No. 17682

28th April 1891

Letter read from the Local Government Board for Ireland to return therein the applications of the Board of Guardians of this Union for sanction to the loans required by them to carry out the improvement schemes authorized by the Shillelagh Union Labourers Order 1890, and I am to request that the forms may be amended by showing the amounts required, respectively, for (1) acquisition of lands (2) purchase of existing cottages, and (3) to defray the legal, engineering, and other incidental expenses of each scheme. (See Query III of the forms)

The site for the cottage to be erected at Rathnagushoge (Hacketstown Electoral Division) should be described as 40 A on Ordnance Sheet 5, in accordance with the alteration made by the Order in Council issued in confirmation of the Provisional Order in question.

Plans and Specifications of the repairs proposed to be executed in existing houses should be forwarded as already requested.

The clerk was instructed to transmit the applications for sanction to loans referred to in the foregoing letter to Mr. Barry to be amended by him & again returned here

here without delay.

The following letter, addressed to the Clerk, was read from Mr. Berry, viz. —

"I was surprised to receive telegram.
✓ I am sending you the only copy I have to hand to day."

The Clerk was directed to write to Mr. Berry to inform him that the Board were greatly surprised to receive from him a Plan for Improvements etc. to Cottages at Lackabeg in Clongall Electoral Division, as no specification was sent with it and it was therefore utterly useless to the Board. The Guardians have at same time to draw the attention of Mr. Berry to their letter of the 6th March last for plans & specifications — as requested by the Local Government Board — of the existing Cottages which the Guardians have, under the Provisional Order, been authorized to acquire including not only the four Cottages at Lackabeg but also two Cottages in Clonmore Electoral Division and in the townland of Raheen and one in Carrara.

No 187469

29th April, 1891

Letter read from the Local Government Board for Ireland with reference to the Minutes of Proceedings of the Board of Guardians of this Union on the 14th Inst. to express their sanction to the proposed payment of a sum of Fifteen Pounds to the Clerk of the Union as Remuneration for his services under the Labourers Acts during the half-year ended the 25th Ultimo.

The following letter was read from Mr. Brown Solicitor —
Duckett & Murphy to Guardians 26th April 91

"I beg to acknowledge receipt of lease & counterpart in this case executed by the Board and also a Cheque in favor of Mr. Edward Murphy for £200."

The following was also read from Mr. Brown. — 28th April 91
"I am in receipt of your letter of the 27th Inst. The applications to fix fair rents have all been served and service proved except in the case of Tottenham, Farm Tenant,

the tenant of which has died. I am preparing affidavits to have the rents fixed by Conditional Order but in the meantime the best course for the Guardians to adopt in order to get possession of the plots is to write to each occupier asking him to give a day for delivering possession of the plot. The lands are then to be lookspotted at once and aduers advertised for. It would not be safe to advertise until after the Guardians have actually got possession. It might be better if you yourself were to write to the several occupiers but if you prefer I shall do so. Let me know by return. The Land Commission have nothing to do with delivering possession of the plot and it is not at all necessary to wait till the rents are fixed as the rent when fixed will date from the time when possession was given up."

The Clerk was directed to write to Mr. Brown to ask him at once to write & get up possession from the occupiers of sites for Labourers Cottages & ask Mr. Brown to inform this Board if possible by this day week of the number of Consents he has received from the occupiers.

Mr. Rich^d McDowse handed in the following notice of motion:—

"I hereby give notice that I will move on this day fortnight that the Resolution appointing Mr. Berry be rescinded."

MINUTES of Proceedings of the Board of Guardians, acting as the Rural Sanitary Authority, under the above-mentioned Acts, at a Meeting held on

Friday the 8th day of May 1891

PRESENT: In the Chair, Frank Brooke Esq M.P.

Other Members:

Hon^{ble} Hugh L. Boscawen Esq.
William Pearce Esq.

The Guardians having been specially convened to consider two Representations under the Labourers (Ireland) Acts from the Moyacomb Electoral Division proceeded to same.

The case of Terence Nolan now Labourer with Captain Broder residing in one of his cottages and who had made application for cottage to be built under Labourers Acts was inquired into and the Board found that the application was made for a cottage in the Moyacomb E.D. but that the Ratepayers who signed it all lived in the same E.D. under these circumstances the Board took no action and marked the Representation "Informal."

M^r Pearce proposed. The Hon^{ble} Hugh Boscawen Esq. seconded & passed unanimously as follows:-

"That this Board having had the Representation of Arthur Doyle for a cottage to be erected in the Moyacomb E.D. under consideration are of opinion that there is no deficiency in house accommodation for labourers in said Division and that an improvement scheme is not necessary."

Next Meeting of the Guardians to be held on Friday the

15th day of May 1891.

(Signed), Wm. H. Hines
Clerk of the Union.

The following letter was read from Mr. Berry C.E. Esq.
 "I am in receipt of copy of Resolution of Board in reference to houses to be repaired."

"I regret to learn that the Guardians were disappointed at my not sending a Specification for blonegall repairs."

"It appeared to me that such a document was not necessary for the work to be done is already detailed fully in the General Specification to which I made reference in the plan."

"However, in deference to the Guardians wishes, I am preparing a Specification for these works and hope to send it to you on Saturday next. I may say that in the Drogheda Union I have carried out repairs with special plans and the general Specification, such as I prepared in this case."

"Regarding the house at Rahens, I would recommend the Board to utilize the materials of the old house in building a new house in accordance with the General Plan."

"I am of opinion that any effort to put it into a sanitary condition will cost more than the course I am suggesting."

"The walls are partly of stone and partly of mud. They are saturated with wet. The site is damp."

"On the occasion of my last visit I carefully examined the structure and came to the conclusion that it would be necessary to rebuild the walls, and therefore, that it would be as expensive and at the same time not so satisfactory a work as a new house would be."

"This building has very much deteriorated during the past two years."

"Mrs. Scotts house at Carrara will not require much to be done to it."

"I enclose a Specification and forms amended."

✓ The Guardians expressed much dissatisfaction at the Specification transmitted by Mr. Berry to repair a cottage at Carrara & also observe the applications for loans

forwarded to him to be amended, as requested by the Local Government Board, were not returned as stated in his letter.

A Telegram was subsequently received from Mr. Berry Esq. to state the forms omitted have been sent by Railway letter post.

No 18,845/91 - Miscellaneous

14th May 1891.

Circular letter read from the Local Government Board for Ireland to state they have issued an Order assessing a sum of £52.9.15 on this Union under the provisions of the Contagious Diseases (Animals) Act 1878, being equivalent to a rating of one farthing in the pound on the net annual valuation of the Union.

No 21,617

21st May 1891

Letter read from the Local Government Board for Ireland to acquaint the Board of Guardians of this Union that they have received the half yearly report of their Inspector Major D. Fair, on the Union, the Workhouse of which he inspected on the 9th and 11th instant.

As regards the financial condition of the Union Major Fair reports—

I find that at the end of the financial year this Union will be in debt something like £300. This unsatisfactory state of things is brought about by the Guardians having reduced

the Clerk's estimate in some Electoral Divisions 2^d in the £. The Rate Collectors are very backward in their work, the six months allowed them to complete their collections will expire on the 28th of this month and there is still the large sum of £1,069 rates outstanding. Collector Moody is very backward, out of a warrant of £822.3.8 there is still due £411.3.8.

The Local Government Board request that the Guardians will insist on the Collectors, especially Collector Moody, using greater energy in the discharge of their duty.

With reference to the general condition of the Workhouse premises Major Fair reports that all the woodwork both inside and out requires painting very much, and that lime washing is needed in the ab-bodied men's sleeping wards and day room.

He mentions that there is a leakage in the eave gutters of the Kitchen and laundry and also over the front of the main building Major Fair states that the ridge covering and some of the chimney shafts require pointing and that the floor of the boys' Schoolroom needs repair as likewise the underneath part of many of the doors and doorposts of the Workhouse.

He mentions that the Kitchen Chimney of the female infirmary smokes and he adds that gravel is badly wanted in all the yards of the Workhouse.

Major Fair states that some iron bedsteads are required for the men's and women's infirm wards to replace the old wooden ones now in use and he recommends that two dozen be provided for the men's and two dozen for the women's wards. He also considers that two additional tables and four forms should be procured for the dining hall.

It appears from the report that at present none of the boys is receiving industrial training, and the Board request that the Guardians will be so good as to give their attention to this as well as the several other matters to which

4244

to which Major Fair alludes -

In regard to the report of Major Fair Local Govt Board Inspector relating to the rates outstanding the Guardians directed the Clerk to write to the Rate Collectors & desire them to attend before the Board on this day week, and also invite tenders to be considered on this day month to paint the Workhouse inside and outside according to Specification.

The Master was directed to have the linenwashing mentioned done.

The Board directed that the attention of the Contractor be immediately called to the defective eave gutters & down pipes, & the pointing of the ridge covering & chimney shafts was referred to the Visiting Committee. The flooring of the boys Schoolroom & the doors and doorposts are in course of repair. With respect to the smothery state of the Infirmary chimney the Master states that this has been several times under the consideration of the Board & alterations made to remedy it without effect. But the Guardians again refer it to the Committee. Gravel for the yards is in course of being supplied.

The question to supply two dozen iron bedsteads for the men & two women infirm wards to replace the wooden ones in use and also two additional tables and four forms for the dining hall was referred to the Visiting Committee. The industrial training of the boys also referred to in the report of Major Fair was likewise referred to the Visiting Committee.

MINUTES of Proceedings of the Board of Guardians, acting as the Rural Sanitary Authority, under the above-mentioned Acts, at a Meeting held on

Friday the 29th day of May 1889.

PRESENT: In the Chair,

Frank. Brooke Esq. J.P. &c.

Other Members:

Read letter from Mr. Brown solicitor as follows:—
Shillelough Union Lab. Act
Re Shannon & Jones

"Messrs. Denis Shannon and Michael Jones have shown cause against the conditional order fixing the rent in these cases. The cases will be heard on the 15th June next at the hour of 12 O'Clock at 21 Upper Merion Street Dublin. The Guardians for the Divisions in which these cottages are situate ought to give me any instructions they can to assist in supporting the order made in other words in keeping down the amount of the compensation and rent which may be awarded, and should attend on the hearing of the causes shown."

The clerk was directed to inform Mr. Brown that the Board consider that 12/- would be a fair rent in the case of Michael Jones (which sum he accepts) and the Board sanction it being fixed at that amount. As regards Denis Shannon the Board make no claim whatever on the stones, or building materials and they are informed he will accept the rent fixed at 15/- under these conditions.

5th day of June 1889.

Clerk of the Union.

The Guardians again adjourned ^{for a} ^{the subject of Mr. Dwyer's notice of motion} ^{relating to the appointment of Mr. Dwyer C. O.}

- (2) A telegram was sent to Mr. Dwyer to ascertain whether he could attend on the 30th Instant to meet Guardians of Divisions at Faghina Station at 10 o'clock a.m. and lay out sites for Cottages.

The Clerk was at same time directed to write to Mr. Dwyer by next post and inform him the Guardians representing the National Division of Hackettsburgh, including Messrs. Edwyard Bryson and Richard Jones, proposed to meet him to fix the sites for Cottages as reported.

- (1) Letters read from Mr. Dwyer as follows - 28th May 1891

I am returning the form of application for loan with schedule amended in accordance with instructions.

Regarding to your letter in which you inform me that the Guardians expect that I will communicate with occupiers re locking up of lands. I regret I cannot undertake that responsibility.

I will propose my deputy as Engineer in this case as I have done so all other by pointing out to some representative of the Board the position in which the land should be outed.

Usually the Mayor who is to make the form accompanies the Engineer but any person who may be deputed by the Board will do.

It would be useful for me to go around

the Country without that assistance: it would be more than useless to the Guardians for the poor might mistake the marks or might be intentionally misled regarding them.

In reply to your letter in which you ask me to reply to Mr. Dwyer's notice of motion regarding my appointment I very much regret that he should find reason to complain of any of my work.

I am not aware of any intended delay but if Mr. Dwyer will indicate the points to which he takes exception I will do my best to explain them.

The Guardians unanimously adopted as follows:—

In reply to your letter of the 1st Inst No. 23,619-91, requesting the observations of this Board on the statements contained in the letter of Thomas Murphy objecting to the proposed area of charge for the Carnet Water Supply Scheme this Board beg to state, the proposed area does not include the entire of the townland of Carnet, as there are some Holdings which cannot now or hereafter be benefitted by the proposed Scheme. The exempted holdings are shown on tracing herewith, colored yellow, the area of charge being within the margin in red, and the holding of Mr. Murphy colored green within the same. The Holding of Mr. Murphy was not included on an amendment of Mr. Speares (as may be seen by reference to the Minutes of this Board) but on the motion of Mr. Symes seconded by Mr. Grange & passed unanimously for the following reasons viz— Its close proximity to the town, the residence of Mr. Murphy being distant only about 23 statute perches from where it is proposed to erect a fountain and from which Mr. Murphy can have a connection. And further there are several holdings within the proposed area, to wit, Boyces, Dudleys, Hopes & Livesmiths &c. which have at present a fair supply of water so that it would be in the opinion of this Board manifestly unjust to these as well as to others to exempt Murphy's holding.

With regard to objection No. 2 the Scheme will not in anywise affect the stream alluded to, there is therefore no cause of complaint on that head.

The Guardians therefore pray the sanction of the Local Government Board to the area as set forth in the resolution of this Board passed on the 22nd ult.

"I am in receipt of your letter of 27th inst with instructions for deed of conveyance from James Byrne of the Plot of Ground and water and other rights required for these works. Please let me know the exact particulars of James Byrne's holding and if he holds under order fixing fair rent or originating agreement and declaration fixing same, let me know the date of such order or agreement. So far as Earl Fitzwilliam's interest is concerned I am afraid it will be necessary that he should convey the fee simple to the Board as apparently they have no power to take land or water rights on lease for this purpose. I can embody the conveyance from Earl Fitzwilliam and from Mr. James Byrne in the one document so as to save expense. With regard to continuing the line of pipes to the town the Guardians have an absolute right under combined operation of Sections 64 and 18 of the Public Health Act to run their mains through or under any lands whatsoever within their district after giving reasonable notice in writing to the owner or occupier and are not bound to make any compensation unless that they do actual damage to any person in exercising their powers and then under Section 244 the person injured is entitled to full compensation. Any dispute as to the fact of damage or amount of compensation to be settled by arbitration in manner provided by the Act or if the amount claimed does not exceed £20 before the Magistrate at Petty Sessions."

"I enclose a form of notice to be given to the owners and occupiers of the land through which the pipes are intended to pass. I would suggest a fortnight's notice as sufficient."

Read letter from Mr. Brown, Solicitor, as follows.

Labourers acts

"On receipt of your letter of 2nd inst. I forward to Messrs Jones and Shannon consents carrying out the terms to which you stated that they had agreed. I have not heard from Mr. Shannon Jones but I have had a letter from Mr. Shannon refusing to consent to the rent being fixed at 10^s. It is therefore clear that both cases are to be decided before the Land Commission and that the Board must be prepared to give evidence in support of the sums fixed by their arbitrator or offered to be agreed to by them. I presume in each case Mr. Berry is prepared to give evidence and I will ask you to request his attendance before the Land Commission 24 Upper Merion Street on Monday 22nd inst when both cases will be disposed of. Re Shelys case.

In this case the person who has been served

served with all the notices in connection with the site was Mr. Edward Keely whose name was given to me upon the Reference Sheet. Mr. James P. Keely now apparently claims to be the owner of the site. Will you kindly obtain information for me as to whether Mr. Edward Keely or Mr. James P. Keely is the owner and if the latter when and how he became entitled.

With reference to the foregoing letter the Clerk was directed to write to Mr. Berry and request his attendance before the Land Commission on Monday 22nd Inst to give evidence in support of the sums fixed by him as ~~contributor~~ =

The following letter was ^{read} from Mr. Berry C.E. viz:- I am preparing my account and hope to have it ready on Saturday. I expect to visit to Blonmore on Saturday the 27th June. Mr. Brown has sent me five leases in duplicate that is £5-5-0 for the maps on the ten parchments. Please let me know the wishes of the Guardians in the matter I enclose the letter. The Clerk was directed to draw Mr. Berry's attention to the fact that the Board expect he will mark the plots on Blonagall and Boolballintaggart C.D. as the Board cannot put up with the delay which is entirely caused by him. The Guardians agreed to allow Mr. Berry the sum of £5-5-0 for mapping the five leases in duplicate mentioned. The Board further adjourned the question as to whether they will still continue Mr. Berry as Engineer.

MINUTES of Proceedings of the Board of Guardians, acting as the Rural Sanitary Authority, under the above-mentioned Acts, at a Meeting held on

Friday the 26th day of June 1891

PRESENT: In the Chair,

William Pearce Esq

Other Members:

Messrs Abraham D Symes
and Joseph Hopkins.

Read letter from Mr. Brown, Solicitor, as follows:—

"Shillelough Union Labourers Acts
I attended yesterday at the Land Commission upon the cases in which cause was shown with the following result:—

"In the case of Mr. James Shannon who now occupies in succession to Denis Shannon the rent was increased from 15/- to £1 and liberty was given to him to take away the materials of the old house within one month from this date.

"In the case of Michael Jones it appeared that the cause was shown by the landlord and not by Michael Jones himself. The representative of the landlord sought to have the rent further increased from 12/- but Mr. Commr. Fitzgerald refused to increase it beyond the sum to which the occupier had agreed viz. 12/-. He further gave liberty to Jones to remove the materials of the old building within two months.

"James Barty appeared and claimed to be the owner of the holding which formerly belonged to Darby Barty and sought to have the compensation increased.

His

Next Meeting of the Guardians to be held on Friday the

30th day of July 1891.

(Signed),

Benjamin Hopkins

Clerk of the Union.

"His application however was refused but the order was made absolute in the name of James instead of Darby.

"Mr. Shannon, Mr. Jones and Mr. Carby should be at once applied to for possession of the Piles P.S. "You would much oblige if you would kindly let me have the agreement which I prepared between Mr. Berry and the Board sometime since. I will return it within a day or two."

The Board directed the clerk to furnish Mr. Brown, Solicitor, with copy of the agreement between the Board and Mr. Berry as requested.
