This superficial burial he considered injurious to the public health, particularly so when the offence was committed in a populous locality and he recommended the Board to have the body exhumed & the grave sunk to its proper depth (six feet). He further stated that he had inspected the graveyard & as it appeared to be getting crowded he would recommend the Sanitary Authority to either appoint a caretaker or erect a notice Board stating the regulations with reference to burials.

A. Molahan, W. Speares W. Kennedy, J. Dowling,
P. Foley, P. Grange, Jas. Karanagh, Edward J. Byrne,
Joseph Hopkins A. D. Symes and John O'Sullivan

Patrick Nolan, contractor for the erection of a labourer's cottage at Clonefall, wrote to say he found a difficulty in getting material, there being no quarry about the place in consequence of which he asked to be allowed £8. extra.

The Board declined to interfere; and directed that Nolan be called upon to execute his Bond in two solvent Sureties either before Mr. Brown, Solicitor, or the clerk, by this day week, otherwise the contract would be cancelled.

Mr. Ramsay wrote forwarding report on fence at Curragh Cottages and recommended that 100 yards of wire fence with 3 1/2 inch standards be erected, which contractor Finn agreed to do for the sum of £10-13-4, minus £2-10-0 for sod fence, as specified for cottages. The Board approved of these terms and directed that Mr. Ramsay have the work carried out.

The clerk was directed to write & request the occupiers of the two labourers cottages repaired by the Board at Lackabeg, to attend on Friday next and execute their agreements.

Mr. Kehoe, cottage rent collector, for Clonafall District, substituted, Mr. Kavanagh of Kilmurry, as Surety instead of Patrick Murphy, Ballynastraw, whom the Board approved of, and the clerk submitted the Bond duly executed.

A Representation was received from the Moyacombe Electoral Division, on behalf of a labourer named John Murphy, which the Guardians decided to consider on this day three weeks & appointed Messrs. W. Hopkins, W. Noble and Patrick Murphy as a Committee to report on same.

A letter addressed to the Guardians, was received from the Rev. Mark O'Gorman, Coolafancy, with respect to labourers cottages in the vicinity of Coolboy, which was marked "Read."

The Guardians, being specially convened, to consider adjourned Representations from the Clonafall, Clonmore, Coolballintaggart and Hacketstown Electoral Divisions, proceeded to same, when a report was read from the Committee appointed for the Clonafall division recommending that one cottage be built on the lands of Ballyredmond, now in the occupation of James Redmond.

One cottage was recommended to be erected on Arthur Kinsella's lands at Coolballintaggart by the Committee appointed for that district with one

statute acre, for allotment.

It was moved by Mr. P. Foley, seconded by Mr. W. Kennedy and unanimously agreed:—
"That Improvement Schemes for the Clonafall and Coolballintaggart Electoral Divisions ought to be made."

The Clonmore Committee not having furnished their report, the consideration of the Representations for that division were adjourned for three weeks: & also the making of the Schemes in the Clonafall, Coolballintaggart, and Hacketstown Electoral Divisions.

The Guardians of the Clonafall Electoral Division were asked to inquire and report, by this day week, as to whether Michael Hegarty, tenant of labourers cottage at Lackabeg, had broken a hole in his cottage for the purpose of putting in a Post Office Box.

As the graveyard is not vested in the Board, neither the Privy Council orders made under the Burial Grounds act of 1886, nor the Local Government Board orders made under the act of 1878, (by both of which graves are required to be sunk to a depth of eight feet) apply to this case and the Board have no power to interfere in the matter. No. 29041 20th July 93
 The Local Government Board wrote, directing to the minutes of the Board of Guardians, on the 14th inst., requesting that the new plan for the erection of cottages under the Labourers Acts, with a specification and ^{detailed} estimate should be submitted to them in due course for approval.

The following was read from Mr. Ramsay Engineer 19th July 93
 Your letter received to-day. I will attend to your enclosures &c as soon as possible. This week I am so busy I have not been able to go to Kildavin to meet Mr. Boulger, but will appoint a day soon to meet him.

I enclose drawing, specification & estimate, for a cheaper cottage than that of your present plan, as instructed. I think the Board will approve of it as being both commodious and economical. The prices in my estimate are very fair, and in fact

fact the work could be done at lower prices in many localities. With the 3 bedrooms, the actual cost of this cottage should be about what I have estimated viz: £105 or £106 or £197 for 2 in block; and £91.5-0 + £170 respectively, for same with only 2 bedrooms including fences etc."

It was directed that the clerk write to Mr. Ramsay and ask him to prepare and forward by this day week, a plan for cottage like the one now sent by him, but the kitchen to be 14 x 15 and no back bedroom, elevation 8 feet: & also instruct him to arrange with the Guardians of the Electoral Divisions in which it is proposed to erect cottages under Scheme No. 3, to meet them before this day fortnight to lay out the sites.

A Requisition to the Board of Public Works for the third instalment of loan, under Labourers Act, amounting to £1510, was signed by the Chairman and countersigned by the Clerk.

The Clerk's Report of Vaccination was read—(this on the first Meeting in every Month). Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

Mr. Ellis, Relieving Officer, applied for leave of absence on Friday next & stated Mr. O'Hole would perform his duties.
The Board granted the application.

The Master wrote stating that having heard his sister was dangerously ill he trusted the Board would excuse his non-attendance at their meeting to-day.

The application was acceded to.

The Guardians agreed that the clerk convene a special meeting of the Board, on this day fortnight, to consider his Estimate of Rates for the ensuing year.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

Mr. Drury, Auditor, made an entry in the Provision account in the ledger, which was read, to the effect that the Master being unwell his books were presented for audit by the Clerk & also observed that the Provision check of book was not written up for week ending the 22nd inst. The Medical Return Books book he stated ought to be kept with greater care and neatness as it is a most important book for audit purposes, but its value was greatly impaired by the many alterations made in it.

The attention of the Medical Officer was directed to be called to the Auditor's observations with respect to the keeping of the Medical Returns: It was ordered that the Master give an explanation on this day week, as to why he was unable to attend before the Auditor with his books. The Clerk was directed to have 50 copies of the abstracts of a/c printed.

The Clerk reported that Mr. Drury Esq., Local Government Board Auditor, attended at the Workhouse on Thursday the 27th inst and audited the accounts of the Union for the half year ended 25th March last, which he certified to be correct, with the exception of ^{certain} ~~the~~ following surcharges made against Mr. O'Keefe Relieving Officer as follows:— "I have no alternative but to disallow the relief paid to Mary Doyle and Anne Murphy. They are described on the application and report book as widows, aged respectively 75 and 79 with two children each aged 10 and 8 and 11 and 9 dependent on them.

This is manifestly impossible. I have endeavoured to trace the ages of the children in the Register of births but cannot. Relieving Officer O'Keefe frankly acknowledges he does not know whether either woman is a widow or whether either of them has children. I cannot understand how the Guardians could allow the relief to be given to the cases as described, at the same time I must hold the Relieving Officer directly responsible not only for the misdescription but also because of his acknowledged ignorance of the cases. I debit him, Michael O'Keefe, with the two amounts £3-5-0 in each case and certify the sum of £6-10-0 to be due by him."

"I hereby disallow the relief paid to Kate Brennan. She is described as a Widow having two children under 15 dependent on her. I find the elder boy, James, was 16½ at the time she was put on relief & the girl Annie 12½. Their ages as given by the Relieving Officer in his application report book are 13 and 9 respectively. Owing to this misdescription I must hold the

R.O.

Relieving Officer accountable for the illegal payment of relief and therefore I debit the amount £2 to Relieving Officer Michael O'Keefe. I certify it to be due by him.

With respect to the aforesaid overcharges Mr. O'Keefe stated he would furnish a report on the cases by the next meeting of the Board which was agreed to.

Mr. Drury reported that in collector Moody's district the collection of Rates was very backward. Collector Doyle was also behind hand. Both these officers attended the audit but did not bring their books with them. Consequently he (Mr. Drury) was unable to express any opinion upon the accuracy or otherwise of their accounts. The Guardians should, he said, call on these officers to at once close their collections and should notify their trustees of their omission to have their accounts closed by 1st July as directed by the Board.

Collector Kehoe has still over £30 outstanding on his Books though also ordered to close by 1st July. He was late in attending the audit at (at 1.15 p.m.) on examining his receipt books I find he has £23-0-2½ in hands collected and not lodged, the whole of which, with the exception of 19/2 was received on or prior to 1st July.

The collectors in question attended before the Board and Messrs. Moody and Kehoe were ordered to close their accounts by Friday next; Collector Doyle was allowed until the 4th proximo to close his collection.

No. 29040

24th July 1893.

A letter was read from the Local Government Board stating that they awaited the form of application for sanction to the loan required for the Clongall Water Works, which accompanied their letter of the 1st inst. on the subject, and also the analysis of the water.

With regard to the proposal to substitute a 2¹/₂ inch pipe for a 3 inch pipe the Local Govt. Board stated that as a rule, almost a universal rule, it was bad economy to lay a water main of less than 3 inches bore, the difference in cost of was so small in proportion to the effect of a very small incrustation which would so diminish the effective discharge as to require renewal at no distant date.

The question as to size of pipe was directed to be referred to the Engineer.

No. 30,530

26th July 1893

The Local Government Board also wrote transmitting a communication which they had received from Mr. J. Stratford Berry relating to the water supply of Clongall and Johnstown & requested that they might be furnished with the observations of the Sanitary Authority on the subject.

With respect to the abovementioned letter the Guardians directed that the Local Government Board be informed that they had very carefully considered the area of charge, and that they would adhere to their resolution fixing same.

MINUTES of Proceedings of the Board of Guardians, acting as the Rural Sanitary Authority

under the above-mentioned Acts, at a Meeting held on Friday the 28th

day of July 1893.

PRESENT: In the Chair—

Frank Brooke Esq. &c

Other Members:—

Wm. Kennedy, Tho. Dowling, J. Byrne,
Wm. Hopkin, Joseph Hopkin & A. D. Symes.

No. 30154

24th July 93

With reference to the Minutes of Proceedings of the Guardians on the 14th inst. the Local Government Board wrote stating they would raise no objection to the proposed payment of a sum of one pound to Relieving officer Ellis as remuneration for services rendered by him in connection with the Guardians proceedings under the Labourers Acts.

The following letter was read from Mr. Brown, Solicitor, viz:— 22nd July 93

Berry & Shillelagh Guardians

"This case has been referred to the Master of to take an account between the parties. The case came before the Master on the 19th inst for directions and he directed Plaintiff to file an account technically called a charge by the 1st October distinguishing the items which he claimed as being due under the contract and those which he claimed as extras and the Guardians will then have a month from that date to

to file a discharge showing exactly what items they dispute and what they admit. As there is a sum of £90 in court the Master, when the case was before him, expressed an opinion that the Guardians ought to consent to a portion of this sum being paid to Mr. Berry, enough being retained to cover costs in the event of his failing in the case.

I think this is not an unreasonable suggestion and that if we refused it it might cause the Master to take an unfavorable view of our case. Messrs. Hayes & Sons, Solrs. for the Plaintiff, have furnished me with the enclosed consent to draw £50 out of court leaving £40 which would be ample to cover the Guardians costs. I enclose this consent which if the Board agree should be signed by the Chairman on page 2 and the Seal of the Board affixed.

The Board agreed to the payment suggested being made to Mr. Berry and the consent was accordingly signed by the Chairman and sealed.

Mr. Ramray, Engineer, wrote enclosing amended Plan & Estimate for Labourers Cottages, as directed by the Board at their last meeting; the consideration of which was deferred until next Board-day.

Mr. Ramray stated that he had ordered the necessary Ordnance Maps for cottage sites in Scheme No. 3 and that he had transmitted copies of Plan, and Specification & Estimate for new corridor, &c. in female Infirmary Wards of Workhouse to the Local Government Board.

On the recommendation of Mr. Dowling Ch. G. the Board unanimously resolved to accept Timothy Doyle

as tenant of Labourers cottage erected at Ballyduff who subsequently perfected the necessary agreement.

The Clerk's Report of Vaccination was read—(this on the first Meeting in every Month). Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

It was directed that Mr. Ellis, Relieving Officer, make inquiries with respect to Mary Anne Lawler's abode & warn her to come before the Board next week relative to her child which is now in the Workhouse.

Mr. O'Toole, R.D. was ordered to inquire into the case of Simon Roarke, Newtown, & report whether he is a fit and proper person for out door Relief.

An inmate named Mary Wall, applied for an outfit of clothing for her infant child on leaving the Workhouse, which the Board granted.

The Guardians directed that the clerk invite tenders for the usual quarterly supplies to the Workhouse, for consideration on this day fortnight.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

The Master reported that Arthur Bourke Esq., Local Government Board Auditor, ^{Inspector} visited and inspected the Workhouse on Monday last the 31st ultimo.

The Master gave the following explanation which was approved of by the Board:—

"The reason I was unable to attend before the auditor, ^(on 27th ult) was, that I was indisposed, caused partly, I admit, from the influence of drink. I now undertake to sign a pledge & humbly pray your Board to overlook the matter and I solemnly promise it will not occur again."

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The Board agreed to pay Thomas Douse, the sum of £3-15-0 for supplying, in part, and laying head Pipes in women's yard of Workhouse and Yard at rear of Infirmary & for putting up new Range in female Ward of Infirmary.

The Clerk informed the Guardians that Collectors Moody & Kehoe had closed their collections and returned arrears to the amount of £4-13-0 and £4-18-3 respectively.

The Poundage fees were ordered to be paid the Collectors.

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, in the following effect (or orders made on them respectively, as follows):—

Miss Gilbert tendered her resignation as Nurse of the Workhouse Fever Hospital which the Guardians accepted, and directed that a successor be advertised for at a salary of £20 per annum.

with apartments and Rations, to be appointed on this day fortnight; Miss Gilbert to discharge the duties in the meantime.

The following report, addressed to the Guardians, was read from Relieving Officer O'Keefe, Esq:—

"Adverting to the surcharge of £3-5-0 made by Mr. Dwyer, Local Government Board Auditor, in the case of Mary Doyle, Clonelfall, who is in receipt of Out Door Relief and described on my application and report book as a widow, aged 75 years having two children aged 10 & 8 years respectively depending on her for support. I beg respectfully to inform you that this woman was in receipt of relief previous to my appointment as Relieving Officer, and had three children dependent on her, two of whom have emigrated. It was an inadvertence on my part to classify this woman as an able-bodied widow, as she is almost blind & consequently unable to work so as to support herself. I have ascertained that her age is 60. Since Murphy — surcharged, £3-5-0 — In this case the person relieved was described by me as an able-bodied widow, aged 79 years, with two children. I beg to state that she also was on my predecessors books, and likewise incorrectly classified. The woman is permanently infirm and her sight is very defective age 65. In the case of Kate Brennan of Carragh, a sum of £2, surcharged, at the time she was first placed on relief list last November, in reply to my inquiries I was informed that she was a widow with two children dependent on her, aged 13 & 9 years respectively. This woman's hands were both cut off by accident when

when an infant, which renders her unable to support herself, and her son, although aged 17 years, is unable to provide for her. He is at service as a farm labourer & is in receipt of only £1. per quarter.

Under these circumstances I pray, Gentlemen, the money having been paid over to the several parties, and the only error on my part, that of not having given the correct ages, though some of them had been on the books before my appointment, you will kindly ask the Local Government Board to favorably consider the case & not have me surcharged & I promise such cases will never occur again."

It was proposed by Major Newton & seconded by Mr. Speares and passed unanimously the following:— "That the Local Government Board be requested, on account of the explanation given by Mr. O'Boyle relative to his surcharge of out door Relief, that they will be good enough to favorably consider this case and not surcharge the amount as no fraud was intended and the error only technical."

MINUTES of Proceedings of the Board of Guardians, acting as the Rural Sanitary Authority,
under the above-mentioned Acts, at a Meeting held on Friday the 1st
day of August 1893

PRESENT: In the Chair—

No. 32161

3rd August 93

A letter was read from the Local Government Board stating ^{that} they had before them the Abstracts, forms 5a and 5b, of the accounts of the Union for the half-year ended the 25th of March last, containing an entry made by the auditor, Mr. Drury, to the effect that the cottages provided under the Labourers Act in the Union are not insured, & calling the Guardians attention to their circular letter of the 23rd March, 1888, in reference to this matter.

In deference to the foregoing letter the Guardians decided that the several cottages erected in the Union under Lab^r Act, be insured for the sum of £100 each, & that the clerk ascertain the rate of premium charged by the Liverpool London Insurance Company.

No. 10879

3rd August 93

The Board of Works wrote acknowledging the application of the Guardians for £1510, the 3rd instalment on account of a loan of £1555 under Labourers Acts.

acts & stated that same had been forwarded for the recommendation of the local Government Board.

A letter was read from Mr. Brown, Solicitor, asking the clerk to swear an affidavit with respect to the signature of the consent in the case of Berry & the Guardians.

Messrs. Collins & Ward, Solicitors, Dame Street, Dublin, wrote on behalf of Mr. Hunter, Coolballintagg Lodge, protesting against the site selected for cottage on the farm of the late A. Kinsella Coolballintagg, (under Scheme No. 3) requested that some other site more suitable be selected.

Mr. Hugh ^{Gillespie (D.D.)} ~~Long~~ came before the Board to object to the ^{proposed} erection of a cottage on his land at Brownbog, and was informed that he might make his objection when the inquiry was being held by the Local Government Board.

The Guardians, pursuant to notice, proceeded to consider a Representation from the Coolboy Electoral Division, on behalf of a labourer named Hugh Keenan, which they decided to reject on the grounds that a cottage was to be supplied either by Mr. Taylor or Lord Fitzwilliam.

The Board, being specially convened, next took into consideration the making of Improvement Schemes as adjourned from the 17th ult. in respect of the Electoral Divisions of Blonegall, Blonmore, Coolballintaggart, Hacketstown & Haroldston. The Engineer submitted Ordnance maps with the several sites

sites marked thereon, also amended Plan marked "A" which was adopted, but did not forward the necessary estimates as to cost of erection, compensation & incidental expenses; consequently the Board further adjourned the making of the schemes for four weeks, and resolved - that the clerk insert one statute acre in the drafts, prepared by him, to be taken compulsorily, by way of absolute purchase: & that the drafts be forwarded to Mr. Brown, Solicitor, for completion.

The Board agreed to accept Thomas Hegarty as tenant of cottage erected at Ballyprince (No 32 old sheet 18 Co. Carlow) on the recommendation of Messrs. P. Doyle & M. Kennedy. Hegarty subsequently executed the agreement for the letting of the cottage.

It was ordered that Denis O'Brien, Contractor, relay the wood floors (with the old boards) at Knockanna and Rathnagurohoge cottages as recommended by the Engineer.

It was agreed to instruct Mr. Ramsay to have one archway built for back entrance to cottages in Rackabeg (Nos. 24 & 25 old sheet 18 Co. Carlow): & also to have a ceiling made at cottage No. 28 Rackabeg, as suggested by him, at a cost not to exceed 1/6 per yard.

The clerk was directed to ascertain from Mr. Ramsay if Finn's contract at Hacketstown cottages, is now completed, as the Board wish

to advertise the erection of boundary wall to same.

The Guardians decided to let certain extra works, at cottages rebuilt in Lackabeg, to Edward Boulger, contractor, for the sum of £30-18-0, in accordance with Specification submitted by the Engineer.

Mr. Bourke pointed out, however, that gravel was badly required for the Workhouse yards, and that the roof of the Dining Hall appeared to be in need of repair; and the Board requested that these matters might receive the Guardians' attention.

The Inspector stated that the Relieving officers do not report regularly as to the condition of the children placed out at nurse in their respective districts; and the Local Government Board requested that these officers might be directed to comply strictly in future with the requirements of the General Regulations in this respect.

No. 33162

17th August 93

A letter was read from the Local Government Board, returning the plans, specification & estimate of the cottages proposed to be erected by the Guardians under the Labourers Act; and they desired to state that the plans, &c. complied with the requirements of the Board, but the slates should have 11 inches lap instead of 3½ as proposed.

Certified copies of the documents, when amended, should be forwarded for deposit in the office.

It was directed that the specification be amended, as suggested by the Local Government Board, and copies of the documents furnished by the Engineer.

Mr. Ramsay, Engineer, wrote enclosing specification & estimate for new entrance & skylights at cottages nos. 22 & 25 backages. The lofts, he stated, were not too badly lighted, but, of course, skylights would be an improvement. He had forwarded the Applications for Labourers Cottage loans to

to local Government Board.

The consideration of this specification was deferred for a fortnight.

With reference to the Insurance of the several laborers cottages erected in the Union Mr. Correll wrote stating that the Liverpool and London & Globe Insurance Company would accept the risks at $\frac{7}{16}$ per cent.

The proposal was unanimously accepted by the Board.

It was proposed by Mr. Spears seconded by Major Newton and passed unanimously:-

That Bridget Lyons and Sarah Lyons be nominated as tenants of cottages No. 24 and 25 in Lackabeg, at the monthly rent of three shillings and four pence.

The parties in question attended and executed their agreements.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

No. 34.917

24th August 93

A circular letter was read from the Local Government Board transmitting queries to be answered signed by the Clerk & the persons who may be appointed to the vacant office of Infirmary Nurse of the Workhouse.

No. 34.886

24th August 93

Adverting to the entry on the subject in the minutes of Proceedings of the Guardians on the 14th ult. the Local Government Board wrote forwarding a further letter which they had received from Mr. Peter Foley one of the Guardians of the Union, respecting the chargeability of a woman named Mary Heffernan, and requested that they might be furnished with any observations the Guardians wished to offer thereon.

With reference to the aforesaid letter the Guardians decided to refer the Local Government Board to their former reply on the subject—see Minutes 14th July last.

No. 33.034

24 August 1893

Read letter from the Local Government Board stating that they had before them the minutes of Proceedings of this Board on the 4th inst. containing entries of letters received from Relieving Officer O'Toole and the Master of the Workhouse in reference to the report made by the auditor at his recent audit of the accounts of the Union.

As regards the cases in which the out door relief was surcharged, the Board had been in communication with the auditor on the subject & as it appeared that the cases in question were improperly described on the Relieving Officer's books, & that the circumstances of the persons to whom the relief was afforded were such as to justify their being legally relieved, the Board learned that the auditor would not enforce the surcharges.

It was quite clear that the incorrect description of these cases in the Relieving Officer's books arose from the fact that that officer failed to visit the applicants regularly as required by Article 48, No. 3 of the General Regulations, copies of which, together with the Relief Manual they enclosed for the information of the Relieving Officers in the Union, and the Board requested that Mr. O'Toole might be warned that he would not escape responsibility should a similar neglect of duty be again detected.

With reference to the Master of the Workhouse he admitted that his inability to attend at the audit of the accounts was caused partly by intemperance.

The Board had serious doubts whether under the circumstances they should permit him to retain the responsible position he held. They found, however, that this was the first occasion on which a charge of drunkenness had been recorded against him, and having regard to his length of service and to the undertaking now given by him, the Board had taken a more lenient view of the case than they otherwise would. They requested that the Master might be given clearly to understand that in the event of any further charge of this nature being established against him, the Board would not permit him to retain office.

The chairman called the special attention of the Master and Relieving Officer O'Zole to the foregoing letter of the Local Government Board.

In reply to a letter from the Board Messrs. Corcoran & Co. Contractors, wrote stating that the goods ordered for the Workhouse Hospitals were forwarded on Saturday last regretted the delay which, they said, was caused by not having one item in stock viz. boracic wool. They were obliged to order it from a London firm.

It was directed that the clerk write and inform Messrs. Corcoran & Co. that the Board do not consider their explanation at all satisfactory and that should any other case of similar neglect be brought before the Board they would take steps to terminate the contract.

The cases of provisional relief, and applications for relief, were considered and decided on as set forth in

No. 32,794 28 August 93
Read letter from the Local Government Board returning therewith the application of the Rural Sanitary Authority for sanction to a loan of £360 for the construction of waterworks at Clonsilla and

Requested that same be signed by the Executive Sanitary Officer and full information as to the right to take the water given under head IX page I. As regards the loans under the Labourers (D) Act it would be necessary to take into account the amount sanctioned whether issued or not and the proportion of the sum of £1415 sanctioned which is chargeable on the townlands of Clonegall & Huntington should be set forth in reply to query VII.

The Specification must also be amended by specifying all the pipes to be 3 inches bore and of a weight of not less than 1.0.8 per pipe of 9 feet long in the work. The house connections must be made at the expense of the inhabitants & should be struck out of the Specification Estimate. The crossings of the bridge should be arranged for with the County Surveyor & if possible a good deal more than two inches cover secured over the pipes, or bursts during frost would be sure to occur.

The Board, as advising, proceeded to consider tenders for the construction of the waterworks at Clonegall & Huntington. On the motion of W. Speares seconded by W. The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

17th Sept 1893.

Mr. Brown, Solicitor, wrote stating he had received payment of Poor Rates due to the Ed. out of the Estate of C. S. Carnell deceased & enclosed Cheque for £4-19-7 amount of same.

Claims to be rated were received from James Shannon, Hacketstown, and John Jones & Baghill Hacketstown. These deferred until the making of the Rates on 29th inst.

Mr. Robert Ellis, R.O., reported, in compliance with the request contained in the letter of the L.G. Board of the 21st ult. as to the chargeability of Mary Heppeman, a recipient of out-door relief in the Union, that he visited Askragap and other townlands in the division and made inquiries of several of the largest ratepayers as to how long she had been in Ballincury. They all said she was residing permanently there since November, 1891, and was receiving relief since December 1891. Previous to that date they stated that she had been a travelling woman without any fixed place of residence.

Adverting to the aforesaid report the Guardians desire to inform the Local Government Board that they have not yet been able to ascertain for certain where this woman, Heppeman, resided previous to 1891, but have reasons to believe from statements made by herself that it was in the B.D. of Coolballintaggart. They have therefore ordered her to attend before them on next Board-day.

The Clerk reported that he had received notice to attend Revision Courts, under the Parliamentary Voters Act, to be held at Baltinglass, Glabally, Rathdrum, and Bunnicothy on the 12th, 13th, 16th, and 22nd inst. respectively, and Mellons on the 3rd of October next.
