Submission to Wicklow Co Council on Bray LAP ( Wicklow Development Plan)

Bray  
Co Wicklow

1. Under Chapter 7.1 I recommend that the Plan specifically excludes any further Casino, gambling or gaming centres as such development is damaging to the quality of the existing, largely Victorian architecture.
2. Under Chapter 7.2 relating to Bray harbour I recommend that a) protection against coastal erosion of the southern pier be prioritised specifically in light of the danger of overtopping storm waves and b) support be stated for the existing proposals to extend the pier and provide a berth for a pleasure ferry that would enhance the tourist attractions of Bray.
