Subject: Development plan review.

Dear planner,

I wish to make the following submission in a private capacity:
I believe the County development plan should be encouraging alternative farm enterprises, whether that are big or small. The agricultural sector is facing huge challenges to its' viability between Brexit, climate change and CAP reform. My own recent experience of looking for permission for an alternative farm enterprise failed due to hostile planning policies. I feel very disillusioned with the County development plan for not being supportive of farmers who are trying to improve their viability.

Kind regards, Sylvester Bourke.
