Letter read from the Local Government Board for Keland to asknowledge the receipt of the minutes of Proceedings of the Board of Guardians of the Chilletagh Minion on the 130 m Allimo, containing Communications from the clerk of the Minon, and Collector Stugh Well, respectively, in Explanation of their conduct, as reported by W. It ruley at the close of his recent audit of the amon accounts; and I am to state that the Brard concar with the Quardians in reg = arding the Esoplanation offered by Collector chill as un = satisfactory, and they think that it apports no sufficient wason for his neglet to lodge in due time, to the credit of the Mnon, the full amount of rates collected by him . -The Board have the question of this Collector being permetted to retain his office at present under their serious consideration,

5 = conquet 1880

and in the mantime they request that they may be informed whether the contine of the rates appearing on his hands have sure been lodged with the Umon Gressure.

The duties of the Clerk of the Monon in regard to the Escamination of Collectors accounts are clearly prescribed in Article 45 of the General Regulations, and the irregularity now reported by the Andels as of long continuance in the case of Collector excelle leaves no doubt but that those duties have been performed by her stopkins in a most perfunctory and Careless manner. It is the obvious duty of the clock immediately upon discovering the failure of any Collector to lodge the full amount of Rate Collected by him, to report the Circumstance to the Board of Quardians, and to obtain their directions on the subject, and the Board request that the Guardians will be good enough to carrier to be more careful in this respect in future.

With regard to the Clerk the Board consider it only fair to state that the irregularity of the Collectors has been repeatedly mentioned by here, and that they have been repeatedly Cautioned, but in du informat manner and the Board feel that it is rather owing to their neglect than that of the Clerk that the fact has not appeared on the minutes. It is for these reasons that the Board considered the eseplanation of their clerk satisfactory.

Spears seconded & passed as following That the Coluter Bugh fell having lodged my Elot mt of the sum of \$168 appearing in his hands, aild failed to harduce the book admed to be produced at the last muting of the Board to he now Called upon to usign; and that the case h plant in the hands of ur.
