

Lailli de Builéar

Dear Sir,

Re. Wicklow County Development Plan. 2021-2027
Issues Booklet

Re: The County Plan, should encourage the
Reuse of Historical Buildings such as
the Catholic Carmelite Church that has
just closed & the Rev. Nuns Rehoused
in a Convent in Dublin. It was the
Parish Catholic Church in the Parish
of Kill Anna. for two Centuries.
This could be a lovely concert hall &
lecture venue for Education of young
& old.

In this Grounds is the Walled in
Private garden belonging to the Nun
with lovely Trees & Shrubs -
This is the only Green Inf'rastucture
in Village of Delganey along with
the Old Burial Ground - which is a

Heritage Area — Since (2009 even) 2007
 No 2. The other very important Area
 in Delgany Village. Is "Stylehawn Hous
 & lands which is up for sale
 just now. This house 30 years was
 owned by John Gaistford St Lawrence
 of Howth Family.

This house was opened to the
 Village & public during the Summer
 months June, July & August
 every year at certain Bank holidays
 weekends, the Gardens & Trees are
 still standing, the House needs
 lots of Repair & has planning Permission
 for added leaving accommodation
 This could be an open "Green Area
 & Infrastructure again so central
 in the Village — This should not be
 let go to Ruins it should be taken

3.

over by the Wicklow County Development
Plan. 2021-2027.

"for other assets such as Views,
trees or natural areas that should
be afforded protection as part of
the County Development Plan?"
No 3. Delgany Village & Blackberryhane
with Belle View Estate, Now the Golf
Course, should be considered as a
1st class protected Heritage Village
✓ protected against new developments
of our natural Environment.

Please consider my suggestions and
we may all enjoy our lovely County

yours Sincerely,
Lailli de Buítléar

interests of amenity and the environment, to make provision for the preservation of any tree, trees, group of trees or woodlands. There are 64 TPOs identified in the current development plan.

GREEN INFRASTRUCTURE

Green Infrastructure refers to a network of green spaces that help conserve natural ecosystems and provide associated benefits to people. It can include varying land uses such as woodlands, parks, formal and informal green spaces, waterways, wetland, and community/institutional lands. The Development Plan includes objectives to protect and enhance green infrastructure.

What do you think?

- What aspects of Wicklow's heritage do you consider should be protected?
- How can we balance the need for new development against the protection of our natural environment?
- Are there any buildings that should be added/removed from the Record of Protected Structures?
- How can the County Development Plan encourage the reuse of historical buildings that have fallen into disuse?
- Are there any other assets such as views, trees or natural areas that should be afforded protection as part of the County Development Plan?
- How can we encourage the use of green infrastructure such as streets or other green infrastructure to enhance quality environment to enhance quality climate change?
