Town Hall Monday

April 2. 1849

At a meeting of the Town Commissioners held this day pursuant to notice, for the purpose of electing six Commissioners, to appoint a Collector and to transact the usual monthly business

Proposed by Mr. Joseph Michael Byrne and seconded by Mr. William Hutchinson that Mr. James Byrne be appointed collector and that Mr. Joseph Morton and

and Mr. Denis Byrne be accepted as securities to be bound in a sum equal to the yearly debts

On this occasion James Byrne was opposed by Abraham Rogers who offered to collect the rents for 2 1/2 p cent. the matter of the Commission to be allowed James Byrne lay over to the present, when I B requested the Commissioners to have the usual allowance of 5 p cent allowed him since his last appointment namely the 2nd day April 18 49

The Commissioners at their monthly meeting on Monday last the 2nd day of February 1852 came to the following resolution

Form Hall

February 2. 1852

Proposed by Mr. Dunbar and seconded by Mr. Michael Byrne, Resolved that James Byrne receive 5 p cent for receiving the rents of the Corporation provided the Law do not limit the amount to less

The opinion of Counsel is requested on the following queries
1. Did not the property of the old Corporation of Wicklow vest in the Commissioners appointed under the statute for the fourth c 82 sufficiently to give them power to appoint officers and to grant salaries to those officers see Sects 29 of said Act also Sec 103 of 3rd & 4th of Victoria c 108
2. Did not the word allowances mentioned in said Section

I have no doubt that Commissioners elected under of Sec 4. c 82 have full power to appoint collectors and other necessary officers and to grant them such salaries or allowances as they may consider suitable compensation for their services and I am equally clear that the Corporate property which under 3 & 4 Vic c 108 Sections 15 & 103 vested in the

permit the Commissioners to give a percentage in lieu of a salary to such officer or servants.

3. Have not the present Commissioners power to give 5 p cent on the collections of their rents and would same be considered more than a fair and reasonable compensation for such an agent and have not the Commissioners power to apply the funds of the Corporation in payment of such an allowance under the sections before referred to as also the 131st Sec of the 3 & 4 Vic c 108

dissolution of the Corporation in the Commissioners is applied to the payment of such salaries and allowances since such payments go to reduce the amount of the rate, see 3 & 4 Vic c 108. Sec 15. I am ^{also} of opinion that it is entirely in the discretion of the Commissioners to allow a percentage in lieu of salary such a percentage coming clearly within the meaning of the word "allowances" and I do not think that 5 p cent can be considered an unreasonable or extravagant remuneration for the collection of rents that being the amount allowed to receivers under the Court of Chancery
