Topic

Regeneration of Communities & Places - Healthy Placemaking - Urban Design - Opportunity Sites in Blessington

Submission

Please include adequate schools, sports facilities, youth clubs , gp, support services to accommodate our rapidly growing town.

Can anything be done regarding shopfront signage? A number of properties on our Main Street and historical buildings have modern, plastic signage. Personally, for such an historical town, I believe that hand painted signs would enhance the street scape.

Secondly , is it possible that estates and streets have bilingual (Gaeilge/English) signs

Topic

Economic Opportunity – Tourism - Shops & Services - Community Facilities

Submission

Enhance street signage to include Gaeilge and English.

Hand painted signs in shopfronts would add to historic feel of our beautiful Main Street.

New secondary school and Gaelscoil needed asap

More sport /swimming pool/ etc needed
Youth facilities non sport- clubs/youth hub
Something similar to K leisure in Naas is required

Topic

Infrastructure - Sustainable Movement – Transportation

Submission

Transport routes need to be enhanced. Even a mini bus connector to buses/luas in the square would benefit students, oaps and all commuters.

A more regular service to Dublin City is required.

Extending the bus route around the village using the relief road to service the new estates would be good. Bus parking bays exist on the road.

More cycle lanes to and from schools.

Utilise the lake more for recreation in the Summer months
