Economic Opportunity – Tourism - Shops & Services - Community Facilities

## Submission

I'm a member of st. Benedict's inbhear dea running club using the running track regularly. A upgraded running track is badly needed with good lighting around whole track. This is a fabulous resource for runners, clubs, and walkers and much needed in the winter to have somewhere well lit and safe to run on dark evening especially. It is a great facility to have but in order to be used to for events and to keep runners safe from falling and feeling insecure at night it must be upgraded.
