Dear Planner,

I wish to make a submission to the review of the County Development Plan.

I own approximately 4 acres of land at the Gorey Road, Carnew on the outskirts of Carnew Town. Folio No is WW28777F. Please see map attached for reference.

I would like you to consider moving it from its current zoning of industrial to residential. This site is ideally located on the outskirts of the town with residential properties on both sides. In light of the current housing crisis in Ireland we feel it would be better served as providing good quality housing to those who need it. Its close proximity to infrastructure and the town centre make it ideal for good sized family homes.

I hope this is considered as I feel it is a very worthy change in the current economic and social climate.

Kind regards,

Richard Swaine.
