*The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon as follows :—*

*The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively to the following effect (or Orders made on them respectively as follows) :—*

No. 156 M 90 – Miscellaneous 21st January 1891.

Circular letter read from the Local Government Board for Ireland calling for a Return showing the number of Idiots and Epileptic Idiots and the number of Lunatics in the Workhouse on the 31st of December, 1890.

22nd January 1891

From same to state their attention has been drawn to the delay which has taken place in some instances in forwarding to that office the documents specified in article 3 of the General order of the 23rd Ultimo, under the Seed Potatoes Supply (Ireland) Act 1890, & to request that in future all Applications for Loans may be accompanied by the documents referred to.

No. 2977 22nd January 1891

From same to state they have received a resolution of the Board of Guardians of this Union of the 16th Inst. requesting the Board's sanction to the addition of the Electoral Divisions of Coolballintaggart, Tinahely, Money and Kilpipe to

the list of those already scheduled under the Seed Potatoes Supply (Ireland) Act 1890; and the Board desire to state that before an application for a Loan in respect of any Electoral Division is made the requirements of Article 1 of the Board's General Order of the 23rd Ultimo prescribing Regulations for the carrying out of the Act must be complied with and a resolution in form B. in respect of such Division adopted.

The Local Government Board request to be informed whether the Guardians are fully satisfied that the occupiers of land in the six Electoral Divisions respecting which a resolution in form B has already been adopted are generally unable to procure an adequate supply of Seed owing to poverty and the extent of the failure of the potato crop.

14th January 1891.

Circular letter read from the Irish Land Commission relative to Inspection of Seed Potatoes and arrangements as to delivery.

The Board being specially convened to consider the amount of Loan to be applied for under the Seed Potatoes Supply (Ireland) Act for the Electoral Divisions of Aghowle, Croneba, Glenmore, Killballyowen, Killinure and Hacketstown, adopted the following resolution :–

"That owing to the cost of Seed Potatoes this Board decline to take advantage of the Seed Potatoes Supply (Ireland) Act, 1890."

The following resolution was proposed by Mr. Nicholas O'Toole and seconded by Mr. Cardy viz:–

"We decline to take advantage of the Seed Potato Act as the Bill is evidently intended to degrade the people and not to serve them. We are the more satisfied of this in consequence

of the question asked by Local Government Board in letter dated 22nd January, 1891, as to whether it is through poverty generally. And I as Guardian for Hacketstown decline to say so, although there is no doubt of the want of Potatoes in the Division."

On a poll being taken 3 Guardians voted for and 12 against the Resolution which was declared lost.

The Board agreed that the Clerk invite Tenders for this day three weeks to supply the Workhouse, for 3 months from the 1st ~~ultimo~~ Proximo with Bread, Beef, Mutton, Oatmeal, Indian Meal, Butter, and Irish Bacon.

No. 82. 6th February 1891.

From same Order read to state that the Paymaster General has been authorised to pay the Treasurer of this Union the sum of £74 - 15 - 10 in aid of liabilities under the Labourers (Ireland) acts, for the year ended 25th March '91.

No. 18 - M/91 - Miscellaneous 4th February 1891

From same circular letter read to with reference to the grant recently forwarded to the Guardians under the Labourers (Ireland) acts, that this sum should be credited to such Electoral Divisions of the Union as are included in any area or areas of Charge fixed for expenses under the acts, in proportion to their respective net liabilities for the year ended 25th March '91.

The following letter was read from Mr. Brown Solicitor, viz:— "Shillelagh Union Labourers Acts

Duckett & Murphy to Guardians.

"I am in receipt of yours enclosing copy order in Council confirming Provisional Order in this case. The Lease of the Premises in Clonegall of which Mr. Wm. Duckett is owner and Mr. Edward Murphy occupier and for which the Board are to pay the sum of £200 to Mr. Murphy and to Mr. Duckett a rent of £5 a year. It has now been approved of by the Solicitors for both Landlord and Tenant and there is nothing further to be done except to have the Map of the premises properly delineated upon it and the Lease executed by the parties. Please let me know if Mr. Berry is still Engineer to the Board and if it is to him that I am to send Engrossment of Lease for Mapping I regret to say that if I send the documents to Mr. Berry great delay is likely to ensue as I have found that in every other Union for which he acts he has retained the documents for many months and refused to give them up except on terms which he has no right to impose. I would be glad therefore if before I send documents to him for mapping the Board would make some arrangement with him as to the amount which he is to charge."

With reference to the subject of the foregoing letter the Clerk was directed to inform Mr. Berry that the Guardians desire to know by the next Board-day the terms upon which he will prepare the Map required by Solicitor, of the premises at Clonegall of which Mr. Wm. Duckett is owner and Mr. Edward Murphy occupier, and after the receipt of same when he will return the documents to Mr. Brown, as the matter is urgent.

An Inmate named Michael Doolan was insubordinate this morning by refusing to do the work required of him.

The Guardians agreed that the Workhouse Master dispose of the Oats at 10/= a barrel, and 3lbs of Meat daily be allowed for Soup to the Healthy Infirm Class; and also the Inmate named Michael Doolan be brought before the Board on this day week in the event of him not leaving the Workhouse.

The Guardians unanimously adopted the following resolution, viz:—

"The Board as Rural Sanitary Authority having decided to provide a supply of Pure water for the town of Carnew, propose to Construct a Cistern and lay metal pipes from same to the Town. The Cistern is to be on the lands of a yearly Tenant named James Byrne of Kilcavan on whose holding the source of supply is. From this the pipe would be laid through several holdings before reaching the town. None of these parties have consented to allow the works to be carried out.

Mr. Brown will please advise as to what course this Board should take to enforce their powers under the Public Health Act 1878 &c.

If Mr. Brown advises the service of any Notice he will please send Draft of same with instructions.

The Board wish to proceed with the work with as little delay as possible. Mr. Brown will please keep this in mind in advising as to the course the Board should adopt."

No. 13,576 – 1891 6th April 1891

Letter read from the Local Government Board for Ireland referring to the Minutes of Proceedings of the Board of Guardians of this Union on the 20th ultimo, to forward therewith a form of Descriptive List respecting the area of Charge proposed for the expenses incurred in the water supply of the town of Carnew

You are requested to return the enclosed list to this office when the requisite particulars are entered therein.

The following letter was read from Mr Brown Solicitor viz –

Shillelagh Union 28th March 1891.
Carnew Water Supply

"I regret that a Board day should have intervened between the receipt of your letter of the 23rd Inst and my reply but I have been very much occupied this week and could not write earlier. There is no way in which the Board can acquire the necessary land and water rights to enable them to carry out the Scheme except by putting in force the provisions of the Lands Clauses Acts, and the first step cannot unfortunately be taken before the month of September next (see Section 303 Public Health Act Sub Sections 3 4 5) The first step as you will see from that section is to publish in three consecutive weeks an advertisement describing the purposes for which the lands are to be taken &c, In the meantime in order that everything may be ready a plan of the lands which have actually to be acquired by the Board should be prepared. It will not be necessary to apply for compulsory powers in respect of the laying of the Metal pipes as the Rural Authority have full authority to lay the mains &c under the provisions of that Act (see section 54 & 118 of the Public Health Act) The thing for which they must take Compulsory power is the plot of ground on which the cistern will have to be erected with the necessary access thereto They will also have to acquire a right to take the water from the stream & well. If a copy of the plan was sent to me I would be able to advise more accurately the precise rights which would have to be acquired and the steps to be taken –"
