Heritage

**Your comments**

In answer to your public consultation question 'Are you aware of any public rights of way that should be identified in the county development plan?' I propose that the full extent of Chapel Lane in Glenealy, from where it starts when it leaves the L1096 Glenealy/Ashford road, all the way up to the entrance to the public forest on Carrick Mountain be registered as a Public Right of Way. It has been used by generations, for decades, and is a hugely important health and well being resource for the community of Glenealy Village and the wider public.
