

GLENART PEDESTRIAN LINK

What is proposed?

- This scheme aims to develop an improve pedestrian, cyclist and disabled accessibility at the rear pedestrian entrance into the Woodlands Estate, Arklow.
- This access point links Woodlands with Glenart Drive and currently consists of a set of steps with a handrail. Whilst this is perfect for ordinary pedestrians, it is not ideal for those in a wheelchair, pushing a buggy, cyclists, etc. our intention is to upgrade the access to put a zig-zag ramp (as an example) or other type design in place to make it accessible for. Public lighting will also be installed as part of the scheme which will improve pedestrian safety at night.

Active Travel in Wicklow

Aims to:

- Promote awareness and uptake of travelling with a purpose, using your own energy by means of walking or cycling.
- Improve transport options for those choosing alternatives to the car.

Contact: ActiveTravel@wicklowcoco.ie

Why are these works required?

- The scheme will provide an improved level of service for pedestrians and cyclists which is heavily utilised by school children and parents pushing buggies.
- The scheme will make the link accessible for all users.
- The scheme will provide improved and safer linkages to public transport, schools and community services.
- The scheme will encourage a modal shift away from motorised forms of transport and will promote and encourage healthy living, wellness and wellness through walking and cycling.

Where is the scheme?

The proposed scheme is located at the rear pedestrian entrance into the Woodlands Estate, Arklow.
