PRINTED FOR THE COUNTY WICKLOW GRAND JURY  
BY WILLIAM M'PHAIL,  
NEWS-LETTER OFFICE, WICKLOW.

1888.

13—All scrapings and other road stuff to be used for levelling hollows in the sides, filling grips, repairing fences, &c. Any surplus stuff not so required shall become the

property of the contractor, and be removed by him forthwith, as well as any accumulation of mud, &c., that may be on the roadsides at the commencement of the contract. Road stuff on no account to be thrown on the margins.

#### MAINTENANCE AND IMPROVEMENT OF SURFACE.

14—The roadway and water-tables shall be scraped, swept and cleaned, so as to be at all times free from mud and dirt, especially before spreading stones.

15—The surface of the working way is to have a rounding of one inch per yard of width; but on hills this rounding must be greater. Where the road has not at present this form it must be brought to it by the application of materials, and by picking up and re-forming the surface.

16—The surface is to be made even by picking and levelling ribs, ruts, and inequalities.

All stones appearing over the surface of more than 2½ inches in any dimension to be picked up and the holes at once carefully filled with fine metalling.

#### APPLICATION OF MATERIALS.

17—Every hollow, worn or weak place, to be covered with a sheet of metal. These sheets to be applied so as to preserve and improve the shape of the road, and to strengthen the crust.

They are to be spread at short intervals alternately on each side of the centre line of the road, so as to induce the traffic to beat over the entire surface.

The sheets or patches are not to be less than 3 square yards in area, to be spread evenly, closely and thick enough to prevent the old surface being seen through the stones, and of the shape of the worn or hollow parts of the road. In no case will drills or small patches be allowed.

The patches to be kept raked in and blinded when necessary.

Before spreading the materials the old surface to be picked and loosened to the depth of half an inch (rather deeper at the edges), so that the new metalling may unite with the old.

18—Particular care must be taken to have the covering-flags of gulleys and the arch-stones of bridges well covered with metal.

#### LOOSE AND OVER-SIZED STONES.

19—The surface shall at all times be kept free from loose stones which must be kept picked off by the contractor; also any stones larger than the specified size.

#### TIME FOR SPREADING

20—One-third of the yearly supply of stones for the road to be spread before 1st December; two-thirds before 1st February, and all before Spring Assizes in each year.

#### QUALITY OF MATERIALS.

21—The stones to be the hardest and toughest procurable within three miles of any part of the road, to be broken as nearly as possible to a cubical form, to pass through a two-inch ring in every direction, and to be free from clay, sand, or other extraneous matter.

#### QUANTITY TO BE SUPPLIED AND MODE OF DELIVERY.

22—The contractor is to supply annually cubic yards or more if required, a sufficient quantity of broken stones, for the proper maintenance of the road. This quantity to be laid down in equal heaps, dressed for measurement, along the sides of the road, on carefully prepared level floors, before 1st October in each year of the contract. The heaps to be outside the working way.

#### EXTRA MATERIALS.

23—In addition to the annual quantity as above, such extra materials must be provided and spread as may be required to fulfil the conditions of the contract for constantly keeping the surface in good repair during the whole term of the contract.

#### FOOTPATHS, PAVED CHANNELS, GRATINGS, ETC.

24—The footpaths (if any) whether gravelled, paved, or flagged to be repaired and maintained as follows:—

If curbed with stone, all missing and defective curb-stones to be replaced with good stones, properly dressed and set. If edged with sods, any parts ravelled or broken to be re-sodded. Grass on both sides of path to be neatly edged three times a year. Clean out and repair all existing outlets and make any new ones required. Fill up any hollows with hard material and pick up all stones that project over the surface. Path to have two coats of gravel each year—in February and October—and at such other times as may be required. Gravel to be screened free from clay, dirt, and stones over ¾-inch diameter.

Surface of path to be flush with top of curb and to have a fall of 1½ inch per yard towards the road.

25—All flagged or paved paths and channels to be repaired and kept in repair. All gratings where broken, disturbed, or removed, to be repaired, re-set or renewed.

#### COUNTY WORKS.

26—Bridge parapets, walls, fences, etc., made by presentment, to be repaired during the first half-year, and afterwards kept in repair.

#### INJURIES, OBSTRUCTIONS, ENCROACHMENTS, TREES, HEDGES, ETC.

27—All works connected with the road to be preserved in good order, free from damage, encroachment or trespass. The contractor shall require the owners to prune and lop all injurious or obstructive hedges and trees, and shall proceed summarily against all offenders in accordance with the provisions of the Acts relative to such offences, especially 14 & 15 Vic., cap 92, secs 9 & 10, and 19 & 20 Vic, cap 63, sec 18.

#### SURPLUS MATERIAL.

28—Any broken stones or gravel found at the termination of the contract along the road shall become the property of the county.

# RESOLUTIONS

OF THE

## GRAND JURY OF THE COUNTY WICKLOW.

Resolved—That all certificates for repairing sudden damages be henceforth lodged in the Secretary's Office, at least three clear days before the Assizes, great confusion having arisen from the contrary practice being pursued.

Resolved—That no Presentment will, in future, be made in aid of any Infirmary or Fever Hospital, unless the same shall be accompanied by the account and accurate list of subscribers' names, and the amount severally subscribed by them.

Resolved—That in future there shall be printed in detail, at the beginning of the Schedule, a list of duties to be gone through by the Grand Jury.

### DUTIES OF THE FOREMAN.

Printed pursuant to the foregoing order.

I—Call the names of the gentlemen comprising the Grand Jury.

II—Receive reports from committees appointed at last Assizes.

III—Consider Presentments for County at Large.

IV—Appoint committees to examine :

A. County Surveyor's report.

B. Existing Contracts.

C. Infirmary Accounts.

D. Court-keepers' do.

E. Coroners' do.

F. High Constables' returns.

G. Industrial School accounts.

H. Sub-sheriff's accounts.

V—Open tenders for Assizes.

VI—Malicious Injuries.

VII—Presentments for Barony of Talbotstown Upper.

VIII " " Talbotstown Lower.

IX " " Arklow.

X " " Ballinacor North.

XI " " Ballinacor South.

XII " " Newcastle.

XIII " " Rathdown.

XIV " " Shillelagh.

XV—Correspondence, Reports of Committees appointed at this Assizes.

XVI—Tramways, harbours, and other schemes and guarantees, &c.

Resolved—That the space within the Bar in the Grand Jury Room be strictly reserved for the use of the Grand Jury and the Officers of the County connected with the duties of the Grand Jury, and that all others be kept beyond the Bar, unless specially introduced.

Resolved—That in future, if any subject of complaint should exist, or if any charge is preferred against the County Surveyor, or other County Officer, such complaint or charge shall be made specially in writing on the first day of the Assizes, evidence of the facts shall be afforded in the con-

sideration of the same, and that Notice of the intention to prefer such complaint shall be previously given to the party complained of.

Resolved—That we recommend the Coroners to employ the Dispensary Physicians, whenever it may be necessary to call in a medical man, and to pay them a fee of £1 1s. for each attendance.

W. W. F. HUME, M.P., Foreman.

Resolved—That in future, all tenders postponed to the assizes, if not lodged with the Secretary the day before the commencement of the Fiscal Business, will not be entertained by the Grand Jury.

Spring, 1861.

GEORGE HODSON, Bart., Foreman.

Resolved—That the attention of the several Baronial Collectors be called to the Presentment of the Grand Jury of Summer Assizes, 1854, requiring them to lodge the amount of their Warrant and perfect their Bonds on the first day of each Assizes; and that should they fail in doing so, the Solicitor to the Grand Jury is hereby empowered to make his legal professional charge for performing same.

Spring, 1863.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future the several High-Constables shall be required to furnish the amounts of their respective insolvencies every two years, pursuant to 6 & 7 Wm. iv., cap. 116, sec. 149.

Summer, 1863.

W. W. F. HUME, Foreman.

Resolved—That the County Printer shall be required to have the "Schedule of Applications," previous to each Assizes, printed and ready for distribution, within fourteen days from the day on which the copy of same is given to him by the Secretary; and that he shall have the "Abstract of Presentments," after each Assizes, printed within twenty-one days after he receives the materials for same from the County Treasurer.

Summer, 1864.

W. W. FITZWILLIAM DICK, Foreman.

Resolved—That with the view of supplying better information for the future to the Justices and associated Cesspayers, as to the matters that are to come before them at Presenting Sessions in each Barony, the Secretary is instructed to have printed and circulated to such, a notice of all Presentments which are to be discussed at such Sessions, so far as it is practicable to do so.

Spring, 1866.

GEORGE HODSON, Bart., Foreman.

Resolved—That in future any party who, having duly entered into a Contract, shall sell, transfer, or dispose of it to another, such contract shall upon proof thereof be declared "null and void" by the Grand Jury, and the money levied for it shall be re-presented to the credit of the County or Barony, where the fraud has been committed.

Spring, 1870.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, on reading that portion of the Auditor's Report, calling upon the Grand Jury to enforce the Order in Council as well as the Resolution at Spring Assizes, 1879, requiring Barony Constables to lodge, with the Treasurer, all moneys collected at not longer intervals than

one fortnight, or whenever such Collections shall amount to £100, this Grand Jury hereby direct the especial attention of the Barony Constables to the observance of such conditions, as well as to the necessity of furnishing the blocks of their books duly filled, in failure of which duty their re-appointment at ensuing Assizes is not likely to take place.

It is further ordered that a copy of the foregoing Resolution be sent to each Barony Constable within the county.

Summer, 1880.

GEORGE HODSON, Bart., Foreman.

RESOLVED,—That, it having been represented by the County Surveyor that considerable damage has recently been caused to some of the County Roads by Traction Engines, it be referred to the solicitor of the Grand Jury to examine the Acts relating to the use of such Engines, and, in conjunction with the County Surveyor, to take such steps as may be necessary for the protection of the public roads.

Summer, 1881.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, if from any cause the sums payable on any contract remain undischarged for two successive half-years, such sums be re-presented to the credit of the county or barony, as the case may be, without delay, unless special reason for not doing so be shown to the satisfaction of the Grand Jury.

RESOLVED—That, in future no new contract for any works or roads shall be entered into or entertained, unless all money levied for the previous contract has been previously discharged, or is approved of, or ordered to be re-presented.

Spring, 1882.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That in future the contributions for the support of Children in the various Reformatories be at a uniform rate of *Two Shillings* per head per week.

Summer, 1882.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That with the view to avoiding the expense of unnecessary Printing, all obsolete or revoked resolutions be omitted from the Abstract.

Spring, 1883.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That the Court Keepers, Official Managers of Reformatories, and all others whose claims for payment have to be brought before the Grand Jury at Assizes, be requested to furnish their several accounts to the Secretary to the Grand Jury, on or before the 15th of February and the 15th of June, in each year, in order that they may be entered in the printed Schedule, and that no account or claim be submitted to the Grand Jury unless this direction has been complied with.

RESOLVED—That in future the Schedule do only contain the new works, and such matters as should, in due course, come before the Grand Jury at each Assizes, and that the "existing contracts" be omitted from the Schedule, but that all county works be printed in the Abstract, which should be made as complete as possible.

Summer, 1883.

GEORGE HODSON, Bart., Foreman.

RESOLVED—That, in order to entitle the Solicitor to the Grand Jury to payment for the High Constables' Bonds, he shall have them registered and returned to the Secretary, within one calendar month from date of receiving same from him for that purpose.

RESOLVED—That the attention of Magistrates and Cesspayers at Adjourned Sessions should be again called to the great importance of enquiring most particularly into the solvency of sureties, and also to ascertain that their property be such that the amount of their bonds can be recovered without difficulty, in the event of the contractor failing to fulfil his obligations. And it is also most desirable that the contractors should reside within a reasonable distance of their contracts.

Further, that in cases where former contractors, who have proved themselves notoriously inefficient, put in tenders for new works, it will be desirable to take into serious consideration whether such tender be accepted, and if accepted, such cases to be specially brought to the notice of the Grand Jury by the County Surveyor.

Spring, 1884.

GEORGE HODSON Bart, Foreman.

Resolved—That the following committee of the Grand Jury be appointed pursuant to 31 & 32 Vic, cap 59, sec 10, and be empowered to enter into an agreement with the Directors and Managers of the Reformatory and Industrial Schools, and to check the committals, and report on the accounts to each assizes.—Col. Tighe, Col. Tottenham, C. W. Barton, Col. R. Pratt Saunders, David Mahony.

Resolved—That the provisions of the Grand Jury Act, 6 & 7 Wm. IV., cap 116, be strictly adhered to in respect to the applications for payment to be made by contractors to and at the respective Presentment Sessions. All such applications, with the certificates of the County Surveyor, to be, as provided in said Act, laid before the respective Presentment Sessions for approval or rejection by those courts, subject to the power of the Grand Jury to disallow any presentment founded thereupon, where the road or work shall not have been properly maintained in the interval between the Sessions and the Assizes. And further the greatest care is desirable in examining tenders at Adjourned Sessions, so as to reject such as may appear tainted with fraud, and to regard with distrust and, where possible, refuse, future tenders made by parties who may have connived at unfair tendering.

On Presentment No. 76, in the Barony of Arklow, the opinion of Mr Justice Harrison having been asked as to whether it was legal, on the non-appearance of a surety named in a tender, to substitute another with the consent of the sessions and the other parties to the tender, the judge declared that this could be done; that the non-appearance did not vitiate the tender, and that a contract founded thereupon was perfectly legal.

Spring, 1885.

C. G. TOTTENHAM, Foreman.

Resolved—That the coroners' accounts be now received and sent to the sub-committee, but that the coroners shall now take notice that if their accounts are not in future sent to the Secretary ten clear days before the Assizes, he is not to receive them.

Summer, 1885.

Resolved—That the attention of the Barony Cess Collectors be called to the necessity of giving in to the Treasurer's Office, at least two days before the first day of every Assizes, the amount of the assessments collected by them, as required by their warrants, and by 4 Geo. IV., cap. 33, sec. 7, as their fees will not in future be allowed till this be complied with.

Resolved—That the Court-keeper be instructed in future to see that the Grand Jury are properly supplied with blotting and writing paper for their use on each day they sit, whether for fiscal or criminal business.

Resolved—That it be a direction of this Grand Jury to their Secretary that he shall in future keep a record of all resolutions passed in a minute book, and that the Foreman sign such minutes.

Spring, 1887.

C. G. TOTTENHAM, Foreman.

### Resolutions passed at Spring Assizes, 1888.

Resolved—That the County Surveyor be requested to provide a place in the Courthouse for the reception of the County Standard Weights and Measures, with the door secured by a proper lock. The County Surveyor to provide the necessary expenditure out of the funds in his hands.

Resolved—That the County Surveyor be directed to mark on a map the distances between each coroner's place of residence, and the chief points in the county, so that the Grand Jury may have a guide in their examination of their mileage accounts.

Resolved—That the County Presentment Sessions should require that the accounts of the County Infirmary and the several Fever Hospitals be audited by a competent person.

Resolved—That the amount charged on account of the Parliamentary Voters lists and payable to the Government and the Clerk of the Crown and Peace are excessive in proportion to the work done, amounting in the Schedule to £443 fees and £224 for printing—total, £667; and we recommend that a copy of this resolution be sent to the Privy Council asking them to revise the whole matter.

Resolved—That Thomas Graydon, Esq., Toomoon, Delgany, be appointed auditor of the accounts of the Dublin and Blessington Steam Tramway, as per Order in Counsel, Clause 34.

CHARLES G. TOTTENHAM, Foreman.

## AUDITOR'S REPORT.

3,276—'88—Grand Jury.

DALKEY, 24th January, 1888.

GENTLEMEN,

I have the honour to report to your Board that I have audited the Accounts of the Grand Jury of the County of Wicklow, following last Summer Assizes, and to transmit the account duly declared and certified.

Mr Boothman, Collector for the Barony of Lower Talbotstown, received his Collection Warrant on the 19th May, but made no lodgment with the Treasurer until the 15th July, when he lodged £666. He made a second and final lodgment, amounting to £422 12s 2d, on the 27th of July, the eve of the Assizes.

The Order in Council requires Collectors "to lodge all money collected by them at intervals not longer than one fortnight or whenever the sum shall amount to £100," but from beginning to end the dates on which Mr Boothman received payment have been systematically omitted from his block receipts, so that the latter afford no means of ascertaining the length of time he has retained moneys in his hands and the amounts so retained. It is, however, evident from the number of receipts issued that the Order in Council has been utterly disregarded by this collector, who, in that respect, appears to have deliberately adopted similar practices to those for which his predecessor's services were dispensed with.

Of course the lodgment of moneys collected by a collector in a bank to his own account is no more a compliance with the Order in Council than if he retained the money in his pocket.

When the next contract for county printing is about to be taken it would be well to have it arranged that the Receipts and Blocks be numbered consecutively in type as I pointed out in a previous report.

The only Collectors who attended the audit were Mr Thomas Douglas and Mr Storey

I have the honour to be,  
Gentlemen,

Your obedient servant,

GEORGE W. FINLAY.

## PUBLIC ANALYST'S REPORT.

## TO THE GRAND JURY OF THE COUNTY OF WICKLOW.

MR. FOREMAN AND GENTLEMEN,

I beg leave to report that I have made the following analyses during the half-year ended on the 31st December, 1887:—

August 3rd—On this date two specimens of tea were received from the guardians of Baltinglass Union; both were pure, but one of them was much superior in quality and strength to the other. On the same, two samples of milk were received from this Board; one was found to be adulterated with 16 per cent. of water, and the other with 25 per cent.

9th August—The viscera of a sheep received from Mr Newton, J.P., Rathdrum, were not found to contain poison.

23rd August—A specimen of milk received from the guardians of Baltinglass Union was found to be very poor, and appeared to be "fore" milk or slightly skimmed milk.

September 1st—Stomach of a horse received on this date from Mr W Parker, Shillelagh, was not found to contain poison.

8th September—Two specimens of milk received on this day from the guardians of Baltinglass Union were found to be adulterated with 14 and 17 per cent. of water, respectively.

The total number of analyses made in 1887 was 27. Of the food specimens analysed 7 were adulterated.

I understand that by a majority the Board of Guardians, Baltinglass, decided not to prosecute the contractor who had supplied the adulterated milk to their workhouse.

Gentlemen,

COUNTY OF WICKLOW.  
COUNTY SURVEYOR'S REPORT

TO THE  
GRAND JURY OF THE COUNTY OF WICKLOW,

Assembled at Spring Assizes, 1888.

Mr. Foreman and Gentlemen of the Grand Jury,

The applications for presentments set forth in the Schedule before you are nearly all for the ordinary works of maintenance, improvement and repair. No presentments are sought for the repairs of roads not hitherto maintained by the county, and the only works to which I need direct your attention are the following :—

Rathdown, No. 8, to build a protecting wall in Greystones, £49 (half on County at Large, the proprietor to contribute half of barony moiety). This is a short length of sea wall on the Cliff-road, Greystones, to replace a wall of rough timber put there six years ago by magistrates' order to close a breach caused by an inroad of the sea. It is a necessary work if the road is to be kept open.

Rathdown, No. 9, to divert a watercourse at Ballyorney, £57. This is to divert the river course from the public road in three places where it has cut its way so close to the road as to threaten its safety. If now done future heavy expense will be avoided. A similar work in the same locality was carried out last year with the best results.

South Ballinacor, No. 14, and Lower Talbotstown, No. 4. These are applications for curbed footpaths in Tinahely and Dunlavin, respectively, which will be great improvements to these towns.

Upper Talbotstown, No. 13. Double gullet at Coan, £25. This is to replace a decayed timber structure and is necessary for the public safety.

Since last Assizes many useful works have been carried out. I may mention the following :—

A new iron, brick and stone bridge instead of a decayed timber structure at Ballymaghroe, South Ballinacor.

A new iron, brick and stone bridge instead of a dangerous timber one at Tomanieran in same barony. This work was given in charge to me to carry out by the last Grand Jury as there were no tenders for the work. I have built it for the sum allowed.

A new three-ope culvert over a former ford at Newtown, barony of Upper Talbotstown.

The repair of Aughrim bridge on which the sum of £50, given into my charge, has been expended to the best advantage.

The work at Wicklow bridge has progressed but slowly; however the whole of the piling, part of the filling, part of the rough apron and the paving of three arches out of the six to be done have been completed.

Several important retaining walls, bridge repairs, &c., have also been carried out in a substantial manner in various localities.

The heating apparatus of Mr. Grundy, which necessitated a new flue from basement to roof of Court House, has been supplied for warming the Crown Court. The cost of the whole was under the amount of the presentment of £60 made for the purpose.

The Corporation of Dublin, having for a number of years maintained the roads in the neighbourhood of the water works altered by them in the construction of these works, made applications at the last Road Sessions for Newcastle and North Ballinacor to free them from this charge.

Both Sessions rejected the applications as the liability of the county to maintain these roads was not proved. From a recent interview with the Dublin Borough Surveyor, I am led to understand that the applications will not be renewed.

I have frequent applications from Sanitary Authorities to make new sewers and to repair and cleanse existing ones. These are not county duties as the repair and maintenance of all existing sewers and the construction of new ones are vested in the Sanitary Authorities by the Public Health (Ireland) Act, 1878. I can only account for these applications by a perhaps natural desire to place the expense on a whole barony instead of an Electoral Division or Sanitary District.

I think it worthy of note that since last Assizes I am not aware of a single sudden damage order having been made, whereas they were formerly very frequent in this county. This would seem to prove that the county bridges, culverts, walls, &c., are gradually being brought into good repair by the more satisfactory process of application and regular contract made at Road Sessions.

It also goes to prove that many matters for which formerly these orders were granted are now done by the contractors as part of their specified work.

I may here note that very useful work is now being done, particularly in Lower Talbotstown, by the removal of boulders projecting from the road surface. Special presentments were formally granted for such work; but it is now included in the conditions of the ordinary maintenance contract.

The measurement last October of the annual supplies of materials for the metalling of the roads gave by far the best results yet obtained, and I have the satisfaction of reporting that your roads continue to improve and that with few exceptions they are rapidly approaching their proper cross section and condition.

It is only fair to state that this desirable condition of affairs is largely due to the able support I am receiving from my assistants.

I have to report that Mr Edge, who for many years was one of the assistant surveyors, died suddenly in September last. A vacancy having thus arisen I appointed Mr J. J. O. Ramsay, who is well qualified, to fill it. Mr Ramsay is stationed in Rathdrum in charge of the district previously surveyed by Mr Edge and since his appointment has discharged his duties to my entire satisfaction.

I have in conclusion to ask you to sanction the further appointment of Mr Ramsay, either permanently or, if you object to this, for at all events another year. My reasons for this request have been given in several previous reports and from the great improvement in the condition of your county roads and works, the result of proper supervision, I venture to think that this Grand Jury will hesitate before they reduce the number of assistants that the county has now had for four years and so deprive it of the means of maintaining and increasing this improve-

ment which can only be secured by adequate supervision.

I beg to submit a separate report on an application, intended to be made to you, for a presentment to extend the Dublin and Blessington Steam Tramway to Poulaphuca, also a report on the authorized line of steam tramway now in course of construction to Blessington.

I have the honour to be,

Gentlemen,

Your obedient servant,

## DUBLIN AND BLESSINGTON STEAM TRAMWAY.

### COUNTY SURVEYOR'S REPORT

TO THE

GRAND JURY OF THE COUNTY OF WICKLOW,

Assembled at Spring Assizes, 1888.

Mr. Foreman and Gentlemen of the Grand Jury,

In compliance with the 35th clause of the Dublin and Blessington Steam Tramway Order, 1887, I beg to submit the following report upon this undertaking as far as this county is concerned, my inspection for this purpose having been made on 10th inst.

The construction of this tramway commenced in this county about the middle of October last.

It is generally speaking in accordance with my report to the Grand Jury at Summer Assizes, 1884, and is as follows—

The west side of the road or that opposite the footpath, which chiefly consisted of a waste strip or grass margin, has been levelled and formed for a width of about 11 feet. A minimum breadth of 18 feet of carriage way has or will be left between the tramway and the opposite footpath. Upon this formation are laid the ballast, sleepers and rails.

The gauge is about 5 feet 2½ inches. The permanent way consists of steel Vignoles' or flat footed rails weighing 50 lbs. per lineal yard, laid on cross sleepers of creosoted Baltic timber, grooved to take the rails, spaced 3 feet 1 inch apart, centre to centre, except at the joints where they are only 2 feet 3 inches apart, centre to centre. The rails are rolled in 30 feet lengths, so that there are 10 sleepers under each rail. The joint sleepers are rectangular in section 9 feet long by 8 inches by 4 inches. The intermediate sleepers are half round 9 feet long by 9 inches by 4½ inches. The rails bear on sole plates over the joint sleepers and are secured to the sleepers by six ½-inch fang bolts, two at each joint sleeper and two at intermediate sleepers, and to each of the remaining sleepers by two ½ inch square dog spikes. The rails are fished together by flanged fish plates secured by four ½-inch bolts and nuts. My recommendation to increase the weight of the rail has been adopted, that laid down being 5 lbs. per yard heavier than that contemplated; but the sleeper distance has been increased from 2 feet 9½

inches, as proposed, to 3 feet 1 inch which practically neutralizes the advantages of the heavier rail.

The rails and sleepers of the tramway are laid throughout, and their fastenings nearly completed, from the county bounds at Brittas to its termination, with the exception of about 24 chains through Blessington street where the rails are to be laid flush with the road surface so that the ordinary traffic can pass over them. This portion should be laid as recommended in my preliminary report on the tramway—that is, a guard rail should be placed alongside the ordinary rail and the space between the rails and for 18 inches outside them should be paved over a bed of concrete. If this portion be laid in same way as similar places in the county Dublin I do not think the result will be satisfactory.

At road junctions, entrances to farms, houses, etc., a piece of oak or elm bolted to the sleepers on each side of each rail will probably suffice. At these crossings, of which there are 35 in all, the average height of the rails over the adjoining road surface is at present 5 inches, varying from 14 inches over it to being flush with it. At several places the rail is 12 inches over the road, at others 9 inches, at others 6 inches and so on.

This inconvenience has naturally given rise to complaints from occupiers and is most injurious to the county road, owing to the crossings, being raised to rail level with gravel, tailing out too far on the road and unduly encroaching on it. The remedy for this is to lower the tramway so that at all these crossings the rails shall be level with the road surface or nearly so. In most cases this would considerably improve the gradients of the tramway at these places. Generally speaking the formation for the tramway should have been obtained by sinking instead of merely levelling the road side as has been done. By this means the necessary depth of 9 inches of ballast under the sleepers could have been obtained without unduly raising the level of the rails over the road.

As it is most desirable to have the carriage way as wide as possible, I think it would be a great improvement to move the tramway nearer to the road fence in several places, notably for a distance of about 35 chains south from Tinode entrance gate.

At Tinode and Holyvalley two very sharp curves could be avoided by taking advantage of the powers of deviation from the road at these places.

I consider it essential that the tramway should be curbed throughout, and that the curbing should be of much better description than that in county Dublin which is of very inferior quality and of insufficient dimensions. No curbing has as yet been delivered or set in this county.

The tramway has been carried across the places hitherto used as storage room for road materials; but in direct breach of the 30th Clause of the Order in Council equivalent depots have not yet been constructed. This is a most serious matter as there are now no proper places in which to store the annual supply of materials.

The Company has also directly violated clauses 14 and 15 of their Order in Council by the following proceeding. For three miles in length of the road the grass margin has been stripped from between the carriage way and the footpath on the east side of the road, leaving the soft unmetalled surface in a rough, unsightly and dangerous condition. This was done in October last; but although I have called on them to properly form and metal this part of the road, I have hitherto had nothing but promises that it will be done.

Two tramway engines and four open goods wagons have been de-

livered on the county Dublin portion of the line, from the Falcon Engine and Car Works, Loughborough.

I have examined one of these engines which is on the line at Brittas. It is on two pairs of coupled wheels 2 feet 6 inches in diameter, with a wheel base of 5 feet. It has a locomotive boiler. The cylinders, which are inside the frames, are 9 inches diameter and 14 inches stroke. It is fitted with powerful brakes. All the mechanism is shut in from below and so kept free from dust and dirt. The sides and ends are also covered in and there is an air condenser on top. It is stated that its weight in working order with coal and water is  $9\frac{3}{4}$  tons, that the working pressure is 175 lbs. per square inch and that it is capable of taking a load of 32 tons (in addition to itself) up an incline of 1 inch 30 at a speed of 10 miles per hour.

The engine on the whole appears rather complicated; but much of this complication is due to the Board of Trade rules which are very stringent. I hope it will not be found too light.

I beg to call your attention to Clause 34 of the Order in Council by which it becomes your duty at these Assizes to appoint an Auditor for the purpose of auditing once in each year the accounts of the undertaking.

In accordance with the Order in Council of 5th July, 1884, I obtained the Lord Lieutenant's sanction to appoint an assistant to aid me in the supervision of the construction of this tramway and accordingly appointed Mr. Francis Irwin, the county Assistant in that district. His remuneration the same authority has informed me is to be paid by the county, so that I have to request that you will be good enough to cause a presentment to be made for the amount which is £13 13s 0d to this date.

In conclusion I would ask, as the county interests are so largely involved in the matter of this tramway, that you should authorize me, if occasion require, to seek the aid of your solicitor.

I have the honour to be,

Gentlemen,

Your obedient servant,

CARTER DRAPER, M. Inst. C.E.

# Report of Committee of the Grand Jury on the County Surveyor's Report (including Report on Dublin and Blessington Steam Tramway), Existing Contracts, and Court-keepers' Accounts.

Your Committee, having considered the above, beg to report as follows:—

The part relating to the Applications for Presentment and New Works, and also works in progress, call for no particular remarks from us.

The heating apparatus appears to give satisfaction.

The action of the Newcastle and North Ballinacor Road Sessions, with regard to the Dublin Corporation, appears to have been attended with most satisfactory results.

The paragraph concerning applications for sanitary improvements being so self evident requires no remarks from us.

The fact of their being no sudden damage orders since last assizes is most satisfactory.

The removal of boulders being included in the conditions of the ordinary maintenance contracts is attended with the best results. Owing to the death of Mr Edge, we recommend that the appointment of Mr Ramsay as a temporary assistant surveyor, be approved of for one year, at the usual remuneration.

The report on the tramway is so exhaustive and clear as to call for no particular remarks from us, and we strongly recommend that the suggestions therein contained receive the strongest support from the Grand Jury, and we particularly direct attention to the remarks as to road junctions, entrances to farm-houses, &c., the curbing, stone depots, and the metalling of the space where grass margin was. And we further call your attention to the presentment which must be passed for the amount of remuneration to be paid to the assistant surveyor for his services in the supervision of the construction of the tramway as directed by letter of the Lord Lieutenant of 20th October, 1887.

We further recommend a standing committee of the Grand Jury be appointed, to whom the County Surveyor may refer in case he requires legal assistance.

The amount required for the existing contracts are correct.

No 33, Barony of Newcastle, is struck out, a new contract having been entered into.

The following to be a Committee to whom the County Surveyor may apply in case he wishes to refer any questions relating to the tramway to the Solicitor of the Grand Jury, viz.:—Right Hon. W. F. Cogan, P.C., Colonel R. Pratt Saunders, and Captain C. E. Pennefather.

# Report of Committee on Industrial Schools, Infirmary and Fever Hospitals.

The Committee on Reformatory and Industrial Schools have checked the accounts and committals, suggest that the presentments for these be divided and entered in the abstract under their respective headings.

The presentments are for the maintenance of 7 children in Reformatories and 67 in Industrial Schools. They amount to £205 17s 11d.

If the Managers of the Schools would use the new form (see Artane No 75) wherein the date of committal, the place whence committed, by whom, and the period of detention are all entered, and add age at time of committal, it would be much more satisfactory.

We suggest that No 77 be paid at the rate of 2s instead of 2s 6d, according to the former resolutions of the Grand Jury, and that the Secretary be requested to communicate with the Managers of Nos. 77 and 78, in order that the committee may enter into an agreement with them as required by the statute; and that a list of all the schools who have entered into an agreement with the Grand Jury be sent to the Clerks of Petty Sessions with a memorandum that the Grand Jury will not in future allow any presentment for the maintenance of a child in any school not on that list.

## No. 36.—Wicklow Fever Hospital.

Owing to errors in previous balances having been overlooked for the last three presentment sessions, the accounts as lately presented were wrong, and were properly not passed, but the error is really a mere clerical one, and we cannot recommend, accordingly, this presentment to be reinstated this assizes, but we would allow it to be brought up again at the next presentment sessions, and that, if passed, the presentment to be marked "to be paid now," as otherwise there will be no funds.

We examined the Infirmary and Fever Hospital accounts and found them correct; the surgeon's salary is also correct.
