Development and Financial Matters

To maximize and develop the potential of our human resources, fulfilling our duties under Health and Safety, to adhere to the highest standard of governance, integrity, transparency and accountability and to develop new technologies to continuously innovate and improve the delivery of a cost effective, efficient and high quality service to our citizens.

## Key Strategy Objective 1

### Environment Climate And Biodiversity Action

To acknowledge that Wicklow County Council has declared a Climate and a Biodiversity Emergency for Wicklow. To provide robust leadership in implementing Climate and Biodiversity Action. To implement the Local Government Climate Action Charter as adopted and embed it into all the activities of the Council. To seek to protect, restore and develop the County's Natural Scenic and Heritage Resources.

### Directorate: Planning and Environment

<b>FIN10</b>	(a) To provide an independent, objective, assurance and consulting service on the effectiveness or otherwise of the organisations internal control system and (b) To support the Audit Committee in its statutory functions.

## Directorate: Law

<b>L1</b>	To provide a professional efficient legal service in relation to all the activities and functions of the Council, identifying risk and ensuring excellent corporate governance. To advise the Chief Executive and Management team and engage with all directorates as in house legal advisors.
-----------	--

# Implementation and Monitoring

## Progress Reporting

### The Corporate Plan

Part 2 of the Corporate Plan sets out relevant high-level data with regard to Wicklow County Council's functional areas. The Council has identified relevant baseline measures in relation to each key objective identified in the Council's eight functional areas. The performance goals, supporting progress, measurement methodology and baseline data are linked to the Annual Service Delivery Plan (ASDP) which sets out in greater detail the activities to be undertaken across all key functional areas to deliver on the Corporate Plan objectives.

### Annual Service Delivery Plan (ASDP)

Section 134A of the Local Government Act, 2001 provides that the Council shall prepare an ASDP for each of the five years of the duration of the Corporate Plan. The Wicklow County Council ASDP takes account of best practice in service delivery for its citizens. The ASDP will take account of the objectives contained within the Corporate Plan and shall be considered by the Management Team, Corporate Policy Group and the elected members of Wicklow County Council annually and in conjunction with the Capital Programme of works. The ASDP contains supporting strategies, actions and service/performance indicators to be implemented by each Directorate of the Council in order to achieve the objectives of the Corporate Plan. The ASDP is linked to the budgetary process, individual directorate departmental plans, personal development plans (PMDS) and national and local service indicators. The indicators contained within the ASDP, linked to the Corporate Plan, will be monitored and reviewed over the lifetime of the Corporate Plan.

### Report on Capital Projects

Section 135 of the Local Government Act 2001 provides that the Chief Executive shall prepare and submit to the elected Council a report indicating the programme of capital projects proposed by the Council for the following two local financial years and having regard to availability of resources. The report on capital projects is presented to the elected members annually and in conjunction with the ASDP.

### Annual Budget

Wicklow County Council prepares an annual budget which sets out the estimated expenditure necessary to carry out its functions for the following financial year. The budget is prepared in the format prescribed by regulation and must balance. Following the adoption of the annual budget, a schedule of proposed works of maintenance and repairs to be carried out in each of the five Municipal Districts of Bray, Arklow, Greystones, Baltinglass and Wicklow are prepared under the direction of the Chief Executive for adoption by the elected members of each municipal district. The objectives of the Corporate Plan are determined having regard to the financial and human resources of the Council, and decisions on the prioritization of objectives may be made, where necessary, having regard to the availability of resources.

## Annual Report

**T**he Local Government Act, 2001 requires that the Council prepares an annual progress report and include it in its Annual Report to the elected members while also reporting on the progress of Corporate Plan objectives. It also sets out an assessment of its delivery of services during the year including information on performance indicators and standards set out by the National oversight and Audit Commission.

## Chief Executive's Monthly Management Report

**R**eporting on significant progress in relation to the objectives contained within this Plan are reported to the elected members of Wicklow County Council on a monthly basis by inclusion in the Chief Executive's monthly management report. The report sets out major expenditure and income lines for each service division, performance of the Council's revenue collection, recourse to overdraft facility, emergency capital works, operation/progress of the LCDC, performance of the Local Enterprise Office (LEO), and any other progress reports requested by the elected members in accordance with central government guidelines. This report is available on the Council's website each month and circulated to all Wicklow County Council staff.

## National Oversight and Audit Commission (NOAC)

**T**he National Oversight and Audit Commission (NOAC) was established in July, 2014 under the Local

Government Reform Act, to provide independent oversight to the local government sector. Wicklow County Council reports to NOAC under 37 performance indicators across a range of service areas including; housing, roads, water, waste/environment, planning, fire services, library service, youth/community, corporate, finance and economic development. The Wicklow County Council Corporate Plan will be submitted to NOAC to facilitate adjudication on its adequacy and evaluate its implementation.

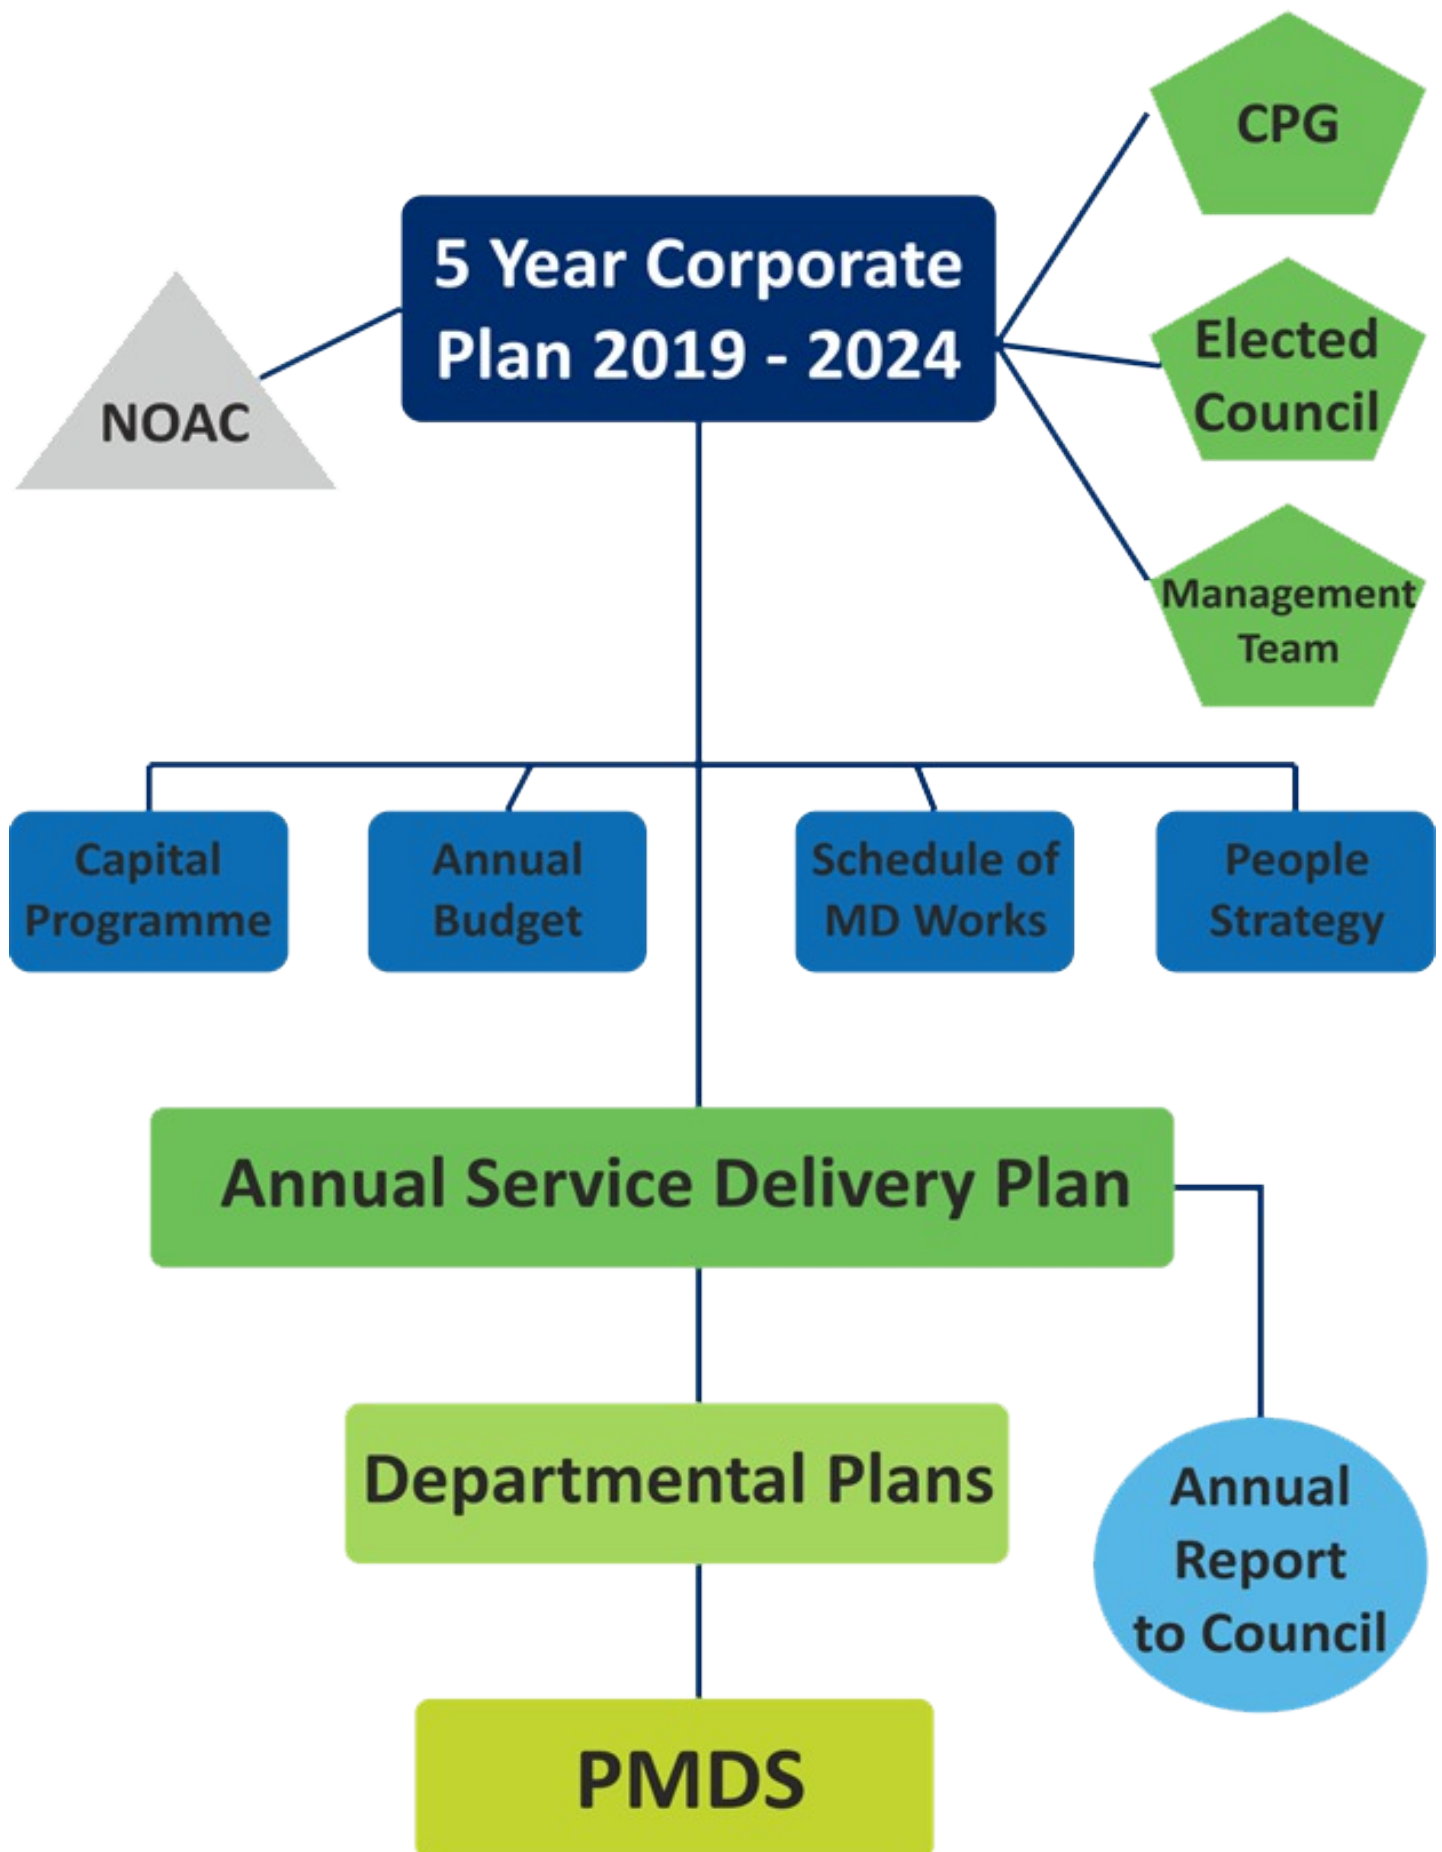

## Adaptation

**T**he Wicklow County Council Corporate Plan is the roadmap that determines the prioritization of our activities over the coming 5 year period. In order to survive and continue to give the expected high quality and efficient service to our citizens, the Plan is specific to the needs of Wicklow County Council while ensuring flexibility to adapt to changing circumstances as they arise. Wicklow County Council will be responsive to change and is committed to adapting to the changing environment, external and internal over the lifetime of this plan.

## Review of the Plan

**T**he elected members of Wicklow County Council may at any time decide by resolution to review the Corporate Plan. Section 134 (8) of the Local Government Act provides for a review procedure for the Corporate Plan. Any changes in direction or emphasis, and any amendment to the Corporate Plan highlighted in the Annual Progress Report which may be necessary can be reflected in subsequent ASDPs of the Council.

<b>GOAL TWES8 Water &amp; Waste Water Services Public Supplies – Irish Water.</b>	<p>To ensure the optimum level of operation of public water and waste water services in the county on behalf of Irish Water</p>	<p>Service Level Agreement (SLA) between local authorities and Irish Water (to 2025)</p> <p>Annual Service Plans (ASP) between Wicklow County Council &amp; Irish Water</p> <p>Irish Water Business Plan to 2021</p>	<p>Measurement Methodology as determined annually in Annual Service Plan between Wicklow County Council &amp; Irish Water</p> <p>Prepare exit strategy in event of end of SLA – subject to national agreements</p>	<p>Baseline - as determined in Annual Service Plan between Wicklow County Council &amp; Irish Water</p> <p>85% Compliance with ASP in 2018</p> <p>Plan prepared within 6 months of confirmation of termination, if applicable</p>
<b>GOAL TWES9</b>	<p>To seek to ensure, through engagement with Irish Water, that the requisite water and wastewater infrastructure and services are provided into the future to meet County Wicklow's development objectives as set out in the Wicklow County Development Plan.</p>	<ul style="list-style-type: none"> <li>• Water Services Strategic Plan</li> <li>• County Development Plan</li> <li>• Irish Water Business plan to 2021</li> </ul>	<p>No. Of new installations commenced/completed</p>	

## Part 2 - Key Indicators Baseline Data

GOAL TWES10 FIRE AND EMERGENCY MANAGEMENT	To provide an efficient and effective fire and emergency services response to save lives and protect property	To provide for the safety of the public through an efficient and effective Fire Service.	<ul style="list-style-type: none"> <li>Average time to mobilise fire brigades in retained fire services in respect of fire.</li> </ul>	5.27 minutes (2018)
			<ul style="list-style-type: none"> <li>Average time to mobilize fire brigades in retained fire service in respect to all other emergency incidents</li> </ul>	5.38 minutes (2018)
			<ul style="list-style-type: none"> <li>Percentage of attendances at all other emergency incidents where:                             <ul style="list-style-type: none"> <li>- First attendance is at scene after 10 minutes</li> </ul> </li> </ul>	36.72% (2018)
			<ul style="list-style-type: none"> <li>- First attendance is at scene after 10 minutes but within 20 minutes</li> </ul>	46.13% (2018)
			<ul style="list-style-type: none"> <li>- First attendance is at the scene after 20 minutes</li> </ul>	17.15% (2018)
			<ul style="list-style-type: none"> <li>Percentage of attendances at all other emergency incidents where:                             <ul style="list-style-type: none"> <li>- First attendance is at scene after 10 minutes</li> <li>- First Attendance is at scene after 10 minutes but within 20 minutes</li> <li>- First Attendance is at scene after 20 minutes</li> </ul> </li> </ul>	33.1% 55.28% 11.62%
		To implement relevant Fire Safety legislation in new and existing buildings to improve fire safety and fire safety management practices.	- Number of fire safety certificate applications received & processed	105
		To provide advice and guidance to enhance the safety of communities.	- Total number of Fire Safety Certificate applications deemed invalid	4
			- Number of fire safety talks given and awareness campaigns organised	100
			- Number of Pre-Fire plans developed	8
			Carry out inspection of buildings under the Fire Services Acts to ensure compliance with current standards and bring enforcement proceedings where appropriate	Number of inspection under the Fire Services Act 1981 & 2003
Provide effective training programmes to National Best Practice for all Fire Service Personnel	Number of person-days training provided for Wicklow Fire Service personnel	2,150		
Take steps to reduce the occurrence of false alarm callouts	Number of false alarms	178		

## Part 2 - Key Indicators Baseline Data

		Preparation of Section 26 Plan – Keeping Communities Safe	Reserved Function	
		Continue to maintain existing fire stations and seek the provision of new stations where required	Inspection and maintenance programme  Submissions of plans for Baltinglass Fire Station to NDFEM	
<b>Goal TWES11 Emergency Management</b>	To ensure appropriate management and response to Major Emergency Management events particularly in relation to disaster planning and adverse weather events in accordance with National and County Emergency Plans.	Regularly review and update of the WCC Major Emergency Plan and ensure personnel are trained and exercised regularly for roles assigned in the plan	Number of PRA meetings P/A  Number of Major Emergency Management Committee Meetings P/A  Number of Exercise p/a	1  3  1 Every 3 years

## Part 2 - Key Indicators Baseline Data

Goal TWES12 Building Control	To ensure a culture of compliance with the Building Regulations and to monitor construction products on sale or in use so as to achieve safe, accessible, sustainable buildings in the County.	Building Control Act 1990 to 2014		
		<p>Building Control (Amendment Regulations) 1997 – 2015</p> <p>European Union (Energy Performance of Buildings Regulations 2012</p> <p>Building Energy Rating Certificates SI No. 243 of 2012; Appendix 1</p> <p>Construction Products Regulations 2013</p> <p>Marketing of Construction Products (Construction Product) Regulations 2013 SI N. 225 of 2013; Appendix 11</p> <p>Registration of Multi-Storey Buildings for the purposes of the Local Government (Multi-Storey Buildings) Act 1988.</p> <p>Building Control Management System (BCMS)</p> <p>National Building Control Management Project (NBCOMP)</p> <ul style="list-style-type: none"> <li>- Risk Assessment and Inspection Program</li> <li>- Training Courses, Seminars and Conference</li> <li>- Multi-Storey Buildings Register</li> </ul>	Number of Commencement Notices Validated	386
			Number of Certificates of Compliance on Completion Validated (≠ no. of properties)	153
			Percentage of C. Notices where Revised Information (additional) sought to verify	55%
			design	
			- No. of Site Inspections carried out	169
			- Site Inspection Rate (new Buildings only)	25%
			- Number of Warning Letters issued	37
			- No. of Section 11.3c Requests to Prove Compliance issued (warnings not closed-out)	4
			- No. of Enforcement Actions Taken	0
			- No. of Complaints received	7
			- No. of Complaints Investigated	7
			- No. of Requests to Prove Compliance Issued	7
			- No. of Inspections Working Group	1
			- Regional meetings hosted by Wicklow BC	1
			- No. of courses and Seminars attended by BC Officers	6
			- No. of New Buildings added to Register	0

## Part 2 - Key Indicators Baseline Data

		Monitoring of Construction products on sale or in use in the County	<p>Monitor on-site Construction Products used – appropriate CE Marketing &amp; Testing appropriate to use</p> <p>- Number of Non-Compliances identified</p> <p>- Number of Formal Letters issued (to Estate Agent)</p> <p>- No. of Enforcement Actions Taken</p>	<p>All Site Inspections</p> <p>2</p> <p>36</p> <p>0</p>
<b>Goal TWES13 Civil Defence</b>	To provide the requisite leadership, equipment, transport, communications and administrative backup facilities at all times to ensure that Wicklow Civil Defence is optimally positioned to carry out its functions and services	<p>National and Local Training Programmes</p> <p>Ensure all Instructors and Volunteer members are prepared and trained to appropriate certified standards</p> <p>To provide suitable leadership, equipment, transport, communications and administrative backup facilities at all times</p> <p>Provide appropriate requested response, Volunteers, equipment etc.</p>	<p>No. of person-days training provided for Wicklow Civil Defence personnel</p> <p>No. of referrals through National Civil Defence Website p/a</p> <p>Open Information nights held p/a</p> <p>Number of recruitment initiatives p/a</p> <p>Number of training hours p/a</p> <p>No of Events p/a</p>	<p>15 Enquiries</p> <p>1</p> <p>142 days</p> <p>51</p> <p>48</p> <p>100%</p>
			<p>No of active attending members p/a</p> <p>No of responses to PRA requests for assistance - %</p>	

## Part 2 - Key Indicators Baseline Data

<b>Goal 14 Health and Safety</b>	To ensure the Safety, Health and Welfare of employees workplace and ensure that all Water and Environmental Services staff are trained to deal with all aspects of delivery of service within the Directorate and to improve internal and external communications	Develop and update all ancillary safety and local safety statements for each area of activity addressing the safety, health and welfare risks generated by workplace activities  Develop, implement and evaluate a training and development programme	Number of Reviews P/A  Ancillary Statements Local Safety Statements  Number of person-days training provided for Water & Environmental Services Staff	90% review  N/A
<b>Goal 15 Climate Action</b>	To ensure that climate adaption is mainstreamed into all activities and operations of Transportation, Water & Emergency Services Directorate  To ensure objectives and actions of WCC Climate Adaption Strategy, as pertaining to the directorate are progressed, and establish communication and collaboration with various stakeholders	Wicklow Co Co Climate Adaption Strategy  Government action Programme on Climate Change	To progress actions as per Climate Adaptation Strategy: Themes: 1.14 2.3 2.5 5.2 5.8 And other areas as required over life of plan	

Functional Area	Performance Goals	Supporting Programmes	Measurement Methodology	Actual Current Operation Baseline
<b>Law Department</b>				
<b>Goal L1</b>	To provide a professional efficient legal service in relation to all the activities and functions of the Council, identifying risk and ensuring excellent corporate governance. To advise the Chief Executive and Management team and engage with all directorates as in house legal advisors.	To provide and to procure legal advice	Number of files opened	502
		To advise and effectively manage litigation.	Number of defence and prosecution files opened	210
		To provide property services including conveyancing and registration	Number of files opened Number of purchases completed	245
		To implement a modern case management system	Implementation of new system and procedures Quarterly review	Ongoing
		To bring registration of County Council's title up to date	Number of files opened Number of registrations completed	Ongoing project commenced
		To ensure the health and safety of all staff	Review and update health and safety statement annually and as required	Ongoing
		Training and development of staff	Number of staff participating on training courses and in further education	9
Professional staff complying with CPD requirements	5
