Draft Wicklow Town – Rathnew LAP Submission - Report

Who are you:	Private Individual

Topic
Overall Vision and Strategy of LAP
Submission
I would like to submit a request to assist in the development of an area for sports facilities in the SLO6 area. This area is zoned residential between the Rocky road and Hawkstown road but could be changed to Active Open Space, to ensure there is a large parcel of land available for proper sports development. This will compensate for the 37 acres in Tinakilly that were never developed, but would also have huge potential to develop multiple sporting facilities including a 2km running track for the local athletics club, Inbhear Dee. We are currently training on a dark, wet football pitch and in carparks where there is a traffic hazard. This site would have a number of access points and with the development of the Rocky Road out to the N11, it means teams traveling to Wicklow for matches would not have to travel through the town.
