Wicklow County Council Energy Policy

Wicklow County Council is committed to responsible energy management and endeavours to efficiently manage and reduce the consumption of energy while providing services to the citizens of Wicklow.

The Council aims to continue to meet or exceed best practice in energy efficiency and to minimise environmental impact as far as is possible,

To achieve these objectives, Wicklow County Council is committed to;

- Targeting a reduction in energy consumption and pollutant emissions in line with national policy commitments
- Operating a framework and periodical review of objectives and targets to report on energy performance
- Ensuring the availability of the necessary information and resources to continually review and achieve our objectives
- Ensuring compliance with all relevant legal requirements and other requirements related to energy efficiency, energy use and consumption
- Continuing improvement in energy performance and management
- Supporting the procurement of energy efficient products and services that impact energy performance within Wicklow County Council
- Identifying and implementing energy efficient measures
- Incorporating energy efficient and sustainable designs for both new buildings and refurbishment building projects
- Promoting energy awareness amongst staff
- Using energy in a prudent and responsible manner while delivering public services to the citizens of Wicklow

This document is regularly reviewed and updated to ensure it is relevant, well documented and communicated fully throughout the organisation.
