Subject: Residential Zoned Land Tax Submission

Dear Sir or Madam,

[Redacted]

I am writing on behalf of [Redacted] to request to exclude certain lands from the RZLT zoned map based on the fact that such [Redacted] owned lands are **water/ waste water infrastructure and facilities** in accordance with the exclusion criteria set out in Section 653B (c)(iii)(V) of the Finance Act 2021. Irish Water would also seek that the boundaries are amended so as to exclude this area from future submissions.

Attached is two maps showing the land we wish to have excluded, the coordinates of which are in X,Y format, which can be used in the RZLT GIS by including '2157' at the end: **726441,719352:2157**

If you require any further information please let me know.

Best wishes,

[Redacted]
