LAP - Proposed Material Amendments No 26 Submission

Submission

LAP Proposed Material amendment to no 26 Submission.

Dear Sir/Madam,

I wish to object to the proposed Material alteration No 26 to zone land on Bellvue Hill measuring c. 12.5ha.

We are residents of Delgany village for the past 30 years and appreciate the beauty in the nature surrounding us.

However, we are concerned that if this rezoning takes place, that the rare Wet woodland habitat and stream next to Glen of the Downs conservation area, would be negatively affected for future generations.

I respectfully ask that this land remain unzoned so that it can be protecteted.
