The Clerk's Report on the execution of Orders previously made by the Board was read to the following effect:—

The Master's Estimate of Provisions and Necessaries required for the ensuing week was examined, and Orders were duly made for the several articles specified, namely:—

220 lb loaves
35 lb Butter
90 " Beef
30 " Mutton
20 " Boneless Beef
6 Gals. B. Milk
105 " Sweet Milk
15 Doz Eggs
8 cwt Sugar
6 Doz. Porter

The Clerk's Report of Vaccination was read (this on the first meeting in every month). Number of successful cases —

The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

The following entry appeared upon the Medical Officer's Journal, viz:—

"Beg to report that on Dec. 31st, 1910. a sad accident attended with fatal results occurred to a child in Imbecile Wards of Infirmary. Her clothing caught fire and before it was extinguished very extensive burns were received which the child only survived about 76 hours. As I think the accident may possibly be due to a small live coal escaping through fire screen bars. I would recommend the existing screen to be deepened a little and the lower half lined with very fine wire mesh.

"Beg to report that Dr. Brady yesterday sent in Thomas Carroll, aged 6 months, suffering from hare lip with a view to his being sent to Dublin for operation. I recommend his being sent to the Children's Hospital, Temple Street."

Order: That the fire Screen be improved as suggested, and the boy, Carroll, sent to Temple St. Hospital, Dublin.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows :—

"I beg to inform you that, on the 31 December '10, a young girl about 13 years of age, an inmate of our Female Idiot Ward, she being an epileptic paralyzed creature, received burns so severe that she died next morning. The Coroner Dr Kenna held an Inquiry into the circumstances connected with the case & the jury returned a verdict of death from shock caused by burns, accidentally received, and added that no blame could be attached to anyone.

"I beg to state that I allowed Thomas Donohoe, Workho. Tailor, three days leave of absence at Xmas.

"Everything going on smoothly in the House.

Order: That the leave given by the master to the Tailor be approved, and his usual wages allowed for the three days.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows :—

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows) :—

From same to request that they might be informed of the numbers of septuagenarian paupers (a) in receipt of out Door Relief on the 31st ult. (b) in the Workhouse on that date, and the number of each class who have received old age Pensions, in consequence of the removal of the Boot Relief disqualification.

No. 3/M. Nurse (Pensions) 11 January 1911.

From same to state that they had been given to understand that it is still intended to propose to Parliament that a contribution shall be made by Poor Law authorities towards the cost of the pensions granted to septuagenarian paupers, & the Board considered that in framing their Estimate the guardians should include therein a sum equivalent to the actual cost of relief afforded during the past year to those paupers
