DECLARATION IN ACCORDANCE WITH ARTICLE 5 (2) (A) OF THE PLANNING & DEVELOPMENT ACT 2000 AS AMENDED

Applicant: Martin McGinn

Location: 1st Floor, Civic Building, Blessington, Co. Wicklow

CHIEF EXECUTIVE ORDER NO. CE/PDE/1457/2023

A question has arisen as to whether “the conversion of vacant commercial unit to 3 apartments” at 1st Floor, Civic Building, Blessington, Co. Wicklow is or is not exempted development.

Having regard to:

- a) The details submitted with the Section 5 Declaration
- b) An Bord Pleanála Referral Declaration Reference RL27.304765
- c) Sustainable Urban Housing : Design Standards for New Apartments : Guidelines for Planning Authorities :DOE : December 2022
- d) Sections 2 , 3 and 4 of the Planning and Development Act 2000 (as amended)
- e) Article 9 & 10 (6), and Schedule 2 : Part 4 of the Planning and Development Regulations 2001 (as amended).

Main Reasons with respect to Section 5 Declaration:

- i. The conversion of existing offices to residential is development as it would result in a material change of use.
- ii. The conversion would not come within the criteria set out under Article (6) (d) (vi) as the floor areas would not meet the minimum areas set out in the “Sustainable Urban Housing: Design Standards for New Apartment : Guidelines for Planning Authorities : December 2022” as
 - Two of the Apartment units are below the minimum overall apartment floor areas which provide two bedroom units (4 persons) should be 73sqm .
 - The Kitchen / Living Room area of all the apartments are below the minimum living / kitchen floor area requirements
 - A double Bedroom in one of the apartments is below the 11.4sqm minimum floor area for double room requirement.

The Planning Authority considers that “the conversion of vacant commercial unit to 3 apartments” at 1st Floor, Civic Building, Blessington, Co. Wicklow is development and is **not** exempted development.

Chapter 11 Zoning and Land Use

Zoning Objective: TC: Town Centre

To provide for the development and improvement of appropriate town centre uses including retail, commercial, office and civic use, and to provide for 'Living Over the Shop' residential accommodation, or other ancillary residential accommodation.

County Development Plan 2022-2023Retail – Town Centres

CPO 10.12 To manage the provision of non retail uses at ground floor level within the retail core area of town centres in order to protect the retail viability of centres and to maintain the visual character of streets. This objective aims to prevent the proliferation of 'dead frontages' on

key streets. In particular, active use of corner sites, particularly within larger centres, is considered pivotal in creating a sense of vibrancy.

The Sustainable Urban Housing : Design Standards for New Apartments : Guidelines for Planning Authorities :DOE : December 2022.

Internal Storage

3.30 As part of required minimum apartment floor areas, provision should be made for general storage and utility. Minimum requirements for storage areas are set out in Appendix 1 and are intended to accommodate household utility functions such as clothes washing and the storage of bulky personal or household items.

3.31 Storage should be additional to kitchen presses and bedroom furniture, but may be partly provided in these rooms. In such cases this must be in addition to minimum aggregate living/dining/kitchen or bedroom floor areas. A store off a hallway or landing will facilitate access, but hot presses or boiler space will not count as general storage. As a rule, no individual storage room within an apartment should exceed 3.5 square metres.

3.32 Apartment schemes should provide storage for bulky items outside individual units (i.e. at ground or basement level). Secure, ground floor storage space allocated to individual apartments and located close to the entrance to the apartment block or building is particularly useful and planning authorities should encourage the provision of such space in addition to minimum apartment storage requirements. This form of storage may be used for equipment such as, for example, bicycles or bicycle equipment, children's outdoor toys or buggies. However, such storage does not satisfy bicycle parking requirements.

3.33 Where secure, allocated ground or basement level storage is provided ,it may be used to satisfy up to half of the minimum storage requirement for individual apartment units, but shall not serve to reduce the minimum floor area required to be provided within each individual apartment unit, as set out in these guidelines. This is intended to enable greater flexibility in apartment design, whereby more living or bedroom space may be provided within the apartment unit in lieu of a portion of required internal storage space where such storage space has been provided elsewhere in the building.

An Bord Pleanála Referrals :

RL27.304765 in respect of the conversion of an existing retail unit to two number one bedroom apartments at 2 South Quay, Arklow, County Wicklow

An Bord Pleanála has concluded that –

(a) the external and internal works to facilitate the residential use of the ground floor unit would constitute “works” defined as “development” in section 3 of the Planning and Development Act 2000, as amended,

(b) the external and internal works and alterations come within the scope of Article 10 (6)(d)(ii) and (iii) of the Planning and Development Regulations, as amended, and are consistent with the fenestration details and architectural and streetscape character of the remainder of the structure and are not considered to materially affect the external appearance of the structure,

(c) having regard to Article 10(6)(d)(iv) of the Planning and Development Regulations, as amended, the use of the ground floor unit for residential use complies with the TC Town Centre land use zoning objectives for the site as set out in the Arklow and Environs Local Area Plan 2018 – 2024, and development and is exempted development.

(d) having regard to Article 10(6)(d)(vi) and (vii), the amended plans and particulars submitted with the referral comply with the requirements of the Sustainable Urban Housing Design Standards for New Apartments – Guidelines for Planning Authorities issued by the Department of the Housing, Planning and Local Government in March, 2018, in terms of provision of storage for each unit and the rooms for use, or intended for use, as habitable rooms have adequate natural lighting:

Relevant Legislation :

Planning and Development Act 2000 (as amended)

Section 2 : (1) In this Act, except where the context otherwise requires—

“structure” means any building, structure, excavation, or other thing constructed or made on, in or under any land, or any part of a structure so defined, and—

(a) where the context so admits, includes the land on, in or under which the structure is situate,

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3 :

3.—(1) In this Act, “development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4(2) provides that the Minister may by regulations provide any class of development to be exempted development. The Regulations which are applicable in this case are the Planning and Development Regulations 2001 (as amended).

Section 4

(1): The following shall be exempted developments for the purposes of this Act—

(h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures;

(3); A reference in this Act to exempted development shall be construed as a reference to development which is—

(a) any of the developments specified in *subsection (1)*, or

(b) development which, having regard to any regulations under *subsection (2)*, is exempted development for the purposes of this Act.

Planning and Development Regulations 2001(as amended)

Article 10(6) – inserted *by the* Planning and Development (Amendment) (No. 2) Regulations 2018 (S.I. No. 30 of 2018), further amended by - Provision to provide an exemption for the change of use, and any related works, of certain vacant commercial premises to residential use.

Schedule 2 : Part 4

Assessment :

The querist seeks confirmation that the conversion of first floor commercial unit which has been vacant for over 2 years to 3 apartments is development and is exempted development.

From planning history permission was originally granted for usage of this first floor as retail and subsequently permission was granted for its use as offices. The use of the first floor as offices to a residential use would it is considered give rise to a different pattern of usage which is materially different to use as an office. Therefore, the change of use of the first floor from offices to residential would be development as such a change of use would be a material change of use, and would come within the definition of development as set out under Section 3 of the Planning and Development Act 2000 (as amended)

The next question is therefore would the conversion come within the provisions set out under Article 10 (6), and the following sets out compliance with respect to each element of Article 10 (6):

(b) This sub-article relates to a proposed development, during the relevant period, that consists of a change of use to residential use from Class 1, 2, 3, 6 or 12 of Part 4 to Schedule 2

Yes- proposals is for the change of use from office to residential.

(c) (i) the structure concerned was completed prior to the making of the Planning and Development (Amendment) (No. 2) Regulations 2018,

Yes - structure was completed prior to the 8th February 2018

(c) (ii) the structure concerned has at some time been used for the purpose of its current use class, being Class 1, 2, 3 or 6, or 12,

Yes

(iii) the structure concerned, or so much of it that is the subject of the proposed development, has been vacant for a period of 2 years or more immediately prior to the commencement of the proposed development, then the proposed development for residential use, and any related works, shall be exempted development for the purposes of the Act, subject to the conditions and limitations set out in paragraph (d).

Yes – indicated that the unit has been vacant for 2 years

(d) (i) The development is commenced and completed during the relevant period.

Yes - The relevant period is the 18th February 2018 until 31 December 2025 and therefore the indicated works will be completed by 31st December 2025.

(d)(ii) (ii) Subject to sub-paragraph (iii), any related works, including works as may be required to comply with subparagraph (vii), shall – (I) primarily affect the interior of the structure, (II) retain 50 per cent or more of the existing external fabric of the building, and (III) not materially affect the external appearance of the structure so as to render its appearance inconsistent with the character of the structure or of neighbouring structures.

Works are not to impact on the external façade.

(d) (iii) Any related works for the alteration of existing ground floor shop fronts shall be consistent with the fenestration details and architectural and streetscape character of the remainder of the structure or of neighbouring structures.

Not applicable

(d) (iv) No development shall consist of or comprise the carrying out of works to the ground floor area of any structure which conflicts with any objective of the relevant local authority development plan or local area plan, pursuant to the Part 1 of the First Schedule to the Act, for such to remain in retail use, with the exception of any works the purpose of which is to solely provide on street access to the upper floors of the structure concerned.

Not applicable

(d) (v) No development shall consist of or comprise the carrying out of works which exceeds the provision of more than 9 residential units in any structure.

3 apartments to be provided.

(d) (vi) Dwelling floor areas and storage spaces shall comply with the minimum floor area requirements and minimum storage space requirements of the "Sustainable Urban Housing: Design Standards for New Apartments — Guidelines for Planning Authorities" issued under section 28 of the Act or any subsequent updated or replacement guidelines.

Apartment A

Bedroom 1 – 13sqm Bedroom 2 – 18sqm Kitchen/Living Room 24sqm Bathroom 4sqm Storage 3sqm.
Total Area 64sqm

Apartment B

Bedroom 1 -13sqm Bedroom 2-13sqm Kitchen/ Living 26sqm Bathroom – 4sqm
Total Floor Area – 57sqm

Apartment C

Bedroom 1 – 14sqm Bedroom 2 -10sqm Kitchen/ Living Area 26sqm

Total Floor Area - 57sqm

Shared storage area c. 30sqm

From review of the floor areas in respect of The Sustainable Urban Housing : Design Standards for New Apartments : Guidelines for Planning Authorities :DOE : December 2022 provides that the following divergences are identified i.e.

- Storage space is not provided within Apartments B & C, and Unit A space is below the required 5sqm (for 3 persons units), the document identifies an external storage space which would provide an additional 30sqm storage area and which would meet the minimum storage area requirements.
- Apartments B & C do not meet the minimum floor areas , Overall apartment floor area for 3 person unit is 63sqm and 4 person is 73sqm , both these units are two double bedroomed units and therefore are below the 73sqm - note external storage cannot be included as identified in the Apartment Guidelines
- The Kitchen / Living Room area of Apartments A, B and C do not meet the minimum living / kitchen area requirements of 28sqm/ 30sqm respectively
- Bedroom 2 of Unit C is below the 11.4sqm minimum floor area for double rooms.

Accordingly the proposal would not meet the minimum floor areas as required.

(vii) Rooms for use, or intended for use, as habitable rooms shall have adequate natural lighting.

Yes.

(viii) No development shall consist of or comprise the carrying out of works to a protected structure, as defined in section 2 of the Act, save where the relevant planning authority has issued a declaration under section 57 of the Act to the effect that the proposed works would not materially affect the character of the structure or any element, referred to in section 57(1)(b) of the Act, of the structure.

N/A

(ix) No development shall contravene a condition attached to a permission under the Act or be inconsistent with any use specified or included in such a permission.

The development will not contravene a condition.

(x) No development shall relate to any structure in any of the following areas:

(I) an area to which a special amenity area order relates;

(II) an area of special planning control;

(III) within the relevant perimeter distance area, as set out in Table 2 of Schedule 8, of any type of establishment to which the Major Accident Regulations apply.

Not Applicable

(xi) No development shall relate to matters in respect of which any of the restrictions set out in subparagraph (iv), (vii), (viiA), (viiB), (viiC), (viii) or (ix) of article 9(1)(a), or paragraph (c) or (d) of article (9)(1), would apply.

Not Applicable.

(xii) No development shall consist of or comprise the carrying out of works for the provision of an onsite wastewater treatment and disposal system to which the code of practice made by the Environmental Protection Agency pursuant to section 76 of the Environmental Protection Agency Act 1992 relates and entitled Code of Practice — Wastewater Treatment and Disposal Systems Serving Single Houses together with any amendment to that Code or any replacement for it.

Not Applicable.

From review of the submitted details it is evident that the proposal would not fully accord with the provisions of Article 10(6) and is therefore not exempted development.

Recommendation :

With respect to the query under Section 5 of the Planning and Development Act 2000(as amended), as to whether the conversion of vacant commercial unit to 3 apartments at 1st Floor Civic Building, Blessington, Co. Wicklow constitutes exempted development within the meaning of the Planning and Development Acts, 2000(as amended).

The Planning Authority consider that the vacant commercial unit to 3 apartments , is development and **is not exempted development.**

Main Considerations with respect to Section 5 Declaration :

- a) The details submitted with the Section 5 Declaration
- b) An Bord Pleanala Referral Declaration Reference RL27.304765
- c) Sustainable Urban Housing : Design Standards for New Apartments : Guidelines for Planning Authorities :DOE : December 2022
- d) Sections 2 , 3 and 4 of the Planning and Development Act 2000 (as amended)
- e) Article 9 & 10 (6), and Schedule 2 : Part 4 of the Planning and Development Regulations 2001 (as amended).

Main Reasons with respect to Section 5 Declaration :

- i. The conversion of existing offices to residential is development as it would result in a material change of use.
- ii. The conversion would not come within the criteria set out under Article (6) (d) (vi) as the floor areas would not meet the minimum areas set out in the "Sustainable Urban Housing: Design Standards for New Apartment : Guidelines for Planning Authorities : December 2022" as
 - Two of the Apartment units are below the minimum overall apartment floor areas which provide two bedroom units (4 persons) should be 73sqm .

- The Kitchen / Living Room area of all the apartments are below the minimum living / kitchen floor area requirements
- A double Bedroom in one of the apartments is below the 11.4sqm minimum floor area for double rooms requirement.

Additional Notes :

As a guide the minimum information requirements for the most common types of referrals under Section 5 are listed below :

A. Extension to dwelling - Class 1 Part 1 of Schedule 2

- Site Location Map
- Floor area of structure in question - whether proposed or existing.
- Floor area of all relevant structures e.g. previous extensions.
- Floor plans and elevations of relevant structures.
- Site Layout Plan showing distance to boundaries, rear garden area, adjoining dwellings/structures etc.

B. Land Reclamation -

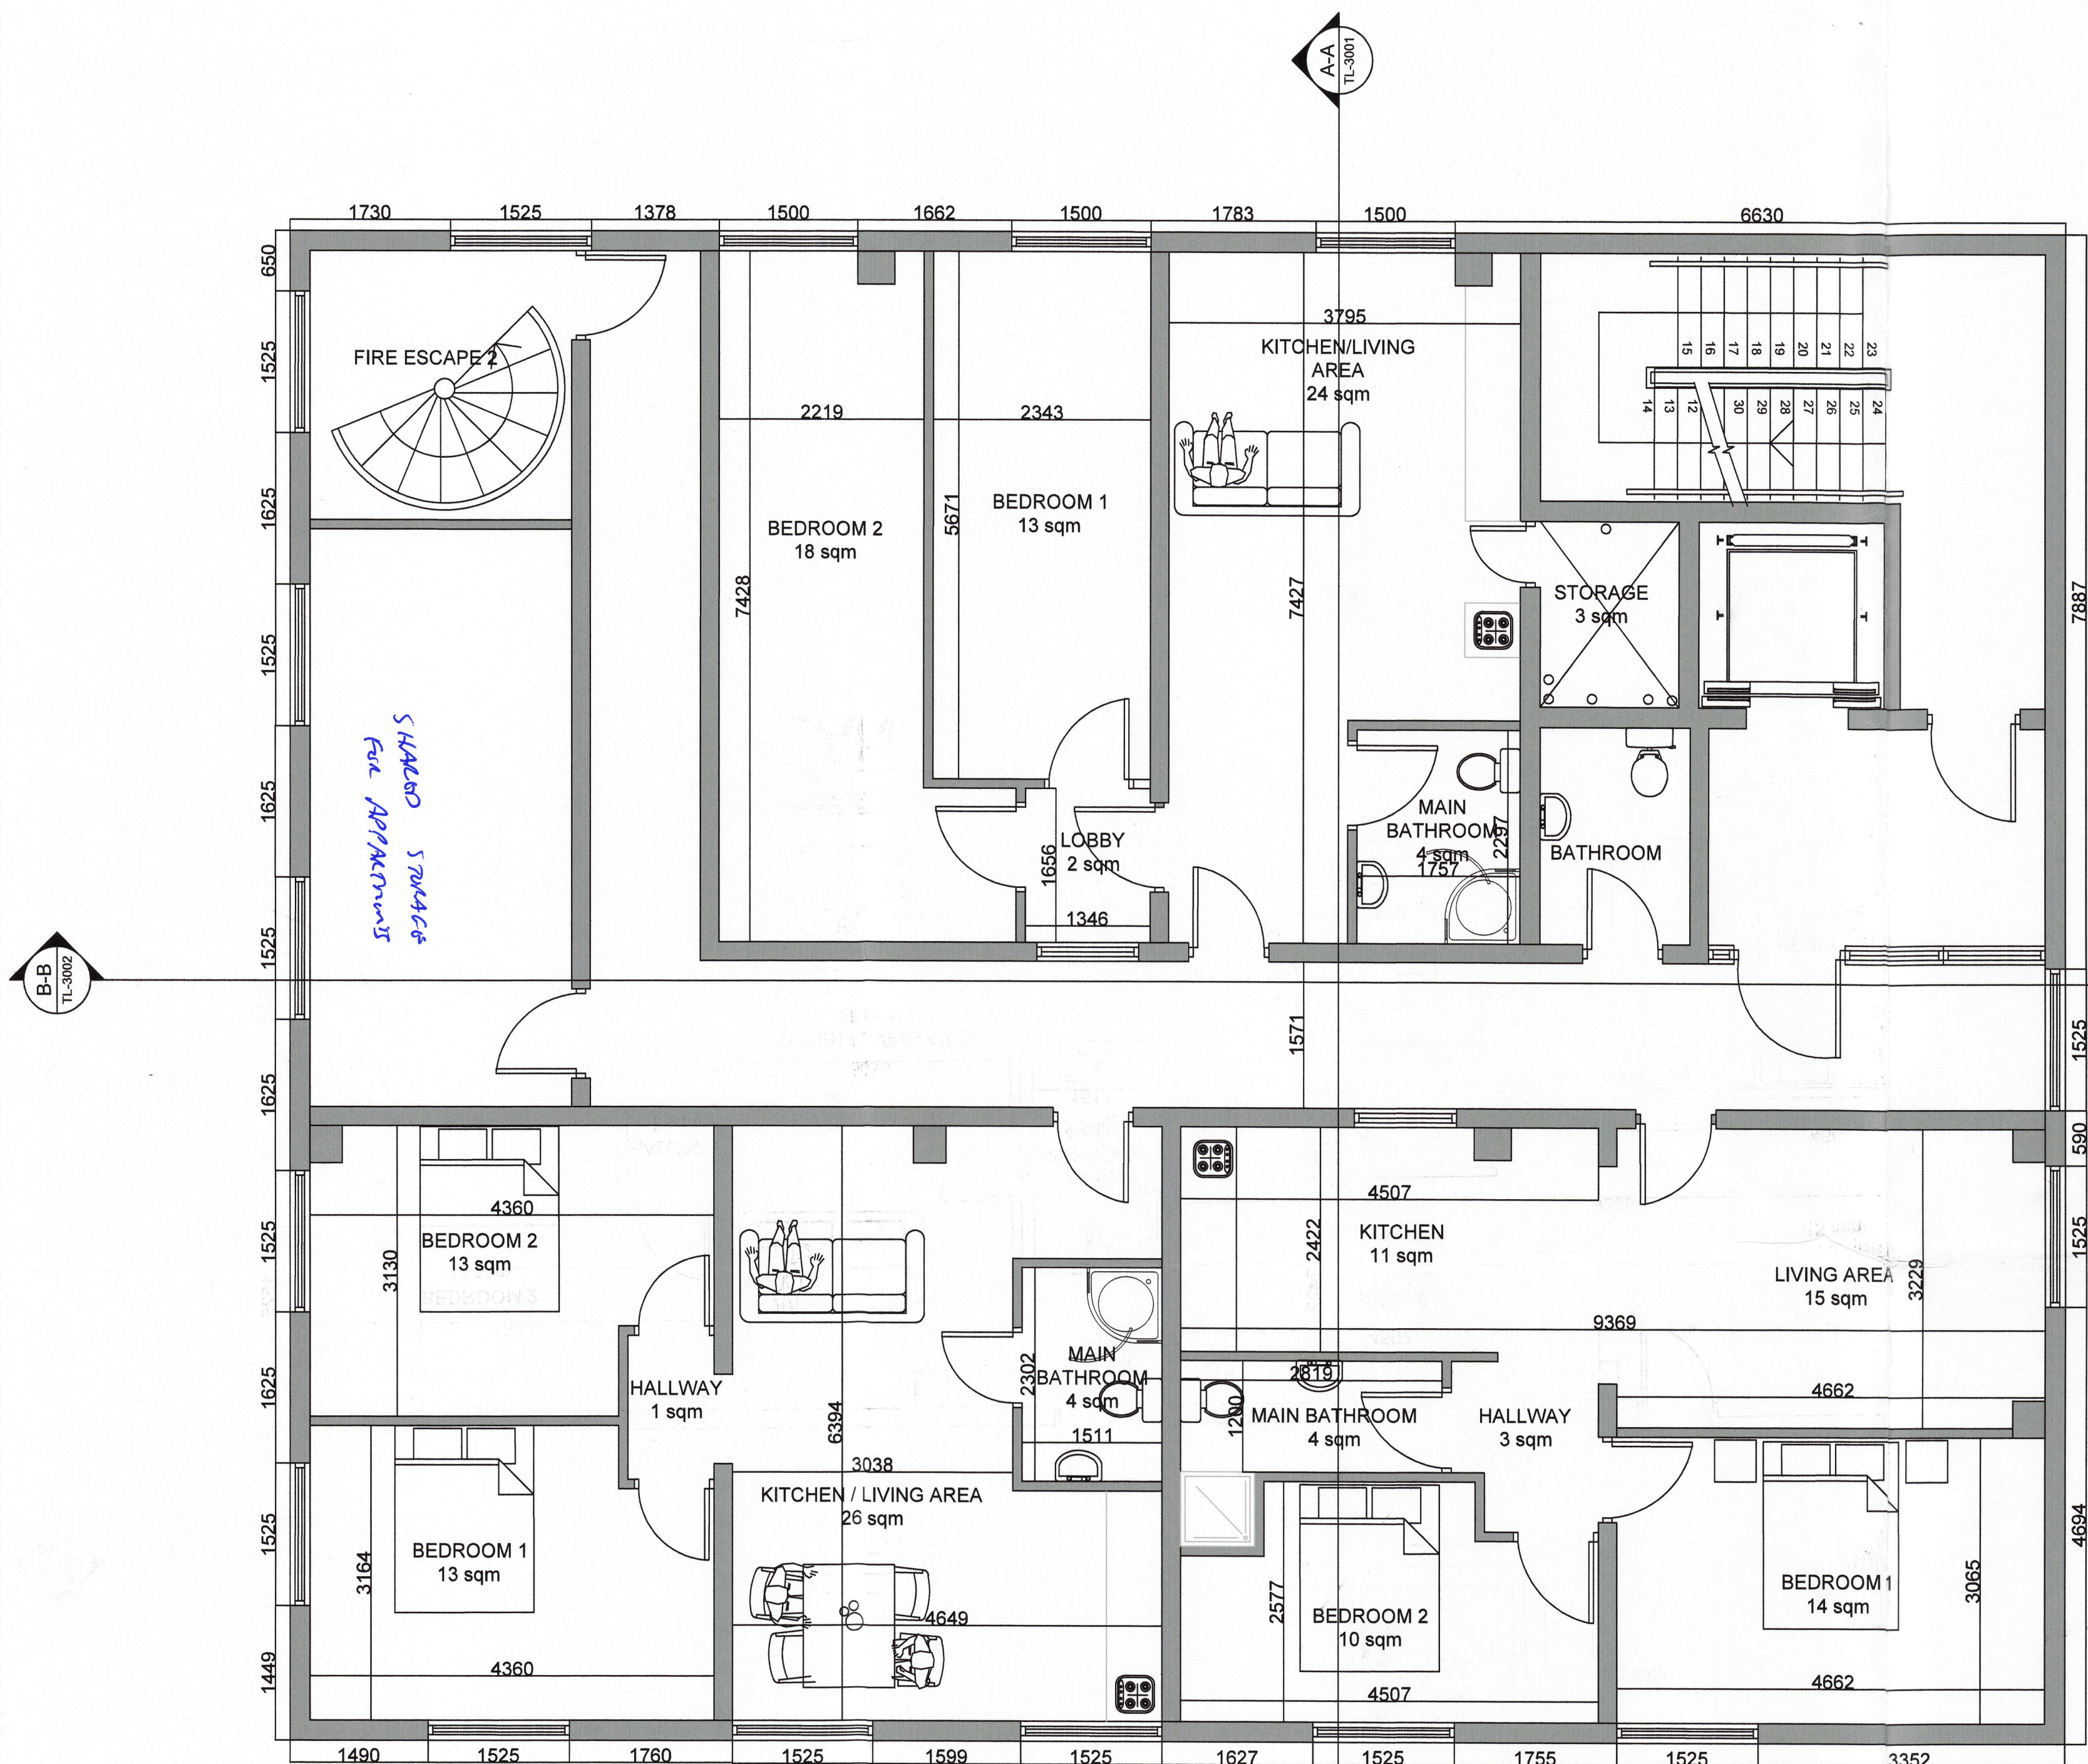

The provisions of Article 8 of the Planning and Development Regulations 2001 (as amended) now applies to land reclamation, other than works to wetlands which are still

governed by Schedule 2, Part 3, Class 11. Note in addition to confirmation of exemption status under the Planning and Development Act 2000(as amended) there is a certification process with respect to land reclamation works as set out under the European Communities (Environmental Impact Assessment) (Agriculture) Regulations 2011 S.I. 456 of 2011. You should therefore seek advice from the Department of Agriculture, Fisheries and Food.

Any Section 5 Declaration should include a location map delineating the location of and exact area of lands to be reclaimed, and an indication of the character of the land.

C. Farm Structures - Class 6 -Class 10 Part 3 of Schedule 2.

- Site layout plan showing location of structure and any adjoining farm structures and any dwellings within 100m of the farm structure.
- Gross floor area of the farm structure
- Floor plan and elevational details of Farm Structure and Full details of the gross floor area of the proposed structure.
- Details of gross floor area of structures of similar type within the same farmyard complex or within 100metres of that complex.
