## Wicklow County Council Energy Policy

Wicklow County Council is committed to responsible energy management and endeavours to efficiently manage and reduce the consumption of energy while providing services to the citizens of Wicklow.

The Council aims to continue to meet or exceed best practice in energy efficiency and to minimise environmental impact as far as is possible.

To achieve these objectives, Wicklow County Council is committed to;

- Targeting a reduction in energy consumption and energy related greenhouse gas emissions in line with national policy commitments
- Periodically review objectives and targets to report on our energy performance
- Ensuring the availability of the necessary information and resources to continually review and achieve our objectives
- Ensuring compliance with all relevant legal requirements and other requirements related to energy efficiency, energy use and consumption
- Continually improve our energy performance and management
- Supporting the procurement of energy efficient products and services that impact energy performance within Wicklow County Council
- Identifying and implementing energy efficient measures
- Incorporating decarbonisation and energy-efficient design in new building and refurbishment projects
- Progressively replacing fossil fuel-based heating systems and appliances with electrified or low-carbon technologies where feasible
- Progressively replacing fossil fuelled vehicles with clean vehicles across the fleet
- Promoting energy awareness and energy consumption responsibility amongst our staff
- Using energy in a prudent and responsible manner while delivering public services to the citizens of Wicklow

This document is regularly reviewed and updated to ensure it is relevant, well documented and communicated fully throughout the organisation.

Emer O'Gorman  
Chief Executive,  
Wicklow County Council
