Topic

Regeneration of Communities & Places - Healthy Placemaking - Urban Design - Opportunity Sites in Wicklow Town - Rathnew

Submission

I'd like to propose the area shown below as a possible development site / opportunity to improve the centre of the village of Rathnew.

A river fronting mixed use development could be built on the section zoned as Village centre with a large green area and parking next to the river. There is potential to rebuild or expose the remains of the former mill building on the site and install a pedestrian bridge to join the recently developed lands to the north with the existing village.

It would be a great improvement to the village.

Map

Site Description:

Rathnew Village Centre / river front area.
