Order dated _____ (state subject.)

The following Letters on matters arising under the Medical Charities' Act, from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders were made on them respectively, as follows):—

Read Letter from Doctor Hudson dated 13th June 1882 stating that

On the 7th of June last he was called on by the late Dr. Gillespie, Medical Officer of the Anghrim Dispensary District, to assist him in a Midwifery case of a very urgent and difficult nature in which instrumental interference was found necessary; and requesting the Board of Guardians to be good enough to pay him his fee of two Guineas for the services rendered by him in the case:—

Upon enquiring the Guardians learnt that the case in question was that of a woman whom the late Dr. Gillespie was attending on a Medical Relief Ticket, and as it appeared to them that the case was so urgent that it did not admit of the delay which would have been occasioned by having the second Doctor called in by the Relieving Officer; the Guardians therefore passed the following Resolution—

Resolved—

That Dr. Hudson be paid the usual fee of £2:2:0 subject to the approval of the Local Government Board:—

[These Reports are to be made up and forwarded by the Medical Officers to the Board of Guardians half-yearly, viz., on the 30th June and 31st December.]

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):

Read Letter from the Electric Light & Company, Dated the 15th instant, giving Notice that they intend to apply to the Board of Trade for a Provisional Order to supply Electricity within the Rathfrum Union.

=

Read Letter from Mr. Buskitt, Solicitor, Wicklow, Dated the 31st instant, complaining on the part of Mr. Henry MacPhail, that Collector E. Pryme has twice collected the same rate, except on the house of Mr. Jas. Delahunt, Wicklow, tenant to Mr. MacPhail, whereby he had to allow Mr. Delahunt the Poor Rate struck on the 29th of July 1881. in the half years rent due on the 10th of March 1882 and again in the half years rent due on the 10th of September 1882:

The Clerk of the

Union explained that the two receipts - copies of which were inclosed in Mr. Bowkitt's letter - refer to two different houses in Wicklow, rated to Mr. De-lahunt, one held under Mr. MacPhail and the other under a Miss Carr; the receipts are moreover different in every respect, in No. of Receipt No. in Rate Book, Amount of Valuation, and amount of Rate, it being quite manifest from the Receipts themselves that they do not refer to the same house.

The collector would therefore not appear to have made any mistake, the only mistake made being that of Mr. MacPhail himself in allowing Poor Rates chargeable to another Proprietor.

Order - Mr. Bowkitt to be informed accordingly. —

Read Letter from Mr. McFarrell of Wicklow, the Coal Contractor, informing the Guardians that he finds it impossible to complete his Contract to supply 200 Tons of Whitehaven Coal, and asking the Guardians to allow him to supply the remainder of the quantity contracted for, viz 100 Tons, of Best Wigan at 16/9 £ Ton, the price quoted in his Tender.

Order -

To inform the Contractor that Whitehaven coals will be required according to the contract, but that an extension of time for 2 months can be allowed.

Order

Refer to Local Guardians

Read from Local Government Board
containing Dr MacLabe's half yearly report
relating to the Union which is of a satisfactory
character as regards the management of the
Workhouse and of the Schools

With reference to the Buildings
Dr MacLabe reports that some of slate
displaced by the late storm require attention,
that some windows in various parts of the
Workhouse and in the Fever Hospital leak
very much, partly from broken glass
but more in consequence of the metal
frames fitting badly, that some timbers
in which the frames are set are decayed
and admit rain, that some of the doors
require hinges and the timbers of other doors
require repairs, that the ventilators in
the upper wards on the weather side
admit rain to a most injurious extent
and that the metal sash frames in several
places require attention, as they cannot be
opened where ventilation is required, and he
adds that the window fastenings all require
examination.

Dr MacLabe further states
that the buildings require to be painted
and that the Guardians would do well not
to postpone this necessary work beyond
next Spring

Order

The injury to the Slates will be
immediately repaired. A committee has
already been appointed by the Board
for November 3rd to enquire into the
other matters mentioned

Read Letter from the General Valuation
office, ordering the P.R. Collectors to make out
a list of all the Tenements & Rateable Hereditaments
situate in every Townland in the Union for the

The Guardians having considered the matter of the Communication of the Middleton Board of Guardians are of opinion that the general regulations regarding W. Houses do require investigation & enquiry -

One source of expense is very serious, The Workhouse is daily invaded by numbers of able bodied vagrants from various parts of the County unconnected with the Union.

Some 30 to 40 able bodied persons are weekly received and the Vagrant Act as at present enacted is unable to cope with this

Proposed by Mr Lowley
Seconded by "Ed Rymer

Resolved &

That having considered the resolution of Middleton Union we are of opinion that the question of relief in W. Houses is one calling for inquiry & reform of expenditure, and request that the Members of the County will support such an inquiry, And that a copy of this resolution be sent to them accordingly

Passed unanimously
