(Report) May 17th 1923

We inspected the damage done to back wall of opposite Harbour Shed on Steam Packet Pier this walling at low water and same is in a very bad way and requires to be repaired at once before stormy weather sets in if not done now there is great danger of end of Pier falling into the Harbour as the wall is cracked in several places. We also inspected the Fender Piles on East Pier and all are eaten away at the bottom they have no hold in the ground if a vessel hits them they will split as several of them are, also the nose of East Pier is in a bad way the piles being loose and some of them washed away. The work would require to be done as soon as possible before winter sets in.

With reference to your letter of 27th July last and previous correspondence. I am directed by the Minister for Industry and Commerce to inform you that Mr Drury has resigned his appointment as permanent Auditor of the Accounts of the Wicklow Harbour Commissioners

I am at the same time to state that it is not proposed at present to exercise the powers under the Wicklow Harbour Advances Act 1897 as to the appointment of a permanent Auditor. It will therefore be necessary for the Commissioners to appoint two Auditors under Section 92 of the Commissioners Act of 1847 and I should be glad to be notified in due course of their appointment

Wicklow

4th November 1923

Gentlemen

We have according to your instructions
Audited the Accounts of your Board for the years
1921 and 1922 and herewith enclose Certified
Abstracts thereof

For the Year 1921 the receipts from Tolls
Dues and Miscellaneous ~~Receipts~~ Sources
amounted to £356-19-1 and the actual
payments made amounted to £417-6-9
Consequently there is no surplus available
for distribution between the Guaranteeing Areas

For the Year 1922 the receipts from Tolls
Dues and Miscellaneous Sources amounted
to £501-18-4 and the actual payments
made amounted to £478-3-11. As there were
at that date undischarged liabilities attaching
to the year of considerable amount we find
there is no proper surplus available for
distribution between the Guaranteeing
Areas

The Accounts were presented to us

Dear Mr Davis

I am informed that the work
of repairing the guys at Wicklow is to
Commence

You will remember of course
that I was asked by the Harbour Board

to prepare plans & Specification in May 1942, It naturally follows that I should be the Engineer to inspect progress of the work even though the plans have been changed to some extent

I heard about a month ago that the work was to have been done by direct labour without any supervision

I could hardly credit that and was surprised that I did not and am still surprised that I have not got some word from you

I am sure that you will understand my position in the matter and I am confident that you would see the right correct thing done always

Of course you know when an Engineer draws up plans and they are accepted and put up for tender and a tender is received it is the usual result that he be allowed to carry through the work to the finish and draw his usual Institute fees

You may have altered or changed the proposed repairs but I think that was so in all etiquette I should be the one to take full responsibility for the works on hand so that the Board as a public body would be free from any blame

Town Hall

Wicklow

15 Jan'y 1924

Sir

I am directed by the Wicklow Harbour Commissioners to apply to you for a grant of £9500— for the purpose of rebuilding the Quay Walls - My Board during the past 16 years have expended over £40,000 on the building of a New North Quay and Sea wall and other works to save the Harbour from the encroachment of the Sea and therefore my Board trust that you will see your way to give the above Grant

My Board have in hand £500 and it will take this sum together with the Grant to have the Quays properly repaired which are falling into the river as a matter of fact about 260 feet of Quay wall has already fallen in and should you not give this Grant the Harbour of Wicklow which is the only safe Harbour between Kingstown and Waterford which a vessel can safely enter in bad weather will cease to exist and consequently the large sums already expended on the Harbour of Wicklow approximately about £120,000 will be wasted money as my Board have no means to raise money to have the Quays repaired

There is a great deal of unemployment in the town and this work would give employment to about 100 men for about 9 or 10 months

I am directed to refer to the undermentioned irregularities which were observed by an Inspector from the Ministry in the course of a recent visit to your premises. The Dept would be glad of an assurance to the effect that these irregularities will be remedied with the least possible delay.

Copies of Dock Regulations Form 938 should be affixed in prominent places at North South & West Docks.

Lifelines require to be overhauled some are out of repair and life lines missing in some cases.

It is recommended that Copies of Dock Abstract No 56 should also be obtained and affixed.

Harbour Masters Report

17th Feb 1925

Gentlemen

I beg to report that Two Steamers and Nine Schooners arrived during the month their Register Tonnage being 1111 Tons and Cargo Tonnage being 1147-1 Tons

At the same period Two Steamers and Five Schooners sailed their Export Tonnage Nil

I also report where the North Quay gave way the Gas Pipe is in danger if it got broken there would be no light on the West pier it would be well to have a look at it and if there could be any temporary job done to it

The East Pier is very dangerous of vessels lying alongside of it

I also report my books are almost run out

I have interviewed the Minister of Finance on the 16th and again on 25th re Grant for repairs to Quay Walls and I regret that the Minister while anxious to assist the Harbour Commission is not in a position to sanction a grant owing to the failure of the County Council to pay the instalments due to the Government which are now long overdue.

The Minister gave me a promise that if the County Council made an effort to reduce their liabilities that he would be prepared to sanction a grant as thereby employment would be given to a large number of unemployed and repairs could be carried out to the Harbour.

I also interviewed the Secretary to the Ministry of Local Government Dept and explained the position to him and he suggested that if the County Council are unable to pay the instalments due that if a loan was required for that purpose he was prepared to sanction it. I would suggest to your Board that the matter up with the County Council as the Urban Area have paid the rates as collected but evidently the County Council have spent the rates thus collected for other purposes.

Amounts of Loans Due by Wicklow Co Council
to the Board of Works

Dear Sir

I beg to acknowledge receipt of your questionnaire dated 28th inst which I shall lay before the County Council at the approaching meeting of that body. The next fixed Statutory Quarterly meeting of the Council will be held on Monday the 25th proximo.

Meantime I may inform you that at the Quarterly meeting of the County Council which was held on the 17th November last a deputation from your Board attended with reference to the sums then due by way of instalments of loans in respect to Wicklow Harbour.

On that date there were instalments amounting to nearly £20,000 due to the Board of Works in respect to Loans and of this sum no less than £12,000 was due in respect to Wicklow Harbour.

Your Board will no doubt be pleased to learn that since that date Wicklow County Council in the face of exceptional financial difficulties has of this £12,000 paid to the Board of Public Works no less a sum than £8,000 in respect to Wicklow Harbour and to that £8,000 thus paid the Urban District Council of Wicklow contributed £397.

I have only to add that the sums

Harbour Board

Sir

I beg to draw your attention to the diving
and swimming that is at present carried
on by youths inside the Piers and to ask if
your Board can do anything to prevent same.

As you are doubtless aware this is the
time in which salmon and trout go up the
river for spawning and if the practice
of swimming and diving at the mouth of
the river is not stopped immediately the
salmon and trout will not go to the
spawning beds with the result that there
will be a scarcity of salmon & trout
which will be a great loss to the fishermen
who are engaged in this industry.

Hoping you will see your way to
help in protecting this little industry

Yours faithfully

Mark Byrne

gravel from foreshore under the supervision
and control of the Harbour master

Passia

Quarantine Hill Wicklow

21st July 1925

To the Preside Chairman

Harbour Board

Sir

I beg to draw your attention to the diving
and summon that is at present carried
on by youth inside the Piers and to ask if
your Board can do anything to prevent same
to you are doubtless aware this is the
time in which Salmon and trout go up the
over for spawning and if the practice
of swimming and diving at the mouth of
the river is not stopped immediately the
salmon and trout will not go to the
spawning beds with the result that there
will be a scarcity of Salmon & trout
which will be a great loss to the fishermen
who are engaged in this industry

Hoping you will see your way to
help in protecting this little industry

Yours faithfully

Mark Byrne

Order

The Secretary to have notices printed
and posted on Pier that any person found
bathing after publication of notice be
prosecuted and the notice of Civic Guards
be drawn to the matter

Resolution

Proposed by Mr Eawara Lalor

Seconded by Mr Matthew Turner

Resolved That a letter be written to the County Council pointing out the dangerous state of the Quays at Wicklow and ask them for some financial assistance to have Quays put in safe repair also to have copy of resolution to the Urban District Council and County Council asking both bodies to appoint representatives to act with representatives of the Harbour Board as a deputation to wait on the Ministry of Industry and Commerce for the purpose of procuring a grant for the same purpose

Read letter from Board of Works

29 June 1925

We are in receipt of the Harbour A/c for the year ended 31 Decr 1924 and note that it would appear therefrom that sums amounting to £295 have been paid over to us in the 12 months ended 31 Decr 1924 last. The actual amount received was only £255—

A further sum of £40— was however received on 24 Feby last and it would appear that this item has been incorrectly included in last year's Harbour Expenditure

It is also observed that the balance of £500— to the Credit of the Dredger Fund Account at the 1st January 1924 has almost disappeared of this amount the sum of £200— appears to have been paid over to the Wicklow Urban District Council

with particulars of the total amount due under this head

In examining the transactions in the Treasurer Fund Account for some years past it has not been found possible to reconcile the balance remaining therein at the close of the year 1921 with that shown in the 1922 account as brought forward from preceding year

It would appear from the 1921 account that the uninvested balance remaining therein at the close of the year 1921 with that shown in 1922 account as ~~brought forward~~ on hand on 31st Decr was as follows

	£ 54
Dividends	42 = 15 = 4
Balance at Bank	9 = 9 = 9
On Deposit	6 = 3 = 1
	58 = 8 = 2

On referring however to the 1922 account a sum of £ 9 = 9 = 9 only is shown as brought forward from 1921 and I shall be glad therefore if you will advise me where the dividends of £ 42 = 15 = 4 and amount on deposit £ 6 = 3 = 1 shown as on hand at 31st Decr 1921 have been dealt with in 1922 account

In reference to the item of £ 42 = 15 = 4 and deposit £ 6 = 3 = 1 your Secretary was instructed by Mr J W Drury Auditor to lodge this sum to credit of Treasurer Fund etc and to issue a cheque for £ 40 = 1 = 8 which was due for a number of years to the Hibernian Bank which he did and showed same by Bank Books The sum on deposit £ 6 = 3 = 1 in Secretary & late Chairman

with particulars of the total amount and under this head in examining the transactions in the Dredger and Account for some years past it has not been found possible to reconcill the balance remaining therein at the closed the year 1921 with that shown in the 1922 account as brought forward from preceding year It would appear from the 1921 account that the invested balance remaining therein at the closed the year 1921 with that shown in 1922 account as brow on hand on 31st Decr was as follows

	5
Dividends	42154
Balance at Bank	
	999
on Deposit	
	63
	5882

on referring however to the 1922 account a sum of £ 9-99 only is shown as brought forward from 1920 and I shall be glad therefore if you will advise me where the dividend of £42154 and amount on deposit shown as on hand at 31st Decr 1921 have been dealt with in 1922 account

In reference to the item of 42154 and Deposit £6-3-1 your Secretary was instructed by Mr It Derry Auditor to lodge this sum to credit of Dredger finde and to pose a cheque for £40.18 which was due for a number of years to the Hibernian Bank which he did and showed same by Bank Books. A Chara,

With reference to our previous correspondence in this matter, I have to remind you that the sum of £ 144. 16. 0 still remains unpaid on foot of Income Tax arrears for the years 1919/20/22/23 and to state that unless the above amount is remitted to the Accountant General of Revenue here without further delay or a settlement of the claim effected I shall have no alternative but to proceed for the recovery thereof and costs

The Revenue Commissioners would be glad to be informed under what Act of Parliament the Harbour Commissioners were first constituted as this was not disclosed at the Hearing of the Appeal before the Special Commissioners
