Are there any areas/ vacant buildings you would like to see redeveloped/regenerated? What uses and design would you like to see?

I would like to see the Old Convent - St. Brigid's National School, Greystones redeveloped/regenerated. This is a beautiful building situated right at the heart of our community. This old building could be put to many different uses but I think it would benefit the community as a whole if it was refurbished and turned into offices (for local community organisations such as Greystones Cancer Support and the Greystones Family Resource Centre) and into an Art Centre (for local artists to exhibit and to provide classes and workshops in).

Thank you.
