FOREWORD

The Public Realm is an important part of Greystones' identity, of how we want our town to be for ourselves as a community and how we want to present ourselves to others. It contributes to Greystones' competitiveness both by influencing the image of the town nationally and by being attractive for people, who live in, work in, or visit or those in the future that wish to do so.

As Greystones gets bigger, the Public Realm is vitally important to our daily lives and this importance requires us to understand it and influence its future through developing vision, appropriate policy and a collaborative approach between the people and the council.

I would like to express my thanks to all the team in Greystones 2020, Wicklow County Council and The Paul Hogarth Company for the work involved in bringing this plan to its fruition.

Grainne Mc Loughlin
Chairperson Greystones 2020

The Greystones Public Realm Plan offers a range of projects which could be developed, as funding opportunities arise. I would like to congratulate Grainne McLoughlin, Chairperson and the members of Greystones 2020 Team for this important piece of work which will act as a blueprint for the development of Greystones during 2020 and beyond.

Frank Curran
Chief Executive
Wicklow County Council

Greystones is officially one of the world's most liveable towns. It enjoys magnificent scenery, a rich heritage, friendly people, a wide range of amenities, excellent transport links, great schools and access to third level education. This Public Realm Plan will help to further enhance Greystones while maintaining it's unique character and identity.

Cllr Tom Fortune
Cathaoirleach, Greystones Municipal District

The Greystones Public Realm Plan is an initiative of Greystones 2020 supported by Wicklow County Council. The Plan is consistent with national, regional and local policy development objectives and will positively contribute towards the cohesive growth and sustainable development of this vibrant town.
