No. 9.735

2nd May 1878.

Letter read from the Local Government Board for Ireland respecting the Medical Officer's report that there were eleven cases of small pox admitted to Hospital since the 22nd January last, of which five were from the Workhouse; and the Board have to request they may be informed if it is known how the disease was contracted in those cases which arose in the Workhouse.

The Board are also desirous of obtaining a further report from the Medical Officer as to whether there have been any new cases, and they trust that every exertion will be made to secure

the complete isolation of the cases under treatment.

In reply to the foregoing letter the Medical Officer, Dr. Burke, reported in writing as follows, viz., "I beg to report to the Board of Guardians that there has been 1 case of small pox admitted since last Board day from the house of very mild type."

The patient (a painter of very intemperate habits) No. 36 died on the 29th April of confluent pustular small pox, he was admitted from Loughlinstown and had been in Smithfield about 10 days before going to Collinstown.

I cannot say how the disease was contracted in those cases which arose in the workhouse, but they were all of a very mild form and are convalescent at present.

All young people have been re-vaccinated and every precaution taken to prevent the extension of the disease.

Miss Hospital nurse resigns her situation as she is unable to perform her duty in consequence of increasing infirmity."

The Board of Guardians agreed to accept the resignation of the Miss Hospital nurse, and direct the Clerk to advertise for a nurse, to be appointed to the Miss Hospital at a salary of £15.0.0 per annum, with apartments and official relations, to be appointed on this day fortnight.

Mr. DeRenzy proposed, Mr. Dowd J.P. seconded, & passed unanimously, that as it appears the Workhouse mule is unable at present to draw the van, in the conveyance of patients, it be sold, and a horse purchased instead thereof; and that we appoint Messrs Thomas Barker, John Linton, and Mrs Doyle, our Law Guardians, as a committee to carry out same.

Mr. Linton gave notice that on this day ~~proposed~~ ^{night} he will move that Mrs. Francis, formerly Hospital Nurse, be allowed superannuation to the amount of $\frac{2}{3}$ of her emoluments.

The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

The late Fever Hospital Nurse, Mary Chambers, applied to the Board through the Medical Officer for permission to remain as a pay patient in a room in Fever Hospital; which the Guardians agreed to subject to the approval of the Local Government Board.

The Motion applied ^{for} & was granted leave of absence one day next week.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

The Medical Officer again complained of the quality of meat in stew today, where the Master was directed to bring some before the Board in presence of the Medical Officer, which he accordingly did, where the Guardians expressed their opinion unanimously that ~~such~~ meat was very good.

Mr. Correll, relieving officer, reported the children on out door relief, at his last inspection, were all clean & apparently healthy.

The Master reported that being out of lime for whitewashing he purchased a load of lime from Atlas of London for £1.6.6 on yesterday the 20th inst.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:-

The Clerk was directed to prepare the Estimate of Rates for the ensuing year, by this day four weeks.

Mr. McCarty proposed & Mr. Whelan seconded that the articles of supplies to the Workhouse be inspected by the Guardians in days of Meeting.

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):

No. 11280

18th June 1878

Letter read from the Local Government Board for Ireland transmitting a specification for painting the Workhouse Buildings which may be used by the Guardians when they enter into a Contract for that purpose.

Guardians postponed the consideration of the foregoing letter until a larger meeting of the Board.

No. 12975

20th June 1878

Item same in regard to a report of the Medical Officer drawing attention to the inferior quality of the meat usually supplied, which

no state is not fit for the use of the Sick; and the Board desired to observe that no order appears to have been made on the subject.

The Workhouse Master should be required to explain in writing why he received meat of the description complained of.

The Local Government Board are obliged at the same time to observe that it cannot be expected that meat of good quality could be supplied without loss to the contractor at the price named in tenders accepted by the Guardians at their Meeting on the 7th instant, namely "best and mutter of the best quality at 6 per lb"; and the Local Government Board recommended the Guardians to take this matter again into consideration.

In answer to the foregoing letter the following explanation was given by the Master in writing, which the Guardians considered quite satisfactory.

In compliance with order of Local Government Board respecting Medical Officer's report on the meat, I beg to state that the meat received into the Workhouse during the last quarter, was, as the Medical Officer, in explanation of his report, stated verbally to the Board, above the average in quality received into the Workhouse for years; and this not of the very best sort, was similar to that usually sold by him as such and could not therefore be sent back.

No. 12,975

20th June 1878

Item same with reference to the Report to the Workhouse Hospital & subsequent death of a girl named Bridget Doyle also to the removal of the Medical Officer relating to the removal of a girl named Bridget Doyle, the Board request that they may be informed if the admission in these cases was made through the Relieving Officer.

and, if so, whether he obtained Medical advice as to their fitness for removal.

The Guardians asked the Relieving-Officers of the Cases ^{in the foregoing letter} ~~reported~~ ^{that they received} who were admitted by them when they stated no applications in the Cases mentioned; but the Master stated that he received a note from Dr. Farley on the 1st inst, to send the Vind to Privately for Bridget Hill aged 10 years, who was threatened with an attack of Small pox. He accordingly sent the Vind and she was brought into the Workhouse Hospital the same evening; and the other Case was admitted in the same manner.

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was

Ditto disallowed

The number of applicants admitted to the Workhouse was

The number of cases of provisional Out-door relief was

Do. in which relief was continued by the Guardians

The number of other applicants in the Relieving Officers' Books relieved by order of the Guardians was

The bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

PROCEEDINGS UNDER THE MEDICAL CHARITIES ACT, 14 & 15 Vic., cap. 68.

An Estimate of Medicines, &c., required by the Medical Officer of the Dispensary District, approved by the Committee of Management, was laid before the Board, with a Requisition from the Committee for the supply of the same, and directions were given thereon, as follows:—
